DISCLAIMER

By using this tool, you accept this disclaimer in full. The data used in this report are intended for informational purposes only and allow the user to more effectively access funding information pertaining to their specific jurisdiction or community. HUD does not represent, warrant, undertake or guarantee that the data displayed are the most current information, as data are only as up to date as the most recent extract. Data elements may be updated at different schedules. Additionally, pie charts may not equal 100% due to rounding errors. Please consult with your local HUD office for the most recent information and or for more information pertaining to funding data. If you have questions or concerns, please contact your local HUD office for verification and interpretation of this data.

The information provided in this tool is based on HUD's administrative systems and Census data. The funding and expenditure data portrayed in this tool may be estimated due to the limitation of available data on place of performance in HUD Administrative Systems or to the fact that community boundaries do not necessarily align with HUD program jurisdictions. Additionally the information provided in CART is not intended to be a comprehensive accounting of all HUD programs and or grants administered within a community. Rather it is HUD's intent to focus on the programs that make up the majority of HUD's budget. For a more detailed list of programs, please contact your local HUD office.

For buildings containing 10 or fewer tenants receiving HUD assistance (public housing and other multifamily assistance), some information has been redacted to protect against an unwarranted invasion of personal privacy. Redacted information will be clearly marked as "888". In such a case, the small population size prevents HUD from releasing specific numbers in order to comply with HUD's obligations to protect personally identifiable information under the Privacy Act.

Finally, for the purposes of CART, HUD defines a community as one of the following: a Unit of General Local Government (UGLG), a Congressional District, a Metropolitan Statistical Area, a County, or a State. If a jurisdiction cannot be found in this tool, please contact your local HUD field office for programmatic and funding information.

CPD Grants Tab

For CPD Formula Grants:

The grantees (CDBG, ESG, HOME and HOPWA) listed in this report may be completely or partially contained by the community you have selected. The funding amounts displayed in the report are associated with the entirety of the grantee jurisdiction, which may extend beyond the boundaries of the community you selected. If jurisdiction selected is not an Entitlement Grantee, this jurisdiction may receive funds from the State Non-Entitlement program.

Rental Assistance Tab

For MF Rental Assistance:

The number of HUD-assisted Multifamily properties, units, funding information, and tenant characteristics listed in this report are summarized for the selected community based on the location (address) of the property as recorded in HUD's administrative data system. Only one address is provided per HUD-assisted Multifamily property even if that property consists of multiple buildings. HUD-assisted Multifamily funding amounts that appear in the Details section may not necessarily equal the amount aggregated for the selected community. This is due to the manner through which the property unit addresses are aggregated within the system.

Source: Tenant Rental Assistance Certification System (TRACS), Integrated Real Estate Management System (iREMS)

Update Frequency: Quarterly*

*Funding amounts within a single fiscal year may change slightly from quarter to quarter as expenditures are calculated based on occupied units, which can vary from quarter to quarter.

For Public Housing Section:

The Public Housing Authority funding information provided in this report are summarized for the selected community based on the location (address) of the Public Housing Authority as recorded in HUD's administrative data system. Please note that the Public Housing Authorities located within the boundaries of the selected community may or may not be servicing the selected community. Funding amounts displayed are connected to the entirety of the Public Housing Authority administrative area, which may extend beyond the boundaries of the selected community. Additionally, Public Housing Authorities, Developments and Buildings may not appear in the map or details section due to incomplete or erroneous address information.

Source: Inventory Management System (IMS), PIH Information Center (PIC), HUD's Central Accounting and Program System (HUDCAPS), Line of Credit Control System (LOCCS)

Update Frequency: Quarterly

For PIH Investment Information:

The number of low-rent units, vouchers, and estimated expenditures provided in this report are summarized for the selected community based on the location (address) of the public housing or voucher unit. The expenditures are estimated using a per unit cost calculation. It is important to note that PIH estimated expenditures aggregated for a selected community may not add up to the funding amounts listed in the PHA Funding section due to the fact that the PHA administering the unit may also be administering units which are not located within the boundaries of the selected community and thus are not being counted in the report. PHA funding amounts that appear in the Details section may not necessarily equal the amount aggregated for the selected community. This is due to the manner through which the property unit addresses are aggregated within the system. In addition, if there are 10 or fewer tenants within a property in a selected jurisdiction, it is the policy of HUD Policy Development & Research to mask the value with a '-4' thus protecting the privacy of these tenants.

HOT ISSUES
ASSISTANT DEPUTY SECRETARY FOR FIELD POLICY AND MANAGEMENT AND REGION III REGIONAL ADMINISTRATOR
Meeting with RRHA and Meeting with Mayor Levar Stoney

October 20, 2017

Richmond Field Office
Carrie Schmidt, Field Office Director
Number of field office employees: 54

RICHMOND PRIORITIES/INITIATIVES

- **Section 108**
  Richmond has two Section 108 loans totaling $20 million. Both loans are structured to create a loan pool targeted to large mixed-use real estate projects and mixed-income housing development. Through targeted, investments of City and private funds, the City hopes to positively affect neighborhood conditions.

- **Mimosa Creek**
  The Mimosa Creek development is a 16-single family affordable (<80% AMI) home subdivision located in the Bellemeade neighborhood. Developed through a city and nonprofit partnership, a crime hot spot has been addressed by connecting a former dead-end street on Lynhaven Avenue to Mimosa Street.

- **Model Block**
  The city, working in partnership with Richmond Redevelopment and Housing Authority (RRHA), along with four community partners, transformed 30 blighted and vacant homes on 53 parcels into quality, affordable (<80% AMI) homes in Church Hill North.

- **Venable Street Shell Rehabilitations**
  The city and nonprofit Project:HOMES are doing gut renovations of historic homes which will produce 2 affordable (<80% AMI) homes.

- **ARC Park,**
  Central Virginia's first all-inclusive park for people of all ages and levels of ability. Most park features are handicap accessible.

- **Brookland Park Plaza**,
  RRHA and a partner converted the Highland Park Public School into 77 units for elderly residents with incomes at, or below 50% area median income.

Promise Zone

- Richmond received Promise Zone Finalist designation in 2016.

AMERICAN OVERSIGHT

HOT ISSUES
ASSISTANT DEPUTY SECRETARY FOR FIELD POLICY AND MANAGEMENT AND REGION III REGIONAL ADMINISTRATOR
Meeting with RRHA and Meeting with Mayor Levar Stoney

Lead Hazard Reduction Demonstration Grants

- More than $2 million in Lead Hazard Reduction Demonstration Grants were awarded to the City in 2017.

HOT ISSUES

Office of Community Planning and Development
Nothing to Report

Office of Fair Housing and Equal Opportunity

- On July 21, 2016, HUD and the City of Richmond, executed a Conciliation and Voluntary Compliance Agreement (C/VCA) to settle 14 fair housing complaints filed by (majority Hispanic) residents of a mobile home park. The complainants alleged that mobile home park residents were injured by discriminatory acts by the City based on National Origin. Currently, the City is in compliance with the specific and reporting provisions of this Agreement.

Office of Multifamily Housing
Not a City of Richmond Issue but located nearby in the County of Henrico:

- Essex Village Apartments remains an ongoing concern, with regular senior leadership calls continuing. Media interest continues with FOIA requests for the most recent inspection reports and audit opinions. Related to a possible change of ownership, a transfer HAP request package is currently being reviewed. Recent media attention focused on HUD's approval of a rent increase for this development, which has experienced such serious maintenance-related problems.

Office of Public Housing

- 4044 Public Housing Units | 3363 Housing Choice Vouchers
- The Richmond Redevelopment and Housing Authority (RRHA) has received media and congressional attention regarding increased crime (shootings) in the public housing communities.
- The condition of the housing in the Public Housing Communities has also come under increased scrutiny. Recent REAC Inspections reflect 7 of the 14 RRHA developments have failed, with a scores of less than 60/100. These scores have not been released.
- Mayor Levar Stoney has scheduled a Housing Summit on October 31, 2017, to begin addressing funding and other issues that will improve the quality of life for citizens in these neighborhoods. The Mayor has requested HUD's involvement at the Summit.
- On September 11, 2017, the HUD Richmond PIH met with CIR and RRHA's Office of Recapitalization regarding potential early relocation of elderly Fay Towers residents, whose property is being redeveloped through RAD.

AMERICAN OVERSIGHT

HOT ISSUES
ASSISTANT DEPUTY SECRETARY FOR FIELD POLICY AND MANAGEMENT AND REGION III REGIONAL ADMINISTRATOR
Meeting with RRHA and Meeting with Mayor Levar Stoney

Single Family Housing

- A judge has mandated that an Asset Management contractor managing HUD REO homes in Virginia and several other states be replaced with a new Small Business contractor by December 1, 2017. Assurance has been given that no break in service will occur with the changes in Asset Management services.

- Recent public interest has been shown regarding several FHA Condominium Mortgage Insurance changes under consideration by HUD.

AMERICAN OVERSIGHT

RICHMOND REDEVELOPMENT AND HOUSING AUTHORITY
Rental Assistance Demonstration Backgrounder
UPDATED 10.27.17

UPDATE FROM GREG BYRNE ON 10.26.17 - Mainly, it was a very productive meeting. The PHA was provided counsel on both the timing of application submissions and the content. Additionally, a lot of time was spent on considerations for the large family properties in terms of whether to convert under RAD or to seek approval for demolition/disposition under Section 18 of the '37 Housing Act.

According to the Office of Recapitalization, RRHA met with Greg Byrne, head of the Transactions division, and Kathleen Foster, the Readiness Transaction Manager, on Tuesday, October 24 to discuss potential proposal.

RRHA withdrew their Rental Assistance Demonstration (RAD) application for Creighton because they were unable to make the financing work—and for that reason, the transition from public housing to Project-Based Vouchers may occur outside of RAD.

"RRHA is exploring a bold initiative to convert its public housing to the Project Based Voucher Program by following a unique method of disposing properties to an RRHA affiliate, accessing rental assistance funding in the same manner that would typically occur with a private owner." [VA] T.K. Somanath column: Solution to improve housing options for low income families in the City of Richmond. (Richmond Times-Dispatch, VA) (10/10/2017 5:11 AM, T.K. Somanath, CEO

To date, RRHA has submitted two (2) RAD applications. Creighton Court, which was subsequently cancelled, and Fay Towers which is still an active RAD for phases 2 and 3. Phase 1 Fay has closed. No other RAD applications have been submitted by the RRHA. For the balance of the RRHA PH units, they have been approved on the RAD waiting list (see below) in September 2017 and have until November to submit a RAD application.

To that end, RRHA has engaged a contractor to determine obsolesces of their developments which is a standard they will have to meet for disposition of the developments, but they have not yet submitted a RAD application and have not yet submitted any form of plan to HUD or application to the SAC for disposition.

RICHMOND REDEVELOPMENT AND HOSUING AUTHORITY (VA007)

4044 Public Housing Units | 3363 Housing Choice Vouchers

2017 Funding:
Operating Subsidy: $15,378,150 **Capital Fund**: $6,831,575 **Housing Choice Voucher**: $24,380,809

Executive Director:
February 2015 – present Mr. T.K. Somanath

AMERICAN OVERSIGHT

Letter of Interest submitted to RAD on 2/22/2017 for the following projects and units was approved reserving a place on the waiting list for these developments:

VA007-1: 780 units

VA007-4: 470 units

VA007-6: 491 units

VA007-7: 445 units

VA007-8: 456 units

VA007-17: 30 units

VA007-36: 8 units

VA007-37: 14 units

VA007-501: 116 units

VA007-5: 503 units

VA007-503: 217 units

VA007501006: 20 units

VA007990000: 77 units

Pursuant to the FY 17 Appropriations Act, the Department has been authorized to make awards to another 40,000 units for conversion under RAD. Given your position on the waiting list, HUD has determined that it is able to make awards to your PHA following successful submission of a RAD Application, Portfolio Award, or Multi-Phase Award.

You must submit complete RAD applications for all units identified in your LOI within 60 days of today's date (11/27/17). Failure to submit the requested information by November 27, 2017 will result in a forfeiture of your position on the waiting list and you would need to reapply if you still wish to participate in RAD.

DISCLAIMER

By using this tool, you accept this disclaimer in full. The data used in this report are intended for informational purposes only and allow the user to more effectively access funding information pertaining to their specific jurisdiction or community. HUD does not represent, warrant, undertake or guarantee that the data displayed are the most current information, as data are only as up to date as the most recent extract. Data elements may be updated at different schedules. Additionally, pie charts may not equal 100% due to rounding errors. Please consult with your local HUD office for the most recent information and/or for more information pertaining to funding data. If you have questions or concerns, please contact your local HUD office for verification and interpretation of this data.

The information provided in this tool is based on HUD's administrative systems and Census data. The funding and expenditure data portrayed in this tool may be estimated due to the limitation of available data on place of performance in HUD Administrative Systems or to the fact that community boundaries do not necessarily align with HUD program jurisdictions. Additionally the information provided in CART is not intended to be a comprehensive accounting of all HUD programs and/or grants administered within a community. Rather it is HUD's intent to focus on the programs that make up the majority of HUD's budget. For a more detailed list of programs, please contact your local HUD office.

For buildings containing 10 or fewer tenants receiving HUD assistance (public housing and other multifamily assistance), some information has been redacted to protect against an unwarranted invasion of personal privacy. Redacted information will be clearly marked as "###". In such a case, the small population size prevents HUD from releasing specific numbers in order to comply with HUD's obligations to protect personally identifiable information under the Privacy Act.

Finally, for the purposes of CART, HUD defines a community as one of the following: a Unit of General Local Government (UGLG), a Congressional District, a Metropolitan Statistical Area, a County, or a State. If a jurisdiction cannot be found in this tool, please contact your local HUD field office for programmatic and funding information.

CPD Grants Tab

For CPD Formula Grants:

The grantees (CDBG, ESG, HOME and HOPWA) listed in this report may be completely or partially contained by the community you have selected. The funding amounts displayed in the report are associated with the entirety of the grantee jurisdiction, which may extend beyond the boundaries of the community you selected. If jurisdiction selected is not an Entitlement Grantee, this jurisdiction may receive funds from the State Non-Entitlement program.

Rental Assistance Tab

For MF Rental Assistance:

The number of HUD-assisted Multifamily properties, units, funding information, and tenant characteristics listed in this report are summarized for the selected community based on the location (address) of the property as recorded in HUD's administrative data system. Only one address is provided per HUD-assisted Multifamily property even if that property consists of multiple buildings. HUD-assisted Multifamily funding amounts that appear in the Details section may not necessarily equal the amount aggregated for the selected community. This is due to the manner through which the property unit addresses are aggregated within the system.

Source: Tenant Rental Assistance Certification System (TRACS), Integrated Real Estate Management System (iREMS)

Update Frequency: Quarterly*

*Funding amounts within a single fiscal year may change slightly from quarter to quarter as expenditures are calculated based on occupied units, which can vary from quarter to quarter.

For Public Housing Section:

The Public Housing Authority funding information provided in this report are summarized for the selected community based on the location (address) of the Public Housing Authority as recorded in HUD's administrative data system . Please note that the Public Housing Authorities located within the boundaries of the selected community may or may not be servicing the selected community. Funding amounts displayed are connected to the entirety of the Public Housing Authority administrative area, which may extend beyond the boundaries of the selected community. Additionally, Public Housing Authorities, Developments and Buildings may not appear in the map or details section due to incomplete or erroneous address information.

Source: Inventory Management System (IMS)/ PIH Information Center (PIC), HUD's Central Accounting and Program System (HUDCAPS), Line of Credit Control System (LOCCS)

Update Frequency: Quarterly

For PIH Investment Information:

The number of low-rent units, vouchers, and estimated expenditures provided in this report are summarized for the selected community based on the location (address) of the public housing or voucher unit. The expenditures are estimated using a per unit cost calculation. It is important to note that PIH estimated expenditures aggregated for a selected community may not add up to the funding amounts listed in the PHA Funding section due to the fact that the PHA administering the unit may also be administering units which are not located within the boundaries of the selected community and thus are not being counted in the report. PHA funding amounts that appear in the Details section may not necessarily equal the amount aggregated for the selected community. This is due to the manner through which the property unit addresses are aggregated within the system. In addition, if there are 10 or fewer tenants within a property in a selected jurisdiction, it is the policy of HUD Policy Development & Research to mask the value with a '-4' thus protecting the privacy of these tenants.

Source: Inventory Management System (IMS)/ PIH Information Center (PIC), HUD's Central Accounting and Program System (HUDCAPS), Line of Credit Control System (LOCCS), Voucher Management System (VMS)

Update Frequency: Quarterly*

* Estimated expenditures may change slightly from quarter to quarter within a single fiscal year as expenditures are calculated based on occupied units, which can vary from quarter to quarter.

For Public Housing Authority:

The number of Public Housing Authorities, voucher utilization and occupancy rates provided in this report are summarized for the selected community based on the location (address) of the Public Housing Authority as recorded in HUD's administrative data system. Please note that the Public Housing Authorities located within the boundaries of the selected community may or may not be servicing the selected community. The Public Housing Authority information provided in this report is associated with the entirety of the Public Housing Authority administrative area, which may extend beyond the boundaries of the selected community.

HOT ISSUES
REGIONAL ADMINISTRATOR AND ASSISTANT DEPUTY SECRETARY FOR FIELD POLICY AND MANAGEMENT –
Meeting with RRHA and Meeting with Mayor Levar Stoney

October 20, 2017

Richmond Field Office
Carrie Schmidt, Field Office Director
Number of field office employees: 54

RICHMOND PRIORITIES/INITIATIVES

Section 108

- Richmond has two Section 108 loans totaling $20 million. Both loans are structured to create a loan pool targeted to large mixed-use real estate projects and mixed-income housing development. Through targeted investments of City and private funds, the City hopes to positively affect neighborhood conditions.

Mimosa Creek

- The Mimosa Creek development is a 16-single family affordable (<80% AMI) home subdivision located in the Bellemeade neighborhood. Developed through a city and nonprofit partnership, a crime hot spot has been addressed by connecting a former dead-end street on Lynhaven Avenue to Mimosa Street.

Model Block

- The city, working in partnership with Richmond Redevelopment and Housing Authority (RRHA), along with four community partners, transformed 30 blighted and vacant homes on 53 parcels into quality, affordable (<80% AMI) homes in Church Hill North.

Venable Street Shell Rehabilitations

- The city and nonprofit project:HOMES are doing gut renovations of historic homes which will produce 2 affordable (<80% AMI) homes.

ARC Park,

- Central Virginia's first all-inclusive park for people of all ages and levels of ability. Most park features are handicap accessible.

Brookland Park Plaza,

- RRHA and a partner converted the Highland Park Public School into 77 units for elderly residents with incomes at, or below 50% area median income.

Promise Zone

- Richmond received Promise Zone Finalist designation in 2016.

AMERICAN OVERSIGHT

HOT ISSUES
REGIONAL ADMINISTRATOR AND ASSISTANT DEPUTY SECRETARY FOR FIELD POLICY AND MANAGEMENT –
Meeting with RRHA and Meeting with Mayor Levar Stoney

Lead Hazard Reduction Demonstration Grants

- More than $2 million in Lead Hazard Reduction Demonstration Grants were awarded to the City in 2017.

HOT ISSUES

Office of Community Planning and Development
Nothing to Report

Office of Fair Housing and Equal Opportunity

- On July 21, 2016, HUD and the City of Richmond, executed a Conciliation and Voluntary Compliance Agreement (C/VCA) to settle 14 fair housing complaints filed by (majority Hispanic) residents of a mobile home park. The complainants alleged that mobile home park residents were injured by discriminatory acts by the City based on National Origin. Currently, the City is in compliance with the specific and reporting provisions of this Agreement.

Office of Multifamily Housing
Not a City of Richmond Issue but located nearby in the County of Henrico:

- Essex Village Apartments remains an ongoing concern, with regular senior leadership calls continuing. Media interest continues with FOIA requests for the most recent inspection reports and audit opinions. Related to a possible change of ownership, a transfer HAP request package is currently being reviewed. Recent media attention focused on HUD's approval of a rent increase for this development, which has experienced such serious maintenance-related problems.

Office of Public Housing

- 4044 Public Housing Units | 3363 Housing Choice Vouchers

- The Richmond Redevelopment and Housing Authority (RRHA) has received media and congressional attention regarding increased crime (shootings) in the public housing communities

- The condition of the housing in the Public Housing Communities has also come under increased scrutiny. Recent REAC Inspections reflect 7 of the 14 RRHA developments have failed, with a scores of less than 60/100. These scores have not been released.

- Mayor Levar Stoney has scheduled a Housing Summit on October 31, 2017, to begin addressing funding and other issues that will improve the quality of life for citizens in these neighborhoods. The Mayor has requested HUD's involvement at the Summit.

AMERICAN OVERSIGHT

HOT ISSUES

REGIONAL ADMINISTRATOR AND ASSISTANT DEPUTY SECRETARY FOR FIELD POLICY AND MANAGEMENT –

Meeting with RRHA and Meeting with Mayor Levar Stoney

- On September 11, 2017, the HUD Richmond PIH met with CIR and RRHA's Office of Recapitalization regarding potential early relocation of elderly Fay Towers residents, whose property is being redeveloped through RAD.

Single Family Housing

- A judge has mandated that an Asset Management contractor managing HUD REO homes in Virginia and several other states be replaced with a new Small Business contractor by December 1, 2017. Assurance has been given that no break in service will occur with the changes in Asset Management services.

- Recent public interest has been shown regarding several FHA Condominium Mortgage Insurance changes under consideration by HUD.

Good afternoon Mr. Ott,

My name is Julia Pitts and I am a Congressional Aide for Congressman Dwight Evans (PA02). I am working with a Constituent by the name o (b)(6) who applied for the waiting list for PHA Programs in the early 2000s. She recently called to follow up with her application status and was told that she is no longer on the waiting list. She has spoken to multiple people at PHA, but has not received a satisfactory answer to why she was removed from the list. She is continuously told that hers is a federal issue. Can you provide more information about why (b)(6) was removed from the waiting list?

AMERICAN OVERSIGHT

She also is inquiring about the property of 320 N Preston Street, Philadelphia, PA which has been vacant for a number of years. After asking multiple representative offices she was told that these are HUD properties, but she cannot receive any more information. Can you provide information about this property?

Her Privacy Release Form is attached.

Thank you,

Julia C. Pitts, MSW
Congressional Aide

Nicholas,

On behalf of the Greater Reading Chamber and our board member, John Weidenhammer, we are seeking Congressman Smucker's assistance on obtaining an extension on the HUD grant for the City of Reading. Attached you will find a copy of the latest correspondence with HUD, which includes the grant number and information, and below you will find the HUD contacts Mr. Weidenhammer has been dealing with.

Please let me know if you need any additional information. Thank you and the Congressman in advance for any assistance on this.

Sincerely,

Randy Peers
President & CEO

AMERICAN OVERSIGHT

U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT
WASHINGTON, DC 20410-7000

OFFICE OF COMMUNITY PLANNING
AND DEVELOPMENT

APR 14 2017

Mr. John Weidenhammer
Chairman of the Board
Riverfront Center Reading
935 Berkshire Boulevard
Reading, PA 19610-1229

RE: FY2010 Economic Development Initiative-Special Project grant: Expiring Grant Funds

Dear Mr. Weidenhammer:

This letter is in reference to a congressional Economic Development Initiative-Special Project grant that was awarded to your organization through the U. S. Department of Housing and Urban Development's FY2010 appropriation. The award is authorized to be used for the following project:

B-10-SP-PA-0304: for Riverplace Development Corporation, The Penn Corridor streetscaping.

As of April 14, 2017, the Economic Development Initiative-Special Project (EDI-SP) grant awarded to Riverfront Center Reading grant number B-10-SP-PA-0304 has a balance of $72,840.51. This EDI-SP grant was funded by the Congress in the U.S. Department of Housing and Urban Development (the Department) Appropriation Act of 2010 (P.L. 111-8) and described in the Committee Print of the Committee on Appropriations U.S. House of Representatives, March 2010. Pursuant to the provisions of 31 U.S.C. Section 1552, as added by the National Defense Authorization Act for fiscal year 1992, any funds associated with this congressional grant that have not been **deposited** into a grantee's bank account by September 30, 2017 shall be cancelled by operation of law, returned to the U.S. Department of Treasury, and will no longer be available for disbursement. This is a statutory deadline and requirement that cannot be waived or extended by the Department.

In order for your organization to access these grant funds prior to the cancellation date, several conditions and requirements must be satisfied. These conditions and requirements include:

1. Environmental Review:

In accordance with the section E "Environmental Review" of the Grant Application Kit associated with this award, **HUD reminds all grantees that no EDI-SP grant funds or any other funds may be committed to a project and no EDI-SP grant funds can be drawn down for the project, until an environmental review has been completed.** An environmental review must be completed by the U.S. Department of Housing and Urban Development (HUD) Field Environmental Officer (FEO) for each FY2010 Economic Development Initiative-Special Project grant. The HUD approving official shall make an independent evaluation of the environmental issues; take responsibility for the level and scope of the review and content of the compliance finding; and make the environmental finding.

If the grantee is planning to use the Economic Development Initiative-Special Project funds for such work as architectural and engineering, technical assistance, or salaries, then the environmental

AMERICAN OVERSIGHT

review may be as simple as documenting that these activities are excluded from any further review. However, if your organization's project for this grant includes activities such as 1) acquisition, long-term leasing, or disposition of real property; 2) change in land use, including change in density; or 3) physical change of land or buildings, HUD's release of funds to the grantee's bank account cannot occur until HUD has completed the environmental review.

NOTE:

You may not take any actions nor commit any HUD or any non-HUD funds which would cause actions that are choice-limiting among reasonable alternatives or would produce an adverse environmental impact, until HUD has completed the environmental review. Therefore, you are encouraged to have the environmental review process started as soon as possible.

You are advised to contact Ms. Theresa J. Fretwell, Environmental Review Officer at your local HUD field office regarding this matter. Ms. Theresa J. Fretwell may be reached at (212) 542-7445.

2. *e*LOCCS:

In August 2014, HUD began transitioning all grantees from using the Line of Credit Control Voice Response System (LOCCS/ VRS) to the *e*LOCCS system to access grant funds. The *e*LOCCS system is accessed through the HUD internet portal called Secure Systems.

NOTE:

Please be advised that the LOCCS/VRS systems have been disabled and that all grantees are required to access grant funds through the *e*LOCCS via Secure Systems. While the functionality of the LOCCS has not changed, the previous telephone system (the VRS) is no longer available; therefore, you will be required to enter LOCCS via your computer.

Even though grantees will now access to grant funds though the *e*LOCCS, they will still maintain the same LOCCS user-id and password. Grantees will, however have a user-id and password for Secure Systems in addition to the LOCCS user-id and password that must be maintained. You should also note that the HUD form 27054 "LOCCS Voice Response System Access Authorization" form will still be required to establish, change or terminate user access. In addition, all LOCCS approving officials and users must register in Secure Systems. **Approving officials must register as the coordinator, and users as users.** There are no exceptions to this requirement.

Also, please ensure that your organization's authorized user has gained or maintained access to the Department's *e*LOCCS for disbursement of the funds. Authorized users that have not maintained a valid user id and password for the *e*LOCCS will need to secure a new user id and password in order to request payment. If you have previously secured an *e*LOCCS user id and password, but have not accessed the system in the last 60 days, your user id and password have expired and new ones will be required. Please also ensure that the bank account which was designated by your organization for the deposit of grant funds remains open. If the bank account information for the grant has changed, a new Direct Deposit Sign Up form, and a void or cancelled check or deposit slip for the new account, will need to be submitted well in advance of the disbursement deadline, for entry into *e*LOCCS.

AMERICAN OVERSIGHT

The following Internet links to several resources provide an overview of the *e*LOCCS and tools such as the "LOCCS Access Guidelines" and the "*e*LOCCS Getting Started Guide" that outline the full process and ways to navigate the system once you have completed the registration. The links will provide a complete set of instructions with the necessary forms attached.

- LOCCS Access Guidelines for Grantees
  http://portal.hud.gov/hudportal/HUD?src=/program_offices/cfo/loccs_guidelines

- *e*LOCCS Registration Guide
  http://portal.hud.gov/hudportal/documents/huddoc?id=eloccs_registration_guide.pdf

- *e*LOCCS Getting Started Guide
  http://portal.hud.gov/hudportal/documents/huddoc?id=eloccsguide.pdf

  Please type these links into your Internet browser to access them.

EDI-SP grantees are also responsible for ensuring that all Semi-Annual Reports and supporting documentation for draw down requests are properly completed and submitted to the appropriated Grant Officer. Failure to complete or submit these documents may result in a delay in the approval of your organization's draw down request.

Finally, you must note that the disbursement of grant funds to your account can take at least 72 hours following the Department's approval of the payment request in the financial system. **Accordingly, all requests for payment must be entered into the Line of Credit Control System no later than Friday, September 15, 2017 in order to ensure deposit in your account prior to the September 30, 2017 deadline.** Submission of documents by this date will allow for the necessary documents review and provide an opportunity to address deficiencies in the documents, if possible. Please be advised that this date may change by approximately three business days and that your organization will be notified, in writing of such change. Any FY2010 EDI-SP grant funds that have not been **deposited** into the grantee's account by September 30, 2017 will automatically be cancelled by operation of law, recaptured by the Department and returned to the U.S. Treasury. After that time, these grant funds will no longer be available for disbursement for this project.

If you have any questions regarding this matter, please contact your Grant Officer, Ms. Laura Stillwell by telephone at (202) 402-7037 or via email at Laura.J.Stillwell@hud.gov.

Thank you for your attention to this matter. The U.S. Department of Housing and Urban Development's Office of Policy Development and Coordination looks forward to working with you on the completion of your project.

Sincerely,

Steven K. Washington
Director
Office of Policy Development and Coordination

Hello all: I never got an opportunity to discuss this with Joe. There really is no answer for us to give except that John Leary should approach his Congressman with his suggestions for regulatory changes. There is nothing that the Field Office can do to resolve this matter. However, we can write this up if needed, but perhaps Joe may want to discuss with Mr. Leary(?).

Subject: Scott Management (Oakcrest Towers) Harrassment against the Disabled under Rental Assistance Program in PG County

Dear Ms. Bond, and

My name is (b)(6) and my present landlord at Oakcrest Towers, under Scott Management continues to threaten legal action (2 times) after receiving payments by the Department of Social Services in PG County.

I have copied you on most of the emails and decided to contact you regarding a "Legal complaint" against Scott Managment under these basis"

1. Once I informed my Landlord that I suffer from Disability specific Anxiety, Biopolar and Panic Attacks (Dr. (b)(6) sent a letter requesting Reasonable Accomodations on April 11, 2017), which was denied, my landlord specifically Mr. Cutrona and Ms. Quartery have sent "Security knocking on my door for rent that was already sent by Social Services), these actions caused a stress induced heart attack.

The Department of Social Services failed to give me a copy of the money order or receipts, and I was forced to confirm their payments with my landlord, who argued, harrassed and denied payments, but they were received.

This process caused undue emotional distress as I suffer from Unstable Angina, also

(2). In May and June after signing the agreement to allow subdized payments by social services my landlord without waiting more than 2 weeks start threatening me with evictions and legal actions, posting notices on my door, sending security and arguing with me on the phone.

AMERICAN OVERSIGHT

July 10, 2017, payments was made by Social services but I was threatened with legal action on July 11, 2017.

(3). It is apparent my landlord is attempting to cause me to pay twice and cause a "panic attack" from Anxiety and Bipolar.

(4). I have been denied a private lock after the maintenance man entered my apartment at 8:00 a.m. informing me he was there to clean the balcony, evidently had the wrong apartment was suppose to be #(b) but had the "key" for #(b), which is my living space.

(5). Due to water damage and mold smells (I keep my bed in the front room) therefore when the maintenance man entered the apartment I was alseep with my nightgown on.

Can you help me, please? Because I am seeking rental assistance my rent increased to $1,414.00 and my social security income is $1,627.00 I can't afford to be approved to move anywhere else.

I also live with mold, water damage and severe allergies. I am disabled under social security with (crippled spine (reverse lordosis, unstable angina, anxiety, biopolar and depression).

On February 9, 2017, I was denied Brinkley Hill Townhomes under Section 811 and Weinberg because of Social Anxiety Fears of social workers, I was being forced to have my "Male social worker coordinate my move" after my female social worker died.

I swear under penalty of perjury, everything I have written is true on July 12, 2017, Signed (b)(6)

Reference: CTS# 606838; regarding Scott Management / Oakcrest Towers, District Heights, MD; received by DOJ on July 12, 2017

The Disability Rights Section has reviewed the enclosed complaint and determined that it raises issues that are more appropriately addressed by the U.S. Department of Housing and Urban Development under title II of the Americans with Disabilities Act and/or Section 504 of the Rehabilitation Act. We, therefore, are referring this complaint to that agency for appropriate action. This letter serves to notify that agency and the complainant of this referral. The Disability Rights Section will take no further action on this matter.

To check the status of the complaint, or to submit additional information, the complainant may contact the referral agency at the address above or at the following telephone number(s):

(215) 861-7646 (Voice)
(888) 799-2085 (Voice)
(215) 656-3450 (TTY)
(800) 927-9275 (TTY)

If the agency has any questions or concerns about this referral or believes that it raises issues outside the agency's jurisdiction, please do not hesitate to contact the Department of Justice at the address and phone number attached hereto.

From: Disability Rights Section, Civil Rights Division, U.S. Department of Justice

Reference: CTS# 606838; regarding Scott Management / Oakcrest Towers, District Heights, MD; received by DOJ on July 12, 2017

The Disability Rights Section has reviewed the enclosed complaint and determined that it raises issues that are more appropriately addressed by the U.S. Department of Housing and Urban Development under title II of the Americans with Disabilities Act and/or Section 504 of the Rehabilitation Act. We, therefore, are referring this complaint to that agency for appropriate action. This letter serves to notify that agency and the complainant of this referral. The Disability Rights Section will take no further action on this matter.

To check the status of the complaint, or to submit additional information, the complainant may contact the referral agency at the address above or at the following telephone number(s):

(215) 861-7646 (Voice)
(888) 799-2085 (Voice)
(215) 656-3450 (TTY)
(800) 927-9275 (TTY)

If the agency has any questions or concerns about this referral or believes that it raises issues outside the agency's jurisdiction, please do not hesitate to contact the Department of Justice at the address and phone number attached hereto.

AMERICAN OVERSIGHT

U.S. Department of Housing and Urban Development
Administration

Departmental Staff

Transmittal for Handbook No.: 432.01

Special Attention of:

Issued: December 1, 2000

1. This Transmits: Handbook 0432.01, Performance Based Reduction in Grade and Removal Actions.

2. Summary: This Handbook establishes the Department's policies and procedures for taking performance-based reduction in grade and removal actions. It provides a separate and distinct Departmental authority for taking performance-based actions.

3. Filing Instructions:

Remove:	Insert:
Chapter 4 of Handbook 752.2 REV-2, Personnel Actions Taken for Unacceptable Performance and Misconduct, dated January 17, 1984	Handbook 0432.01

4. Significant Provisions:

   A. It is no longer a HUD requirement that the decision to effect a proposed action must consider the employee's performance following issuance of the 30-day advance notice period.

   B. In addition to the 5 U.S.C. Chapter 43 and 5 CFR Part 432 procedural rights afforded to certain "non-preference" eligible employees in the excepted service, after one year of current continuous service in the same or similar position, the Civil Service Due Process Amendments signed on August 17, 1990, promulgated by P.L. 101-376, extend appeal rights to these same individuals after two years. (Refer to paragraph 1-5B.)

   C. Under no circumstances may a management official use a union official as a personal representative in any matter related to any action covered in this Handbook.

AMERICAN OVERSIGHT

0432.01

CHAPTER 1. GENERAL PROVISIONS

1-1 Purpose

A. This Handbook establishes policy and guidance regarding proposing and effecting reduction in grade and removal actions based solely on unacceptable performance. It supersedes previous policy guidance prescribed by Chapter 4 of Handbook 752.2 REV-2, Personnel Actions Taken for Unacceptable Performance and Misconduct, dated January 17, 1984.

B. Performance-based actions may be taken by using either the procedures of Handbook 0752.02 REV-3, Adverse Actions or this Handbook. Before initiating a performance-based disciplinary action, the policy and procedural requirements of Handbook 0752.02 REV-3, and those of this Handbook must be considered. Of particular importance, note the differences in the evidentiary standards or "degree of proof" required under two pertinent regulatory procedures in order to support the action. 5 CFR Part 432, requires **substantial evidence**; conversely, 5 CFR Part 752, requires **preponderance of the evidence**.

C. Requirements stated in this Handbook are consistent with law, regulations, and Agency policy applicable at the time of its issuance. It is essential that current rules be researched, and that this Handbook be used in conjunction with the Department's Performance Management System plan and applicable negotiated agreements for employees in an exclusive bargaining unit, in order to ensure adherence to unique provisions, procedures, and time frames.

1-2 Authorities

A. The Civil Service Reform Act (CSRA) of 1978, P.L. 95-454.

B. Office of Personnel Management (OPM) Regulations, 5 CFR Part 432.

1-3 Exceptions to Handbook Provisions. The Director, Office of Human Resources, Office of Administration, may authorize waivers to the provisions of this Handbook insofar as the waivers are consistent with applicable law, regulations, agency policy and negotiated agreements. Any request for a waiver must be made in writing and must contain sufficient justification to support the need for the exception.

1-4 Definitions. For purposes of this Handbook, the following definitions are used:

AMERICAN OVERSIGHT

0432.01

A. **Acceptable performance** means performance that meets an employee's performance requirement(s) and/or standard(s) at or above the marginally successful level in the critical element(s) at issue.

B. **Critical element** means a component of a position consisting of one or more duties and responsibilities that contributes toward accomplishing organizational goals and objectives and is of such importance that unacceptable performance on the element would result in unacceptable performance in the position.

C. **Days** mean "calendar" days.

D. **Merit Systems Protection Board (MSPB)** is an independent Federal agency used by an employee to seek adjudicative review of reduction in grade or removal actions taken against the employee by the Department. The agency is also empowered to enforce compliance with its final decisions and orders.

E. **Appeal** means a request by an employee to the MSPB for an impartial review of the Department's reduction in grade or removal action.

F. **Performance-based action** means reduction in grade or removal based on unacceptable performance.

G. **OPM** means the Office of Personnel Management.

H. **Current continuous employment** means a period of employment or service, immediately preceding a performance-based action, in the same or similar position without a break in Federal civilian employment of a workday.

I. **Opportunity to demonstrate acceptable performance** means a reasonable opportunity for the employee whose performance has been determined to be unacceptable in one or more critical elements to demonstrate acceptable performance in each critical element at issue.

J. **Reasonable time period** means a specified time period no less than 30 days for the employee to demonstrate acceptable performance of the job duties and responsibilities of the critical element(s) at issue. This time period is established by management and must be of an appropriate duration to enable the employee to demonstrate such acceptable performance.

K. **Opportunity to Improve Performance (OIP) Notice** provides written notice to the employee of each critical element on which performance is determined to have

AMERICAN OVERSIGHT

reached the unacceptable performance level, and advises of performance requirements or standards that must be reached for retention in the position. It also affords the employee an opportunity to demonstrate acceptable performance within a specified time period.

L. **Performance** means accomplishment of work assignments or responsibilities.

M. **Performance standards** mean the expressed measure of the level of achievement established by management for the duties and responsibilities of a position or group of positions. A performance standard may be expressed in, but is not limited to, measurements such as quality, timeliness, cost-effectiveness, quantity, manner of performance, effects desired, etc., or any combination thereof.

N. **Reduction in grade** means the involuntary assignment of an employee to a position at a lower classification or job grading level.

O. **Removal** means the involuntary separation of an employee from employment with the Department.

P. **Similar positions** means positions in which the duties performed are similar in nature and character and require substantially the same or similar qualifications, so that the incumbents could be interchanged without significant training or undue interruption to the work.

Q. **Management Official** means a personnel specialist, Administrative Officer, supervisor, manager, or HUD attorney whose duties include representation of management in administrative cases.

R. **Unacceptable performance** means performance of an employee that fails to meet, at least, the marginally successful performance standard established for one or more critical elements of the employee's position.

S. **Department** means the Department of Housing and Urban Development (HUD).

T. **Reasonable accommodation** means a logical adjustment or modification to a job and/or the work environment that would enable a qualified handicapped person to perform the duties of his or her position.

1-5 Employee Coverage

A. This Handbook applies to all Department employees, except those persons who

AMERICAN OVERSIGHT

are specifically excluded by law, regulation, or elsewhere in this Handbook; and

B. Non-preference eligible employees who serve on excepted service appointments and who have completed one year of current continuous employment in the same or similar position are entitled only to the procedural protections of this Handbook. Conversely, these employees are covered by all provisions of this Handbook if they have completed two years of current continuous employment.

1-6 Employees Excluded

A. Employees in the competitive service who are serving a probationary or trial period under an initial appointment.

B. Employees in the competitive service serving in a type of appointment that requires no probationary or trial period (e.g., status quo or TAPER) who have not completed one year of current continuous employment in the same or similar positions under other than a temporary appointment limited to one year or less.

C. A manager or supervisor who has not completed the one year probationary period under 5 U.S.C. 3321(a)(2), if such a reduction is based on supervisory or managerial performance and the reduction is to the grade held immediately before becoming a supervisor or manager in accordance with 5 U.S.C. 3321(b).

D. Employees in the excepted service who have not completed one year of current continuous employment in the same or similar positions.

E. Employees occupying a position not in the competitive service excluded from coverage by regulations of the OPM.

F. Employees occupying a position in Schedule C as authorized under 5 CFR Part 213.

G. Administrative Law Judges appointed under 5 U.S.C. 3105.

H. Employees in the Senior Executive Service.

I. Employees appointed by the President.

J. Re-employed annuitants.

1-7 General Standards. A performance-based action may not be taken against an employee

AMERICAN OVERSIGHT

if the action is based on unlawful discrimination or a personnel practice prohibited by any law, rule, or regulation, including reprisal for engaging in whistle-blowing activity.

1-8 Delegation of Authority

A. Any supervisor or manager at or above the level of Branch Chief is authorized to issue a notice of proposed performance-based action to an employee whose performance does not meet the acceptable performance level in one or more of the critical element(s) at issue.

B. The decision on a proposed performance-based action must be made by a supervisor or manager who is at an organizationally higher level of the Department, when that exists, than the official who proposed the action. Normally, the Deciding Official should be in the chain of command of the employee subject to the performance-based action.

C. When the Secretary or Deputy Secretary is the Deciding Official, he/she may designate an appropriate official to serve in his or her stead. However, the designee's position must be either equivalent to, or organizationally higher than the position of the person who proposed the action.

D. When the Deputy Secretary is both the Proposing and Deciding Official, the written decision must be concurred in by either an organizationally higher level official, when that exists or the Secretary.

E. The Secretary may serve as both the Proposing and Deciding Official on a performance-based action.

F. The Assistant to the Deputy Secretary for Field Policy and Management is authorized to issue a Decision Notice in the case of an employee to whom a Secretary's Representative issued a notice of proposed performance-based action.

G. Refer to the Department's current, applicable Delegations of Authority for guidance when initiating or taking an action covered by this Handbook.

1-9 Pre-Decision Review Option

A. Before issuing a Decision Notice, the Deciding Official may designate an appropriate official to carry out a review of the proposed performance-based action in such a manner or form as the Deciding Official prescribes, and to report the results of the review to that official. The review may include handling the receipt of written and/or oral replies, conducting inquiries to obtain whatever

AMERICAN OVERSIGHT

additional information is deemed necessary and appropriate, reviewing documentation, making a written report of the results, making a pre-decision recommendation, or any combination thereof.

B. The individual designated to carry out a review of the proposed action shall be an official of the Department who took no part in the events that led to issuance of the Proposal Notice, and who is not subordinate to the Proposing Official.

C. The Deciding Official is not required to carry out a review through a designated official. The decision to carry out such a review is discretionary and rests with the Deciding Official.

1-10 Distribution of Proposal and Decision Notices

A. The original to the employee;

B. Employee's attorney or other representative, if any (decision notice only);

C. The Proposing and Deciding Officials;

D. Appropriate Administrative Service Center's Human Resources Division in the Field when the proposing and/or deciding official is a Field manager; the Office of Human Resources' Labor and Employee Relations Division in Headquarters when the Proposing and/or Deciding Official is a Headquarters manager in an action taken against a Field employee.

E. Appropriate Administrative Officer in Headquarters (Decision Notice Only).

AMERICAN OVERSIGHT

F. Appropriate Field Assistant General Counsel or in Headquarters, the Associate General Counsel for Human Resources Law (to alert counsel in the event the action is appealed to the MSPB or reviewed in a negotiated grievance procedure).

1-11 Timing of Actions

A. Action may be initiated to reduce-in-grade or remove an employee at any time during the performance appraisal cycle when employee's performance in one or more critical elements of the job reaches the unacceptable performance level. (See paragraph 1-4R for definition of unacceptable performance.)

B. A notice of proposed action may not be issued until the employee has been issued an opportunity to improve performance (OIP) notice in writing and has been given a reasonable time to demonstrate acceptable performance. (See paragraph 1-4J for definition of reasonable time.)

C. An advance notice of proposed removal or reduction in grade may consider only instances of performance that are one year old or less at the time the advance notice is issued.

D. The decision to retain, reduce-in-grade, or remove an employee shall be made within 30 days after the expiration of the 30-day advance notice period. Further extension beyond this 60-day period is authorized under the limited circumstances that follow:

1. to obtain and/or evaluate medical information when the employee has raised a medical issue in the answer to a proposed reduction in grade or removal;

2. to arrange for the employee's travel to make an oral reply to an appropriate Departmental official, or the travel of a Departmental official to hear the employee's oral reply;

3. to consider the employee's answer if an extension to the period for an answer has been granted (e.g., because of the employee's illness or incapacitation);

4. to consider reasonable accommodation of a handicapping condition;

5. to consider positions to which the employee might be reassigned and/or

AMERICAN OVERSIGHT

reduced-in-grade; and

6. to comply with a stay ordered by a member of the Merit Systems Protection Board under 5 U.S.C. 1208(b).

AMERICAN OVERSIGHT

The Office of Human Resources' Labor and Employee Relations Division staff will coordinate requests to the OPM for extensions beyond 60 days when the need is for reasons other than those specifically authorized above.

E. The decision on a notice of proposed action must be delivered to the employee on or before the effective date of the reduction in grade or removal. If actions are effected on the delivery date, diligence must be taken to ensure the decision notice cites the **exact time** of the effected action. This time must be earlier than the end of the employee's tour of duty on that given day. Consequently, the employee's work schedule (e.g., flextime, etc.) is an important factor.

1-12 Records

A. The Department shall make as part of its records, copies of the following:

1. The Notice of Proposed Action;

2. The employee's written reply and/or summary of any oral reply;

3. Decision Notice;

4. Any supporting material relied upon by HUD to support the decision (including documentation regarding the opportunity afforded the employee to demonstrate accepted performance); and

5. The employee's performance elements and standards, including the date of communication.

B. Departmental records shall be furnished to the MSPB or other third party forum, and to the affected employee or his or her designated attorney or other representative, upon request.

C. Appropriate servicing Administrative Services Center's Human Resources Division in the Field, and Office of Human Resources' Labor and Employee Relations Division in Headquarters are responsible for proper establishment, maintenance, and availability of records relating to performance-based actions covered by this Handbook.

D. When a performance-based action is effected, and the employee has not appealed the action, records shall be retained for four years after the effective date of the action. If the action is appealed, records shall be maintained for four years after

AMERICAN OVERSIGHT

the case is closed, unless a request is received to retain records for use in another forum (e.g., Equal Employment Opportunity Commission).

E. When an employee is not reduced-in-grade or removed because of improved performance shown during the advance notice period, and the employee's performance continues to be acceptable for one year from the date of the advance written notice, any entry or other notation of the performance for which the action was proposed shall be removed from the Department's records.

F. Upon completion of a performance action decided on by a HUD manager or supervisor in Headquarters, the official case file shall be forwarded to, and remain in the custody of, the employee's servicing human resources office.

AMERICAN OVERSIGHT

CHAPTER 2. ADDRESSING UNACCEPTABLE PERFORMANCE

2-1 Performance Counseling/Assistance

A. Supervisors are responsible for assisting employees in achieving and maintaining acceptable performance levels. Towards this end, supervisors should communicate with employees regularly about performance expectations, and provide counseling about specific performance problems as they arise. If performance problems continue, supervisors must consult with the servicing human resources staff as soon as possible to obtain advice and assistance in initiating a performance-based action. This consultation is necessary to ensure technical and procedural consistency of the action.

B. Supervisors should contact the servicing human resources staff and refer employees to one of the Department's Employee Assistance Program (EAP) Counselors for counseling and assistance if the employee indicates, or the supervisor suspects, that the performance problems exhibited are caused by alcoholism, drug dependency, or other personal problems.

2-2 Procedures for Addressing Unacceptable Performance. If, at any time during the appraisal cycle, an employee's performance reaches the unacceptable performance level in one or more critical elements, the supervisor must notify the employee of the critical element(s) involved. This written notification of unacceptable performance constitutes the opportunity to improve performance (OIP) notice. The employee must be afforded:

A. **Communication**. Prior to, or at the time of, giving an OIP notice, the supervisor should inform the employee of the performance requirement(s) that must be met and/or standard(s) that must be attained in order to demonstrate acceptable performance and be retained in the position.

B. **Opportunity to Improve**. Supervisors must give an employee whose performance has reached the unacceptable performance level in one or more critical elements, a reasonable period of time (not less than 30 days) to demonstrate acceptable performance on each critical element at issue. The time period established must be specified in the OIP notice and it must be adequate--commensurate with the duties and responsibilities of the position--to allow the employee an appropriate amount of time to demonstrate acceptable performance. The OIP notice shall include the following information:

1. Each critical element on which performance is at an unacceptable level;

AMERICAN OVERSIGHT

2. A statement and description of the marginally successful performance standard and/or requirements that the employee must attain in order to demonstrate acceptable performance on each critical element at issue by the conclusion of the opportunity to improve; and

3. A reasonable period of time, commensurate with the duties and responsibilities of the employee's position, to demonstrate marginally successful or better performance;

4. Offer of assistance to the employee in attaining marginally successful or better performance;

C. **Assistance**. An employee whose performance has reached the unacceptable performance level must be offered assistance to aid him/her in demonstrating acceptable performance as part of the opportunity to improve. Such assistance may include training (classroom or on-the-job) and/or clarification of performance requirements in any one or combination of counseling sessions or discussions, memoranda, written instructions, or other means which convey the nature and level of performance required of the employee.

D. Supervisor counseling sessions or discussions with employees and memoranda should critique the employee's work, cite specific errors or performance problems, and suggest specific ways on "how to" correct the errors and performance problems. Samples of acceptable work could be provided as a model or guide. A record should be made to document any oral discussions held and the results achieved.

2-3 Completion of the Opportunity to Improve

At the earliest practicable date following expiration of the opportunity to improve, the HUD manager or supervisor shall obtain advice and assistance from the servicing human resources staff before making an acceptable level of performance determination and shall complete one of the following steps:

A. If a determination is made that the employee's performance reached the **marginally successful** performance level on any critical element at issue by the end of the opportunity to improve and there were no critical elements on which the employee's performance remained at the unacceptable level, issue a performance improvement plan (PIP). The PIP shall identify each critical element on which employee's performance reached the marginally successful

AMERICAN OVERSIGHT

level, describe the employee's actual performance, and offer suggestions for reaching a higher performance level. The proposing official shall continue to provide counseling and assistance for each critical element rated marginally successful in an effort to help the employee sustain acceptable performance or reach a higher performance level.

B. If a determination is made that the employee's performance reached the **fully successful** performance level or higher on each critical element at issue by the end of the opportunity to improve, the HUD manager or supervisor shall issue a written notice informing the employee of the performance level reached on each critical element.

C. Any written notice issued to an employee as a result of improved performance by the end of the opportunity to improve, shall also inform the employee that failure to sustain acceptable performance on each critical element for one year from the date of the notice of opportunity to improve could result in a reduction in grade or removal action, without another opportunity to improve in the critical elements at issue.

D. If a determination is made that the employee's performance remained at the **unacceptable** performance level on any critical element at issue by the end of the opportunity to improve, a written notice of proposal to remove or reduce-in-grade must be issued to employee as soon as practicable.

2-4 Extending the Opportunity to Demonstrate Acceptable Performance

The time frame for the opportunity to demonstrate acceptable performance may be extended if the employee's performance has not reached an acceptable performance level, or the HUD supervisor or manager is unable to make a determination that the employee's performance has improved to an acceptable level. Examples of situations where a supervisor or manager may be unable to make an acceptable level of performance determination include:

A. Employee illness during a significant portion of the period of opportunity to improve because the employee cannot be held accountable for work not completed during the period of approved leave; or

B. Administratively uncontrollable reasons for which the employee cannot be held responsible, such as lack of sufficient work or inadequate supervisory assistance during the opportunity to improve.

AMERICAN OVERSIGHT

CHAPTER 3. PROPOSING AND TAKING ACTION BASED ON UNACCEPTABLE PERFORMANCE: REMOVAL OR REDUCTION IN GRADE

3-1 General Provisions

A. The Department may propose or take a performance-based action against an employee only on those critical elements in which the employee is performing unacceptably and on which the employee has had an opportunity to demonstrate acceptable performance.

B. Instances of unacceptable performance **prior to** an opportunity to demonstrate acceptable performance may not be relied upon solely as the basis for proposing a reduction in grade or removal action. These instances of performance serve primarily as the basis for initiating the employee's opportunity to improve. They may be relied upon, however, to support the overall performance determination, as long as the instances occurred within one year prior to the notice of proposed action.

C. Instances of unacceptable performance which occur **during** an opportunity to demonstrate acceptable performance may be used solely or partially to support a proposal notice, as long as the instances of unacceptable performance occurred within one year prior to the notice of proposed action.

D. Instances of unacceptable performance which occur **following** the opportunity to demonstrate acceptable performance may be used solely or partially to propose an action if:

1. employee's performance following the opportunity to improve is unacceptable in one or more of the critical elements which formed the basis of the opportunity to improve (and the employee's performance standards for the critical elements at issue have not been revised substantially); and

2. unacceptable performance occurred within one year from the beginning of the opportunity period.

E. Performance-based actions must be based on critical elements of an employee's position of record. An employee shall continue to hold his/her position of record while on detail to a different position or work assignment. When an employee is detailed to a different position within the Department that is expected to last 120

AMERICAN OVERSIGHT

0432.01

days or longer, the employee must be provided with written critical elements and

AMERICAN OVERSIGHT

standards and rated at the end of the detail. An employee's performance appraisal from the detail must be considered in deriving employee's next rating of record.

F. Any determination made to propose an action is based primarily on unacceptable performance in the employee's position of record. Therefore, the employee must have been afforded an opportunity to demonstrate acceptable performance in his/her position of record.

G. There is no legal, regulatory, or HUD requirement for a supervisor to consider an employee's improved performance during the 30-day advance notice period.

3-2 Requirements

A. Before proposing or taking a performance-based action, supervisors must obtain advice and assistance from the servicing human resources staff. This consultation is required to ensure technical and procedural consistency of the action with OPM and HUD requirements. It includes the human resources staff's advice on the appropriateness of the performance-based action, adequacy of the evidence, and guidance in drafting the proposal and decision notices.

B. The human resources staff and the Proposing Official must consult with the Associate General Counsel for Human Resources Law in Headquarters regarding the legal sufficiency of proposal notice. When the action will be proposed by a Field manager, consultation with the Associate General Counsel for Human Resources Law in Headquarters must be done through the Field Assistant General Counsel. Such actions are described below:

1. A proposal notice to reduce-in-grade or remove a Headquarters or Field employee at the GS-14 level or higher, or a HUD attorney.

2. A proposal notice to reduce-in-grade or remove a Headquarters employee at the GS-13 level or below when the facts or issues are controversial or precedent-setting.

C. The human resources staff and the Deciding Official must consult with the Associate General Counsel for Human Resources Law or the Field Assistant General Counsel in the Office of General Counsel about the legal sufficiency of a decision to reduce-in-grade or remove a Field employee at the GS-13 level or below (except a HUD attorney) when the facts or issues are controversial or precedent-setting.

AMERICAN OVERSIGHT

D. Paragraphs 3-2B and 3-2C above do not preclude the human resources specialist and/or proposing official from consulting with appropriate individuals in the Office of General Counsel on any case.

3-3 Employee Entitlement. When a reduction in grade or removal for unacceptable performance is proposed, the advance notice of proposed reduction in grade or removal must contain the following information:

A. the action proposed;

B. Specific instances of unacceptable performance on which the proposed action is based;

C. The critical elements involved in each instance of unacceptable performance;

D. Employee's right to be represented by an attorney or other representative;

E. Employee's right to answer both orally and in writing and the time allowed for the answer, which is 15 days; and

F. Any additional information required by government regulations or applicable collective bargaining agreement.

3-4 Notice of Proposal. At the earliest practical date following a determination that the employee's performance remained at the unacceptable level on **any** critical element which formed the basis for the opportunity to improve, the proposing official shall issue a 30-day advance notice which shall include the following information:

A. Whether the specific performance-based action that is being proposed is a reduction in grade or removal. If the action is to be a reduction in grade, the proposed grade and pay rate must be stated. An employee who is involuntarily reduced-in-grade shall normally be placed at the same step of the grade from which he or she is demoted (e.g., from GS-13/3 to GS-12/3);

B. A statement that the action is proposed to be effective not less than 30 calendar days following the date the employee receives the notice;

C. The specific instances of unacceptable performance on which the proposed action is based;

AMERICAN OVERSIGHT

D. The critical element(s) involved in each instance of unacceptable performance;

E. Where material relied on to support the reasons for the proposed action is located and available for review;

F. A statement identifying the name, title, and location of the Deciding Official;

G. A statement that the employee is entitled to answer both orally and in writing, and that any reply submitted to the Deciding Official in a timely fashion will be considered in reaching a final decision on the proposal notice. (The right to answer orally does not include the right to a formal hearing and the appearance of witnesses will not be permitted.);

H. The employee has 15 days to answer the Notice;

1. If the employee wishes additional time in which to answer, he/she must submit a request in writing to the Deciding Official (or designee) before the expiration of the answer period. The request must include the amount of time needed and state a good reason for needing the extension.

2. The Deciding Official shall respond to the employee, in writing, either granting or denying the time extension request.

I. The name of the person who will hear any oral response or receive any written reply, if different from the Deciding Official.

J. A reasonable amount of official time, up to 16 hours, within the authorized reply period for preparing the oral and written responses. The amount of official time authorized for this purpose covers both the employee's oral and written replies;

1. The use of official time must be requested and approved in advance by the employee's supervisor,

2. Requests for additional official time beyond 16 hours to prepare the oral or written reply must be submitted, in writing, to the Deciding Official to be considered for approval. Such request must provide a good reason to justify the need for additional time.

K. Notification that the employee may be represented by an attorney or other representative. The employee must designate the representative, in writing, to the Deciding Official prior to any oral or written reply. If employed by the

AMERICAN OVERSIGHT

Department, the representative is also entitled to official time but only during the oral reply;

L. A statement whether the employee will or will not remain in a duty status during the advance notice period. Under ordinary circumstances, the employee shall remain in a duty status in his/her regular position;

M. A statement informing the employee where this Handbook, pertinent statutes, and OPM regulations are available for review.

3-5 Representation

A. The Department may disallow, as an employee's representative, an individual whose activities as a representative would cause a conflict of interest or position; an employee who cannot be released from his or her official duties because of a priority work assignment; or an employee whose release would give rise to unreasonable costs to the Government.

B. A human resources specialist, Administrative Officer, supervisor, manager, or HUD attorney whose duties include representation of management in administrative cases is considered to be a part of management. As such, they may be called upon to testify for management in an MSPB hearing or other administrative proceeding. Therefore, they may not accept a request to represent, or assist in representing, an employee in connection with a performance-based action.

C. A HUD management official may not use a union official to represent him/her in any action taken under the provisions of this Handbook under no circumstances.

3-6 Employee's Reply

A. The Deciding Official may designate an individual to hear the employee's oral reply. The designee may not be the official who issued the Notice of Proposed Action. In addition, the designee must not be subordinate to the official who proposed the action. The designee must, however, be in a position to effectively recommend or actually decide on the proposed action.

B. The Deciding Official or designee who hears the oral reply is reminded that the employee or his/her designated representative has the right to say whatever he/she wishes to influence the decision on the proposed action.

AMERICAN OVERSIGHT

C. If the employee makes an oral reply, the Deciding Official, or his/her designee, shall prepare a written summary or arrange for a verbatim transcript of the

AMERICAN OVERSIGHT

meeting. If a court reporter is used, the cost will be incurred by the HUD program office. The summary or transcript shall become part of the Department's record.

D. The employee's oral and written replies, if made, shall both become a part of the Department's record.

3-7 Employee Entitlements. When a reduction-in-grade or removal for unacceptable performance is decided, the decision notice must provide the following information:

A. A notice of time limits for appealing to MSPB, including the Board's requirements on timeliness and the address of the appropriate Board office for the appeal.

B. A copy, or access to a copy of the MSPB regulations;

C. A copy of MSPB's appeal form; and

D. A notice of any rights the employee has to file a grievance and/or appeal.

3-8 Notice of Decision. The Deciding Official shall issue a decision notice within 30 days after the end of the advance notice period, or following expiration of the period within which the employee was given the opportunity to respond. The decision notice shall include the following information:

A. The performance-based action being taken and specific instances of unacceptable performance on which the action is based:

1. If charges and instances of unacceptable performance are stated with specificity in the proposal notice, it is only necessary to reference them in the decision notice. A direct reference to the charges and instances of unacceptable performance found sustained will be sufficient;

2. The decision notice should specify which instances of unacceptable performance are being relied on and which are not where all of the instances cited in the proposal notice are not accepted by the Deciding Official; and

AMERICAN OVERSIGHT

3. Any instances cited in the final notice must have occurred during the one year period ending on the date of issuance of the advance notice of proposed action.

B. A statement that the Deciding Official considered the issues raised by the employee in the oral and/or written reply, if made:

Communication between the proposing and deciding officials is allowed. In the interest of due process, however, the employee must be afforded a fair opportunity to respond to any new arguments or evidence shared among the officials and considered in reaching a decision;

C. A statement of whether the action decided is the same as that proposed, or different;

D. The effective date of the decided action, which must not be less than 30 days following the date the employee received the advance notice of proposed performance-based action. If a Saturday, Sunday, or holiday is the last day of the notice period, the notice period is automatically extended to the next workday;

1. The decision notice must be issued to the employee at or before the time the action will be made effective.

2. A decision will be made within 30 days following expiration of the 30-day advance notice period.

3. The time limit for issuance may be extended for a limited amount of time under certain circumstances. (Refer to paragraph 1-11D.);

E. A statement that the employee may appeal the decision to the MSPB. Employees covered by a collective bargaining agreement, may elect to appeal to the MSPB, or the Union may invoke arbitration, but not both. The address of the appropriate MSPB Regional Office must also be provided;

F. A statement of the time limit for appealing to the MSPB which is not later than 30 calendar days after the effective date of the performance-based action;

G. If the employee has raised discrimination as an issue in his or her reply, the employee should be advised of the right to one of the following: (1) raise the claim as an affirmative defense in an MSPB appeal action; (2) file an equal

AMERICAN OVERSIGHT

employment opportunity (EEO) discrimination complaint; or (3) file a discrimination grievance under a negotiated grievance procedure, if applicable.

H. A copy of the MSPB regulations;

I. A copy of MSPB's appeal form;

J. Information on applying for disability retirement when he or she is being removed from the Federal service, if the employee has the requisite years of service and he or she alleges a medical condition as the cause of his or her performance problems; and

K. Specification of the employee's potential eligibility for discontinued service retirement when the employee has 25 years of more creditable civilian service, and the decision to be effected is removal from the Federal service.

3-9 Administrative Guidance

A. Performance evaluation should be an ongoing process which includes periodic communication between supervisors and employees. Thus, supervisors are to undertake timely employee counseling as an effective means of addressing performance problems as they arise. Counseling employees about specific performance deficiencies as soon as they arise and offering appropriate assistance can often prevent more serious performance problems.

B. If the employee indicates, or the supervisor strongly suspects, that an employee's performance deficiencies are the result of, or have been affected by, alcoholism, drug dependency, emotional problems, family pressures, or other problems of a personal nature, the supervisor should refer the employee to the Department's employee assistance program (EAP) for counseling and assistance as appropriate.

C. Unacceptable performance requires specific attention to ensure an effective solution of the problem. While substandard performance must be corrected, the corrective action normally does not include the application of discipline unless it is believed that a disciplinary action can motivate a change in behavior which can remedy the cause of the performance problem. The problem may be corrected by reassigning the employee to a position with different duties, eliminating workload imbalances, additional training, and/or restructuring of the current position. The preceding options are at the discretion of the supervisor and in no way are intended to preclude a supervisor from reducing in grade or removing an employee for unacceptable performance.

AMERICAN OVERSIGHT

D. There is no HUD requirement for a supervisor to consider an employee's performance following the opportunity to improve period as long as the instances occurred within one year prior to the notice of proposed action. Where numerical standards are prorated during the opportunity to improve period, the proposal notice must meet the annual numerical standard in the year preceding the proposal notice. In these cases, it may be necessary to cite instances of unacceptable performance which occurred outside of the opportunity to improve period in order to demonstrate sufficiently the employee's failure to perform acceptably.

AMERICAN OVERSIGHT

0432.01

CHAPTER 4. MEDICAL DETERMINATIONS/REASONABLE ACCOMMODATION

4-1 Americans with Disabilities Act

A. The Americans with Disabilities Act (ADA) which was enacted July 26, 1990, specifically Title V, Section 512, amends the Rehabilitation Act of 1973 to exclude persons who currently illegally engage in the use of drugs from the definition of an individual with a handicap. With respect to claims of discrimination, this means that the Department has no legal obligation under the Rehabilitation Act to provide reasonable accommodation to individuals whose performance problems are caused by current illegal drug usage.

B. For purposes of Title V of the ADA, the term "individual with handicaps" does not include an individual who is currently engaging in the illegal use of drugs when an employer takes action on the basis of such use.

C. The Rehabilitation Act, as amended in 1992 by Section 104(c) of the ADA, provides that:

D. A covered entity (1) may prohibit ... the use of alcohol at the workplace by all employees; (2) may require that employees shall not be under the influence of alcohol ... at the workplace; ... (4) may hold an employee who ... is an alcoholic to the same qualification standards for employment or job performance and behavior that such entity holds other employees even when unsatisfactory performance or behavior is related to the ... alcoholism of such employees ...

4-2 Medical Considerations

A. Medical documentation may be helpful in determining whether a particular accommodation is feasible and reasonable under the circumstances. If an employee alleges in an oral or written reply to a proposed action that a medical condition is causing the unacceptable performance, he or she must be afforded an opportunity (1) to explain how the medical condition contributed to his or her performance problems; (2) to provide any medical documentation concerning the nature of the condition to the agency for review; and (3) for consideration of any request for accommodation(s) which the employee believes will allow him or her to perform in an acceptable manner such as treatment or rehabilitation. 5 CFR Part 339 contains considerable guidance concerning medical issues relating to employees with performance problems.

AMERICAN OVERSIGHT

B. An employee may be offered (or ordered to take, if authorized) a medical examination in connection with his or her claim of a medical condition which impacts upon performance. Consideration must be give to the affirmative obligations of 29 CFR Part 1613.704 (Reasonable Accommodation) when an employee asserts that his/her medical condition contributed to the performance problems at issue.

C. When the employee requests an accommodation which would require additional time to demonstrate acceptable performance following treatment and/or rehabilitation for his or her medical condition, consideration should be given to extending the notice period of the action, putting a decision to take action in abeyance, or entering into some form of last chance agreement with the employee.

D. If an employee alleging a medical condition has the requisite years of service under the Civil Service Retirement System or the Federal Employees Retirement System, he or she shall be provided information concerning application for disability retirement. This process should not preclude or delay any decision on the performance-based action.

4-3 Alcoholism and Drug Abuse

A. When proposing a performance-based action that may be attributable to alcoholism or drug abuse, refer to HUD's Drug-Free Workplace Plan and to HUD's Employee Assistance Program, Handbook 792.2 REV-3, dated August 12, 1997, or current edition for guidance.

B. If a supervisor or manager knows, or has reasonable grounds to believe, that the employee's performance might be attributed to alcoholism or drug addiction, the employee must be made aware in general terms: (1) that the supervisor or manager suspects he/she has a problem that is affecting his or her performance; (2) that counseling is available through the Department's Employee Assistance Program; and (3) that the supervisor or manager recommends that the employee participate in a rehabilitation and/or counseling program. The supervisor or manager must allow the employee to take leave to participate in such a program, if necessary to meet any reasonable accommodation requirements under the ADA.

C. Supervisors may provide reasonable accommodation for employee drug addiction or alcoholism when the individual circumstances in the case warrant it, even

AMERICAN OVERSIGHT

though the ADA removes illegal drug addiction as a handicapping condition.

AMERICAN OVERSIGHT

D. Last chance agreements may be appropriate in some cases. However, it is important that the Deciding Official, employee, and employee's representative sign the agreement. Last chance agreements are best used to delay a decision on a proposed action after the Deciding Official has concluded that the proposed action is merited and that there is a chance of improving the employee's performance.

4-4 Employee Assistance Program

Supervisors must offer an opportunity for counseling and assistance through the Department's Employee Assistance Program to employees whose performance problems are suspected to be causally related to a documented medical condition, alcoholism, or drug addiction.

AMERICAN OVERSIGHT

U.S. MERIT SYSTEMS PROTECTION BOARD

APPEAL FORM

INSTRUCTIONS

GENERAL: You do not have to use this form to file an appeal with the Board. However, if you do not, your appeal must still comply with the Board's regulations. 5 C.F.R. Parts 1201 and 1209. Your agency's personnel office will give you access to the regulations, and the Board will expect you to be familiar with them. You also should become familiar with the Board's key case law and controlling court decisions as they may affect your case. **You must tell the Board if you are raising an affirmative defense** (see Part IV), and **you are responsible for proving each defense you raise.**

WHERE TO FILE AN APPEAL: You must file your appeal with the Board's regional or field office which has responsibility for the geographic area in which you are employed. See 5 C.F.R. Part 1201, Appendix II.

WHEN TO FILE AN APPEAL: Your appeal must be filed during the period beginning with the day after the effective date of the action you are appealing and ending on the 30th day after the effective date. You may not file your appeal before the effective date of the action you are appealing. If you are appealing from a decision which does not set an effective date, you must file within 35 days of the date of the decision you are appealing. If your appeal date your is late, it may be dismissed as untimely. The date of the filing is the appeal is postmarked, the date of the facsimile transmission, the date it is delivered to a commercial overnight delivery service, or the date of receipt if you personally deliver it to the regional or field office.

HOW TO FILE AN APPEAL: You may file your appeal by mail, by facsimile, by commercial overnight delivery, or by personal delivery. You must submit two copies of both your appeal **and** all attachments. You may supplement your response to any question on separate sheets of paper, but if you do, please put your name and address at the top of each additional page. All of your submissions must be legible and on 8 1/2" x 11" paper. **Your appeal must contain your or your representative's signature in block 6. If it does not, your appeal will be rejected and returned to you. If your representative signs block 6, you must sign block 11 or submit a separate written designation of representative.**

WHISTLEBLOWING APPEAL/STAY REQUEST: If you believe the action you are appealing was threatened, proposed, taken, or not taken because of whistleblowing activities, **you must complete Part VII of this form. If you are requesting a stay, you must complete Part VIII of this form.**

Privacy Act Statement: *This form requests personal information which is relevant and necessary to reach a decision in your appeal. The U.S. Merit Systems Protection Board collects this information in order to process appeals under its statutory and regulatory authority. Since your appeal is a voluntary action you are not required to provide any personal information in connection with it. However, failure to supply the U.S. Merit Systems Protection Board with all the information essential to reach a decision in your case could result in the rejection of your appeal.*

The U.S. Merit Systems Protection Board is authorized under provisions of Executive Order 9397, dated November 22, 1943, to request your Social Security number, but providing your Social Security number is voluntary and failure to provide it will not result in the rejection of your appeal. Your Social Security number will only be used for identification purposes in the processing of your appeal.

You should know that the decisions of the U.S. Merit Systems Protection Board on appeals are final administrative decisions and, as such, are available to the public under the provisions of the Freedom of Information Act. Additionally, it is possible that information contained in your appeal file may be released as required by the Freedom of Information Act. Some information about your appeal will also be used in depersonalized form as a data base for program statistics.

Public Reporting Burden: *The public reporting burden for this collection of information is estimated to vary from 20 minutes to 1 hour, with an average of 30 minutes per response, including time for reviewing the form, searching existing data sources, gathering the data necessary, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of the collection of information, including suggestions for reducing this burden, to the Office of Planning and Resource Management Services, Merit Systems Protection Board, 1120 Vermont Ave., NW., Washington, DC 20419.*

Part I Appellant Identification

1. Name *(last, first, middle initial)*	2. Social Security Number
3. Present address *(number and street, city, state, and ZIP code)* **You must notify the Board of any change of address or telephone number while the appeal is pending with the MSPB.**	4. Home phone *(include area code)* 5. Office phone *(include area code)*
6. I certify that all of the statements made in this appeal are true, complete, and correct to the best of my knowledge and belief.	**Signature of appellant or designated representative** Date signed

AMERICAN OVERSIGHT

HUD-17-0235-C-001634

Part II Designation of Representative

7. You may represent yourself in this appeal, or you may choose someone to represent you. Your representative does not have to be an attorney. You may change your designation of a representative at a later date, if you so desire, but **you must notify the Board promptly of any change**. Where circumstances require, a separate designation of representative may be submitted after the original filing. Include the information requested in blocks 7 through 11.

"I hereby designate _____ to serve as my representative during the course of this appeal. I understand that my representative is authorized to act on my behalf. In addition, I specifically delegate to my representative the authority to settle this appeal on my behalf. I understand that any limitation on this settlement authority must be filed in writing with the Board."

8. Representative's address *(number and street, city, state, and ZIP code).*	9. Representative's employer
	10.a) Representative's telephone number *(include area code)*
	10.b) Representative's facsimile number
	11. **Appellant's signature** Date

Part III Appealed Action

12. Briefly describe the **agency action** you wish to appeal and attach the proposal letter and decision letter. If you are appealing a decision relating to the denial of retirement benefits, attach a copy of OPM's **reconsideration decision**. If the relevant SF-50 or its equivalent is available, send it now; however, do NOT delay filing your appeal because of it. You may submit the SF-50 when it becomes available. Later in the proceeding, you will be afforded an opportunity to submit detailed evidence in support of your appeal.

13. Name and address of the agency that took the action you are appealing *(including bureau or other divisions, as well as street address, city, state and ZIP code)*	14. Your position title and duty station at the time of the action appealed

15. Grade at time of the action appealed	16. Salary at the time of the action appealed $ per	17. Are you a veteran and/or entitled to the employment rights of a veteran? ☐ *Yes* ☐ *No*

18. Employment status at the time of the action appealed	19. If retired, date of retirement *(month, day, year)*	20. Type of service
☐ *Temporary* ☐ *Applicant* ☐ *Retired* ☐ *Permanent* ☐ *Term* ☐ *Seasonal*		☐ *Competitive* ☐ *SES* ☐ *Excepted* ☐ *Postal Service* ☐ *Foreign Service*

21. Length of government service	22. Length of service with acting agency	23. Were you serving a probationary or trial period at the time of the action appealed? ☐ *Yes* ☐ *No*

24. Date you received written notice of the proposed action *(month, day, year) (attach a copy)*	25. Date you received the final decision notice *(month, day, year) (attach a copy)*	26. Effective date of the action appealed *(month, day, year)*

AMERICAN OVERSIGHT
HUD-17-0235-C-001635

27. Explain briefly why you think the agency was wrong in taking this action.

28. Do you believe the penalty imposed by the agency was too harsh?
☐ *Yes* ☐ *No*

29. What action would you like the Board to take on this case (i.e., what remedy are you asking for)?

Part IV Appellant's Defenses

30.a) Do you believe the agency committed harmful procedural error(s)?
☐ *Yes* ☐ *No*

30.b) If so, what is (are) the error(s)?

30.c) Explain how you were harmed by the error(s).

31.a) Do you believe that the action you are appealing violated the law?
☐ *Yes* ☐ *No*

31.b) If so, what law?

31.c) How was it violated?

32.a) If you believe you were discriminated against by the agency, **in connection with the matter appealed**, because of your race, color, religion, sex, national origin, marital status, political affiliation, disability, or age, indicate so and explain why you believe it to be true.

32.b) Have you filed a **formal** discrimination complaint with your agency or any other agency concerning the matter which you are seeking to appeal?
☐ *Yes (attach a copy)* ☐ *No*

32.c) If yes, place filed *(agency, number and street, city, state, and ZIP code)*

32.d) Date filed *(month, day, year)*

32.e) Has a decision been issued?
☐ *Yes (attach a copy)* ☐ *No*

AMERICAN OVERSIGHT

HUD-17-0235-C-001636

33.a) Have you, or anyone in your behalf, filed a formal grievance with your agency concerning this matter, under a negotiated grievance procedure provided by a collective bargaining agreement? ☐ *Yes (attach a copy)* ☐ *No*	33.b) Date filed *(month, day, year)*
33.c) If yes, place filed *(agency, number and street, city, state, and ZIP code)*	33.d) Has a decision been issued? ☐ *Yes (attach a copy)* ☐ *No* 33.e) If yes, date issued *(month, day, year)*

Part V Hearing

34. You may have a right to a hearing on this appeal. If you do not want a hearing, the Board will make its decision on the basis of the documents you and the agency submit, after providing you and the agency with an opportunity to submit additional documents.

Do you want a hearing? ☐ *Yes* ☐ *No*

If you choose to have a hearing, the Board will notify you where and when it is to be held.

Part VI Reduction In Force

INSTRUCTIONS

Fill out this part only if you are appealing from a Reduction in Force. Your agency's personnel office can furnish you with most of the information requested below.

35. Retention group and sub-group	36. Service computation date	37.a) Has your agency offered you another position rather than separating you? ☐ *Yes* ☐ *No*
37.b) Title of position offered	37.c) Grade of position offered	37.d) Salary of position offered $ per
37.e) Location of position offered		37.f) Did you accept this position? ☐ *Yes* ☐ *No*

38. Explain why you think you should not have been affected by the Reduction In Force. *(Explanations could include: you were placed in the wrong retention group or sub-group; an error was made in the computation of your service computation date; competitive area was too narrow; improperly reached for separation from competitive level; an exception was made to the regular order of selection; the required number of days notice was not given; you believe you have assignment [bump or retreat] rights; or any other reasons. Please provide as much information as possible regarding each reason.)*

Part VII Whistleblowing Activity

INSTRUCTIONS

Complete Parts VII and VIII of this form only if you believe the action you are appealing is based on whistleblowing activities.

39.a) Have you disclosed information that evidences a violation of any law, rule, or regulation; gross mismanagement; a gross waste of funds; an abuse of authority; or a substantial and specific danger to public health or safety? ☐ *Yes (attach a copy or summary of disclosure)* ☐ *No*	39.b) If yes, provide the name, title, and office address of the person to whom the disclosure was made
39.c) Date the disclosure was made *(month, day, year)*	

40. If you believe the action you are appealing was... *(please check appropriate box)*

☐ *Threatened* ☐ *Proposed*

☐ *Taken* ☐ *Not Taken*

...because of a disclosure evidencing a violation of any law, rule, or regulation; gross mismanagement; a gross waste of funds; an abuse of authority; or a substantial and specific danger to public health or safety, provide:

a) a chronology of facts concerning the action appealed; and

b) explain why you believe the action was based on whistleblowing activity and attach a copy of any documentary evidence which supports your statement.

AMERICAN OVERSIGHT

HUD-17-0235-C-001638

41.a) Have you sought corrective action from the Office of Special Counsel concerning the action which you are appealing? ☐ *Yes (attach a copy of your request to the Office of Special Counsel for corrective action)* ☐ *No*	41.b) If yes, date(s) filed *(month, day, year)*
41.c) Place filed *(location, number and street, city, state, and ZIP code)*	
42. Have you received a written notice of your right to file this appeal from the Office of Special Counsel? ☐ *Yes (attach a copy)* ☐ *No*	
43.a) Have you already requested a stay from the Board of the action you are seeking to appeal? ☐ *Yes (attach a copy)* ☐ *No*	43.b) If yes, date requested *(month, day, year)*
43.c) Place filed *(location, number and street, city, state, and ZIP code)*	43.d) Has there been a decision? ☐ *Yes (attach a copy)* ☐ *No*

Part VIII Stay Request

INSTRUCTIONS

You may request a stay of a personnel action allegedly based on whistleblowing at any time after you become eligible to file an appeal with the Board under 5 C.F.R. 1209.5, but no later than the time limit set for the close of discovery in the appeal. The stay request may be filed prior to, simultaneous with, or after the filing of an appeal. When you file a stay request with the Board, you must simultaneously serve it upon the agency's local servicing personnel office or the agency's designated representative. 5 C.F.R 1209.8.

If your stay request is being filed prior to filing an appeal with the Board, you must complete Parts I and II and items 41 through 43 above.

44. On separate sheets of paper, please provide the following. Please put your name and address at the top of each page.

a. A chronology of facts, including a description of the disclosure and the action taken by the agency (unless you have already supplied this information in Part VII above).

b. Evidence and/or argument demonstrating that the:

(1) action threatened, proposed, taken, or not taken is a personnel action, as defined in 5 C.F.R. 1209.4(a); and

(2) action complained of was based on whistleblowing, as defined in 5 C.F.R. 1209.4(b) (unless you have already supplied this information in Part VII above).

c. Evidence and/or argument demonstrating that there is a substantial likelihood that you will prevail on the merits of your appeal of the personnel action.

d. Documentary evidence that supports your stay request.

e. Evidence and/or argument addressing how long the stay should remain in effect.

f. Certificate of service specifying how and when the stay request was served on the agency.

g. You **may** provide evidence and/or argument concerning whether a stay would impose extreme hardship on the agency.

How to Access Collective Bargaining Agreements

AMERICAN OVERSIGHT

How to Access Collective Bargaining Agreements

First, determine which collective bargaining agreement, or CBA, (also known as a union contract) applies to the employee.

- Check the employee's Bargaining Unit Status (BUS) Code. This is found in Box 37 of the employee's Notification of Personnel Action (SF-50) in the personnel file. Contact your ELR Specialist with questions.

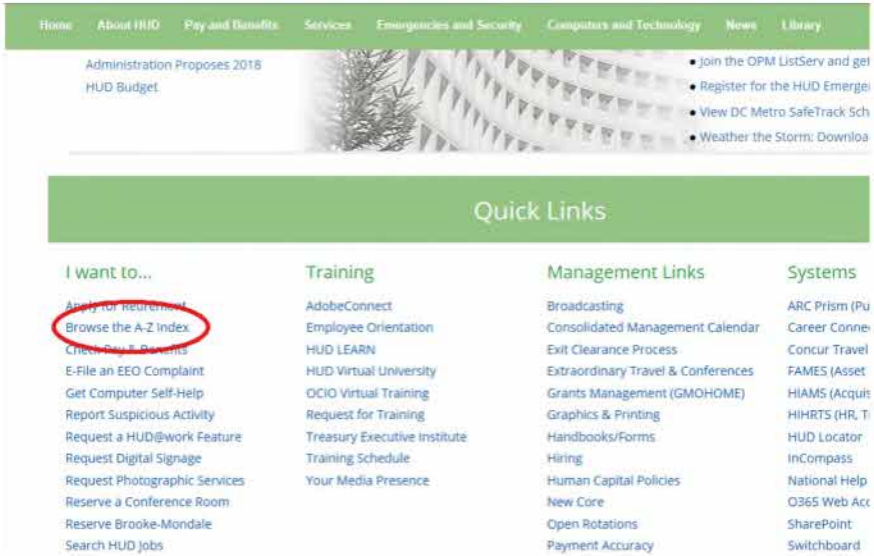
Then, access the applicable CBA using the link provided.

Bargaining Unit Status (BUS) Code	Applicable Collective Bargaining Agreement	Link on hud@work
1010	American Federation of Government Employees (AFGE)	http://hudatwork.hud.gov/HUD/chco/doc/AFGEContract22015a.pdf
1120	American Federation of Government Employees (AFGE)	http://hudatwork.hud.gov/HUD/chco/doc/AFGEContract22015a.pdf
1603	National Federation of Federal Employees (NFFE) Local 259 (Memphis)	Not currently available on-line. Contact your ELR Specialist for a copy. Also be aware of the June 6, 2013 Supplement concerning performance, and request a copy of that also.
1661	NFFE Local 1804 (Detroit)	Not currently available on-line. Contact your ELR Specialist for a copy. Also be aware of Supplement 20, dated May 23, 2013, and request a copy of that also.
1806	NFFE Local 1450	http://hudatwork.hud.gov/HUD/regions/doc/NFFE1450LMAJuly272016
1810	NFFE Local 1450	http://hudatwork.hud.gov/HUD/regions/doc/NFFE1450LMAJuly272016

AMERICAN OVERSIGHT

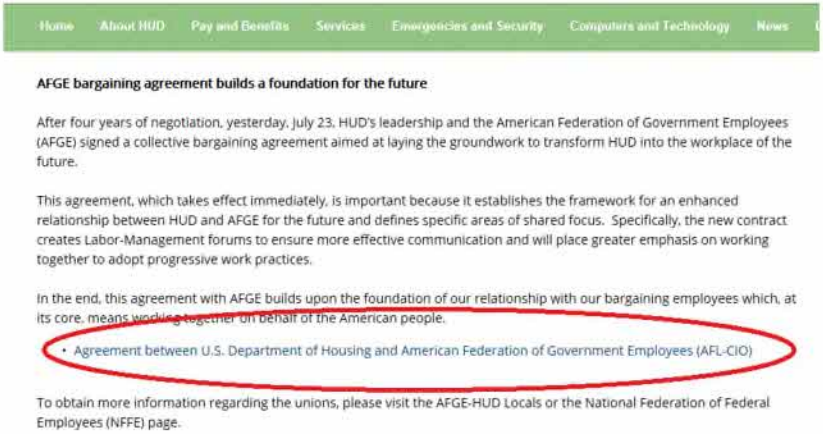
Alternate methods of accessing CBAs using hud@work

1. From the hud@work homepage, scroll down to "Quick Links" and select "Browse the A-Z Index"



2. From the Index, select "Union Information"

3. To select the AFGE contract



4. To select the NFFE 1450 contract
   - Access "NFFE Information" from the "Union Information page"

   - Select "Labor Management Agreement"

MANAGERS AND SUPERVISORS MUST CONSULT WITH THE EMPLOYEE AND LABOR RELATIONS DIVISION PRIOR TO ISSUING A PERFORMANCE COUNSELING MEMO

April 24, 2017

MEMORANDUM FOR:

FROM:

SUBJECT: Performance Counseling Memorandum

This counseling memorandum is an update regarding your performance to date during the 2017 rating cycle. You are hereby advised that my assessment of your performance so far in FY2017 is that you remain below the acceptable standard in your elements primarily because the following assignments remain outstanding:

1. MN007 – due 9/30/16
2. NM066 – due 9/30/16
3. UT002 – due 6/30/16
4. WI193 – due 9/30/16
5. LA247 – due 3/31/17

Your Performance Expectations to reach an acceptable level of performance for your Critical Elements – Analysis, Conducting Studies and Reviews, Representation, Work Management, and Written Documents, Correspondence, and Reports

Goal	Activity	How to Accomplish	Start Date	Projected Completion Date
1	**The following assignments – TX537, AR068, IN025 NC165, NY402 – were submitted within required timeframe.**			
2	Complete 2016 Overdue Assignments – MN007, NM066, WI193, UT002, 2nd QTR. 2017 - LA247, 3rd QTR. 2017 - NY028, NH013	Follow the VMS Protocol and ensure all assignments are completed.	4/01/17	6/30/17
3	Complete Postponed 3rd QTR. Assignments – SD047, WA017, and all 4th QTR. Assignments	Follow the VMS Protocol and ensure all assignments are completed.	7/01/17	9/30/17
4	Follow VMS Protocol	Keep SharePoint up to date per the VMS Protocol and document all correspondence with PHAs		

AMERICAN OVERSIGHT

MANAGERS AND SUPERVISORS MUST CONSULT WITH THE EMPLOYEE AND LABOR RELATIONS DIVISION PRIOR TO ISSUING A PERFORMANCE COUNSELING MEMO

Progress Checkpoints: The following schedule will be used to evaluate your progress in meeting your Improvement activities.

Goal	Activity	Checkpoint Date	Type of Follow-up	Progress Expected	Notes
1	Provide supervisor progress update on completion of assignments	4/28/17 5/12/17 5/26/17 6/9/17 6/23/17 6/30/17	E-Mail and Telephone	(1) report due 4/28/17, (1) due 5/12/17, (1) due 5/26/17, (2) due 6/9/17, (1) due 6/23/17, and (1) due 6/30/17	Status of each remaining overdue reports also to be reported at checkpoint

Timeline for Improvement, Consequences & Expectations:

You will be given until **June 30, 2017** to demonstrate acceptable performance on Critical Elements 1, 2, 3, 4, and 5. Any impediments to meeting the above deadlines should be brought to my attention within 24 hours of your becoming aware of the impediment and before the work deadline and/or completion of the assignment.

The assignment for LA247 was not completed by the required deadline of March 31, 2017; therefore, I am extending the completion deadline into the 3rd quarter. However, if you do not meet the deadline for the assignments listed under Goal # 2 by June 30, 2017, I will be forced to issue you an Opportunity to Improve Notice (OIP).

If you are experiencing personal problems that you feel make is affecting your job performance, I encourage you to seek assistance through the Department's Employee Assistance Program (EAP). Participation in the EAP is voluntary, and your discussions are kept strictly confidential. To schedule an appointment, you may contact the counselors in the HUD Health Unit, room 7239; by calling (202) 708-1726, or you may contact an EAP counselor 24 hours a day, 7 days a week by calling 1-800-222-0364.

It is my desire to see you succeed in your position. I firmly believe this unfavorable situation can be eliminated by positive action on your part, providing you completely understand the seriousness of your performance.

MANAGERS AND SUPERVISORS MUST CONSULT WITH THE EMPLOYEE AND LABOR RELATIONS DIVISION PRIOR TO ISSUING A PERFORMANCE COUNSELING MEMO

March 13, 2017

MEMORANDUM FOR:

FROM:

SUBJECT: Performance Counseling Memorandum

This counseling memorandum addresses your performance to date during the 2017 rating cycle. Critical Elements for this FY2017 period were communicated to you on (INSERT DATE) and reviewed with you again in person on January 11, 2017. You are hereby advised that my assessment of your performance so far in FY2017 is that you are operating below an acceptable level of performance.

This memorandum is intended to provide specific tasks to help you demonstrate acceptable performance.

1. Collaboration: Teamwork (critical element)

Improve coordination with team members which results in enhanced collaboration, problem solving and effective communication within Administration – Field Support Services.

You can improve your performance by doing the following:

- You will need to ensure any current existing issues are resolved in a timely manner 24 to 48 hours within receipt either verbal or via e-mail. Ensure a back-up for any pending issues when you are absent and timely follow-up upon your return to the office. Please ensure the back-up identified is available when you are out of the office.
- You will need to provide clear, concise, and accurate communication to the contractors and RSM. This includes ensuring that everyone on the Admin team knows when items have been completed to ensure there is no duplication.
- You will need to ensure before decisions have been made and communication provided that all necessary policy and procedures have been reviewed for accuracy and reviewed with RSM prior to responding back to either staff or RSM.
- You will need to demonstrate effective working relationships with all Region 10 staff with positive results. This includes being respectful with other staff and managers in communication and problem solving, taking responsibility for any errors that have been committed and engaging in immediate course correction.
- Respectful communication in e-mail will be responding in full sentences and actively responding with a positive, customer friendly tone.

  Example: If a customer e-mails AO, please respond back with thank you and we will follow up. As a supervisor, if RSM provides AO with a directive, please respond back that you are in receipt and thank you. Previous responses have been "Roger That", "Copy That", which AO has indicated is a military jargon. RSM had to inquire with AO about the origin of this language as RSM was not familiar. Please utilize civilian language when communicating to all parties.

AMERICAN OVERSIGHT

THIS DOCUMENT IS AN EXAMPLE ONLY
MANAGERS AND SUPERVISORS MUST CONSULT WITH THE EMPLOYEE AND LABOR RELATIONS DIVISION PRIOR TO ISSUING A PERFORMANCE COUNSELING MEMO

- You need to follow instructions and directives provided by RSM without RSM continuously repeating instructions or directives after they have been provided both verbally and in written format.

2. Operational Excellence: Customer Service (critical element)

Improve the overall level of customer service provided to Office of Administration customers, ensure accountability, enhance service delivery and improve internal/external communication and coordination.

You can improve your performance by doing the following:

- You must ensure that the supply inventory is up-to-date with all four offices (Anchorage, Boise, Portland, and Seattle). Along with RSM's guidance, continue to develop the outlined systematic approach to purchasing supplies to ensure that employees in all four offices receive needed supplies.
- Ensure that an identified back-up WebTA person is available and any pending items are completed before being on leave/attending training and/or ensure the proper contacts have been communicated to RSM for resolution at least 1 day before absence.
- Ensure that employees have necessary information for accessing and gathering necessary supplies or needed items. Complete follow-up in a time manner and track whether employees received the requested supply. In addition, once received and supply issued, follow-up with employee in writing acknowledging that supply has been provided and/or follow-up with contractor in ensuring these steps have been completed.
- Identify what processes need to be identified and strengthened for customers.
- Attend training in effective communication both verbal and written to enhance skills in this area to effectively engage with all staff in a respectful and courteous communication.
- Read all pending e-mails prior to responding and moving forward on any action, particularly when there has been an absence from the office. If unsure, please connect with RSM prior to proceeding as movement may have occurred on action item during absence.
- If an extension is required to complete any pending assignments or task, please ensure to follow-up with RSM to request an extension for complete. Recommend creating a daily "To Do List or Pending Item List" to ensure items are completed.
- Any customer service items that require a response within the 24/48-hour timeframe, please follow-up with customer and indicate that we are in receipt and will follow-up.
- Attend training on organization – organizing e-mails, project management, etc.

3. Book of Business: Data Base/Accounting Management (critical element)

Responsible for financial transactions in assigned offices Office of Field Support Services' (OFSS) checkbook and, as the top product produced, the incumbent exercises due diligence while producing impeccable end products. Any exceptions to applicable protocols result in immediate notification to the supervisor.

You can improve your performance by doing the following:

- All ANSRS submissions should have cost estimates attached and if there are supplies the GSA Cart needs to show item, quantity, and price. The expectation is that accurate cost estimates are provided in initial ANSRS request.
- All Transit Vouchers, Reimbursement Vouchers, and MORFS are submitted with correct

AMERICAN OVERSIGHT
HUD-17-0235-C-001650

accounting information and follow the instructions in accordance with OFSS standard operating procedures. This means these vouchers should not be returned from Budget staff for correction.

- If a voucher or MORF is returned, do not correct and send back without having RSM review prior
- to resubmission. Be familiar with the OFSS SOPs and participate in any training provided by OFSS on this subject.
- Bankcard statements should be reconciled in CitiDirect, error free, and submitted by 9 of each month. Monthly bankcard statement and all required documentation is provided to to RSM by the 9 of each month. Recommend setting a calendar reminder to complete statements and submissions by the specified due dates.
- Follow the written and verbal instructions provided by the RSM regarding expectations for procurement.
- Run Discoverer budget and transaction reports on a weekly basis and ensure all budget tracking spreadsheets are accurate and up-to-date. Ensure Discoverer funding matches budget tracking spreadsheets.
- Actively participate in a weekly budget meeting with RSM to review Discoverer reports, budget tracking spreadsheets, and credit card transactions.
- Ensure RSM reviews all IPP or non-IPP system invoices prior to submission and meet the submission deadline of 3 to 5 days for receipt of notification.

4. Personal Investment: Innovation and Learning (critical element)

Reduce mission-critical and general skill gaps by targeting identified competency gaps or mentoring opportunities.

You can improve your performance by doing the following:

- Enroll in training courses through Star12 related to communication, project management, time management, crucial conversations. Please seek RSM approval before signing up for training.
- When available, proactively participate in training for procurement, purchase cards, budget tracking, etc.
- Ensure all pending activities have been completed prior to scheduled absences.

5. Operational Excellence – Admin Officer Operations (critical element)

Assures one-stop client experience for a number of Office of Field Support Services (OFSS) field office functions (mail, printing, time and attendance policy, facility management, records management, furniture/equipment, supplies, telephones, and GSA cars as applicable). Provides orientation for new employees and is responsible for the timely processing of Entrance on Duty (EOD) forms. Ensures that employee separation clearance actions are completed timely. Improves HUD's management and internal controls to ensure a safe and healthy work environment for HUD employees.

You can improve your performance by doing the following:

- Coordinate records management/archiving training for staff which will include how to complete required forms and the current records schedule for NARA. Training should be scheduled no later than April 30, 2017.
- Schedule regular office clean-up days on a quarterly basis. Develop and coordinate first clean up day for 3rd quarter in April, 2017.
- Develop consistency in following up on all pending customer requests no later than 24/48 hours.

AMERICAN OVERSIGHT

If it will require more time, AO is to send an e-mail to customer indicating that AO is in receipt of e-mail or voicemail and will follow-up when AO has additional information.

- Copy RSM on e-mail transactions with customer to ensure RSM is aware of customer needs and work flow of all offices to assist in being abreast of issues that may escalate.

Consistently (85%) complete established deadlines outlined by RSM or request for extension to complete. If additional information is required to complete task, follow-up with RSM for clarification. Currently, this action is not consistent and needs to be strengthened to have consistency to complete all required actions requested by established due dates.

- Re-establish leadership and chair for Safety and Health committee. Ensure Quarterly Safety Reports are reviewed by RSM and then submitted to identified Safety Officer as outlined in SOP's.
- As directed by RSM, contact new employees immediately after receiving acceptance letter from BFS and ensure they have completed the necessary forms, telephone call from BFS and are aware of start date, time, and new employee orientation. Contact hiring official and ensure they have identified POC and are aware of new employee orientation. Review and utilize new employee check list that is provided in SOP's on SharePoint site.
- Ensure H#, PIV card, telephone, voicemail, and all other pertinent administrative items are set up before arrival. All items should be reviewed with all new employees by end of 1st week of employment.
- Schedule a time with new employees to provide specific hands on instruction for voicemail set up, WebTA processing, and how to access certain resources by end of 1st week of employment.
- Reschedule and verify field office(Anchorage, Boise, and Portland) FY16 Region X inventories no later than March 31, 2017. Create a spreadsheet that ensures verification, excess, and both party signoff.
- All excess property for the Seattle Office must be completed no later than April 28, 2017.
- All excess property for the Portland Office must be completed no later than May 31, 2017.
- Submit all building requests through GSA for tracking purposes. Ensure that requests have been completed and have progress provided in writing. Ensure that adequate supply of NARA boxes is available for programs to process NARA requests.
- Ensure RSM is included on all e-mail communication and requested follow-ups.
- If AO has questions about updated policies and procedures that have been provided via written or verbal communication, AO is to seek guidance from RSM and RSM will follow-up with the necessary personnel.
- AO serves as lead on administrative activities but does not provide work assignments. Work assignments and approving authority are only issued from the RSM.
- To resolve any conflict with staff or contractors, AO should consult with RSM for problem solving and resolution.

You will be given until **May 31, 2017** to demonstrate acceptable performance. During this period, you will be given specific work assignments and/or projects that will enable you to demonstrate an acceptable performance level. In an effort to assist you in improving your performance, closer supervision will be provided. We will formally meet weekly on Mondays to discuss your progress in improving your performance. I will be routinely available, at your request, to clarify your work assignments, assist you with any technical problems you may encounter or answer any questions you may have. If there is some aspect of your work that you do not know how to do or understand, I will assist you or arrange for some type of other

AMERICAN OVERSIGHT

training. Let me know as soon as you encounter a problem or difficulty that may prevent or otherwise impact on your ability to successfully perform the critical elements and/or may require training. Generally, you need to keep me informed of all email communication that will impact the flow of data and information for the organization within your scope of responsibilities. I expect you to take action to minimize errors and to request advice or assistance whenever you have a question or concern. Any impediments to meeting your performance standards should be brought to my attention within 24 hours of your becoming aware of the impediment and before the work deadline and/or completion of the assignment.

I am delaying your mid-year review until May 31, 2017 in order to provide you an opportunity to display your potential. If your performance continues to fall below an acceptable level at that time, I will be forced to pursue further performance based improvement actions.

If you are experiencing personal problems that you feel is affecting your job performance, I encourage you to seek assistance through the Department's Employee Assistance Program (EAP). Participation in the EAP is voluntary, and your discussions are kept strictly confidential. To schedule an appointment, you may contact the counselors in the HUD Health Unit, Room 7239, by calling (202) 708-1726, or you may contact an EAP counselor 24 hours per day, 7 days per week by calling 1-800-222-0364.

I acknowledge receipt of this memorandum. My signature does not indicate my agreement or disagreement with the contents of this document. My signature only indicates I have received a copy of this document.

Performance Action Roadmap

AMERICAN OVERSIGHT

Reform | Removal

Performance Action Roadmap

This journey begins when unsatisfactory performance is identified, and ends when either the performance is reformed or the employee is removed from federal service or demoted. This roadmap assumes 60 days for an opportunity period – that may vary depending on the circumstances.

Step 10: Agency Defends Action (Day 1 through 137, and beyond)

Step 9: Decision Issued (Day 107-137)

Step 8: Employee Response to Proposed Action (Day 92-107) (check applicable CBA for time requirements)

Step 7: Issue Proposed Removal or Reduction in Grade (Day 92)

Step 6: Draft Proposed Removal or Reduction in Grade (Day 77-91)

Step 5: OIP Progress Meetings and Reports (Days 16-76)

Step 4: Issue OIP (Day 16)

Step 3: Draft Opportunity to Improve Plan (OIP) (Days 1-14)

Step 2: Contact Employee and Labor Relations Division (Day 1)

Step 1: Identify Unsatisfactory Performance (Day 1)

Inform Employee of Successful Completion of OIP (Day 77)

Monitor Reformed Performance—Employee must continue demonstrating acceptable performance for one full year in the critical element(s) identified in the OIP (begins with the date the OIP was issued) (Days 77-381)

AMERICAN OVERSIGHT

Performance Action Roadmap

Steps on the journey to addressing unsatisfactory performance

STEP 1: Identify Unsatisfactory Performance

The supervisor identifies that an employee's performance is unsatisfactory in one or more critical elements (Day 1)

STEP 2: Contact Employee & Labor Relations Division

The supervisor contacts the HUD OCHCO Employee & Labor Relations Division (ELRD) (Day 1)

STEP 3: Draft OIP

The supervisor and ELR Specialist draft an Opportunity to Improve Plan (OIP) (Day 1-14)

STEP 4: Issue OIP

The supervisor issues the employee the OIP (Day 16)

STEP 5. OIP Progress Meetings and Reports

The supervisor meets with the employee at regularly scheduled intervals throughout the OIP to provide feedback, including written feedback indicating if the employee is performing satisfactorily or unsatisfactorily (Days 16-76)

- At the conclusion of the OIP, if employee's performance has improved to a satisfactory level, the supervisor and ELR Specialist will draft a notification to the employee (Day 77). The supervisor must continue to monitor the employee's performance. If it drops to an unacceptable level again within one year from the date the OIP was issued, the employee may be removed or reduced in grade without another opportunity period (Days 77-381)

STEP 6: Draft Proposed Removal or Reduction in grade

At the conclusion of the OIP, if the employee has not performed at the satisfactory level in one or more critical element the ELR Specialist will assist the supervisor in drafting a proposed reduction in grade or removal from federal service (Day 77-91)

STEP 7. Issue Proposed Removal or Reduction in Grade

The supervisor issues a Notice of Proposed Removal from Federal Service or Notice of Proposed Reduction in Grade to the employee and a deciding official identified by ELRD (Day 92)

STEP 8: Employee Opportunity to Provide Written or Oral Reply to Proposed Action

The Employee has an opportunity to respond to the deciding official (Day 92-107) (check applicable collective-bargaining agreement (CBA) for specific time requirements)

STEP 9: Decision Is Issued

The deciding official issues a decision after the employee has had an opportunity to respond. This decision must be made within 30 days of the expiration of the notice period (Day 107-137)

STEP 10: Action Is Defended

The Agency defends the performance-based action in any appeal or claim with the goal of maintaining high accountability in taking, sustaining, and defending performance based actions. (Day 1 through 137, and beyond)

AMERICAN OVERSIGHT

THIS DOCUMENT IS AN EXAMPLE ONLY
MANAGERS AND SUPERVISORS MUST CONSULT WITH THE EMPLOYEE AND LABOR RELATIONS DIVISION PRIOR TO ISSUING AN OPPORTUNITY TO IMPROVE PLAN

July 25, 2017

MEMORANDUM FOR:

FROM:

SUBJECT: Opportunity to Improve Notice

This memorandum addresses your performance as a GS-14 Program Analyst so far during the 2017 rating cycle, October 1, 2016, through September 30, 2017. Critical Elements for the FY2017 period were communicated to you on March 15, 2017. You were provided performance feedback on March 28, April 26, May 12, May 15, June 13, and June 14, 2017 to address your critical elements.

You are hereby advised your performance is Unsatisfactory for Critical Element #4 – Data Analysis and Critical Element #5 – Project Activities.

This memorandum compares your performance to the standards for the 2 Critical Elements. It is intended that this comparison, along with required actions, will be beneficial in your efforts to demonstrate an acceptable level of performance.

Critical Element 4: Data and Analysis – Unacceptable

This critical element includes the employee's ability to manage a wide range of tasks which may include, but not limited to, statistical analysis, report writing, application of computer software packages for handling large data bases, including HEMS, Micro Strategy, SharePoint, Skype, VTC, J Drive and all Microsoft Office Applications and other system applications as identified by the Regional Director. This element requires the employee to use these systems to develop technical approaches for making such data relevant to the FHEO decision making processes. This critical element measures the employee's ability to serve as the systems expert, provide training to all staff for each automated and manual system to ensure timeliness and accuracy of all data for which the Regional Office is responsible. The element also measures the employee's ability to monitor the quality and integrity of FHEO program data throughout the multi-state Regional Office, including the FHEO Web Page and Newsletter. The employee is also measured on performance of a variety of functions as required by the Regional Director.

Unacceptable Performance Standards (Level 1)

Fails to meet one or more of the following:

1. Fails to demonstrate competent knowledge and expertise using HEMS, Micro Strategy, SharePoint, Skype, VTC, J Drive and all Microsoft Office Applications \

2. Fails to demonstrate 3 innovative technical approaches for making data relevant to the FHEO

3. Fails to provides comprehensive weekly reports with narrative to demonstrate accomplishments of each FHEO Branch.

AMERICAN OVERSIGHT

THIS DOCUMENT IS AN EXAMPLE ONLY
MANAGERS AND SUPERVISORS MUST CONSULT WITH THE EMPLOYEE AND LABOR RELATIONS DIVISION PRIOR TO ISSUING AN OPPORTUNITY TO IMPROVE PLAN

Specific examples illustrating Unacceptable Performance:

You are failing to demonstrate innovative technical approaches. We are in the 4th Quarter of the year and you have currently only demonstrated one (1) innovative technical approach through your intake and enforcement summary comparison chart. You are also failing to provide new automated or manual systems to ensure timeliness and accuracy for regional data. So far you have only completed one (1) new system with your archiving cases process and are in the process of developing a FOIA tracking system. You are also failing to provide one newsletter/listserv each month. You coordinated with the regional PAO for a new listserv which was created and put into action in April 2017. Since then, you have not input any information into the listserv, nor found an alternate method for providing members of the Listserv with valuable information on Region 10 activities and accomplishments. You are also failing to provide comprehensive weekly reports with narrative to demonstrate accomplishments of each FHEO Branch. While you do provide weekly Micro Strategy reports, these reports lack the necessary analysis and subsequent narrative required to provide actual valuable informational support to the branches. You have simply pulled a report out of Micro Strategy and forwarded the report, failing to conduct any analysis or provide your own narrative of that report.

Minimally Satisfactory Performance Standards (Level 2)

Meets all the following:

1. Ability to demonstrate competent knowledge and expertise using HEMS, Micro Strategy, SharePoint, Skype, VTC, J Drive and all Microsoft Office Applications.

2. Demonstrates 4 innovative technical approaches for making data relevant to the FHEO decision making process.

3. Provides 3 new automated or manual systems to ensure timeliness and accuracy of all data for which the Regional Office is responsible.

4. Demonstrates updates to the FHEO Web Page monthly.

5. Provides one newsletter each month

6. Provides comprehensive reports at least every 2 weeks with narrative to demonstrate accomplishments of each FHEO Branch.

AMERICAN OVERSIGHT

THIS DOCUMENT IS AN EXAMPLE ONLY
MANAGERS AND SUPERVISORS MUST CONSULT WITH THE EMPLOYEE AND LABOR RELATIONS DIVISION PRIOR TO ISSUING AN OPPORTUNITY TO IMPROVE PLAN

Performance Expectations to reach an acceptable level for Critical Element 4:

Goal	Activity	How to Accomplish	Start Date	Projected Completion Date
1	Demonstrate 3 more Technical approaches to making data relevant to the FHEO decision making process	1. 08/18/17 – By COB provide 1st technical approach 2. 09/08/17 – By COB provide 2nd technical approach 3. 09/29/17 – By COB provide 3rd technical approach	07/25/17	9/29/17
2	Provide 2 new automated or manual systems to ensure timeliness and accuracy of all data for which the Regional Office is responsible	1. 08/25/17 – By COB complete the FOIA tracking system referenced in your EPPE comment memo 2. 09/29/17 – By COB provide one (1) more system	07/25/17	9/29/17
3	Provide one (1) newsletter or listserv input	09/01/17 – By COB provide one (1) newsletter or input one (1) listserv with relevant information	07/25/17	09/01/17
4	Provide comprehensive reports with analytical narrative to demonstrate accomplishments of each FHEO Branch	1. 08/04/17 – By COB provide 1st report 2. 08/18/17 – By COB provide 2nd report 3. 09/01/17 – By COB provide 3rd report 4. 09/15/17 – By COB provide 4th report 5. 09/29/17 – By COB provide 5th report	07/25/17	09/29/17

AMERICAN OVERSIGHT

THIS DOCUMENT IS AN EXAMPLE ONLY
MANAGERS AND SUPERVISORS MUST CONSULT WITH THE EMPLOYEE AND LABOR RELATIONS DIVISION PRIOR TO ISSUING AN OPPORTUNITY TO IMPROVE PLAN

Critical Element 5: Project Activities – Unacceptable

This critical element is intended to provide all staff with the needed support to promote accomplishments towards understanding FHEO policies, procedures, manuals, guidance memos and identifying staff training needs. In addition, this element measures the employee's ability to evaluate the field office's performance and goals achievement in accordance with identified objectives and existing work measurement and performance criteria. This critical element measures the employee's ability to work with Branch Chiefs, staff and other departments as needed.

Unacceptable Performance Standards (Level 1)

1. Fails to create 10 monthly work plans by Branch and each Staff member that measures accomplishments.

2. Fails 75% of the time to weekly, identify and coordinate training programs that address the needs to meet EPPES/PACs performance measures, create list of trainings, staff needs and deadlines.

Specific examples illustrating Unacceptable Performance:

You have failed to conduct any analysis to identify training needs of the FHEO staff and thus have not coordinated any training programs nor deadlines. You also failed to create a FHEO cross – training program to train all employees in topics relevant to enforcement, intake, and programs.

Minimally Satisfactory Performance Standards (Level 2)

Meets all the following:

1. Create at least 11 work plans throughout the year by Branch and each Staff member that measures accomplishments

2. Every other week as needed, identify and coordinate training programs that address the needs to meet EPPES/PACs performance measures, create list of trainings, staff needs and deadlines

3. Every other week basis as needed, create program cross-training need for procedural changes, or need for additional guidelines.

4. Provides assistance to Branch Chief's as needed regarding reports, data, memos, etc. to address identified goals and accomplishments, including case logs, HEMS reports, research and calendaring staff meetings, minutes and agendas.

AMERICAN OVERSIGHT

THIS DOCUMENT IS AN EXAMPLE ONLY
MANAGERS AND SUPERVISORS MUST CONSULT WITH THE EMPLOYEE AND LABOR RELATIONS DIVISION PRIOR TO ISSUING AN OPPORTUNITY TO IMPROVE PLAN

Performance Expectations to reach an acceptable level for Critical Element 5:

Goal	Activity	How to Accomplish	Start Date	Projected Completion Date
1	Identify one (1) enforcement trend based off EOS EPPE/PAC analysis and branch chief feedback that requires training. Either personally develop or find a course and coordinate a date for the training. (Training date can be in FY18)	1. 08/18/17 – By COB provide the specific training need you have identified for EOS's 2. 09/01/17 – By COB, determine if training will be delivered by you or determine the specific external course to be provided. 3. 09/29/17 – By COB schedule the date and provide the training agenda to RD	07/25/17	9/29/17

Timeline for Improvement, Consequences & Expectations:

You will be given until Friday, 29 September 2017 to demonstrate acceptable performance on Critical Elements 4 and 5. During this period, you will be given the specific work assignments and projects outlined above that will enable you to demonstrate an acceptable level of performance as defined in this memorandum.

You will be given assistance in the form of regular feedback on work assignments and projects and we will conduct progress meetings to enhance your ability to demonstrate acceptable performance. You will also be given an opportunity to request help and provide suggestions for how you can improve your performance. These meetings will occur on Fridays at 1:30 p.m. PST, beginning July 28, 2017. Any impediments to meeting your performance standards should be brought to my attention within 24 hours of your becoming aware of the impediment and before the work deadline and/or completion of the assignment.

Your performance will be evaluated again at the end of this opportunity period. During the opportunity to improve period (OIP), your critical elements and performance standards will remain the same. In addition to the performance requirements outlined for Critical Elements 4 and 5, you will be expected to perform your other critical elements at a satisfactory level. You must improve your performance on Critical Element 4 and 5 to at least the Minimally Successful level (Level 2) by the conclusion of this OIP, **and** you must sustain that level of performance in Critical Elements 4 and 5 for a least one (1) year from the start of the OIP.

If your performance does not reach an acceptable level by the conclusion of the OIP or is not sustained for the one year period following the start of the OIP, you may be subject to a removal, reduction-in-grade, or reassignment action, without being given an additional opportunity to demonstrate acceptable performance in the particular critical element. Should you demonstrate an acceptable level of performance at the Minimally Successful level (Level 2) by the end of the opportunity period, you will be placed on a Performance Improvement Plan if your

AMERICAN OVERSIGHT

THIS DOCUMENT IS AN EXAMPLE ONLY
MANAGERS AND SUPERVISORS MUST CONSULT WITH THE EMPLOYEE AND LABOR RELATIONS DIVISION PRIOR TO ISSUING AN OPPORTUNITY TO IMPROVE PLAN

overall rating is Minimally Successful (Level 2) and given continued assistance to help you improve to Fully Successful or better. I will notify you in writing of the evaluation results.

If you are experiencing personal problems that you feel make is affecting your job performance, I encourage you to seek assistance through the Department's Employee Assistance Program (EAP). Participation in the EAP is voluntary, and your discussions are kept strictly confidential. To schedule an appointment, you may contact the counselors in the HUD Health Unit, room 7239; by calling (202) 708-1726, or you may contact an EAP counselor 24 hours a day, 7 days a week by calling 1-800-222-0364.

I am hopeful these efforts will assist you to improve your performance to an acceptable level. If you have any questions concerning the contents of this memorandum, your performance standards, or my expectations of your work performance please contact me immediately. Keep in mind it is important to refer to this memorandum throughout the opportunity period.

I acknowledge receipt of this memorandum. My signature does not indicate my agreement or disagreement with the contents of this document. My signature only indicates I have received a copy of this document.

Myth Buster – Dealing with Poor Performers

AMERICAN OVERSIGHT

Myth Busters—Dealing with Poor Performers

Myth: The process for dealing with poor performers in the Federal government is too complex, difficult, or burdensome to meaningfully address poor performance.

Fact: The Merit System Principles (5 U.S.C. 2301(b)) require that agencies retain or separate employees based on their performance. While employees have due process rights that the agency must honor; removals and demotions taken to address poor performance are actually easier for the agency to defend before the Merit Systems Protection Board than similar actions based on misconduct.

Myth: There are certain times in the rating cycle when a supervisor can or cannot commence a performance-based action.

Fact: Performance-based actions can and should commence anytime the employee's performance becomes unacceptable. The day an employee's performance becomes unacceptable, the supervisor should contact the Employee & Labor Relations Division for assistance in commencing the performance-based action.

Myth: A good way to deal with a poor performer is to find a reassignment or detail opportunity for the employee in a different job.

Fact: In order to maintain a culture of accountability, poor performance is best addressed in the position the employee currently holds. Reassignments result in an employee escaping accountability for the job he or she was hired to do, and oftentimes there is no reason to anticipate greater success in the new assignment. The time it takes for the employee to learn the new job or for the new supervisor to identify performance deficiencies may simply delay the inevitable. There may be rare exceptions where a reassignment would be appropriate.

Myth: As a supervisor, it is my choice whether to retain a poor performer or to take a performance-based action.

Fact: As a supervisor, you are responsible for upholding the Merit System Principles. One of these principles is, "Employees should be retained on the basis of the adequacy of their performance, inadequate performance should be corrected, and employees should be separated who cannot or will not improve their performance to meet required standards." (5 U.S.C. 2301(b)(6)) Once you determine that an employee's performance is unacceptable, it is required that you commence an Opportunity to Improve Plan (OIP). Should the employee's performance still be unacceptable at the end of the OIP or within one year after the start of the OIP, then the Merit System Principles demand that you propose a performance-based reduction in grade or removal from federal service.

AMERICAN OVERSIGHT

Myth Busters—Dealing with Poor Performers

Myth: If the employee files an appeal, complaint, or grievance against the agency, then it is a good resolution to cease or rescind the performance-based action in order to get the employee to drop their claim.

Fact: In order to maintain a culture of high accountability it is essential that performance and conduct-based actions not be ceased or rescinded in response to an employee's appeal or complaint. You should work closely with the Employee & Labor Relations Division, specifically your assigned ELR Specialist, to ensure you are taking the appropriate steps to address performance and conduct. This will ensure that when you do take an action it is done properly and will be sustained by any third-party reviewer, such as the Merit Systems Protection Board.

Myth: To address unacceptable performance, a Performance Improvement Plan (PIP) is required before an Opportunity to Improve Plan (OIP) can commence.

Fact: There is no requirement to use a PIP before an OIP can commence. HUD is required to give an employee whose performance is unacceptable in one or more critical elements "a reasonable opportunity to demonstrate acceptable performance." (5 CFR §432.104) Unlike many other agencies, HUD refers to this opportunity to improve unacceptable performance as an Opportunity to Improve Plan (OIP), rather than a Performance Improvement Plan (PIP). HUD also uses PIPs, but they are defined differently and are used only when an employee has exhibited performance that is below fully successful but above unacceptable (i.e. Level 2). Only the OIP is appropriate for unacceptable performance and should be commenced as soon as unacceptable performance is identified.

Myth: As part of the OIP, a supervisor is required to provide an employee with extensive amounts of training and assistance, including developmental opportunities and assignments.

Fact: The OIP is not intended to train an employee on the work the position requires—he or she should have the ability to do the work already. The regulations, at 5 CFR §432.104, state "As part of the employee's opportunity to demonstrate acceptable performance, the agency shall offer assistance to the employee in improving unacceptable performance." This assistance will take different forms, depending on the circumstance, but need not be extensive and oftentimes it will be sufficient for the assistance to simply be regular feedback from the supervisor on the elements being addressed by the OIP.

Continued Learning Opportunities

AMERICAN OVERSIGHT

Continued Learning Opportunities

Additional Courses for Managers/Supervisors (Optional)

- **Addressing and Resolving Poor Performance**
  This three-hour course is designed to build the supervisor, manager, or ER practitioner's skills in handling performance or work-habit problems. Learners will explore the importance of communicating and documenting performance concerns; and the challenges of shifting from counseling for improvement to implementing formal consequences, and how to take appropriate action to effectively address ongoing performance and work-habit problems.
  http://www.hru.gov/Course_Catalog.aspx?cid=161&mgr=false

- **Basic Employee Relations: Your Accountability as a Supervisor or Manager**
  This three-hour course is designed to build the supervisor, manager, or ER practitioner's skills in handling performance and discipline problems. Students will explore the importance of communicating and documenting, and the procedures from counseling for improvement to implementing formal consequences, including how to take appropriate action to effectively address performance, leave and other disciplinary concerns. This course also covers a supervisor's or manager's accountability in basic performance management, labor relations, as well as accountability in the Senior Executive Service.
  http://www.hru.gov/Course_Catalog.aspx?cid=240&mgr=false

- **Merit Systems Protection Board Training on Adverse Actions**
  This two-hour course teaches about the various elements of an Adverse Action, and the responsibilities of the MSPB in deciding appeals. This includes burden of proof, charges and types of misconduct, rules about penalties, and general guidelines.
  http://www.hru.gov/Course_Catalog.aspx?cid=206&mgr=false

- **Coach for Success: How to Hold Performance Conversations Like A Pro**
  This 45-minute course describes the role of the supervisor/manager as coach, discusses how coaching can lead to an increase in job performance, and provides a model and processes for providing effective coaching. The course includes sample effective coaching discussions between managers and employees.
  http://www.hru.gov/Course_Catalog.aspx?cid=113&mgr=false

- **How to Rate Performance and Write an Effective Narrative**
  This 30-minute course describes how to rate performance objectives and behavioral performance consistently and fairly across employees at the end of

AMERICAN OVERSIGHT

the rating cycle. The course also addresses the importance of rater consistency and identifies common rating errors and how to avoid them. The narratives portion of the course provides tips on how to write effective, meaningful narratives and provides a step-by-step process for writing narratives. http://www.hru.gov/Course_Catalog.aspx?cid=116&mgr=false

Job Aids for the Performance Action Roadmap

AMERICAN OVERSIGHT

Checklists

Job Aids for the Performance Action Road Map

Steps 1 and 2 – Identifying Unsatisfactory Performance	Yes	No
Are you sure the problem is primarily a performance problem (as opposed to misconduct?)		
Have you communicated performance standards to the employee?		
Are the standards clear and reasonable?		
Have you asked the human resources staff to review the standards for any possible problems?*		
Have you told the employee what critical element(s) he or she is failing?		
Have you counseled the employee on how to improve to an acceptable level?		
Let the employee know whether or not performance is improving!		

*In preparing to take a performance-based action, it is appropriate for the Employee and Labor Relations Division to review the standards for possible problems. In the absence of any performance problems, you may request assistance related to developing performance standards from the Office of Performance Management.

Checklists adapted from "Addressing and Resolving Poor Performance: A Guide for Supervisors," Office of Personnel Management (2013)

AMERICAN OVERSIGHT

Step 6 – Concluding the OIP	Yes	No
In the opportunity notice, did you tell the employee that his or her work was unacceptable in one or more critical elements?		
Did the opportunity notice tell the employee specifically what he or she had to do to improve performance in order to keep his or her job?		
Did you explain what efforts would be made to assist the employee (including training, if appropriate)?		
Was the notice clear that continuing failure to meet performance standards would result in demotion or removal?		
Did you provide the promised assistance (training, etc.) to the employee?		
Did you consider any requests for accommodation?		
Did you document the employee's performance during this opportunity period?		
Did you take into account any approved annual, sick, or other leave during the opportunity period?		
When the opportunity period ended, was the employee still performing at an unacceptable level?		

If the employee succeeds in raising his or her performance to an acceptable level, remind the employee of his or her continuing obligation to maintain acceptable performance.

AMERICAN OVERSIGHT

Steps 8 and 9 – Taking Action	Yes	No
For Actions Based on 5 CFR Part 432		
Do you have written performance standards/elements for the employee?		
Do you have copies of any supervisory notes of counseling or assistance given to the employee?		
Do you have copies of memoranda of counseling provided to the employee?		
Do you have a copy of the written notice providing an opportunity to improve?		
Did you document the employee's performance during the opportunity period?

I had foot surgery a couple of weeks ago. It gave me plenty of time at home to recover and think about what is important.

The work of the DEC is important. Our work assures that HUD's partners live up to their agreements to provide decent, safe and sanitary housing. We find non-compliances and get corrective actions. We work to get the "bad actors" out of doing business with HUD. We do so in a professional, respectful and thorough manner. I am extremely proud and grateful for each DEC employee who serves in support of this important mission.

During fiscal year 2017, the DEC obtained over $5.9 million in penalties and payments to HUD for owner non-compliance. One owner of a Minnesota project paid $250,000 for a myriad of financial improprieties, including the nonpayment of Section 236 excess income and ineligible uses of project funds. In another case, Princess Apartments, a 100 % subsidized, 58-unit multifamily project in Los Angeles, California, we alleged that the owner had made more than $1 million in unauthorized distributions and failed to file four years of financial statements. Not only did the owner submit its overdue statements, but the owner also paid off the project's outstanding HELP loan, repaid the unauthorized distribution to the project's account, and paid HUD a $152,00 penalty.

In a portfolio of 13 properties in Texas with a common owner, Transcontinental Realty Investors, the DEC found unauthorized distributions of project funds and negotiated a civil money penalty of $142,500. These are but three examples of the excellent work performed by DEC staff this fiscal year, where we held owners accountable for their actions.

I hope to be back on my feet and in the office soon! Till then, happy fall and keep up the good work!

— Craig T. Clemmensen

AMERICAN OVERSIGHT

DEC HIGHLIGHTS

COMPLIANCE ACTIONS *for* FY2017:

Suspensions:	**145**
Final Debarments:	**175**
Total Actions:	320

Suspensions and Debarments

Deputy Director of a Housing Authority

The DEC proposed a three-year debarment of a Housing Authority Deputy Director who was convicted of Conspiracy to Commit Wire Fraud, Wire Fraud, and Conspiracy to Commit Money Laundering, in the United States District Court for the District of Maryland, for defrauding the Housing Choice Voucher Program of the Housing Authority of Prince George's County.

MORTGAGE BROKER

The DEC proposed the indefinite debarment of a mortgage broker who was convicted of Conspiracy to Commit Wire Fraud and Bank Fraud, in the United States District Court for the Southern District of New York, for conspiring to fraudulently originate mortgage loans, by making false statements and creating false documents and reports that were then submitted as part of a loan approval package to lenders.

OWNER, FHA-APPROVED DIRECT ENDORSEMENT LENDER

The DEC indefinitely debarred the owner of an FHA-approved direct endorsement lender, based upon his conviction in the US District Court for the Southern District of Florida, Miami Division. He was convicted of one count of violating 18 U.S.C. § 1349 (Conspiracy to Commit Wire Fraud Affecting a Financial Institution). He participated in a conspiracy to defraud HUD and financial institutions. Specifically, he directed loan officers, loan processors and underwriters to process and approve FHA-insured mortgage loans for otherwise unqualified borrowers by using false documents. He was sentenced to 135 months in prison and five years' supervised release. He was also ordered to pay over $64 million in restitution, with $55.2 million of it owed to HUD.

DEC HIGHLIGHTS

THERESA SMITH AWARDED OGC'S HIGHEST HONOR– CURRY AWARD!

In a moving acceptance speech, on September 15, 2017, Theresa Smith, Atlanta Satellite Office Director, accepted OGC's highest honor– the Curry Award. The award is offered to OGC employees who have demonstrated a lifetime example of quality public service. In her remarks, Theresa acknowledged her family and colleagues for assisting her in her career at HUD. She noted the support of Donzella Hamm, now deceased, who had mentored her in her development from team leader to DEC Satellite Office Director. Theresa will be retiring from federal service in January 2018. Her tireless strength and dedication will be sorely missed. Congratulations, Theresa, for your award and sustained commitment to public service!

From left to right: Theresa's husband, Al, Theresa, and Beth Zorc, the Principal Deputy General Counsel, at the presentation of the Curry Award to Theresa.

What's new?

Training

The DEC Team Leaders gathered in the Chicago DEC Office from September 19 thru 22, 2017, for the first time in several years. Some of the topics discussed included workload management, peer sharing and peer assistance and communications. Team leaders engaged in interactive discussions led by Deputy Director James Beaudette on HUD Reform and a GAO review of the DEC.

David Woll, Deputy General Counsel for Enforcement, discussed his vision and solicited comments on a new lead based paint enforcement initiative. The Department's Chief Risk Officer Larry Koskinen, assisted by the DEC's Risk Officer Jonathan Lash, provided an update pertaining to the Department's enterprise risk management approach and framework. Carmen Trice, Enforcement Analyst, provided updates, oversight reviews and Snapshots challenges.

In addition, Team Leaders and HQ staff in attendance received coaching and teambuilding skills training from SkillPath.

Attendees/trainers for the Team Leader Training, fom left to right: Jadranka Schechinger, Angelo DiSanti, Gail Owens, Marc Vigo, Eliza Lo, Brad Adams, Mark Borum, Kimberly Martin, Dee Boston, Jonathan Lash, Carmen Trice, and Nicole Willingham.

OPERATIONS

What's new?

Training

TRAINING ON FINANCIAL, NON-FILER AND PHYSICAL MULTIFAMILY HOUSING REFERRALS

DEC Operations staff provided training to the DEC's "recent hires" in Washington, DC on September 26-28, 2017. The attendees came from all five satellite offices, with most having less that three years with the DEC.

Jim Salvati provided two days of financial statement analysis. His presentation allowed the attendees to conduct practical exercises to assess owner's financial statements. Attendees discussed common issues and ways to discover possible fraud and misuse of project funds.

Here's Multifamily Housing Program Analyst Brandt Witte offering the class some insight from his office's perspective.

Jim Pollock provided training on handling annual financial statement non-filers and physical referrals. He discussed the DEC's procedures for dealing with non-compliant owners and offered suggested remedies.

The DEC is grateful to REAC for the use of REAC's training room. Great training and great cross program collaboration!

Attendees at the DEC's Financial, Non-filer and Physical Referrals Training on 9/28/17.

AMERICAN OVERSIGHT

DEC HIGHLIGHTS

Chicago obtained recoveries and penalties

CHICAGO DEC

Eastwood Towers - Chicago, IL

Eastwood Towers is a 230-unit, partially subsidized (226 units), multifamily housing project with a mortgage insured by HUD under Section 223(a)(7) / Refi of 223(f). As such, Eastwood Towers is subject to a Regulatory Agreement and a Housing Assistance Payments contract.

REAC referred this project to the DEC based on compliance flags for unauthorized distributions from project funds for fiscal year ending 12/31/2014 and 12/31/2015 annual financial statements. This was a repeat referral for unauthorized use of project funds.

After analyzing the project's financial statements and contacting the owner, the DEC negotiated a settlement agreement with the project's owner. The owner returned $269,521 to the project's operating account and paid a $15,000 civil money penalty to resolve the compliance violation.

Omer Adil is the DEC Financial Analyst who handled this matter. Jadranka Schechinger, Team Leader, also worked with Omer on this case. Congratulations, Chicago DEC, on a job well done!

AMERICAN OVERSIGHT

DEC HIGHLIGHTS

LOS ANGELES DEC

Financial Recoveries of $190,949

Regency Oaks – Long Beach, CA

Regency Oaks is a 99-bed skilled nursing facility in which the project's owner had leased the facility to a related party operator. The mortgage loan on the facility was insured by HUD under Section 223(a)(7) and the project's owner and operator are subject to a HUD regulatory agreement.

The Real Estate Assessment Center (REAC) referred this project to the DEC for the unauthorized distribution of project funds. After analyzing the owner's financial statements and business agreements with HUD, the DEC determined that the owner had made unauthorized distributions from project funds. The DEC concluded its enforcement actions with a warning letter to the project's owner after the owner provided proof with documentation showing the unauthorized distributions of $190,949 had been returned to the project's operating account.

Marc Aboy was the DEC financial analyst assigned to this case. Great job, Marc!

AMERICAN OVERSIGHT

DEC HIGHLIGHTS

NEW YORK DEC

Elizabeth Seton Pediatric Center - Yonkers, NY

The Elizabeth Seton Pediatric Center ("the Project") is a 169-bed, not-for-profit, community service provider of inpatient pediatric long-term and rehabilitative care. The Project is owned by the Sisters of Charity Ministry Network, Inc. and was financed by a Section 232 insured loan from HUD. Thus, the Project's owner was subject to a HUD Regulatory Agreement.

REAC referred this project to the DEC based on a compliance flag for "Unauthorized Loans from Project Funds" that resulted from its automated review of the owner's annual financial statements. After analyzing the owner's financial statements and business agreements with HUD, the DEC alleged that the Project made unauthorized loans to one of its affiliates, the John A. Coleman School ("The School").

During its review, the DEC was advised that the School shared certain expenses with the Project, but that the School was behind in reimbursing the Project for its portion of those shared expenses. The DEC concluded its enforcement efforts after the School paid the Project $900,000; leaving the outstanding receivable balance owed to the Project as of March 31, 2017, at $155,295 or approximately one-month's-worth of the School's portion of those shared expenses. The DEC also received assurances from the Project's Director of Finance that the Project will only allow one-month or less of the School's portion of future shared expenses to be receivable at any time.

Martin "Stann" Kaplan was the DEC Enforcement Analyst assigned to Elizabeth Seton Pediatric Center.

Way to go, Stann!

A bird's eye view of Elizabeth Seton Pediatric Center, Yonkers, NY.

AMERICAN OVERSIGHT

DEC HIGHLIGHTS

NEW YORK DEC

$7,556,177 Directed to Reserve Deposits

Henry Phipps Plaza South is a 404-unit housing project with 290 HUD assisted units in Manhattan, NYC. It has a 30,098,700 mortgage insured under Section 221d4. As a not-for-profit entity that is allowed limited distributions of surplus cash, the project's owner was required to deposit all funds in excess of its limited distribution amount into a Residual Receipts Reserve Account. The DEC's review revealed that the owner had not done so.

As a result of the DEC's involvement, the owner returned prior distributions of $4,847,146 to the project and deposited them into a newly established residual receipts account. Additionally, the project's owner deposited $2,709,031 of fiscal year 2016 surplus cash into the residual receipts account, bringing the account total to $7,556,177.

Bernard Weill, Financial Analyst, worked on this matter. Great job, Bernard!

Subsequently, the Owner has submitted a request for HUD's approval to withdraw some funds from the Residual Receipts for capital improvements needed for the Project.

AMERICAN OVERSIGHT

DEC HIGHLIGHTS

ATLANTA DEC

A view of one of the Creekside Landing Apartments

Creekside Landing Apartments - Greer, SC

Creekside Landing Apartments is a 36-unit, fully subsidized, multifamily housing project, which was funded by a Section 202 Capital Advance for the Elderly and thus, the project's owner was subject to both a HUD Regulatory Agreement and a Project Rental Assistance Contract.

REAC referred this project to the DEC based on the multiple compliance flags that resulted from its automated review of the project owner's annual financial statements. After analyzing the owner's financial statements and business agreements with HUD, the DEC alleged that the project made $55,000 in unauthorized loans from project funds. The DEC negotiated a settlement agreement to end its enforcement efforts. The project owner deposited $55,000 into the project's operating account and paid a $10,000 civil money penalty (CMP) to HUD to comply with the settlement and resolve the alleged compliance violations.

Atlanta DEC Financial Analyst Sandra Chesnutt handled this case. Good job, Sandra!

Palm's Edge Assisted Living Facility - Palm Beach, FL

This 65-bed assisted living facility was insured by HUD under a Section 223(a)(7) refinanced loan and is subject to a HUD Regulatory Agreement. REAC referred this project to the DEC based on the multiple financial compliance flags. After analyzing the owner's financial statements and business agreements with HUD, the DEC alleged that the project made unauthorized distributions from project funds in fiscal years 2012, 2013, 2014, and 2015. The DEC negotiated a settlement agreement with the owner that ended its enforcement efforts. The owner deposited $135,000 into the project's operating account and paid a $12,000 civil money penalty to comply with the settlement agreement.

Enforcement Analyst Bridgette Zellous conducted this review and analysis. Way to go, Bridgette!

Palm's Edge Assisted Living, Palm Beach, Florida

DEC HIGHLIGHTS

ATLANTA DEC

On September 21, 2017, Sabrina Baskin, an Enforcement Assistant in our Atlanta office, graduated from the 2017 PEAK PERFORMANCE PROGRAM FOR ASPIRING LEADERS (P3 Program).

The Federal Executive Board's P3 Program is a nine month competency-based training program for grades GS7 – GS12 and offers opportunities to participate in developmental and leadership performance training, while promoting best practices across agencies through networking and collaboration with program participants.

The P3 Program for Aspiring Leaders is now in its fifth year and continues to promote employee development at a high level. This training opportunity positions Sabrina well to compete for future advancement.

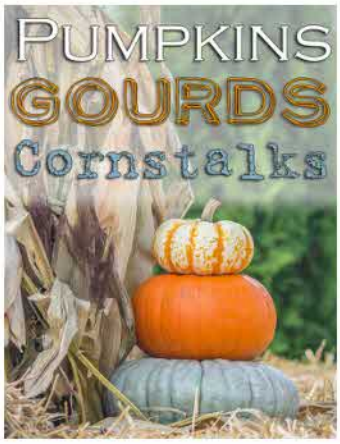
Congratulations to Sabrina on this developmental accomplishment. The DEC is committed to self-development and succession planning.

Here, Atlanta Satellite Office Director, Theresa Smith, left, congratulates Sabrina Baskin on her significant accomplishment!

AMERICAN OVERSIGHT

DEC HIGHLIGHTS

FORT WORTH DEC



Northeast View Apartments is a 137 unit, 100 % project based Section 8 apartment complex in Kansas City, Missouri. The project scored a 23c* in a REAC inspection from April 7, 2016, with 327 observed health and safety deficiencies. The FTW DEC notified the owner that it had violated the Housing Assistance Payments Contract to maintain the property in decent, safe and sanitary condition.

REAC re-inspected the project on November 30, 2016, and 69 health and safety deficiencies were then observed. Due to the second inspection revealing poor physical conditions, the Fort Worth DEC issued a Pre-Penalty Notice for Civil Money Penalties - Opportunity to Show Cause to the owner for $55,000. To seek a satisfactory resolution for the failure to provide decent, safe and sanitary housing without the expense and uncertainty of further litigation, the owner agreed to pay a civil money penalty of $10,000. The owner is now trying to sell the property.

Teressia Smith, Enforcement Analyst, worked with Patricia Tijerina, Office of Counsel, on this case. Nice job, Teressia!

Here is the entrance to Northeast View Apartments, Kansas City, Missouri

AMERICAN OVERSIGHT

DEC HIGHLIGHTS

FORT WORTH DEC

DEC OBTAINED:

RECOVERIES

DIRECTED PAYMENTS

CIVIL MONEY PENALTIES

Oaks of Granbury,
Granbury, TX
Villa of Wolfforth,
Wolfforth, TX
Villa of Tyler, Tyler, TX

These assisted living facilities with 140 total assisted living units, were financed with Section 223(a)(7) HUD insured loans and used the same management agent company, Creative Solutions in Healthcare Inc., which was an identity-of-interest entity with each of the project owners.

REAC referred the first two projects to the DEC based on compliance flags for unauthorized distributions of project funds. Villa of Tyler was referred to the DEC based on an OIG audit review. The DEC initially alleged that these project owners had made unauthorized distributions of project funds and ordered the repayment of $320,529 to the Oaks of Granbury and $10,000 each to the Villa of Wolfforth and Villa of Tyler for a **total recovery of $340,529.**

However, in reviewing the response and documentation provided, the DEC discovered that the management agent had been commingling the project funds from these three projects with other funds held by the management agent. The DEC advised the Office of Residential Care Facilities (ORCF) about the commingling and was informed that ORCF would not approve an exception to the HUD regulatory agreement. After which, the DEC directed the owner to cease the commingling and to transfer all funds attributable to Oaks of Granbury, Villa of Tyler, and Villa of Wolfforth from the centralized account of the management agent into separate bank accounts in the names of each of the HUD-insured projects. The amounts transferred to separate project accounts were $394,982 (Oaks of Granbury), $101,017 (Villa of Tyler), and $70,740 (Villa of Wolfforth). The **total amount of the DEC directed payments was $566,739.**

The DEC also pursued civil money penalties against Granbury II Enterprises, LLC, the owner of the Oaks of Granbury for repeat violations. That owner **agreed to pay $5,000 in penalties** to HUD to resolve its regulatory agreement violations.

Steve Halsey, Enforcement Analyst, handled these three cases. **Great work, Steve!**

Hello Everyone –

Here are some events that are coming up this month and we encourage your participation.

On October 30th, there will be another *Light Board Contest* for each division. Theme is Halloween. Decorate your boards and division spaces and judges will come around and vote on most creative board and greatest participation.

On October 31st, there will be a *Halloween Costume Contest* that will be held in *Conference Room 12C from 12pm-1pm*. Employees are encouraged to bring your costume and dress up during lunch for the contest. We will also be having a cookie bake-off which will be voted on as well so plan on baking some cookies. Theme is Halloween.

AMERICAN OVERSIGHT

Please feel free to contact me or the Board if you have any questions.

Thanks,
Greta

Subject: PGHousing Authority Denies Emergency Voucher for Disabled living with Landlord violating ADA and FHEO HUD Complaint No. 03-17-7302-8
Attachments: image003.png; WithdrawalADAChargeatPGHumanRelationsCommission9.28.2017.rtf

Dear Secretary Carson,

Please see Ms. Crittenden, from PGHousing Authority deny housing for the 5th time below. I really need to move from Oakcrest and the PG Housing Authority refuses to issue an Emergency Voucher. Can you help me? Without the voucher, I could be living at Oakcrest for 10 more years, mold, intrusions, arguing, water leaks, denied keys, threats from Mr. Joshua Greenberg, Respondent's attorney on September 25, 2017, because I filed an complaint with HUD and nobody cares,

Regards, (b)(6)

AMERICAN OVERSIGHT

PRINCE GEORGE'S COUNTY
MARYLAND
OVERSIGHT

PRINCE GEORGES COUNTY GOVERNMENT
HUMAN RELATIONS COMMISSION

REQUEST FOR WITHDRAWAL OF DISCRIMINATION

You recently indicated a desire to withdraw your charge. In order to initiate such action, please furnish the information below. Please note that our agency is willing to proceed with your charge if you so desire.

CHARGING PARTY NAME: (b)(6)

RESPONDENT: Oakcrest Towers

HRC AGENCY CHARGE# HRC 17-0702

I am aware that the PGCHRC protects my rights to file a complaint. I have been advised that is is unlawful for any person covered by Division 12, Title VII of the Civil Rights Acts of 1964, as amended, and or the Americans with Disabilities Act Amendments act of 2008, the Age Discrimination in Employment Act and enabling legislation of the PCHRC to treaten, intimidate or harass me because I filed a complaint. I have not been forced to request this withdrawal.

I request the withdrawal of my charge because:

I HAVE BEEN FORCED TO WITHDRAW MY COMPLAINT BY
MR. JOSHUA GREENBERG, RESPONDENT'S ATTORNEY
&
MS. NELSON THREATS 'YOUR COMPLAINT IS INVALID BECAUSE
YOU CAN'T NAME THE MEXICAN MEN THAT INTRUDED WITHOUT NOTICE" and
FALSE
ACCUSATIONS" YOU DON'T CARE ABOUT MY BABY"

(1). On September 25, 2017, Ms. Leslie Nelson cancelled the mediation at 11:00 a.m. (at the last minute) and I was forced to meet with the Respondent's Attorney, Joshua Greenberg, because I have a disability I believed he was interested in stoping the intrusions, preventing my personal lock, and the water damage.

(2). Mr. Greenberg threaten me severely behind close doors where I was alone. He told me to 'shut up" he was tired of my complaints.

(3). Mr. Greenberg threaten I was now put on a 30 day lease and if I continued to complain I would have to move from Oakcrest.

(4). Mr. Greenberg threaten when I tried to end the Mediation due to his behavior for me "Not to bring your son the next time." He was swearing, red face and standing aggressively.

AMERICAN OVERSIGHT

(5). Mr. Greenberg threaten me with intimidation by pushing his "brown stained, heavy" briefcase at me, while screaming, spit in my face.

(6). Mr. Greenberg threaten me not to complain to the Lt. Governor anymore or else.

(7.) Ms. Nelson cause me severe emotional distress my conducting an "at whim" mediation over the phone while I was driving ended up accusing me of not "liking her infant baby" whom I never met, during an argument because I couldn't hear due to outside traffic.

(8.) Ms. Nelson threatned my complaint was not valid because I couldn't name the "mexican men that came in unannounced. She argued that if I couldn't idenify the men as being different my complaint was not valid.

(9.) Therefore, I withdrew my complaint due to emotional distress from the cancelled last minute mediation, the threats from Mr. Greenberg and Ms. Nelson.

Dear Secretary Carson,

Please see Ms. Crittenden, from PGHousing Authority deny housing for the 5th time below. I really need to move from Oakcrest and the PG Housing Authority refuses to issue an Emergency Voucher. Can you help me? Without the voucher, I could be living at Oakcrest for 10 more years, mold, intrusions, arguing, water leaks, denied keys, threats from Mr. Joshua Greenberg, Respondent's attorney on September 25, 2017, because I filed an complaint with HUD and nobody cares,

Subject: Questions for HUD Related to Essex Village
Importance: High

TO: Lisa Wolfe
HUD PIO
Philadelphia, PA

Dear Lisa,

AMERICAN OVERSIGHT

As a result of the discussions that have been occurring relative to Essex Village and its acquisition by Mr. Valery and others, I am requesting that HUD provide me with the following information requested by the County as part of our decision making process:

Within the current HAP Contract that exists for Essex Village:

- What are the provisions for selling the complex which a buyer must meet?

  Please keep in mind that there's no FHA insured mortgage on Essex Village. It is privately owned. The owner can negotiate a sale with whomever he chooses. However, we do provide 100 percent rental subsidy to the property through our Section 8 Housing Assistance Payments (HAP) contract with the owner. Accordingly, in the event of a sale we must approve the assignment of the Section 8 HAP contract to the new owner. With any sale as a part of HUD's approval process, we will review the management experience and financial capacity of the owner, their plan to address the near term and long term physical needs of the property and funding sources to meet those needs. Please see the attached checklist for the requirements for an Assignment of a HAP.

- What HUD requirements must a new owner meet to get approval from HUD for the acquisition?

  Answer is the same as above.

- Please provide me with any documentation HUD may have from buyers or sellers.

  Many of the documents submitted for the HAP assignment contain proprietary financial information which is not releasable under The Freedom of Information Act (FOIA). However, the County can request the information from the owner.

- Who are the principals involved in the company which Mr. Valery owns that are engaged the effort to acquire Essex Village, at least those about which HUD is aware.

  Proposed ownership as presented in the application for Previous Participation Clearance:
  Maggie Lena Walker Apartments, LLC, a Delaware limited liability
  100% Sole Member:
  Stewart Alexander and Associates:
  Controlling Participants:
  Ernst Vallery, President
  David Alexandar Vice President
  Stuart Alexandar Chairperson

- What type of clearance check is required by HUD for a new owner?

  HUD 2530, Previous Participation Clearance.

- How does it work and who completes it?

  Please see response to question 1 above.

- Relative to Mr. Valery's acquisition effort, he has indicated that there are or may be foreign investors. Is this an EB-5 acquisition?

  We do not know.

AMERICAN OVERSIGHT

- How long will it take for HUD to approve the acquisition of the property if an investor is successful in meeting the basic requirements from HUD?

  As indicated under question 1, HUD does not approve the acquisition because there's no FHA mortgage on the property.

  It will take HUD approximately 30 days to approve the HAP assignment, assuming the submission is complete and accurate.

The County wants to make a decision that is in the best interests of the residents and to do that, we would like to have this information. Your help in acquiring it as the HUD PIO for this region will be greatly appreciated.

Thanks.

CHECKLIST

ASSIGNMENT OF HOUSING ASSISTANCE PAYMENT CONTRACT

Below we have outlined the required contents of the Applications for Approval of an assignment of Housing Assistance Payment Contract (HAP). Applicant must submit the package electronically and 1 hard copy.

1. Draft, unexecuted Assignment, Assumption and Amendment Agreement Section 8 Housing Assistance Payments Contract

2. Applicant's Transmittal Letter, including, but not limited to:

3. Applicant's Previous Participation Certification (Form HUD-2530)

4. Sources and Uses of Funds. This shows all expected sources of funds and all expected uses of these funds.

5. Interim Financial Statements, if audits are currently required, covering the period from the date of the last audited financial statement to the date of transfer.

6. New Capital Needs Assessment (CNA), if one has not been performed within 10 years. The CNA must be prepared by a professional, licensed multifamily architect or engineer and must address the cost of any required repairs and an analysis of the Replacement Reserve needs.

7. Proposed Management Certification, Entity Profile and Form HUD 2530 Previous Participation Certification for the Management Agent

8. Affirmative Fair Housing Marketing Plan, form HUD-935.2

9. Direct Deposit Form 1199A with a copy of cancelled check (only required if HUD is the contract administrator)

10. Any proposed lease or lease addenda (Section 8 Lease)

11. Tenant Selection Plan

12. Draft Financing Documents, if applicable

13. Use Agreements, if applicable

14. Proposed but unrecorded Deed

15. Proposed Rental Schedule (Form HUD-92458) including the request/justification for any new fees to tenants, in addition to rent

No. We are supposed to be reporting FPM items in our weekly reports – upcoming events, ongoing activities and hot issues. I'm not reporting what's going on in other offices – I'm primarily talking about FPM activities.

We can discuss when you have time.

Hi everyone – Attached you will find this week's weekly report. There's an additional element that was added a few weeks ago called "Positive News Stories." Niki has been crafting submissions for the Philadelphia report—which include a great report of the social media posts/hits. I have been pulling from the news clips for the remainder. So, please feel free to add any coverage to your own weekly report—or let us know if you want us to continue to monitor and add. As always, thank you for your help each week in compiling the reports. Great to be able to share all of the good work going on throughout the Mid-Atlantic.

Hello Everyone –

AMERICAN OVERSIGHT

Here are some events that are coming up this month and we encourage your participation.

On October 30th, there will be another ***Light Board Contest*** for each division. Theme is Halloween. Decorate your boards and division spaces and judges will come around and vote on most creative board and greatest participation.

On October 31st, there will be a ***Halloween Costume Contest*** that will be held in *Conference Room 12C from 12pm-1pm*. Employees are encouraged to bring your costume and dress up during lunch for the contest. We will also be having a cookie bake-off which will be voted on as well so plan on baking some cookies. Theme is Halloween.

Many thanks to the members of the Philadelphia Homeownership Center for capturing the spirit of the season with these upcoming festivities! You'll want to **take a tour through the HOC on Monday, October 30 to see their annual Light Board Contest**. See for yourself who has the most creative take on our favorite holiday—Halloween!

We hope you will join for more fun for our **Halloween Costume Contest on Tuesday, October 31 from Noon to 1 p.m. in 12C**. Show your spirit by dressing up in your best costume—and don't forget to fire up your oven to enter our cookie bake-off!

Please bring in some bags of candy to share with your fellow "trick or treaters." The HOC promises to supply some spooky music and decorations—all you add is the fun!

Questions? Please email our organizer Greta Ambrose-Evans.

Hope you will join us!

Date: 10/20/2017
HQ Location: CIR Conference Room 10120
Conference Call#: 1-877-336-1828; Access Code (b)(6)

Questions from the Rep. McEachin and proposed answers:

- What documents related to the proposed purchase does HUD possess, and are they willing / able to share any of those documents? If the documents have not been submitted or are not shareable, is HUD in a position to summarize the terms or basic structure of the *expected* purchase proposal (including any plans for a post-purchase rebuild or refurbishment, and implications of such plans for current tenants)?

Please keep in mind that there's no FHA insured mortgage on Essex Village. It is privately owned. The owner can negotiate a sale with whomever he chooses. However, we do provide 100 percent rental subsidy to the property through our Section 8 Housing Assistance Payments (HAP) contract with the owner. Accordingly, as part of the sales transaction we must approve the assignment of the Section 8 HAP contract to the new owner, which includes a review of the management experience and financial capacity of the owner, their plan to address the near term and long term physical needs of the property and funding sources to meet those needs. The proposed owners have submitted a request to assume the Essex HAP contract, the package is complete as it includes the following required documents which are currently under review:

- **Owner and Agent request for approval of Previous Participation (2530) clearance.**
- **Management Entity Profile, Management Certification and Management Agreement**
- **Preservation Financing and Property Rehabilitation Plan**
- **Ownership Organizational Documents**
- **Acquisition Sources and Uses Statement**
- **Personal Financial Statements**
- **Property Name Change request**
- **Mark Up to Market Post Rehab rent increase request, post rehab.**
- **Market Comp Study**
- **20-year Use Agreement**
- **Purchase and Sales Agreement**
- **Phase 1 Environmental Site Assessment Report**

AMERICAN OVERSIGHT

- **Physical Rehabilitation Scope of Work, Rehabilitation Sources and Uses Statement**
- **Reserve for Replacement in conjunction with proposed Comprehensive Needs Assessment CAN**
- **Request for HUD Consent to Assignment and Assumption of Housing Assistance Payments (HAP) contract**
- **Affirmative Fair Housing Marketing Plan (AFHMP)**

Any request for documents must be made through a written FOIA request, which will be reviewed and responded to accordingly.

- Did Mr. Valery have the right, pre-purchase, to circulate his notice of intent to increase maximum rents? If he had that right, was he under any *obligation* to do so in connection with his proposed purchase? Why was that document circulated?

Mr. Valery advised us that the notice was posted with the permission of the existing owner. He does nothing pertaining to Essex Village without the owner's permission. They are working together. They followed our statutory requirement by providing the tenants with a one-year Tenant Notice of Intent to renew the HAP contract, with a rent increase. Again, please be reminded that since the tenants' rents are subsidized, rent increases have no impact on them. They continue to pay approximately 30 percent of their adjusted income for rent. Factors that impact their share of the rent are changes in household composition and income.

- What is the current status of the property? Has it already been sold? If not, what would the process for a sale look like moving forward — how much can HUD share about timeline?

There is an Agreement of Sale with a proposed closing date of November 17,2017.

- What are HUD's prerogatives with respect to Mr. Valery's proposed purchase? It sounds like HUD could block that purchase, if not directly then by refusing to permit the full rent hike on which said purchase is apparently predicated. Are we correct in understanding that HUD would effectively kill any plan that increased maximum permissible rents above rents for comparable properties in the area, even if tenants would not themselves pay more out of pocket in practice?

HUD is currently reviewing the proposal and will make the final determination following the review.

- (If applicable:) Do we have any insight into why Mr. Valery would make a proposal that, for structural reasons, HUD would be unable or unwilling to approve? Is there some other mechanism by which a good-faith buyer would more typically generate the funds needed to refurbish or rebuild a property like Essex Village?

As conveyed to us, Mr. Valery's plan is to refinance with Low Income Housing Tax Credits (LIHTCs) which will allow much needed cash infusion to continue to make improvements at the property. If that does not materialize, he plans to make application for a FHA 221(d)4 substantial rehabilitation loan.

- (If applicable:) Can HUD guarantee that *if* a sale were to take place along the lines Mr. Valery has described, out-of-pocket costs would not increase for tenants? How long would such a guarantee hold true?

- **Under the terms and conditions of the HAP contract, all eligible residents of the property pay a rental amount based on 30% of their adjusted annual income, so there would be no increased out-of-pocket increases to the tenants.**
- **The proposed purchase includes the requirement that the owner would sign a new 20-year Housing Assistance Payments (HAP) contract, which Mr. Valery has agreed to do.**

AMERICAN OVERSIGHT

- **The contract barring any *additional* future renewals that would change the terms would remain effective until 10/23/2032, assuming continued Congressional appropriations.**

- Do we have a sense of what will happen at the end of the ninety-day period that the current owner has in which to take corrective action with respect to the problems outlined in HUD's August 21st demand letter, whether or not the Mr. Valery proposal works out?

  - **We are anticipating that the current owner will comply. They are making satisfactory progress.**
  - **The units have been fully inspected by the Management Co., maintenance orders have been generated and are being addressed, progress is being tracked in weekly conference calls and unscheduled weekly visits by local HUD staff.**
  - **At this time a new REAC inspection has not been scheduled, but is anticipated to be conducted within one year of the current inspection date of August 18, 2017**

TO: Lisa Wolfe
HUD PIO
Philadelphia, PA

Dear Lisa,

As a result of the discussions that have been occurring relative to Essex Village and its acquisition by Mr. Valery and others, I am requesting that HUD provide me with the following information requested by the County as part of our decision making process:

Within the current HAP Contract that exists for Essex Village:

1. What are the provisions for selling the complex which a buyer must meet?
2. What HUD requirements must a new owner meet to get approval from HUD for the acquisition?
3. Please provide me with any documentation HUD may have from buyers or sellers.
4. Who are the principals involved in the company which Mr. Valery owns that are engaged the effort to acquire Essex Village, at least those about which HUD is aware.

AMERICAN OVERSIGHT

5. What type of clearance check is required by HUD for a new owner? How does it work and who completes it?
6. Relative to Mr. Valery's acquisition effort, he has indicated that there are or may be foreign investors. Is this an EB-5 acquisition?
7. How long will it take for HUD to approve the acquisition of the property if an investor is successful in meeting the basic requirements from HUD?

The County wants to make a decision that is in the best interests of the residents and to do that, we would like to have this information. Your help in acquiring it as the HUD PIO for this region will be greatly appreciated.

Thanks.

To: Hardy IV, Stanley
Subject: Essex Village - New Potential Purchaser
Attachments: IMG_20171016_111234802.jpg

Stanley,

Thanks for talking this morning. As I noted, we have a new potential purchaser of the Essex Village property. Last week, he "posted" a rent increase on the property, but to my knowledge – he does not yet own the property. What is attached is a picture of the rent increase sent to us by one of the residents.

My question to you is – assuming he has approval from HUD to proceed with a rent increase of 40 percent – are there actual plans that have been submitted to HUD that would show what exactly is being done to improve, renovate or rebuild the complex? We have had some conversations with Mr. Valery – but have no building plans or timelines regarding what he wants to do.

I am assuming that with a rent increase – there are actual plans that have been submitted to HUD.

Thank you again Stanley for looking into this for us.

Please advise if you have any questions and my contact information is noted below.

Have a good day.

MAGGIE LENA WALKER APARTMENTS, LLC
c/o SA+A Development
1707 N Charles St. Suite 200A
Baltimore, MD 21201

NOTICE TO TENANTS OF INTENTION TO SUBMIT A REQUEST TO HUD FOR APPROVAL OF AN INCREASE IN MAXIMUM PERMISSIBLE RENTS

October 10, 2017

In connection with our planned acquisition of Essex Village (the "**Project**"), take notice that on October 3, 2017, we, Maggie Lena Walker Apartments, LLC, the "**Proposed Owner**" of the Project, submitted a request for approval of an increase in the maximum permissible rents for the Project to the United States Department of Housing and Urban Development ("**HUD**"). **It is important to note that as long as you continue to be eligible under the applicable HUD guidelines for either Section 8 or any other housing assistance program that you are currently receiving (i.e. vouchers), you should not be affected by an increase in the rent.**

The rent increase is needed to cover increased costs from new financing related to the preservation of the Project as affordable housing.

The rent increases for which we have requested approval are:

Unit Type	Current Rent	Rents to be Effective 10/23/2017	Proposed Rents to be Effective Upon Completion of Rehab
1 BR	$750	$890	$1,055
2 BR	$867	$1,025	$1,190
3 BR - A	$969	$1,220	$1,385
3 BR - B	$1,028	$1,280	$1,445

A copy of the materials that we are submitting to HUD in support of our request will be available during normal business hours in the management office, located at 3901 Pilots Lane, Richmond, Virginia 23222, for a period of 30 days from the date of service of this notice for inspection and copying by tenants of the Project and, if the tenants wish, by legal or other representatives acting for them individually or as a group.

During a period of 30 days from the date of service of this notice, tenants of the Project may submit written comments on the proposed rent increase to Ernst Valery evalery@eviequity.com President Ernst Valery Investments Corp. Principal Stuart Alexander and Associates, Inc. 1707 N Charles Street, Suite 200A Baltimore, MD 21201. Tenant representatives may assist tenants in preparing those comments. (If, at HUD's request or otherwise, we make any material change during the comment period in the materials available for inspection and copying, we will notify the tenants of the change or changes, and the tenants will have a period of 15 days from the date of service of an additional notice (or the remainder of any applicable comment period, if longer) in which to inspect and copy the materials as changed and to submit comments on proposed rent increase). These comments will be transmitted to HUD, along with our evaluation of them and our request for the increase. You may also send a copy of your comments directly to HUD at the following address:

United States Department of Housing and Urban Development
The Wanamaker Building
100 Penn Square East
Philadelphia, PA 19107-3380
Attention: Carolyn Anastasi, Senior Account Executive
Re: HAP Contract No. VA36-H027-196, Essex Village

HUD will approve, adjust upward or downward, or disapprove the proposed rent increase upon reviewing the request and comments. When HUD advises us in writing of its decision on our request, you will be notified. If the request is approved, any allowable increase will be put into effect only after a period of at least 30 days from the date you are served with that notice and in accordance with the terms of existing leases.

Sincerely,

MAGGIE LENA WALKER APARTMENTS, LLC,
a Delaware limited liability company

AMERICAN OVERSIGHT

COMMONWEALTH OF VIRGINIA
COUNTY OF HENRICO
P.O. BOX 90775
HENRICO, VIRGINIA 23273-0775

BOARD OF SUPERVISORS

PATRICIA S. O'BANNON, CHAIRMAN
FRANK J. THORNTON, VICE CHAIRMAN
THOMAS M. BRANIN
HARVEY L. HINSON
TYRONE E. NELSON

October 19, 2017

The Honorable Benjamin S. Carson, Sr., M.D.
U.S. Secretary, Department of Housing and Urban Development
451 7th Street, SW
Washington, DC 20410-0001

Dear Secretary Carson:

Henrico County has experienced an ongoing series of problems involving the conditions within a HUD-subsidized housing complex. While we have consistently communicated with HUD regarding our concerns, the problems linger and the solution continues to seem distant. This complex, currently known as Essex Village, has existed for nearly seventy years. Originally known as Laburnum Manor, it was purchased, demolished and rebuilt thirty-eight years ago and renamed Essex Village.

Currently, there is an effort underway by a purchaser to acquire the property and rename it. While the County does not object to the acquisition, we do have serious reservations about the intentions of the new owner whom we cannot support until we are satisfied that he will be held accountable for his promises to HUD. This week, to the complete surprise of the County, the prospective buyer sent a notice to the residents indicating that rents would incrementally increase by forty percent. His letter states this increase will begin to occur on October 23, 2017, and be fully recognized upon completion of renovations. We have no information or details regarding the proposed renovations. He also states that those residents who are receiving subsidies should not be affected by a rent increase. This implies that the increase is going to come from HUD, at taxpayer expense. To our knowledge, he does not yet own the property. He has never discussed his proposed increase with Henrico County or stated the reasons he is seeking it, yet he is asking the County to provide him with a letter of support for the acquisition.

Henrico County continues to be perplexed that the current owner, Mr. Perlman, while collecting millions of dollars every year from HUD, has failed to maintain the complex at a basic level of decency, yet offers no explanation regarding what he has done with the rents and subsidies he has accumulated during his ownership. Our citizens, in essence forced to reside in this complex, live in unacceptable conditions, and it has been allowed to deteriorate despite inspections by HUD. A new owner now wants to raise rents by forty percent in order to fix the issues Mr. Perlman and HUD allowed to occur. Even though we have asked HUD what Mr. Perlman did with the millions of dollars paid to Mr. Perlman, we have never received an explanation. There appears to be no accountability. Through our lengthy experience, we have concluded that the only logical solution to the short-term problems this community experiences is a complete rebuild, and to the long-term systemic problems, to interject competition and accountability into the system by eliminating direct payment from HUD to the owner and instead providing the residents with portable vouchers.

AMERICAN OVERSIGHT

Our frustration over the ongoing issues in Essex Village has reached a point where we believe the only way to resolve them is for a meeting to occur with you. HUD staff is well aware of the County's concerns. As the elected representatives for the County, we believe it is important for us to convey the plight of our citizens who live in this complex. We seek your personal involvement and help in rectifying what is clearly a waste of taxpayer dollars, a historically apathetic HUD inspection process, a broken system of direct subsidies, and ownership that is getting wealthy from those federal subsidies while residents reside in unacceptable conditions.

Therefore, the Henrico County Board of Supervisors respectfully requests a meeting with you to discuss this specific complex and to seek your help in addressing our concerns.

Sincerely,

AMERICAN OVERSIGHT

U.S. Department of Housing and Urban Development
Administration

Departmental Staff

Transmittal for Handbook No.: 432.01

Special Attention of:

Issued: December 1, 2000

1. This Transmits: Handbook 0432.01, Performance Based Reduction in Grade and Removal Actions.

2. Summary: This Handbook establishes the Department's policies and procedures for taking performance-based reduction in grade and removal actions. It provides a separate and distinct Departmental authority for taking performance-based actions.

3. Filing Instructions:

Remove:	Insert:
Chapter 4 of Handbook 752.2 REV-2, Personnel Actions Taken for Unacceptable Performance and Misconduct, dated January 17, 1984	Handbook 0432.01

4. Significant Provisions:

   A. It is no longer a HUD requirement that the decision to effect a proposed action must consider the employee's performance following issuance of the 30-day advance notice period.

   B. In addition to the 5 U.S.C. Chapter 43 and 5 CFR Part 432 procedural rights afforded to certain "non-preference" eligible employees in the excepted service, after one year of current continuous service in the same or similar position, the Civil Service Due Process Amendments signed on August 17, 1990, promulgated by P.L. 101-376, extend appeal rights to these same individuals after two years. (Refer to paragraph 1-5B.)

   C. Under no circumstances may a management official use a union official as a personal representative in any matter related to any action covered in this Handbook.

AMERICAN OVERSIGHT

0432.01

CHAPTER 1. GENERAL PROVISIONS

1-1 Purpose

A. This Handbook establishes policy and guidance regarding proposing and effecting reduction in grade and removal actions based solely on unacceptable performance. It supersedes previous policy guidance prescribed by Chapter 4 of Handbook 752.2 REV-2, Personnel Actions Taken for Unacceptable Performance and Misconduct, dated January 17, 1984.

B. Performance-based actions may be taken by using either the procedures of Handbook 0752.02 REV-3, Adverse Actions or this Handbook. Before initiating a performance-based disciplinary action, the policy and procedural requirements of Handbook 0752.02 REV-3, and those of this Handbook must be considered. Of particular importance, note the differences in the evidentiary standards or "degree of proof" required under two pertinent regulatory procedures in order to support the action. 5 CFR Part 432, requires **substantial evidence**; conversely, 5 CFR Part 752, requires **preponderance of the evidence**.

C. Requirements stated in this Handbook are consistent with law, regulations, and Agency policy applicable at the time of its issuance. It is essential that current rules be researched, and that this Handbook be used in conjunction with the Department's Performance Management System plan and applicable negotiated agreements for employees in an exclusive bargaining unit, in order to ensure adherence to unique provisions, procedures, and time frames.

1-2 Authorities

A. The Civil Service Reform Act (CSRA) of 1978, P.L. 95-454.

B. Office of Personnel Management (OPM) Regulations, 5 CFR Part 432.

1-3 Exceptions to Handbook Provisions. The Director, Office of Human Resources, Office of Administration, may authorize waivers to the provisions of this Handbook insofar as the waivers are consistent with applicable law, regulations, agency policy and negotiated agreements. Any request for a waiver must be made in writing and must contain sufficient justification to support the need for the exception.

1-4 Definitions. For purposes of this Handbook, the following definitions are used:

AMERICAN OVERSIGHT

0432.01

A. **Acceptable performance** means performance that meets an employee's performance requirement(s) and/or standard(s) at or above the marginally successful level in the critical element(s) at issue.

B. **Critical element** means a component of a position consisting of one or more duties and responsibilities that contributes toward accomplishing organizational goals and objectives and is of such importance that unacceptable performance on the element would result in unacceptable performance in the position.

C. **Days** mean "calendar" days.

D. **Merit Systems Protection Board (MSPB)** is an independent Federal agency used by an employee to seek adjudicative review of reduction in grade or removal actions taken against the employee by the Department. The agency is also empowered to enforce compliance with its final decisions and orders.

E. **Appeal** means a request by an employee to the MSPB for an impartial review of the Department's reduction in grade or removal action.

F. **Performance-based action** means reduction in grade or removal based on unacceptable performance.

G. **OPM** means the Office of Personnel Management.

H. **Current continuous employment** means a period of employment or service, immediately preceding a performance-based action, in the same or similar position without a break in Federal civilian employment of a workday.

I. **Opportunity to demonstrate acceptable performance** means a reasonable opportunity for the employee whose performance has been determined to be unacceptable in one or more critical elements to demonstrate acceptable performance in each critical element at issue.

J. **Reasonable time period** means a specified time period no less than 30 days for the employee to demonstrate acceptable performance of the job duties and responsibilities of the critical element(s) at issue. This time period is established by management and must be of an appropriate duration to enable the employee to demonstrate such acceptable performance.

K. **Opportunity to Improve Performance (OIP) Notice** provides written notice to the employee of each critical element on which performance is determined to have

AMERICAN OVERSIGHT

reached the unacceptable performance level, and advises of performance requirements or standards that must be reached for retention in the position. It also affords the employee an opportunity to demonstrate acceptable performance within a specified time period.

L. **Performance** means accomplishment of work assignments or responsibilities.

M. **Performance standards** mean the expressed measure of the level of achievement established by management for the duties and responsibilities of a position or group of positions. A performance standard may be expressed in, but is not limited to, measurements such as quality, timeliness, cost-effectiveness, quantity, manner of performance, effects desired, etc., or any combination thereof.

N. **Reduction in grade** means the involuntary assignment of an employee to a position at a lower classification or job grading level.

O. **Removal** means the involuntary separation of an employee from employment with the Department.

P. **Similar positions** means positions in which the duties performed are similar in nature and character and require substantially the same or similar qualifications, so that the incumbents could be interchanged without significant training or undue interruption to the work.

Q. **Management Official** means a personnel specialist, Administrative Officer, supervisor, manager, or HUD attorney whose duties include representation of management in administrative cases.

R. **Unacceptable performance** means performance of an employee that fails to meet, at least, the marginally successful performance standard established for one or more critical elements of the employee's position.

S. **Department** means the Department of Housing and Urban Development (HUD).

T. **Reasonable accommodation** means a logical adjustment or modification to a job and/or the work environment that would enable a qualified handicapped person to perform the duties of his or her position.

1-5 Employee Coverage

A. This Handbook applies to all Department employees, except those persons who

AMERICAN OVERSIGHT

are specifically excluded by law, regulation, or elsewhere in this Handbook; and

B. Non-preference eligible employees who serve on excepted service appointments and who have completed one year of current continuous employment in the same or similar position are entitled only to the procedural protections of this Handbook. Conversely, these employees are covered by all provisions of this Handbook if they have completed two years of current continuous employment.

1-6 Employees Excluded

A. Employees in the competitive service who are serving a probationary or trial period under an initial appointment.

B. Employees in the competitive service serving in a type of appointment that requires no probationary or trial period (e.g., status quo or TAPER) who have not completed one year of current continuous employment in the same or similar positions under other than a temporary appointment limited to one year or less.

C. A manager or supervisor who has not completed the one year probationary period under 5 U.S.C. 3321(a)(2), if such a reduction is based on supervisory or managerial performance and the reduction is to the grade held immediately before becoming a supervisor or manager in accordance with 5 U.S.C. 3321(b).

D. Employees in the excepted service who have not completed one year of current continuous employment in the same or similar positions.

E. Employees occupying a position not in the competitive service excluded from coverage by regulations of the OPM.

F. Employees occupying a position in Schedule C as authorized under 5 CFR Part 213.

G. Administrative Law Judges appointed under 5 U.S.C. 3105.

H. Employees in the Senior Executive Service.

I. Employees appointed by the President.

J. Re-employed annuitants.

1-7 General Standards. A performance-based action may not be taken against an employee

AMERICAN OVERSIGHT

if the action is based on unlawful discrimination or a personnel practice prohibited by any law, rule, or regulation, including reprisal for engaging in whistle-blowing activity.

1-8 Delegation of Authority

A. Any supervisor or manager at or above the level of Branch Chief is authorized to issue a notice of proposed performance-based action to an employee whose performance does not meet the acceptable performance level in one or more of the critical element(s) at issue.

B. The decision on a proposed performance-based action must be made by a supervisor or manager who is at an organizationally higher level of the Department, when that exists, than the official who proposed the action. Normally, the Deciding Official should be in the chain of command of the employee subject to the performance-based action.

C. When the Secretary or Deputy Secretary is the Deciding Official, he/she may designate an appropriate official to serve in his or her stead. However, the designee's position must be either equivalent to, or organizationally higher than the position of the person who proposed the action.

D. When the Deputy Secretary is both the Proposing and Deciding Official, the written decision must be concurred in by either an organizationally higher level official, when that exists or the Secretary.

E. The Secretary may serve as both the Proposing and Deciding Official on a performance-based action.

F. The Assistant to the Deputy Secretary for Field Policy and Management is authorized to issue a Decision Notice in the case of an employee to whom a Secretary's Representative issued a notice of proposed performance-based action.

G. Refer to the Department's current, applicable Delegations of Authority for guidance when initiating or taking an action covered by this Handbook.

1-9 Pre-Decision Review Option

A. Before issuing a Decision Notice, the Deciding Official may designate an appropriate official to carry out a review of the proposed performance-based action in such a manner or form as the Deciding Official prescribes, and to report the results of the review to that official. The review may include handling the receipt of written and/or oral replies, conducting inquiries to obtain whatever

AMERICAN OVERSIGHT

additional information is deemed necessary and appropriate, reviewing documentation, making a written report of the results, making a pre-decision recommendation, or any combination thereof.

B. The individual designated to carry out a review of the proposed action shall be an official of the Department who took no part in the events that led to issuance of the Proposal Notice, and who is not subordinate to the Proposing Official.

C. The Deciding Official is not required to carry out a review through a designated official. The decision to carry out such a review is discretionary and rests with the Deciding Official.

1-10 Distribution of Proposal and Decision Notices

A. The original to the employee;

B. Employee's attorney or other representative, if any (decision notice only);

C. The Proposing and Deciding Officials;

D. Appropriate Administrative Service Center's Human Resources Division in the Field when the proposing and/or deciding official is a Field manager; the Office of Human Resources' Labor and Employee Relations Division in Headquarters when the Proposing and/or Deciding Official is a Headquarters manager in an action taken against a Field employee.

E. Appropriate Administrative Officer in Headquarters (Decision Notice Only).

AMERICAN OVERSIGHT

F. Appropriate Field Assistant General Counsel or in Headquarters, the Associate General Counsel for Human Resources Law (to alert counsel in the event the action is appealed to the MSPB or reviewed in a negotiated grievance procedure).

1-11 Timing of Actions

A. Action may be initiated to reduce-in-grade or remove an employee at any time during the performance appraisal cycle when employee's performance in one or more critical elements of the job reaches the unacceptable performance level. (See paragraph 1-4R for definition of unacceptable performance.)

B. A notice of proposed action may not be issued until the employee has been issued an opportunity to improve performance (OIP) notice in writing and has been given a reasonable time to demonstrate acceptable performance. (See paragraph 1-4J for definition of reasonable time.)

C. An advance notice of proposed removal or reduction in grade may consider only instances of performance that are one year old or less at the time the advance notice is issued.

D. The decision to retain, reduce-in-grade, or remove an employee shall be made within 30 days after the expiration of the 30-day advance notice period. Further extension beyond this 60-day period is authorized under the limited circumstances that follow:

1. to obtain and/or evaluate medical information when the employee has raised a medical issue in the answer to a proposed reduction in grade or removal;

2. to arrange for the employee's travel to make an oral reply to an appropriate Departmental official, or the travel of a Departmental official to hear the employee's oral reply;

3. to consider the employee's answer if an extension to the period for an answer has been granted (e.g., because of the employee's illness or incapacitation);

4. to consider reasonable accommodation of a handicapping condition;

5. to consider positions to which the employee might be reassigned and/or

AMERICAN OVERSIGHT

0432.01

reduced-in-grade; and

6. to comply with a stay ordered by a member of the Merit Systems Protection Board under 5 U.S.C. 1208(b).

AMERICAN OVERSIGHT

The Office of Human Resources' Labor and Employee Relations Division staff will coordinate requests to the OPM for extensions beyond 60 days when the need is for reasons other than those specifically authorized above.

E. The decision on a notice of proposed action must be delivered to the employee on or before the effective date of the reduction in grade or removal. If actions are effected on the delivery date, diligence must be taken to ensure the decision notice cites the **exact time** of the effected action. This time must be earlier than the end of the employee's tour of duty on that given day. Consequently, the employee's work schedule (e.g., flextime, etc.) is an important factor.

1-12 Records

A. The Department shall make as part of its records, copies of the following:

1. The Notice of Proposed Action;

2. The employee's written reply and/or summary of any oral reply;

3. Decision Notice;

4. Any supporting material relied upon by HUD to support the decision (including documentation regarding the opportunity afforded the employee to demonstrate accepted performance); and

5. The employee's performance elements and standards, including the date of communication.

B. Departmental records shall be furnished to the MSPB or other third party forum, and to the affected employee or his or her designated attorney or other representative, upon request.

C. Appropriate servicing Administrative Services Center's Human Resources Division in the Field, and Office of Human Resources' Labor and Employee Relations Division in Headquarters are responsible for proper establishment, maintenance, and availability of records relating to performance-based actions covered by this Handbook.

D. When a performance-based action is effected, and the employee has not appealed the action, records shall be retained for four years after the effective date of the action. If the action is appealed, records shall be maintained for four years after

AMERICAN OVERSIGHT

the case is closed, unless a request is received to retain records for use in another forum (e.g., Equal Employment Opportunity Commission).

E. When an employee is not reduced-in-grade or removed because of improved performance shown during the advance notice period, and the employee's performance continues to be acceptable for one year from the date of the advance written notice, any entry or other notation of the performance for which the action was proposed shall be removed from the Department's records.

F. Upon completion of a performance action decided on by a HUD manager or supervisor in Headquarters, the official case file shall be forwarded to, and remain in the custody of, the employee's servicing human resources office.

AMERICAN OVERSIGHT

CHAPTER 2. ADDRESSING UNACCEPTABLE PERFORMANCE

2-1 Performance Counseling/Assistance

A. Supervisors are responsible for assisting employees in achieving and maintaining acceptable performance levels. Towards this end, supervisors should communicate with employees regularly about performance expectations, and provide counseling about specific performance problems as they arise. If performance problems continue, supervisors must consult with the servicing human resources staff as soon as possible to obtain advice and assistance in initiating a performance-based action. This consultation is necessary to ensure technical and procedural consistency of the action.

B. Supervisors should contact the servicing human resources staff and refer employees to one of the Department's Employee Assistance Program (EAP) Counselors for counseling and assistance if the employee indicates, or the supervisor suspects, that the performance problems exhibited are caused by alcoholism, drug dependency, or other personal problems.

2-2 Procedures for Addressing Unacceptable Performance. If, at any time during the appraisal cycle, an employee's performance reaches the unacceptable performance level in one or more critical elements, the supervisor must notify the employee of the critical element(s) involved. This written notification of unacceptable performance constitutes the opportunity to improve performance (OIP) notice. The employee must be afforded:

A. **Communication**. Prior to, or at the time of, giving an OIP notice, the supervisor should inform the employee of the performance requirement(s) that must be met and/or standard(s) that must be attained in order to demonstrate acceptable performance and be retained in the position.

B. **Opportunity to Improve**. Supervisors must give an employee whose performance has reached the unacceptable performance level in one or more critical elements, a reasonable period of time (not less than 30 days) to demonstrate acceptable performance on each critical element at issue. The time period established must be specified in the OIP notice and it must be adequate--commensurate with the duties and responsibilities of the position--to allow the employee an appropriate amount of time to demonstrate acceptable performance. The OIP notice shall include the following information:

1. Each critical element on which performance is at an unacceptable level;

AMERICAN OVERSIGHT

2. A statement and description of the marginally successful performance standard and/or requirements that the employee must attain in order to demonstrate acceptable performance on each critical element at issue by the conclusion of the opportunity to improve; and

3. A reasonable period of time, commensurate with the duties and responsibilities of the employee's position, to demonstrate marginally successful or better performance;

4. Offer of assistance to the employee in attaining marginally successful or better performance;

C. **Assistance**. An employee whose performance has reached the unacceptable performance level must be offered assistance to aid him/her in demonstrating acceptable performance as part of the opportunity to improve. Such assistance may include training (classroom or on-the-job) and/or clarification of performance requirements in any one or combination of counseling sessions or discussions, memoranda, written instructions, or other means which convey the nature and level of performance required of the employee.

D. Supervisor counseling sessions or discussions with employees and memoranda should critique the employee's work, cite specific errors or performance problems, and suggest specific ways on "how to" correct the errors and performance problems. Samples of acceptable work could be provided as a model or guide. A record should be made to document any oral discussions held and the results achieved.

2-3 Completion of the Opportunity to Improve

At the earliest practicable date following expiration of the opportunity to improve, the HUD manager or supervisor shall obtain advice and assistance from the servicing human resources staff before making an acceptable level of performance determination and shall complete one of the following steps:

A. If a determination is made that the employee's performance reached the **marginally successful** performance level on any critical element at issue by the end of the opportunity to improve and there were no critical elements on which the employee's performance remained at the unacceptable level, issue a performance improvement plan (PIP). The PIP shall identify each critical element on which employee's performance reached the marginally successful

AMERICAN OVERSIGHT

level, describe the employee's actual performance, and offer suggestions for reaching a higher performance level. The proposing official shall continue to provide counseling and assistance for each critical element rated marginally successful in an effort to help the employee sustain acceptable performance or reach a higher performance level.

B. If a determination is made that the employee's performance reached the **fully successful** performance level or higher on each critical element at issue by the end of the opportunity to improve, the HUD manager or supervisor shall issue a written notice informing the employee of the performance level reached on each critical element.

C. Any written notice issued to an employee as a result of improved performance by the end of the opportunity to improve, shall also inform the employee that failure to sustain acceptable performance on each critical element for one year from the date of the notice of opportunity to improve could result in a reduction in grade or removal action, without another opportunity to improve in the critical elements at issue.

D. If a determination is made that the employee's performance remained at the **unacceptable** performance level on any critical element at issue by the end of the opportunity to improve, a written notice of proposal to remove or reduce-in-grade must be issued to employee as soon as practicable.

2-4 Extending the Opportunity to Demonstrate Acceptable Performance

The time frame for the opportunity to demonstrate acceptable performance may be extended if the employee's performance has not reached an acceptable performance level, or the HUD supervisor or manager is unable to make a determination that the employee's performance has improved to an acceptable level. Examples of situations where a supervisor or manager may be unable to make an acceptable level of performance determination include:

A. Employee illness during a significant portion of the period of opportunity to improve because the employee cannot be held accountable for work not completed during the period of approved leave; or

B. Administratively uncontrollable reasons for which the employee cannot be held responsible, such as lack of sufficient work or inadequate supervisory assistance during the opportunity to improve.

AMERICAN OVERSIGHT

CHAPTER 3. PROPOSING AND TAKING ACTION BASED ON UNACCEPTABLE PERFORMANCE: REMOVAL OR REDUCTION IN GRADE

3-1 General Provisions

A. The Department may propose or take a performance-based action against an employee only on those critical elements in which the employee is performing unacceptably and on which the employee has had an opportunity to demonstrate acceptable performance.

B. Instances of unacceptable performance **prior to** an opportunity to demonstrate acceptable performance may not be relied upon solely as the basis for proposing a reduction in grade or removal action. These instances of performance serve primarily as the basis for initiating the employee's opportunity to improve. They may be relied upon, however, to support the overall performance determination, as long as the instances occurred within one year prior to the notice of proposed action.

C. Instances of unacceptable performance which occur **during** an opportunity to demonstrate acceptable performance may be used solely or partially to support a proposal notice, as long as the instances of unacceptable performance occurred within one year prior to the notice of proposed action.

D. Instances of unacceptable performance which occur **following** the opportunity to demonstrate acceptable performance may be used solely or partially to propose an action if:

1. employee's performance following the opportunity to improve is unacceptable in one or more of the critical elements which formed the basis of the opportunity to improve (and the employee's performance standards for the critical elements at issue have not been revised substantially); and

2. unacceptable performance occurred within one year from the beginning of the opportunity period.

E. Performance-based actions must be based on critical elements of an employee's position of record. An employee shall continue to hold his/her position of record while on detail to a different position or work assignment. When an employee is detailed to a different position within the Department that is expected to last 120

AMERICAN OVERSIGHT

days or longer, the employee must be provided with written critical elements and

AMERICAN OVERSIGHT

standards and rated at the end of the detail. An employee's performance appraisal from the detail must be considered in deriving employee's next rating of record.

F. Any determination made to propose an action is based primarily on unacceptable performance in the employee's position of record. Therefore, the employee must have been afforded an opportunity to demonstrate acceptable performance in his/her position of record.

G. There is no legal, regulatory, or HUD requirement for a supervisor to consider an employee's improved performance during the 30-day advance notice period.

3-2 Requirements

A. Before proposing or taking a performance-based action, supervisors must obtain advice and assistance from the servicing human resources staff. This consultation is required to ensure technical and procedural consistency of the action with OPM and HUD requirements. It includes the human resources staff's advice on the appropriateness of the performance-based action, adequacy of the evidence, and guidance in drafting the proposal and decision notices.

B. The human resources staff and the Proposing Official must consult with the Associate General Counsel for Human Resources Law in Headquarters regarding the legal sufficiency of proposal notice. When the action will be proposed by a Field manager, consultation with the Associate General Counsel for Human Resources Law in Headquarters must be done through the Field Assistant General Counsel. Such actions are described below:

1. A proposal notice to reduce-in-grade or remove a Headquarters or Field employee at the GS-14 level or higher, or a HUD attorney.

2. A proposal notice to reduce-in-grade or remove a Headquarters employee at the GS-13 level or below when the facts or issues are controversial or precedent-setting.

C. The human resources staff and the Deciding Official must consult with the Associate General Counsel for Human Resources Law or the Field Assistant General Counsel in the Office of General Counsel about the legal sufficiency of a decision to reduce-in-grade or remove a Field employee at the GS-13 level or below (except a HUD attorney) when the facts or issues are controversial or precedent-setting.

AMERICAN OVERSIGHT

D. Paragraphs 3-2B and 3-2C above do not preclude the human resources specialist and/or proposing official from consulting with appropriate individuals in the Office of General Counsel on any case.

3-3 Employee Entitlement. When a reduction in grade or removal for unacceptable performance is proposed, the advance notice of proposed reduction in grade or removal must contain the following information:

A. the action proposed;

B. Specific instances of unacceptable performance on which the proposed action is based;

C. The critical elements involved in each instance of unacceptable performance;

D. Employee's right to be represented by an attorney or other representative;

E. Employee's right to answer both orally and in writing and the time allowed for the answer, which is 15 days; and

F. Any additional information required by government regulations or applicable collective bargaining agreement.

3-4 Notice of Proposal. At the earliest practical date following a determination that the employee's performance remained at the unacceptable level on **any** critical element which formed the basis for the opportunity to improve, the proposing official shall issue a 30-day advance notice which shall include the following information:

A. Whether the specific performance-based action that is being proposed is a reduction in grade or removal. If the action is to be a reduction in grade, the proposed grade and pay rate must be stated. An employee who is involuntarily reduced-in-grade shall normally be placed at the same step of the grade from which he or she is demoted (e.g., from GS-13/3 to GS-12/3);

B. A statement that the action is proposed to be effective not less than 30 calendar days following the date the employee receives the notice;

C. The specific instances of unacceptable performance on which the proposed action is based;

AMERICAN OVERSIGHT

D. The critical element(s) involved in each instance of unacceptable performance;

E. Where material relied on to support the reasons for the proposed action is located and available for review;

F. A statement identifying the name, title, and location of the Deciding Official;

G. A statement that the employee is entitled to answer both orally and in writing, and that any reply submitted to the Deciding Official in a timely fashion will be considered in reaching a final decision on the proposal notice. (The right to answer orally does not include the right to a formal hearing and the appearance of witnesses will not be permitted.);

H. The employee has 15 days to answer the Notice;

1. If the employee wishes additional time in which to answer, he/she must submit a request in writing to the Deciding Official (or designee) before the expiration of the answer period. The request must include the amount of time needed and state a good reason for needing the extension.

2. The Deciding Official shall respond to the employee, in writing, either granting or denying the time extension request.

I. The name of the person who will hear any oral response or receive any written reply, if different from the Deciding Official.

J. A reasonable amount of official time, up to 16 hours, within the authorized reply period for preparing the oral and written responses. The amount of official time authorized for this purpose covers both the employee's oral and written replies;

1. The use of official time must be requested and approved in advance by the employee's supervisor,

2. Requests for additional official time beyond 16 hours to prepare the oral or written reply must be submitted, in writing, to the Deciding Official to be considered for approval. Such request must provide a good reason to justify the need for additional time.

K. Notification that the employee may be represented by an attorney or other representative. The employee must designate the representative, in writing, to the Deciding Official prior to any oral or written reply. If employed by the

AMERICAN OVERSIGHT

Department, the representative is also entitled to official time but only during the oral reply;

L. A statement whether the employee will or will not remain in a duty status during the advance notice period. Under ordinary circumstances, the employee shall remain in a duty status in his/her regular position;

M. A statement informing the employee where this Handbook, pertinent statutes, and OPM regulations are available for review.

3-5 Representation

A. The Department may disallow, as an employee's representative, an individual whose activities as a representative would cause a conflict of interest or position; an employee who cannot be released from his or her official duties because of a priority work assignment; or an employee whose release would give rise to unreasonable costs to the Government.

B. A human resources specialist, Administrative Officer, supervisor, manager, or HUD attorney whose duties include representation of management in administrative cases is considered to be a part of management. As such, they may be called upon to testify for management in an MSPB hearing or other administrative proceeding. Therefore, they may not accept a request to represent, or assist in representing, an employee in connection with a performance-based action.

C. A HUD management official may not use a union official to represent him/her in any action taken under the provisions of this Handbook under no circumstances.

3-6 Employee's Reply

A. The Deciding Official may designate an individual to hear the employee's oral reply. The designee may not be the official who issued the Notice of Proposed Action. In addition, the designee must not be subordinate to the official who proposed the action. The designee must, however, be in a position to effectively recommend or actually decide on the proposed action.

B. The Deciding Official or designee who hears the oral reply is reminded that the employee or his/her designated representative has the right to say whatever he/she wishes to influence the decision on the proposed action.

AMERICAN OVERSIGHT

C. If the employee makes an oral reply, the Deciding Official, or his/her designee, shall prepare a written summary or arrange for a verbatim transcript of the

AMERICAN OVERSIGHT

meeting. If a court reporter is used, the cost will be incurred by the HUD program office. The summary or transcript shall become part of the Department's record.

D. The employee's oral and written replies, if made, shall both become a part of the Department's record.

3-7 Employee Entitlements. When a reduction-in-grade or removal for unacceptable performance is decided, the decision notice must provide the following information:

A. A notice of time limits for appealing to MSPB, including the Board's requirements on timeliness and the address of the appropriate Board office for the appeal.

B. A copy, or access to a copy of the MSPB regulations;

C. A copy of MSPB's appeal form; and

D. A notice of any rights the employee has to file a grievance and/or appeal.

3-8 Notice of Decision. The Deciding Official shall issue a decision notice within 30 days after the end of the advance notice period, or following expiration of the period within which the employee was given the opportunity to respond. The decision notice shall include the following information:

A. The performance-based action being taken and specific instances of unacceptable performance on which the action is based:

1. If charges and instances of unacceptable performance are stated with specificity in the proposal notice, it is only necessary to reference them in the decision notice. A direct reference to the charges and instances of unacceptable performance found sustained will be sufficient;

2. The decision notice should specify which instances of unacceptable performance are being relied on and which are not where all of the instances cited in the proposal notice are not accepted by the Deciding Official; and

AMERICAN OVERSIGHT

3. Any instances cited in the final notice must have occurred during the one year period ending on the date of issuance of the advance notice of proposed action.

B. A statement that the Deciding Official considered the issues raised by the employee in the oral and/or written reply, if made:

Communication between the proposing and deciding officials is allowed. In the interest of due process, however, the employee must be afforded a fair opportunity to respond to any new arguments or evidence shared among the officials and considered in reaching a decision;

C. A statement of whether the action decided is the same as that proposed, or different;

D. The effective date of the decided action, which must not be less than 30 days following the date the employee received the advance notice of proposed performance-based action. If a Saturday, Sunday, or holiday is the last day of the notice period, the notice period is automatically extended to the next workday;

1. The decision notice must be issued to the employee at or before the time the action will be made effective.

2. A decision will be made within 30 days following expiration of the 30-day advance notice period.

3. The time limit for issuance may be extended for a limited amount of time under certain circumstances. (Refer to paragraph 1-11D.);

E. A statement that the employee may appeal the decision to the MSPB. Employees covered by a collective bargaining agreement, may elect to appeal to the MSPB, or the Union may invoke arbitration, but not both. The address of the appropriate MSPB Regional Office must also be provided;

F. A statement of the time limit for appealing to the MSPB which is not later than 30 calendar days after the effective date of the performance-based action;

G. If the employee has raised discrimination as an issue in his or her reply, the employee should be advised of the right to one of the following: (1) raise the claim as an affirmative defense in an MSPB appeal action; (2) file an equal

AMERICAN OVERSIGHT

employment opportunity (EEO) discrimination complaint; or (3) file a discrimination grievance under a negotiated grievance procedure, if applicable.

H. A copy of the MSPB regulations;

I. A copy of MSPB's appeal form;

J. Information on applying for disability retirement when he or she is being removed from the Federal service, if the employee has the requisite years of service and he or she alleges a medical condition as the cause of his or her performance problems; and

K. Specification of the employee's potential eligibility for discontinued service retirement when the employee has 25 years of more creditable civilian service, and the decision to be effected is removal from the Federal service.

3-9 Administrative Guidance

A. Performance evaluation should be an ongoing process which includes periodic communication between supervisors and employees. Thus, supervisors are to undertake timely employee counseling as an effective means of addressing performance problems as they arise. Counseling employees about specific performance deficiencies as soon as they arise and offering appropriate assistance can often prevent more serious performance problems.

B. If the employee indicates, or the supervisor strongly suspects, that an employee's performance deficiencies are the result of, or have been affected by, alcoholism, drug dependency, emotional problems, family pressures, or other problems of a personal nature, the supervisor should refer the employee to the Department's employee assistance program (EAP) for counseling and assistance as appropriate.

C. Unacceptable performance requires specific attention to ensure an effective solution of the problem. While substandard performance must be corrected, the corrective action normally does not include the application of discipline unless it is believed that a disciplinary action can motivate a change in behavior which can remedy the cause of the performance problem. The problem may be corrected by reassigning the employee to a position with different duties, eliminating workload imbalances, additional training, and/or restructuring of the current position. The preceding options are at the discretion of the supervisor and in no way are intended to preclude a supervisor from reducing in grade or removing an employee for unacceptable performance.

AMERICAN OVERSIGHT

D. There is no HUD requirement for a supervisor to consider an employee's performance following the opportunity to improve period as long as the instances occurred within one year prior to the notice of proposed action. Where numerical standards are prorated during the opportunity to improve period, the proposal notice must meet the annual numerical standard in the year preceding the proposal notice. In these cases, it may be necessary to cite instances of unacceptable performance which occurred outside of the opportunity to improve period in order to demonstrate sufficiently the employee's failure to perform acceptably.

AMERICAN OVERSIGHT

0432.01

CHAPTER 4. MEDICAL DETERMINATIONS/REASONABLE ACCOMMODATION

4-1 Americans with Disabilities Act

A. The Americans with Disabilities Act (ADA) which was enacted July 26, 1990, specifically Title V, Section 512, amends the Rehabilitation Act of 1973 to exclude persons who currently illegally engage in the use of drugs from the definition of an individual with a handicap. With respect to claims of discrimination, this means that the Department has no legal obligation under the Rehabilitation Act to provide reasonable accommodation to individuals whose performance problems are caused by current illegal drug usage.

B. For purposes of Title V of the ADA, the term "individual with handicaps" does not include an individual who is currently engaging in the illegal use of drugs when an employer takes action on the basis of such use.

C. The Rehabilitation Act, as amended in 1992 by Section 104(c) of the ADA, provides that:

D. A covered entity (1) may prohibit ... the use of alcohol at the workplace by all employees; (2) may require that employees shall not be under the influence of alcohol ... at the workplace; ... (4) may hold an employee who ... is an alcoholic to the same qualification standards for employment or job performance and behavior that such entity holds other employees even when unsatisfactory performance or behavior is related to the ... alcoholism of such employees ...

4-2 Medical Considerations

A. Medical documentation may be helpful in determining whether a particular accommodation is feasible and reasonable under the circumstances. If an employee alleges in an oral or written reply to a proposed action that a medical condition is causing the unacceptable performance, he or she must be afforded an opportunity (1) to explain how the medical condition contributed to his or her performance problems; (2) to provide any medical documentation concerning the nature of the condition to the agency for review; and (3) for consideration of any request for accommodation(s) which the employee believes will allow him or her to perform in an acceptable manner such as treatment or rehabilitation. 5 CFR Part 339 contains considerable guidance concerning medical issues relating to employees with performance problems.

AMERICAN OVERSIGHT

B. An employee may be offered (or ordered to take, if authorized) a medical examination in connection with his or her claim of a medical condition which impacts upon performance. Consideration must be give to the affirmative obligations of 29 CFR Part 1613.704 (Reasonable Accommodation) when an employee asserts that his/her medical condition contributed to the performance problems at issue.

C. When the employee requests an accommodation which would require additional time to demonstrate acceptable performance following treatment and/or rehabilitation for his or her medical condition, consideration should be given to extending the notice period of the action, putting a decision to take action in abeyance, or entering into some form of last chance agreement with the employee.

D. If an employee alleging a medical condition has the requisite years of service under the Civil Service Retirement System or the Federal Employees Retirement System, he or she shall be provided information concerning application for disability retirement. This process should not preclude or delay any decision on the performance-based action.

4-3 Alcoholism and Drug Abuse

A. When proposing a performance-based action that may be attributable to alcoholism or drug abuse, refer to HUD's Drug-Free Workplace Plan and to HUD's Employee Assistance Program, Handbook 792.2 REV-3, dated August 12, 1997, or current edition for guidance.

B. If a supervisor or manager knows, or has reasonable grounds to believe, that the employee's performance might be attributed to alcoholism or drug addiction, the employee must be made aware in general terms: (1) that the supervisor or manager suspects he/she has a problem that is affecting his or her performance; (2) that counseling is available through the Department's Employee Assistance Program; and (3) that the supervisor or manager recommends that the employee participate in a rehabilitation and/or counseling program. The supervisor or manager must allow the employee to take leave to participate in such a program, if necessary to meet any reasonable accommodation requirements under the ADA.

C. Supervisors may provide reasonable accommodation for employee drug addiction or alcoholism when the individual circumstances in the case warrant it, even

AMERICAN OVERSIGHT

though the ADA removes illegal drug addiction as a handicapping condition.

AMERICAN OVERSIGHT

D. Last chance agreements may be appropriate in some cases. However, it is important that the Deciding Official, employee, and employee's representative sign the agreement. Last chance agreements are best used to delay a decision on a proposed action after the Deciding Official has concluded that the proposed action is merited and that there is a chance of improving the employee's performance.

4-4 Employee Assistance Program

Supervisors must offer an opportunity for counseling and assistance through the Department's Employee Assistance Program to employees whose performance problems are suspected to be causally related to a documented medical condition, alcoholism, or drug addiction.

AMERICAN OVERSIGHT

U.S. MERIT SYSTEMS PROTECTION BOARD

APPEAL FORM

INSTRUCTIONS

GENERAL: You do not have to use this form to file an appeal with the Board. However, if you do not, your appeal must still comply with the Board's regulations. 5 C.F.R. Parts 1201 and 1209. Your agency's personnel office will give you access to the regulations, and the Board will expect you to be familiar with them. You also should become familiar with the Board's key case law and controlling court decisions as they may affect your case. **You must tell the Board if you are raising an affirmative defense** (see Part IV), and **you are responsible for proving each defense you raise.**

WHERE TO FILE AN APPEAL: You must file your appeal with the Board's regional or field office which has responsibility for the geographic area in which you are employed. See 5 C.F.R. Part 1201, Appendix II.

WHEN TO FILE AN APPEAL: Your appeal must be filed during the period beginning with the day after the effective date of the action you are appealing and ending on the 30th day after the effective date. You may not file your appeal before the effective date of the action you are appealing. If you are appealing from a decision which does not set an effective date, you must file within 35 days of the date of the decision you are appealing. If your appeal date your is late, it may be dismissed as untimely. The date of the filing is the appeal is postmarked, the date of the facsimile transmission, the date it is delivered to a commercial overnight delivery service, or the date of receipt if you personally deliver it to the regional or field office.

HOW TO FILE AN APPEAL: You may file your appeal by mail, by facsimile, by commercial overnight delivery, or by personal delivery. You must submit two copies of both your appeal **and** all attachments. You may supplement your response to any question on separate sheets of paper, but if you do, please put your name and address at the top of each additional page. All of your submissions must be legible and on 8 1/2" x 11" paper. **Your appeal must contain your or your representative's signature in block 6. If it does not, your appeal will be rejected and returned to you. If your representative signs block 6, you must sign block 11 or submit a separate written designation of representative.**

WHISTLEBLOWING APPEAL/STAY REQUEST: If you believe the action you are appealing was threatened, proposed, taken, or not taken because of whistleblowing activities, **you must complete Part VII of this form. If you are requesting a stay, you must complete Part VIII of this form.**

Privacy Act Statement: *This form requests personal information which is relevant and necessary to reach a decision in your appeal. The U.S. Merit Systems Protection Board collects this information in order to process appeals under its statutory and regulatory authority. Since your appeal is a voluntary action you are not required to provide any personal information in connection with it. However, failure to supply the U.S. Merit Systems Protection Board with all the information essential to reach a decision in your case could result in the rejection of your appeal.*

The U.S. Merit Systems Protection Board is authorized under provisions of Executive Order 9397, dated November 22, 1943, to request your Social Security number, but providing your Social Security number is voluntary and failure to provide it will not result in the rejection of your appeal. Your Social Security number will only be used for identification purposes in the processing of your appeal.

You should know that the decisions of the U.S. Merit Systems Protection Board on appeals are final administrative decisions and, as such, are available to the public under the provisions of the Freedom of Information Act. Additionally, it is possible that information contained in your appeal file may be released as required by the Freedom of Information Act. Some information about your appeal will also be used in depersonalized form as a data base for program statistics.

Public Reporting Burden: *The public reporting burden for this collection of information is estimated to vary from 20 minutes to 1 hour, with an average of 30 minutes per response, including time for reviewing the form, searching existing data sources, gathering the data necessary, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of the collection of information, including suggestions for reducing this burden, to the Office of Planning and Resource Management Services, Merit Systems Protection Board, 1120 Vermont Ave., NW., Washington, DC 20419.*

Part I Appellant Identification

1. Name *(last, first, middle initial)*	2. Social Security Number
3. Present address *(number and street, city, state, and ZIP code)* **You must notify the Board of any change of address or telephone number while the appeal is pending with the MSPB.**	4. Home phone *(include area code)* 5. Office phone *(include area code)*
6. I certify that all of the statements made in this appeal are true, complete, and correct to the best of my knowledge and belief.	**Signature of appellant or designated representative** Date signed

AMERICAN OVERSIGHT

HUD-17-0235-C-001843

Part II Designation of Representative

7. You may represent yourself in this appeal, or you may choose someone to represent you. Your representative does not have to be an attorney. You may change your designation of a representative at a later date, if you so desire, but **you must notify the Board promptly of any change**. Where circumstances require, a separate designation of representative may be submitted after the original filing. Include the information requested in blocks 7 through 11.

"I hereby designate _____ to serve as my representative during the course of this appeal. I understand that my representative is authorized to act on my behalf. In addition, I specifically delegate to my representative the authority to settle this appeal on my behalf. I understand that any limitation on this settlement authority must be filed in writing with the Board."

8. Representative's address *(number and street, city, state, and ZIP code).*	9. Representative's employer
	10.a) Representative's telephone number *(include area code)*
	10.b) Representative's facsimile number
	11. **Appellant's signature** Date

Part III Appealed Action

12. Briefly describe the **agency action** you wish to appeal and attach the proposal letter and decision letter. If you are appealing a decision relating to the denial of retirement benefits, attach a copy of OPM's **reconsideration decision**. If the relevant SF-50 or its equivalent is available, send it now; however, do NOT delay filing your appeal because of it. You may submit the SF-50 when it becomes available. Later in the proceeding, you will be afforded an opportunity to submit detailed evidence in support of your appeal.

13. Name and address of the agency that took the action you are appealing *(including bureau or other divisions, as well as street address, city, state and ZIP code)*		14. Your position title and duty station at the time of the action appealed
15. Grade at time of the action appealed	16. Salary at the time of the action appealed $ per	17. Are you a veteran and/or entitled to the employment rights of a veteran? ☐ *Yes* ☐ *No*
18. Employment status at the time of the action appealed ☐ *Temporary* ☐ *Applicant* ☐ *Retired* ☐ *Permanent* ☐ *Term* ☐ *Seasonal*	19. If retired, date of retirement *(month, day, year)*	20. Type of service ☐ *Competitive* ☐ *SES* ☐ *Excepted* ☐ *Postal Service* ☐ *Foreign Service*
21. Length of government service	22. Length of service with acting agency	23. Were you serving a probationary or trial period at the time of the action appealed? ☐ *Yes* ☐ *No*
24. Date you received written notice of the proposed action *(month, day, year) (attach a copy)*	25. Date you received the final decision notice *(month, day, year) (attach a copy)*	26. Effective date of the action appealed *(month, day, year)*

AMERICAN OVERSIGHT
HUD-17-0235-C-001844

27. Explain briefly why you think the agency was wrong in taking this action.

28. Do you believe the penalty imposed by the agency was too harsh?

☐ *Yes* ☐ *No*

29. What action would you like the Board to take on this case (i.e., what remedy are you asking for)?

Part IV Appellant's Defenses

30.a) Do you believe the agency committed harmful procedural error(s)?

☐ *Yes* ☐ *No*

30.b) If so, what is (are) the error(s)?

30.c) Explain how you were harmed by the error(s).

31.a) Do you believe that the action you are appealing violated the law?

☐ *Yes* ☐ *No*

31.b) If so, what law?

31.c) How was it violated?

32.a) If you believe you were discriminated against by the agency, **in connection with the matter appealed**, because of your race, color, religion, sex, national origin, marital status, political affiliation, disability, or age, indicate so and explain why you believe it to be true.

32.b) Have you filed a **formal** discrimination complaint with your agency or any other agency concerning the matter which you are seeking to appeal? ☐ *Yes (attach a copy)* ☐ *No*

32.c) If yes, place filed *(agency, number and street, city, state, and ZIP code)*

32.d) Date filed *(month, day, year)*

32.e) Has a decision been issued?

☐ *Yes (attach a copy)* ☐ *No*

AMERICAN OVERSIGHT

HUD-17-0235-C-001845

33.a) Have you, or anyone in your behalf, filed a formal grievance with your agency concerning this matter, under a negotiated grievance procedure provided by a collective bargaining agreement? ☐ *Yes (attach a copy)* ☐ *No*	33.b) Date filed *(month, day, year)*
33.c) If yes, place filed *(agency, number and street, city, state, and ZIP code)*	33.d) Has a decision been issued? ☐ *Yes (attach a copy)* ☐ *No* 33.e) If yes, date issued *(month, day, year)*

Part V Hearing

34. You may have a right to a hearing on this appeal. If you do not want a hearing, the Board will make its decision on the basis of the documents you and the agency submit, after providing you and the agency with an opportunity to submit additional documents.

Do you want a hearing? ☐ *Yes* ☐ *No*

If you choose to have a hearing, the Board will notify you where and when it is to be held.

Part VI Reduction In Force

INSTRUCTIONS

Fill out this part only if you are appealing from a Reduction in Force. Your agency's personnel office can furnish you with most of the information requested below.

35. Retention group and sub-group	36. Service computation date	37.a) Has your agency offered you another position rather than separating you? ☐ *Yes* ☐ *No*
37.b) Title of position offered	37.c) Grade of position offered	37.d) Salary of position offered $ per
37.e) Location of position offered		37.f) Did you accept this position? ☐ *Yes* ☐ *No*

38. Explain why you think you should not have been affected by the Reduction In Force. *(Explanations could include: you were placed in the wrong retention group or sub-group; an error was made in the computation of your service computation date; competitive area was too narrow; improperly reached for separation from competitive level; an exception was made to the regular order of selection; the required number of days notice was not given; you believe you have assignment [bump or retreat] rights; or any other reasons. Please provide as much information as possible regarding each reason.)*

AMERICAN OVERSIGHT

HUD-17-0235-C-001846

Part VII Whistleblowing Activity

INSTRUCTIONS

Complete Parts VII and VIII of this form only if you believe the action you are appealing is based on whistleblowing activities.

39.a) Have you disclosed information that evidences a violation of any law, rule, or regulation; gross mismanagement; a gross waste of funds; an abuse of authority; or a substantial and specific danger to public health or safety? ☐ *Yes (attach a copy or summary of disclosure)* ☐ *No*	39.b) If yes, provide the name, title, and office address of the person to whom the disclosure was made
39.c) Date the disclosure was made *(month, day, year)*	

40. If you believe the action you are appealing was... *(please check appropriate box)*

☐ *Threatened* ☐ *Proposed*

☐ *Taken* ☐ *Not Taken*

...because of a disclosure evidencing a violation of any law, rule, or regulation; gross mismanagement; a gross waste of funds; an abuse of authority; or a substantial and specific danger to public health or safety, provide:

a) a chronology of facts concerning the action appealed; and

b) explain why you believe the action was based on whistleblowing activity and attach a copy of any documentary evidence which supports your statement.

AMERICAN OVERSIGHT

HUD-17-0235-C-001847

41.a) Have you sought corrective action from the Office of Special Counsel concerning the action which you are appealing? ☐ *Yes (attach a copy of your request to the Office of Special Counsel for corrective action)* ☐ *No*	41.b) If yes, date(s) filed *(month, day, year)*
41.c) Place filed *(location, number and street, city, state, and ZIP code)*	
42. Have you received a written notice of your right to file this appeal from the Office of Special Counsel? ☐ *Yes (attach a copy)* ☐ *No*	
43.a) Have you already requested a stay from the Board of the action you are seeking to appeal? ☐ *Yes (attach a copy)* ☐ *No*	43.b) If yes, date requested *(month, day, year)*
43.c) Place filed *(location, number and street, city, state, and ZIP code)*	43.d) Has there been a decision? ☐ *Yes (attach a copy)* ☐ *No*

Part VIII Stay Request

INSTRUCTIONS

You may request a stay of a personnel action allegedly based on whistleblowing at any time after you become eligible to file an appeal with the Board under 5 C.F.R. 1209.5, but no later than the time limit set for the close of discovery in the appeal. The stay request may be filed prior to, simultaneous with, or after the filing of an appeal. When you file a stay request with the Board, you must simultaneously serve it upon the agency's local servicing personnel office or the agency's designated representative. 5 C.F.R 1209.8.

If your stay request is being filed prior to filing an appeal with the Board, you must complete Parts I and II and items 41 through 43 above.

44. On separate sheets of paper, please provide the following. Please put your name and address at the top of each page.

a. A chronology of facts, including a description of the disclosure and the action taken by the agency (unless you have already supplied this information in Part VII above).

b. Evidence and/or argument demonstrating that the:

(1) action threatened, proposed, taken, or not taken is a personnel action, as defined in 5 C.F.R. 1209.4(a); and

(2) action complained of was based on whistleblowing, as defined in 5 C.F.R. 1209.4(b) (unless you have already supplied this information in Part VII above).

c. Evidence and/or argument demonstrating that there is a substantial likelihood that you will prevail on the merits of your appeal of the personnel action.

d. Documentary evidence that supports your stay request.

e. Evidence and/or argument addressing how long the stay should remain in effect.

f. Certificate of service specifying how and when the stay request was served on the agency.

g. You **may** provide evidence and/or argument concerning whether a stay would impose extreme hardship on the agency.

How to Access Collective Bargaining Agreements

AMERICAN OVERSIGHT

This page intentionally left blank

AMERICAN OVERSIGHT

How to Access Collective Bargaining Agreements

First, determine which collective bargaining agreement, or CBA, (also known as a union contract) applies to the employee.

- Check the employee's Bargaining Unit Status (BUS) Code. This is found in Box 37 of the employee's Notification of Personnel Action (SF-50) in the personnel file. Contact your ELR Specialist with questions.

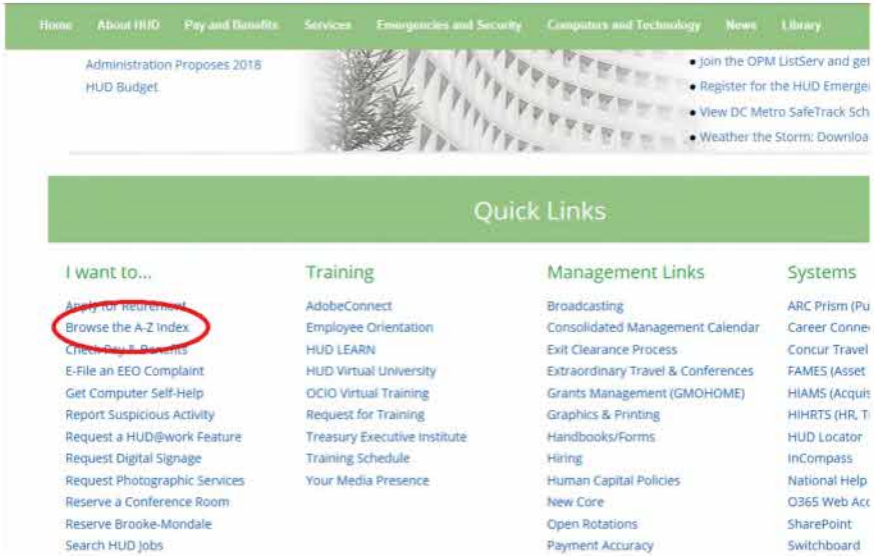
Then, access the applicable CBA using the link provided.

Bargaining Unit Status (BUS) Code	Applicable Collective Bargaining Agreement	Link on hud@work
1010	American Federation of Government Employees (AFGE)	http://hudatwork.hud.gov/HUD/chco/doc/AFGEContract22015a.pdf
1120	American Federation of Government Employees (AFGE)	http://hudatwork.hud.gov/HUD/chco/doc/AFGEContract22015a.pdf
1603	National Federation of Federal Employees (NFFE) Local 259 (Memphis)	Not currently available on-line. Contact your ELR Specialist for a copy. Also be aware of the June 6, 2013 Supplement concerning performance, and request a copy of that also.
1661	NFFE Local 1804 (Detroit)	Not currently available on-line. Contact your ELR Specialist for a copy. Also be aware of Supplement 20, dated May 23, 2013, and request a copy of that also.
1806	NFFE Local 1450	http://hudatwork.hud.gov/HUD/regions/doc/NFFE1450LMAJuly272016
1810	NFFE Local 1450	http://hudatwork.hud.gov/HUD/regions/doc/NFFE1450LMAJuly272016

AMERICAN OVERSIGHT

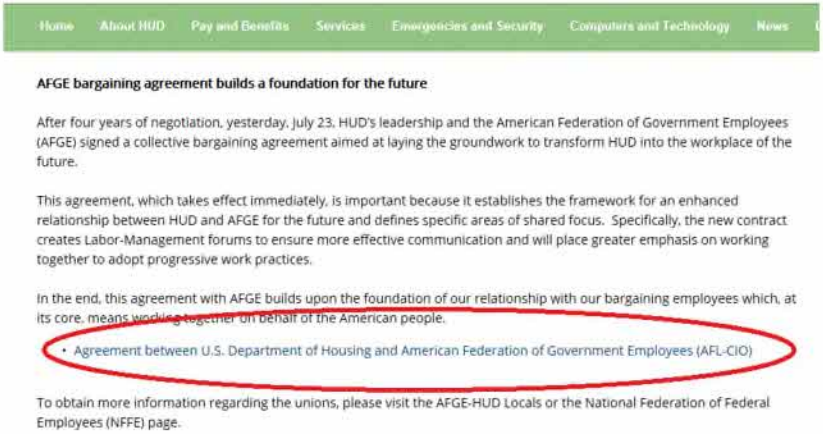
Alternate methods of accessing CBAs using hud@work

1. From the hud@work homepage, scroll down to "Quick Links" and select "Browse the A-Z Index"



2. From the Index, select "Union Information"

3. To select the AFGE contract



4. To select the NFFE 1450 contract
   - Access "NFFE Information" from the "Union Information page"

   - Select "Labor Management Agreement"

AMERICAN OVERSIGHT

THIS DOCUMENT IS AN EXAMPLE ONLY
MANAGERS AND SUPERVISORS MUST CONSULT WITH THE EMPLOYEE AND LABOR RELATIONS DIVISION PRIOR TO ISSUING A PERFORMANCE COUNSELING MEMO

April 24, 2017

MEMORANDUM FOR:

FROM:

SUBJECT: Performance Counseling Memorandum

This counseling memorandum is an update regarding your performance to date during the 2017 rating cycle. You are hereby advised that my assessment of your performance so far in FY2017 is that you remain below the acceptable standard in your elements primarily because the following assignments remain outstanding:

1. MN007 – due 9/30/16
2. NM066 – due 9/30/16
3. UT002 – due 6/30/16
4. WI193 – due 9/30/16
5. LA247 – due 3/31/17

Your Performance Expectations to reach an acceptable level of performance for your Critical Elements – Analysis, Conducting Studies and Reviews, Representation, Work Management, and Written Documents, Correspondence, and Reports

Goal	Activity	How to Accomplish	Start Date	Projected Completion Date
1	**The following assignments – TX537, AR068, IN025 NC165, NY402 – were submitted within required timeframe.**			
2	Complete 2016 Overdue Assignments – MN007, NM066, WI193, UT002, 2nd QTR. 2017 - LA247, 3rd QTR. 2017 - NY028, NH013	Follow the VMS Protocol and ensure all assignments are completed.	4/01/17	6/30/17
3	Complete Postponed 3rd QTR. Assignments – SD047, WA017, and all 4th QTR. Assignments	Follow the VMS Protocol and ensure all assignments are completed.	7/01/17	9/30/17
4	Follow VMS Protocol	Keep SharePoint up to date per the VMS Protocol and document all correspondence with PHAs		

AMERICAN OVERSIGHT

THIS DOCUMENT IS AN EXAMPLE ONLY
MANAGERS AND SUPERVISORS MUST CONSULT WITH THE EMPLOYEE AND LABOR RELATIONS DIVISION PRIOR TO ISSUING A PERFORMANCE COUNSELING MEMO

Progress Checkpoints: The following schedule will be used to evaluate your progress in meeting your Improvement activities.

Goal	Activity	Checkpoint Date	Type of Follow-up	Progress Expected	Notes
1	Provide supervisor progress update on completion of assignments	4/28/17 5/12/17 5/26/17 6/9/17 6/23/17 6/30/17	E-Mail and Telephone	(1) report due 4/28/17, (1) due 5/12/17, (1) due 5/26/17, (2) due 6/9/17, (1) due 6/23/17, and (1) due 6/30/17	Status of each remaining overdue reports also to be reported at checkpoint

Timeline for Improvement, Consequences & Expectations:

You will be given until **June 30, 2017** to demonstrate acceptable performance on Critical Elements 1, 2, 3, 4, and 5. Any impediments to meeting the above deadlines should be brought to my attention within 24 hours of your becoming aware of the impediment and before the work deadline and/or completion of the assignment.

The assignment for LA247 was not completed by the required deadline of March 31, 2017; therefore, I am extending the completion deadline into the 3rd quarter. However, if you do not meet the deadline for the assignments listed under Goal # 2 by June 30, 2017, I will be forced to issue you an Opportunity to Improve Notice (OIP).

If you are experiencing personal problems that you feel make is affecting your job performance, I encourage you to seek assistance through the Department's Employee Assistance Program (EAP). Participation in the EAP is voluntary, and your discussions are kept strictly confidential. To schedule an appointment, you may contact the counselors in the HUD Health Unit, room 7239; by calling (202) 708-1726, or you may contact an EAP counselor 24 hours a day, 7 days a week by calling 1-800-222-0364.

It is my desire to see you succeed in your position. I firmly believe this unfavorable situation can be eliminated by positive action on your part, providing you completely understand the seriousness of your performance.

AMERICAN OVERSIGHT

THIS DOCUMENT IS AN EXAMPLE ONLY
MANAGERS AND SUPERVISORS MUST CONSULT WITH THE EMPLOYEE AND LABOR RELATIONS DIVISION PRIOR TO ISSUING A PERFORMANCE COUNSELING MEMO

March 13, 2017

MEMORANDUM FOR:

FROM:

SUBJECT: Performance Counseling Memorandum

This counseling memorandum addresses your performance to date during the 2017 rating cycle. Critical Elements for this FY2017 period were communicated to you on (INSERT DATE) and reviewed with you again in person on January 11, 2017. You are hereby advised that my assessment of your performance so far in FY2017 is that you are operating below an acceptable level of performance.

This memorandum is intended to provide specific tasks to help you demonstrate acceptable performance.

1. Collaboration: Teamwork (critical element)

Improve coordination with team members which results in enhanced collaboration, problem solving and effective communication within Administration – Field Support Services.

You can improve your performance by doing the following:

- You will need to ensure any current existing issues are resolved in a timely manner 24 to 48 hours within receipt either verbal or via e-mail. Ensure a back-up for any pending issues when you are absent and timely follow-up upon your return to the office. Please ensure the back-up identified is available when you are out of the office.
- You will need to provide clear, concise, and accurate communication to the contractors and RSM. This includes ensuring that everyone on the Admin team knows when items have been completed to ensure there is no duplication.
- You will need to ensure before decisions have been made and communication provided that all necessary policy and procedures have been reviewed for accuracy and reviewed with RSM prior to responding back to either staff or RSM.
- You will need to demonstrate effective working relationships with all Region 10 staff with positive results. This includes being respectful with other staff and managers in communication and problem solving, taking responsibility for any errors that have been committed and engaging in immediate course correction.
- Respectful communication in e-mail will be responding in full sentences and actively responding with a positive, customer friendly tone.

  Example: If a customer e-mails AO, please respond back with thank you and we will follow up. As a supervisor, if RSM provides AO with a directive, please respond back that you are in receipt and thank you. Previous responses have been "Roger That", "Copy That", which AO has indicated is a military jargon. RSM had to inquire with AO about the origin of this language as RSM was not familiar. Please utilize civilian language when communicating to all parties.

AMERICAN OVERSIGHT

- You need to follow instructions and directives provided by RSM without RSM continuously repeating instructions or directives after they have been provided both verbally and in written format.

2. Operational Excellence: Customer Service (critical element)

Improve the overall level of customer service provided to Office of Administration customers, ensure accountability, enhance service delivery and improve internal/external communication and coordination.

You can improve your performance by doing the following:

- You must ensure that the supply inventory is up-to-date with all four offices (Anchorage, Boise, Portland, and Seattle). Along with RSM's guidance, continue to develop the outlined systematic approach to purchasing supplies to ensure that employees in all four offices receive needed supplies.
- Ensure that an identified back-up WebTA person is available and any pending items are completed before being on leave/attending training and/or ensure the proper contacts have been communicated to RSM for resolution at least 1 day before absence.
- Ensure that employees have necessary information for accessing and gathering necessary supplies or needed items. Complete follow-up in a time manner and track whether employees received the requested supply. In addition, once received and supply issued, follow-up with employee in writing acknowledging that supply has been provided and/or follow-up with contractor in ensuring these steps have been completed.
- Identify what processes need to be identified and strengthened for customers.
- Attend training in effective communication both verbal and written to enhance skills in this area to effectively engage with all staff in a respectful and courteous communication.
- Read all pending e-mails prior to responding and moving forward on any action, particularly when there has been an absence from the office. If unsure, please connect with RSM prior to proceeding as movement may have occurred on action item during absence.
- If an extension is required to complete any pending assignments or task, please ensure to follow-up with RSM to request an extension for complete. Recommend creating a daily "To Do List or Pending Item List" to ensure items are completed.
- Any customer service items that require a response within the 24/48-hour timeframe, please follow-up with customer and indicate that we are in receipt and will follow-up.
- Attend training on organization – organizing e-mails, project management, etc.

3. Book of Business: Data Base/Accounting Management (critical element)

Responsible for financial transactions in assigned offices Office of Field Support Services' (OFSS) checkbook and, as the top product produced, the incumbent exercises due diligence while producing impeccable end products. Any exceptions to applicable protocols result in immediate notification to the supervisor.

You can improve your performance by doing the following:

- All ANSRS submissions should have cost estimates attached and if there are supplies the GSA Cart needs to show item, quantity, and price. The expectation is that accurate cost estimates are provided in initial ANSRS request.
- All Transit Vouchers, Reimbursement Vouchers, and MORFS are submitted with correct

AMERICAN OVERSIGHT

accounting information and follow the instructions in accordance with OFSS standard operating procedures. This means these vouchers should not be returned from Budget staff for correction.

- If a voucher or MORF is returned, do not correct and send back without having RSM review prior
- to resubmission. Be familiar with the OFSS SOPs and participate in any training provided by OFSS on this subject.
- Bankcard statements should be reconciled in CitiDirect, error free, and submitted by 9 of each month. Monthly bankcard statement and all required documentation is provided to to RSM by the 9 of each month. Recommend setting a calendar reminder to complete statements and submissions by the specified due dates.
- Follow the written and verbal instructions provided by the RSM regarding expectations for procurement.
- Run Discoverer budget and transaction reports on a weekly basis and ensure all budget tracking spreadsheets are accurate and up-to-date. Ensure Discoverer funding matches budget tracking spreadsheets.
- Actively participate in a weekly budget meeting with RSM to review Discoverer reports, budget tracking spreadsheets, and credit card transactions.
- Ensure RSM reviews all IPP or non-IPP system invoices prior to submission and meet the submission deadline of 3 to 5 days for receipt of notification.

4. Personal Investment: Innovation and Learning (critical element)

Reduce mission-critical and general skill gaps by targeting identified competency gaps or mentoring opportunities.

You can improve your performance by doing the following:

- Enroll in training courses through Star12 related to communication, project management, time management, crucial conversations. Please seek RSM approval before signing up for training.
- When available, proactively participate in training for procurement, purchase cards, budget tracking, etc.
- Ensure all pending activities have been completed prior to scheduled absences.

5. Operational Excellence – Admin Officer Operations (critical element)

Assures one-stop client experience for a number of Office of Field Support Services (OFSS) field office functions (mail, printing, time and attendance policy, facility management, records management, furniture/equipment, supplies, telephones, and GSA cars as applicable). Provides orientation for new employees and is responsible for the timely processing of Entrance on Duty (EOD) forms. Ensures that employee separation clearance actions are completed timely. Improves HUD's management and internal controls to ensure a safe and healthy work environment for HUD employees.

You can improve your performance by doing the following:

- Coordinate records management/archiving training for staff which will include how to complete required forms and the current records schedule for NARA. Training should be scheduled no later than April 30, 2017.
- Schedule regular office clean-up days on a quarterly basis. Develop and coordinate first clean up day for 3rd quarter in April, 2017.
- Develop consistency in following up on all pending customer requests no later than 24/48 hours.

AMERICAN OVERSIGHT

If it will require more time, AO is to send an e-mail to customer indicating that AO is in receipt of e-mail or voicemail and will follow-up when AO has additional information.

- Copy RSM on e-mail transactions with customer to ensure RSM is aware of customer needs and work flow of all offices to assist in being abreast of issues that may escalate.

Consistently (85%) complete established deadlines outlined by RSM or request for extension to complete. If additional information is required to complete task, follow-up with RSM for clarification. Currently, this action is not consistent and needs to be strengthened to have consistency to complete all required actions requested by established due dates.

- Re-establish leadership and chair for Safety and Health committee. Ensure Quarterly Safety Reports are reviewed by RSM and then submitted to identified Safety Officer as outlined in SOP's.
- As directed by RSM, contact new employees immediately after receiving acceptance letter from BFS and ensure they have completed the necessary forms, telephone call from BFS and are aware of start date, time, and new employee orientation. Contact hiring official and ensure they have identified POC and are aware of new employee orientation. Review and utilize new employee check list that is provided in SOP's on SharePoint site.
- Ensure H#, PIV card, telephone, voicemail, and all other pertinent administrative items are set up before arrival. All items should be reviewed with all new employees by end of 1st week of employment.
- Schedule a time with new employees to provide specific hands on instruction for voicemail set up, WebTA processing, and how to access certain resources by end of 1st week of employment.
- Reschedule and verify field office(Anchorage, Boise, and Portland) FY16 Region X inventories no later than March 31, 2017. Create a spreadsheet that ensures verification, excess, and both party signoff.
- All excess property for the Seattle Office must be completed no later than April 28, 2017.
- All excess property for the Portland Office must be completed no later than May 31, 2017.
- Submit all building requests through GSA for tracking purposes. Ensure that requests have been completed and have progress provided in writing. Ensure that adequate supply of NARA boxes is available for programs to process NARA requests.
- Ensure RSM is included on all e-mail communication and requested follow-ups.
- If AO has questions about updated policies and procedures that have been provided via written or verbal communication, AO is to seek guidance from RSM and RSM will follow-up with the necessary personnel.
- AO serves as lead on administrative activities but does not provide work assignments. Work assignments and approving authority are only issued from the RSM.
- To resolve any conflict with staff or contractors, AO should consult with RSM for problem solving and resolution.

You will be given until **May 31, 2017** to demonstrate acceptable performance. During this period, you will be given specific work assignments and/or projects that will enable you to demonstrate an acceptable performance level. In an effort to assist you in improving your performance, closer supervision will be provided. We will formally meet weekly on Mondays to discuss your progress in improving your performance. I will be routinely available, at your request, to clarify your work assignments, assist you with any technical problems you may encounter or answer any questions you may have. If there is some aspect of your work that you do not know how to do or understand, I will assist you or arrange for some type of other

AMERICAN OVERSIGHT

THIS DOCUMENT IS AN EXAMPLE ONLY
MANAGERS AND SUPERVISORS MUST CONSULT WITH THE EMPLOYEE AND LABOR RELATIONS DIVISION PRIOR TO ISSUING A PERFORMANCE COUNSELING MEMO

training. Let me know as soon as you encounter a problem or difficulty that may prevent or otherwise impact on your ability to successfully perform the critical elements and/or may require training. Generally, you need to keep me informed of all email communication that will impact the flow of data and information for the organization within your scope of responsibilities. I expect you to take action to minimize errors and to request advice or assistance whenever you have a question or concern. Any impediments to meeting your performance standards should be brought to my attention within 24 hours of your becoming aware of the impediment and before the work deadline and/or completion of the assignment.

I am delaying your mid-year review until May 31, 2017 in order to provide you an opportunity to display your potential. If your performance continues to fall below an acceptable level at that time, I will be forced to pursue further performance based improvement actions.

If you are experiencing personal problems that you feel is affecting your job performance, I encourage you to seek assistance through the Department's Employee Assistance Program (EAP). Participation in the EAP is voluntary, and your discussions are kept strictly confidential. To schedule an appointment, you may contact the counselors in the HUD Health Unit, Room 7239, by calling (202) 708-1726, or you may contact an EAP counselor 24 hours per day, 7 days per week by calling 1-800-222-0364.

I acknowledge receipt of this memorandum. My signature does not indicate my agreement or disagreement with the contents of this document. My signature only indicates I have received a copy of this document.

Performance Action Roadmap

AMERICAN OVERSIGHT

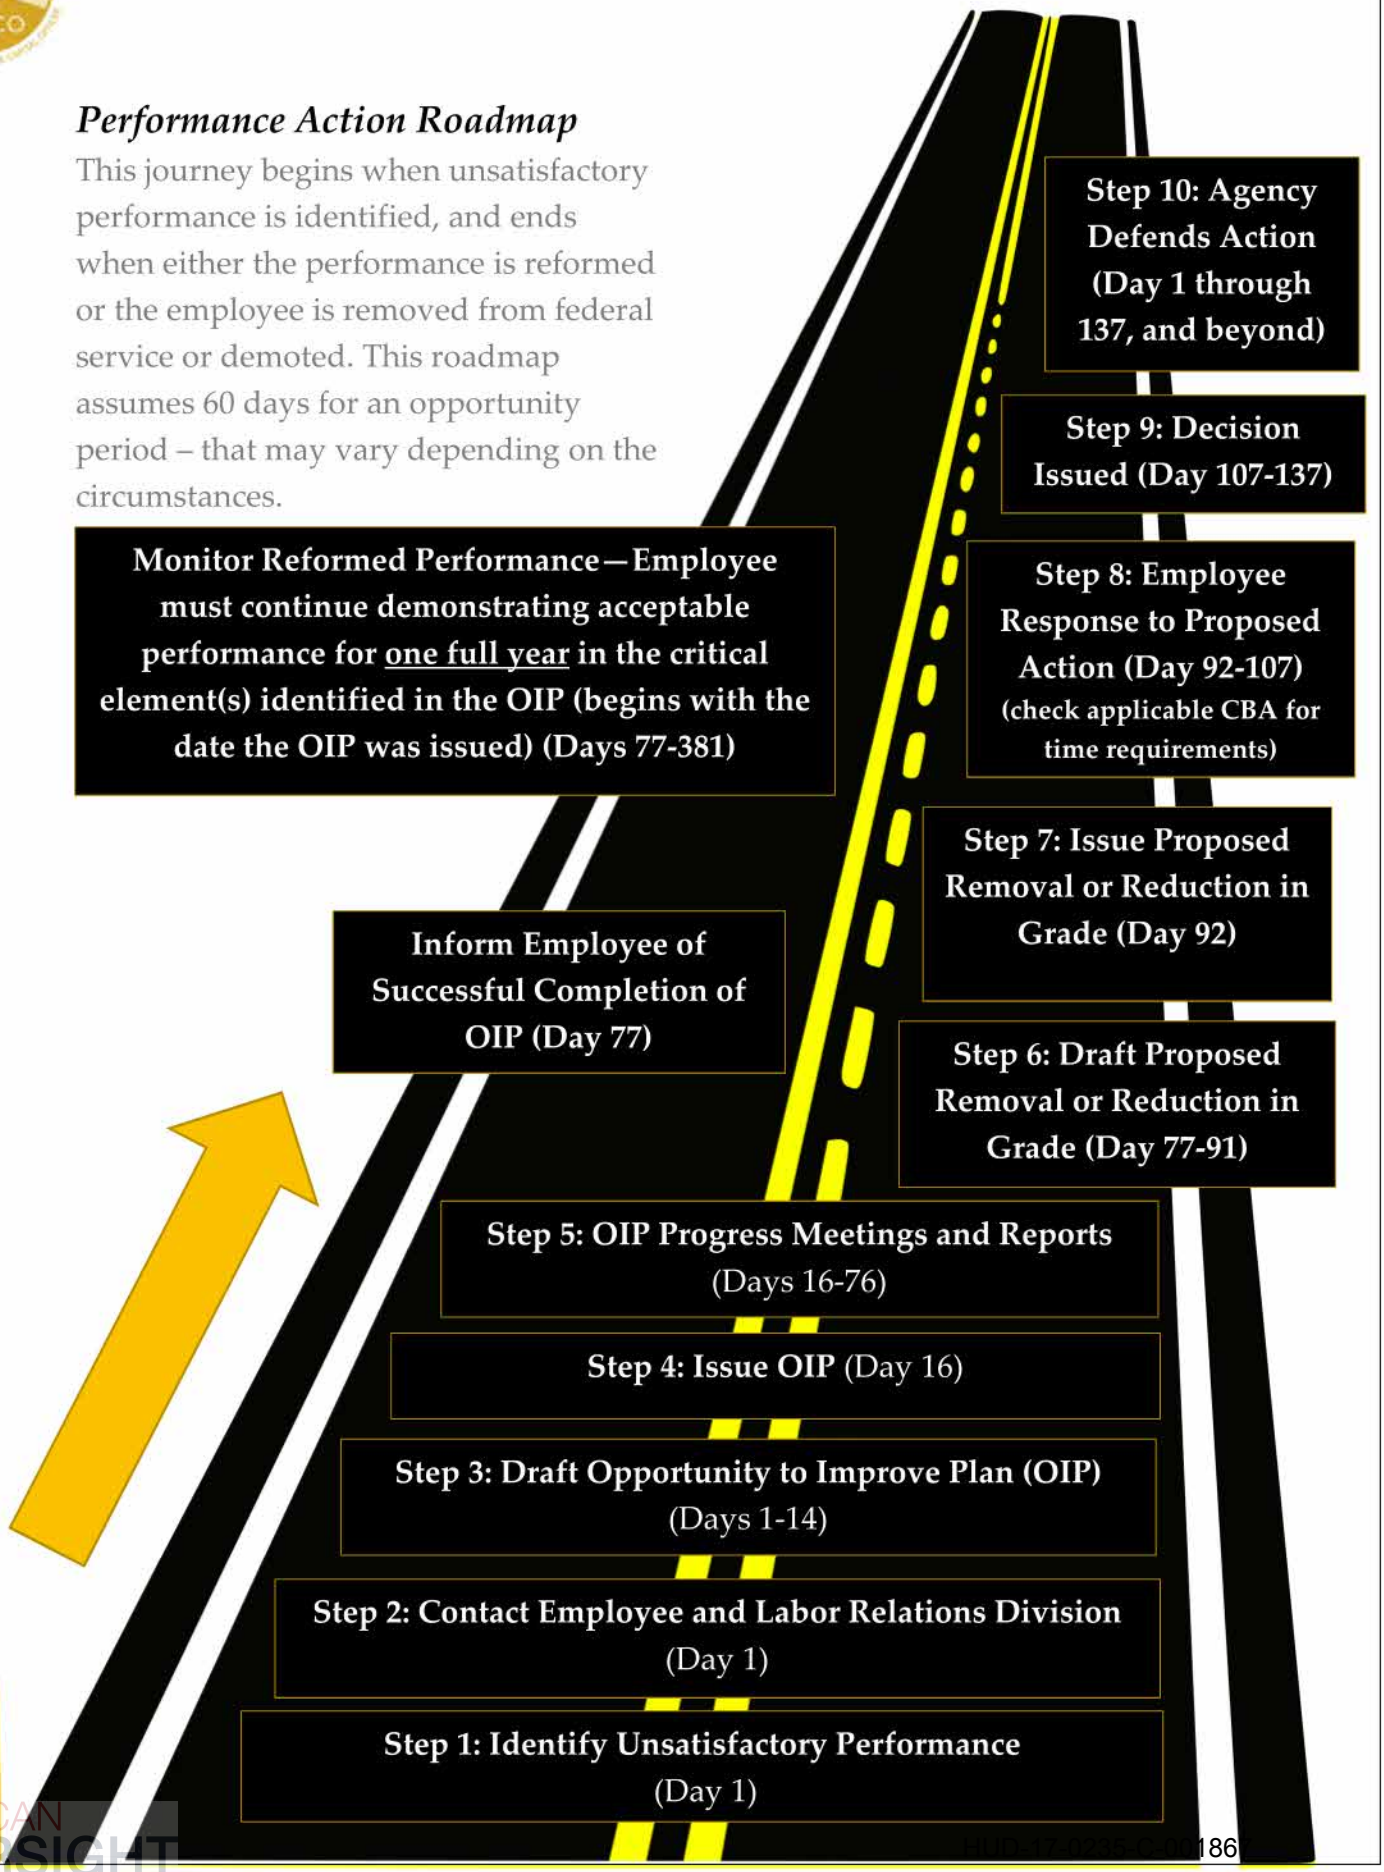
This page intentionally left blank

AMERICAN OVERSIGHT

Reform | Removal

Performance Action Roadmap

This journey begins when unsatisfactory performance is identified, and ends when either the performance is reformed or the employee is removed from federal service or demoted. This roadmap assumes 60 days for an opportunity period – that may vary depending on the circumstances.



AMERICAN OVERSIGHT

Performance Action Roadmap

Steps on the journey to addressing unsatisfactory performance

STEP 1: Identify Unsatisfactory Performance

The supervisor identifies that an employee's performance is unsatisfactory in one or more critical elements (Day 1)

STEP 2: Contact Employee & Labor Relations Division

The supervisor contacts the HUD OCHCO Employee & Labor Relations Division (ELRD) (Day 1)

STEP 3: Draft OIP

The supervisor and ELR Specialist draft an Opportunity to Improve Plan (OIP) (Day 1-14)

STEP 4: Issue OIP

The supervisor issues the employee the OIP (Day 16)

STEP 5. OIP Progress Meetings and Reports

The supervisor meets with the employee at regularly scheduled intervals throughout the OIP to provide feedback, including written feedback indicating if the employee is performing satisfactorily or unsatisfactorily (Days 16-76)

- At the conclusion of the OIP, if employee's performance has improved to a satisfactory level, the supervisor and ELR Specialist will draft a notification to the employee (Day 77). The supervisor must continue to monitor the employee's performance. If it drops to an unacceptable level again within one year from the date the OIP was issued, the employee may be removed or reduced in grade without another opportunity period (Days 77-381)

STEP 6: Draft Proposed Removal or Reduction in grade

At the conclusion of the OIP, if the employee has not performed at the satisfactory level in one or more critical element the ELR Specialist will assist the supervisor in drafting a proposed reduction in grade or removal from federal service (Day 77-91)

STEP 7. Issue Proposed Removal or Reduction in Grade

The supervisor issues a Notice of Proposed Removal from Federal Service or Notice of Proposed Reduction in Grade to the employee and a deciding official identified by ELRD (Day 92)

STEP 8: Employee Opportunity to Provide Written or Oral Reply to Proposed Action

The Employee has an opportunity to respond to the deciding official (Day 92-107) (check applicable collective-bargaining agreement (CBA) for specific time requirements)

STEP 9: Decision Is Issued

The deciding official issues a decision after the employee has had an opportunity to respond. This decision must be made within 30 days of the expiration of the notice period (Day 107-137)

STEP 10: Action Is Defended

The Agency defends the performance-based action in any appeal or claim with the goal of maintaining high accountability in taking, sustaining, and defending performance based actions. (Day 1 through 137, and beyond)

MANAGERS AND SUPERVISORS MUST CONSULT WITH THE EMPLOYEE AND LABOR RELATIONS DIVISION PRIOR TO ISSUING AN OPPORTUNITY TO IMPROVE PLAN

July 25, 2017

MEMORANDUM FOR:

FROM:

SUBJECT: Opportunity to Improve Notice

This memorandum addresses your performance as a GS-14 Program Analyst so far during the 2017 rating cycle, October 1, 2016, through September 30, 2017. Critical Elements for the FY2017 period were communicated to you on March 15, 2017. You were provided performance feedback on March 28, April 26, May 12, May 15, June 13, and June 14, 2017 to address your critical elements.

You are hereby advised your performance is Unsatisfactory for Critical Element #4 – Data Analysis and Critical Element #5 – Project Activities.

This memorandum compares your performance to the standards for the 2 Critical Elements. It is intended that this comparison, along with required actions, will be beneficial in your efforts to demonstrate an acceptable level of performance.

Critical Element 4: Data and Analysis – Unacceptable

This critical element includes the employee's ability to manage a wide range of tasks which may include, but not limited to, statistical analysis, report writing, application of computer software packages for handling large data bases, including HEMS, Micro Strategy, SharePoint, Skype, VTC, J Drive and all Microsoft Office Applications and other system applications as identified by the Regional Director. This element requires the employee to use these systems to develop technical approaches for making such data relevant to the FHEO decision making processes. This critical element measures the employee's ability to serve as the systems expert, provide training to all staff for each automated and manual system to ensure timeliness and accuracy of all data for which the Regional Office is responsible. The element also measures the employee's ability to monitor the quality and integrity of FHEO program data throughout the multi-state Regional Office, including the FHEO Web Page and Newsletter. The employee is also measured on performance of a variety of functions as required by the Regional Director.

Unacceptable Performance Standards (Level 1)

Fails to meet one or more of the following:

1. Fails to demonstrate competent knowledge and expertise using HEMS, Micro Strategy, SharePoint, Skype, VTC, J Drive and all Microsoft Office Applications \

2. Fails to demonstrate 3 innovative technical approaches for making data relevant to the FHEO

3. Fails to provides comprehensive weekly reports with narrative to demonstrate accomplishments of each FHEO Branch.

AMERICAN OVERSIGHT

THIS DOCUMENT IS AN EXAMPLE ONLY
MANAGERS AND SUPERVISORS MUST CONSULT WITH THE EMPLOYEE AND LABOR RELATIONS DIVISION PRIOR TO ISSUING AN OPPORTUNITY TO IMPROVE PLAN

Specific examples illustrating Unacceptable Performance:

You are failing to demonstrate innovative technical approaches. We are in the 4th Quarter of the year and you have currently only demonstrated one (1) innovative technical approach through your intake and enforcement summary comparison chart. You are also failing to provide new automated or manual systems to ensure timeliness and accuracy for regional data. So far you have only completed one (1) new system with your archiving cases process and are in the process of developing a FOIA tracking system. You are also failing to provide one newsletter/listserv each month. You coordinated with the regional PAO for a new listserv which was created and put into action in April 2017. Since then, you have not input any information into the listserv, nor found an alternate method for providing members of the Listserv with valuable information on Region 10 activities and accomplishments. You are also failing to provide comprehensive weekly reports with narrative to demonstrate accomplishments of each FHEO Branch. While you do provide weekly Micro Strategy reports, these reports lack the necessary analysis and subsequent narrative required to provide actual valuable informational support to the branches. You have simply pulled a report out of Micro Strategy and forwarded the report, failing to conduct any analysis or provide your own narrative of that report.

Minimally Satisfactory Performance Standards (Level 2)

Meets all the following:

1. Ability to demonstrate competent knowledge and expertise using HEMS, Micro Strategy, SharePoint, Skype, VTC, J Drive and all Microsoft Office Applications.

2. Demonstrates 4 innovative technical approaches for making data relevant to the FHEO decision making process.

3. Provides 3 new automated or manual systems to ensure timeliness and accuracy of all data for which the Regional Office is responsible.

4. Demonstrates updates to the FHEO Web Page monthly.

5. Provides one newsletter each month

6. Provides comprehensive reports at least every 2 weeks with narrative to demonstrate accomplishments of each FHEO Branch.

AMERICAN OVERSIGHT

THIS DOCUMENT IS AN EXAMPLE ONLY
MANAGERS AND SUPERVISORS MUST CONSULT WITH THE EMPLOYEE AND LABOR RELATIONS DIVISION PRIOR TO ISSUING AN OPPORTUNITY TO IMPROVE PLAN

Performance Expectations to reach an acceptable level for Critical Element 4:

Goal	Activity	How to Accomplish	Start Date	Projected Completion Date
1	Demonstrate 3 more Technical approaches to making data relevant to the FHEO decision making process	1. 08/18/17 – By COB provide 1st technical approach 2. 09/08/17 – By COB provide 2nd technical approach 3. 09/29/17 – By COB provide 3rd technical approach	07/25/17	9/29/17
2	Provide 2 new automated or manual systems to ensure timeliness and accuracy of all data for which the Regional Office is responsible	1. 08/25/17 – By COB complete the FOIA tracking system referenced in your EPPE comment memo 2. 09/29/17 – By COB provide one (1) more system	07/25/17	9/29/17
3	Provide one (1) newsletter or listserv input	09/01/17 – By COB provide one (1) newsletter or input one (1) listserv with relevant information	07/25/17	09/01/17
4	Provide comprehensive reports with analytical narrative to demonstrate accomplishments of each FHEO Branch	1. 08/04/17 – By COB provide 1st report 2. 08/18/17 – By COB provide 2nd report 3. 09/01/17 – By COB provide 3rd report 4. 09/15/17 – By COB provide 4th report 5. 09/29/17 – By COB provide 5th report	07/25/17	09/29/17

AMERICAN OVERSIGHT

THIS DOCUMENT IS AN EXAMPLE ONLY
MANAGERS AND SUPERVISORS MUST CONSULT WITH THE EMPLOYEE AND LABOR RELATIONS DIVISION PRIOR TO ISSUING AN OPPORTUNITY TO IMPROVE PLAN

Critical Element 5: Project Activities – Unacceptable

This critical element is intended to provide all staff with the needed support to promote accomplishments towards understanding FHEO policies, procedures, manuals, guidance memos and identifying staff training needs. In addition, this element measures the employee's ability to evaluate the field office's performance and goals achievement in accordance with identified objectives and existing work measurement and performance criteria. This critical element measures the employee's ability to work with Branch Chiefs, staff and other departments as needed.

Unacceptable Performance Standards (Level 1)

1. Fails to create 10 monthly work plans by Branch and each Staff member that measures accomplishments.

2. Fails 75% of the time to weekly, identify and coordinate training programs that address the needs to meet EPPES/PACs performance measures, create list of trainings, staff needs and deadlines.

Specific examples illustrating Unacceptable Performance:

You have failed to conduct any analysis to identify training needs of the FHEO staff and thus have not coordinated any training programs nor deadlines. You also failed to create a FHEO cross – training program to train all employees in topics relevant to enforcement, intake, and programs.

Minimally Satisfactory Performance Standards (Level 2)

Meets all the following:

1. Create at least 11 work plans throughout the year by Branch and each Staff member that measures accomplishments

2. Every other week as needed, identify and coordinate training programs that address the needs to meet EPPES/PACs performance measures, create list of trainings, staff needs and deadlines

3. Every other week basis as needed, create program cross-training need for procedural changes, or need for additional guidelines.

4. Provides assistance to Branch Chief's as needed regarding reports, data, memos, etc. to address identified goals and accomplishments, including case logs, HEMS reports, research and calendaring staff meetings, minutes and agendas.

AMERICAN OVERSIGHT

THIS DOCUMENT IS AN EXAMPLE ONLY
MANAGERS AND SUPERVISORS MUST CONSULT WITH THE EMPLOYEE AND LABOR RELATIONS DIVISION PRIOR TO ISSUING AN OPPORTUNITY TO IMPROVE PLAN

Performance Expectations to reach an acceptable level for Critical Element 5:

Goal	Activity	How to Accomplish	Start Date	Projected Completion Date
1	Identify one (1) enforcement trend based off EOS EPPE/PAC analysis and branch chief feedback that requires training. Either personally develop or find a course and coordinate a date for the training. (Training date can be in FY18)	1. 08/18/17 – By COB provide the specific training need you have identified for EOS's 2. 09/01/17 – By COB, determine if training will be delivered by you or determine the specific external course to be provided. 3. 09/29/17 – By COB schedule the date and provide the training agenda to RD	07/25/17	9/29/17

Timeline for Improvement, Consequences & Expectations:

You will be given until Friday, 29 September 2017 to demonstrate acceptable performance on Critical Elements 4 and 5. During this period, you will be given the specific work assignments and projects outlined above that will enable you to demonstrate an acceptable level of performance as defined in this memorandum.

You will be given assistance in the form of regular feedback on work assignments and projects and we will conduct progress meetings to enhance your ability to demonstrate acceptable performance. You will also be given an opportunity to request help and provide suggestions for how you can improve your performance. These meetings will occur on Fridays at 1:30 p.m. PST, beginning July 28, 2017. Any impediments to meeting your performance standards should be brought to my attention within 24 hours of your becoming aware of the impediment and before the work deadline and/or completion of the assignment.

Your performance will be evaluated again at the end of this opportunity period. During the opportunity to improve period (OIP), your critical elements and performance standards will remain the same. In addition to the performance requirements outlined for Critical Elements 4 and 5, you will be expected to perform your other critical elements at a satisfactory level. You must improve your performance on Critical Element 4 and 5 to at least the Minimally Successful level (Level 2) by the conclusion of this OIP, **and** you must sustain that level of performance in Critical Elements 4 and 5 for a least one (1) year from the start of the OIP.

If your performance does not reach an acceptable level by the conclusion of the OIP or is not sustained for the one year period following the start of the OIP, you may be subject to a removal, reduction-in-grade, or reassignment action, without being given an additional opportunity to demonstrate acceptable performance in the particular critical element. Should you demonstrate an acceptable level of performance at the Minimally Successful level (Level 2) by the end of the opportunity period, you will be placed on a Performance Improvement Plan if your

AMERICAN OVERSIGHT

THIS DOCUMENT IS AN EXAMPLE ONLY
MANAGERS AND SUPERVISORS MUST CONSULT WITH THE EMPLOYEE AND LABOR RELATIONS DIVISION PRIOR TO ISSUING AN OPPORTUNITY TO IMPROVE PLAN

overall rating is Minimally Successful (Level 2) and given continued assistance to help you improve to Fully Successful or better. I will notify you in writing of the evaluation results.

If you are experiencing personal problems that you feel make is affecting your job performance, I encourage you to seek assistance through the Department's Employee Assistance Program (EAP). Participation in the EAP is voluntary, and your discussions are kept strictly confidential. To schedule an appointment, you may contact the counselors in the HUD Health Unit, room 7239; by calling (202) 708-1726, or you may contact an EAP counselor 24 hours a day, 7 days a week by calling 1-800-222-0364.

I am hopeful these efforts will assist you to improve your performance to an acceptable level. If you have any questions concerning the contents of this memorandum, your performance standards, or my expectations of your work performance please contact me immediately. Keep in mind it is important to refer to this memorandum throughout the opportunity period.

I acknowledge receipt of this memorandum. My signature does not indicate my agreement or disagreement with the contents of this document. My signature only indicates I have received a copy of this document.

Period of Review: **July 25, 2017 – September 29, 2017**

Performance Standard: Data and Analysis (CE4)
Demonstrate 3 more Technical approaches to making data relevant to the FHEO decision making process – 1st Due 8/18/17
Provide 2 new automated or manual systems to ensure timeliness and accuracy of all data for which the Regional Office is responsible – 1st Due 08/25/17
Provide one (1) newsletter or listserv input – Due 09/01/17
Provide comprehensive reports with analytical narrative to demonstrate accomplishments of each FHEO Branch – 1st Due 08/04/17
Actual Performance:

Performance Standard: Project Activities (CE5)
Identify one (1) enforcement trend based off EOS EPPE/PAC analysis and branch chief feedback that requires training. Either personally develop or find a course and coordinate a date for the training. (Training date can be in FY18). First deadline is 8/18/17 to identify the specific training need for the EOS's

Myth Buster – Dealing with Poor Performers

AMERICAN OVERSIGHT

This page intentionally left blank

AMERICAN OVERSIGHT

Myth Busters—Dealing with Poor Performers

Myth: The process for dealing with poor performers in the Federal government is too complex, difficult, or burdensome to meaningfully address poor performance.

Fact: The Merit System Principles (5 U.S.C. 2301(b)) require that agencies retain or separate employees based on their performance. While employees have due process rights that the agency must honor; removals and demotions taken to address poor performance are actually easier for the agency to defend before the Merit Systems Protection Board than similar actions based on misconduct.

Myth: There are certain times in the rating cycle when a supervisor can or cannot commence a performance-based action.

Fact: Performance-based actions can and should commence anytime the employee's performance becomes unacceptable. The day an employee's performance becomes unacceptable, the supervisor should contact the Employee & Labor Relations Division for assistance in commencing the performance-based action.

Myth: A good way to deal with a poor performer is to find a reassignment or detail opportunity for the employee in a different job.

Fact: In order to maintain a culture of accountability, poor performance is best addressed in the position the employee currently holds. Reassignments result in an employee escaping accountability for the job he or she was hired to do, and oftentimes there is no reason to anticipate greater success in the new assignment. The time it takes for the employee to learn the new job or for the new supervisor to identify performance deficiencies may simply delay the inevitable. There may be rare exceptions where a reassignment would be appropriate.

Myth: As a supervisor, it is my choice whether to retain a poor performer or to take a performance-based action.

Fact: As a supervisor, you are responsible for upholding the Merit System Principles. One of these principles is, "Employees should be retained on the basis of the adequacy of their performance, inadequate performance should be corrected, and employees should be separated who cannot or will not improve their performance to meet required standards." (5 U.S.C. 2301(b)(6)) Once you determine that an employee's performance is unacceptable, it is required that you commence an Opportunity to Improve Plan (OIP). Should the employee's performance still be unacceptable at the end of the OIP or within one year after the start of the OIP, then the Merit System Principles demand that you propose a performance-based reduction in grade or removal from federal service.

AMERICAN OVERSIGHT

Myth Busters—Dealing with Poor Performers

Myth: If the employee files an appeal, complaint, or grievance against the agency, then it is a good resolution to cease or rescind the performance-based action in order to get the employee to drop their claim.

Fact: In order to maintain a culture of high accountability it is essential that performance and conduct-based actions not be ceased or rescinded in response to an employee's appeal or complaint. You should work closely with the Employee & Labor Relations Division, specifically your assigned ELR Specialist, to ensure you are taking the appropriate steps to address performance and conduct. This will ensure that when you do take an action it is done properly and will be sustained by any third-party reviewer, such as the Merit Systems Protection Board.

Myth: To address unacceptable performance, a Performance Improvement Plan (PIP) is required before an Opportunity to Improve Plan (OIP) can commence.

Fact: There is no requirement to use a PIP before an OIP can commence. HUD is required to give an employee whose performance is unacceptable in one or more critical elements "a reasonable opportunity to demonstrate acceptable performance." (5 CFR §432.104) Unlike many other agencies, HUD refers to this opportunity to improve unacceptable performance as an Opportunity to Improve Plan (OIP), rather than a Performance Improvement Plan (PIP). HUD also uses PIPs, but they are defined differently and are used only when an employee has exhibited performance that is below fully successful but above unacceptable (i.e. Level 2). Only the OIP is appropriate for unacceptable performance and should be commenced as soon as unacceptable performance is identified.

Myth: As part of the OIP, a supervisor is required to provide an employee with extensive amounts of training and assistance, including developmental opportunities and assignments.

Fact: The OIP is not intended to train an employee on the work the position requires—he or she should have the ability to do the work already. The regulations, at 5 CFR §432.104, state "As part of the employee's opportunity to demonstrate acceptable performance, the agency shall offer assistance to the employee in improving unacceptable performance." This assistance will take different forms, depending on the circumstance, but need not be extensive and oftentimes it will be sufficient for the assistance to simply be regular feedback from the supervisor on the elements being addressed by the OIP.

AMERICAN OVERSIGHT

Continued Learning Opportunities

Additional Courses for Managers/Supervisors (Optional)

- **Addressing and Resolving Poor Performance**
  This three-hour course is designed to build the supervisor, manager, or ER practitioner's skills in handling performance or work-habit problems. Learners will explore the importance of communicating and documenting performance concerns; and the challenges of shifting from counseling for improvement to implementing formal consequences, and how to take appropriate action to effectively address ongoing performance and work-habit problems.
  http://www.hru.gov/Course_Catalog.aspx?cid=161&mgr=false

- **Basic Employee Relations: Your Accountability as a Supervisor or Manager**
  This three-hour course is designed to build the supervisor, manager, or ER practitioner's skills in handling performance and discipline problems. Students will explore the importance of communicating and documenting, and the procedures from counseling for improvement to implementing formal consequences, including how to take appropriate action to effectively address performance, leave and other disciplinary concerns. This course also covers a supervisor's or manager's accountability in basic performance management, labor relations, as well as accountability in the Senior Executive Service.
  http://www.hru.gov/Course_Catalog.aspx?cid=240&mgr=false

- **Merit Systems Protection Board Training on Adverse Actions**
  This two-hour course teaches about the various elements of an Adverse Action, and the responsibilities of the MSPB in deciding appeals. This includes burden of proof, charges and types of misconduct, rules about penalties, and general guidelines.
  http://www.hru.gov/Course_Catalog.aspx?cid=206&mgr=false

- **Coach for Success: How to Hold Performance Conversations Like A Pro**
  This 45-minute course describes the role of the supervisor/manager as coach, discusses how coaching can lead to an increase in job performance, and provides a model and processes for providing effective coaching. The course includes sample effective coaching discussions between managers and employees.
  http://www.hru.gov/Course_Catalog.aspx?cid=113&mgr=false

- **How to Rate Performance and Write an Effective Narrative**
  This 30-minute course describes how to rate performance objectives and behavioral performance consistently and fairly across employees at the end of

AMERICAN OVERSIGHT

the rating cycle. The course also addresses the importance of rater consistency and identifies common rating errors and how to avoid them. The narratives portion of the course provides tips on how to write effective, meaningful narratives and provides a step-by-step process for writing narratives. http://www.hru.gov/Course_Catalog.aspx?cid=116&mgr=false

Checklists

Job Aids for the Performance Action Roadmap

AMERICAN OVERSIGHT

This page intentionally left blank

AMERICAN OVERSIGHT

Checklists

Job Aids for the Performance Action Road Map

Steps 1 and 2 – Identifying Unsatisfactory Performance	Yes	No
Are you sure the problem is primarily a performance problem (as opposed to misconduct?)		
Have you communicated performance standards to the employee?		
Are the standards clear and reasonable?		
Have you asked the human resources staff to review the standards for any possible problems?*		
Have you told the employee what critical element(s) he or she is failing?		
Have you counseled the employee on how to improve to an acceptable level?		
Let the employee know whether or not performance is improving!		

*In preparing to take a performance-based action, it is appropriate for the Employee and Labor Relations Division to review the standards for possible problems. In the absence of any performance problems, you may request assistance related to developing performance standards from the Office of Performance Management.

Checklists adapted from "Addressing and Resolving Poor Performance: A Guide for Supervisors," Office of Personnel Management (2013)

AMERICAN OVERSIGHT

Step 6 – Concluding the OIP	Yes	No
In the opportunity notice, did you tell the employee that his or her work was unacceptable in one or more critical elements?		
Did the opportunity notice tell the employee specifically what he or she had to do to improve performance in order to keep his or her job?		
Did you explain what efforts would be made to assist the employee (including training, if appropriate)?		
Was the notice clear that continuing failure to meet performance standards would result in demotion or removal?		
Did you provide the promised assistance (training, etc.) to the employee?		
Did you consider any requests for accommodation?		
Did you document the employee's performance during this opportunity period?		
Did you take into account any approved annual, sick, or other leave during the opportunity period?		
When the opportunity period ended, was the employee still performing at an unacceptable level?		

If the employee succeeds in raising his or her performance to an acceptable level, remind the employee of his or her continuing obligation to maintain acceptable performance.

AMERICAN OVERSIGHT

Steps 8 and 9 – Taking Action	Yes	No
For Actions Based on 5 CFR Part 432		
Do you have written performance standards/elements for the employee?		
Do you have copies of any supervisory notes of counseling or assistance given to the employee?		
Do you have copies of memoranda of counseling provided to the employee?		
Do you have a copy of the written notice providing an opportunity to improve?		
Did you document the employee's performance during the opportunity period?		

AMERICAN OVERSIGHT

ADDRESSING POOR PERFORMERS

Internal Training for Executives
Presented by Joseph Sullivan and Katherine Hannah
Employee and Labor Relations Division
Department of Housing and Urban Development

AMERICAN OVERSIGHT

Training Objectives

By the end of today's session, managers and supervisors will understand how to:

- Address performance deficiencies
- Apply the steps within the "Performance Action Roadmap"

Most importantly, the Employee and Labor Relations Division is here to help you!

AMERICAN OVERSIGHT

Civil Service Protections for Federal Employees*

- The right to be removed from their jobs, demoted, suspended for more than 14 days,** etc. only for just cause
- The right to due process
  - *Notice of the charges*
  - *A reasonable opportunity to respond to the deciding official*
  - *An appeal to a neutral body after the adverse action takes effect*

***For non-probationary employees**

****Today's presentation focuses on actions based on unsatisfactory performance, which do not normally include suspensions.**

AMERICAN OVERSIGHT

Your Role in Performance Management

Additional Training:

- Performance Management
  - *The Performance Management Framework*
  - *Tips for providing performance feedback*
- Developing S.M.A.R.T. performance standards
  - *S.M.A.R.T. (Specific, Measurable, Attainable, Relevant, Time-Bound)*
  - *Practical experience writing performance standards using the S.M.A.R.T. methodology*
  - *Tools and resources to help improve knowledge and skills in writing S.M.A.R.T. standards*

AMERICAN OVERSIGHT

HUD-17-0235-C-001911

Addressing Poor Performers

"Employees should be retained on the basis of the adequacy of their performance, inadequate performance should be corrected, and employees should be separated who cannot or will not improve their performance to meet required standards." 5 U.S.C. 2301(b)(6)

AMERICAN OVERSIGHT

Addressing Poor Performers, cont'd

Employee Engagement

Survey Question (2017)	Government-Wide Positive (%)	HUD Positive (%)
Q. 23. "In my work unit, steps are taken to deal with a poor performer who cannot or will not improve."	31	32
Q. 24. "In my work unit, differences in performance are recognized in a meaningful way."	36	41
Q. 25. "Awards in my work unit depend on how well employees perform their jobs."	44	52
Q. 46. "My supervisor provides me with constructive suggestions to improve my job performance."	64	69
Q. 50. "In the last six months, my supervisor has talked with me about my performance."	79	82

AMERICAN OVERSIGHT

Preventing Poor Performance

- Communicate clear performance standards and expectations
- Provide regular and frequent feedback on performance
- Reward and recognize good performance, informally and formally
- Make full use of the probationary period for new employees

AMERICAN OVERSIGHT

Dealing Effectively with Poor Performers

Supervisors Must:

- Recognize employees' training needs early
- Distinguish between that which can and cannot be trained
- Provide the most effective assistance to employees as is practical
- Be willing to take an action (removal or demotion) when appropriate

AMERICAN OVERSIGHT

Framework for Performance Actions

Laws and Regulations:

- 5 U.S.C. Chapter 43: Performance Appraisal
- 5 CFR § 432: Performance-based Actions

AMERICAN OVERSIGHT

Framework for Performance Actions, cont'd

Agency Policy and Collective Bargaining Agreements

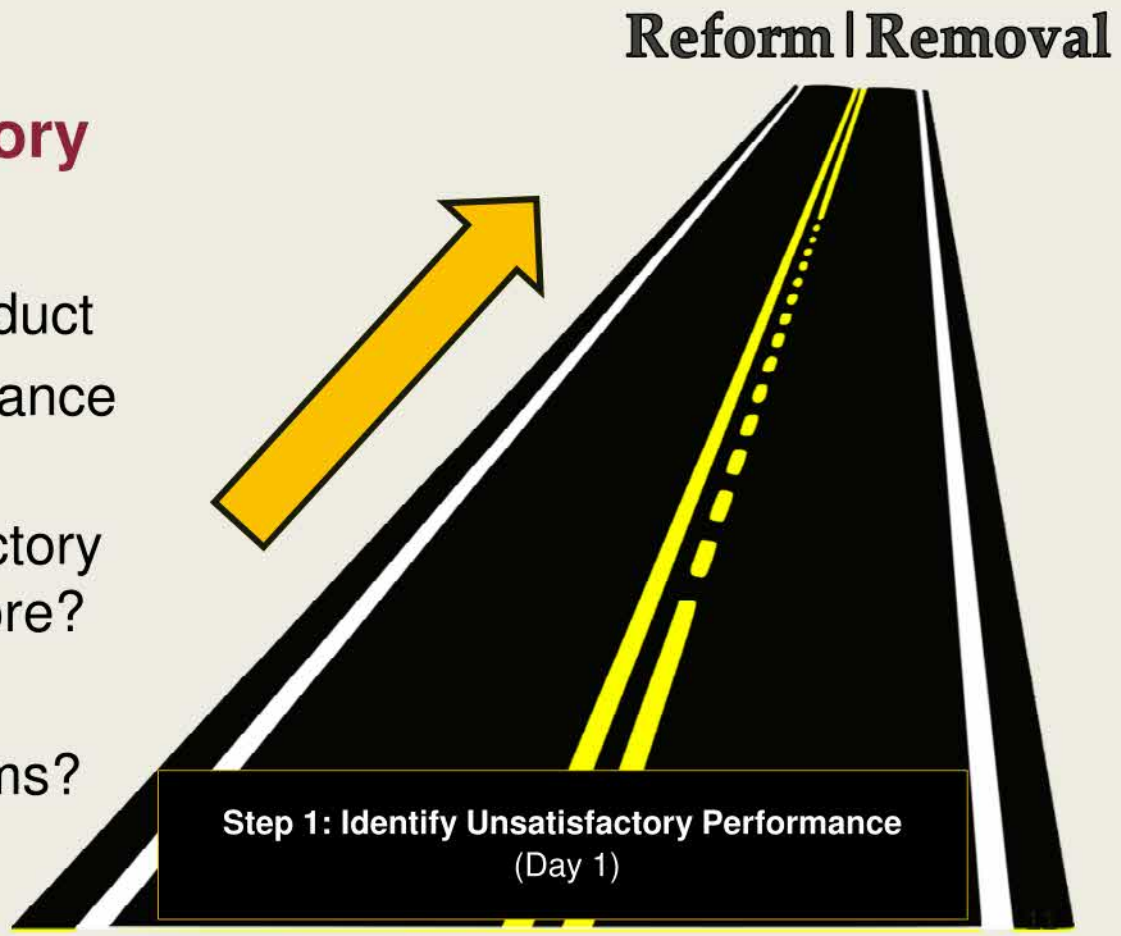
- Performance Management Desk Guide
- Performance Management Plan Policy and Procedures
- Office of Administration Handbook Performance Based Reduction in Grade and Removal Actions (432.1)
- AFGE CBA, Articles 13 and 30
- NFFE Local 1450 CBA, Articles 13 and 18
- NFFE Local 1804 CBA, Articles 15 and 16
- NFFE Local 259 CBA and Supplement, "*Performance Management Desk Guide and Performance Management Plan Policy and Procedures Handbook 430*"

AMERICAN OVERSIGHT

The Performance Action *Road Map*

Step 1 – Identifying Unsatisfactory Performance

- Performance Deficiencies vs. Misconduct
- Did employee receive a valid performance plan?
- Is employee's performance unsatisfactory (Level 1) in one critical element or more?
- Have you identified specific examples of the performance problems?
- Is the employee on notice?



AMERICAN OVERSIGHT

Knowledge Check

Question
Do I have the authority to tell an employee that his or her performance is unsatisfactory (Level 1)?

Answer
Yes. More than that, as the employee's supervisor and rating official, it is your responsibility to keep an employee informed about your assessment of his or her performance, especially when you have concerns.

AMERICAN OVERSIGHT

Knowledge Check

Question
Do I have to wait for the mid-year or annual performance appraisal to tell an employee that his or her performance is unsatisfactory (Level 1)?

Answer
No, you should not wait. It is appropriate to notify the employee of unsatisfactory performance at any time during the rating cycle.

AMERICAN OVERSIGHT

The Performance Action *Road Map*

Step 2 – Contact the Employee & Labor Relations Division

- Who to contact
- Documentation to bring to the discussion
  - *The employee's performance plan*
  - *Examples of performance problems*
  - *Documented performance feedback you have provided to the employee already (if any)*

AMERICAN OVERSIGHT

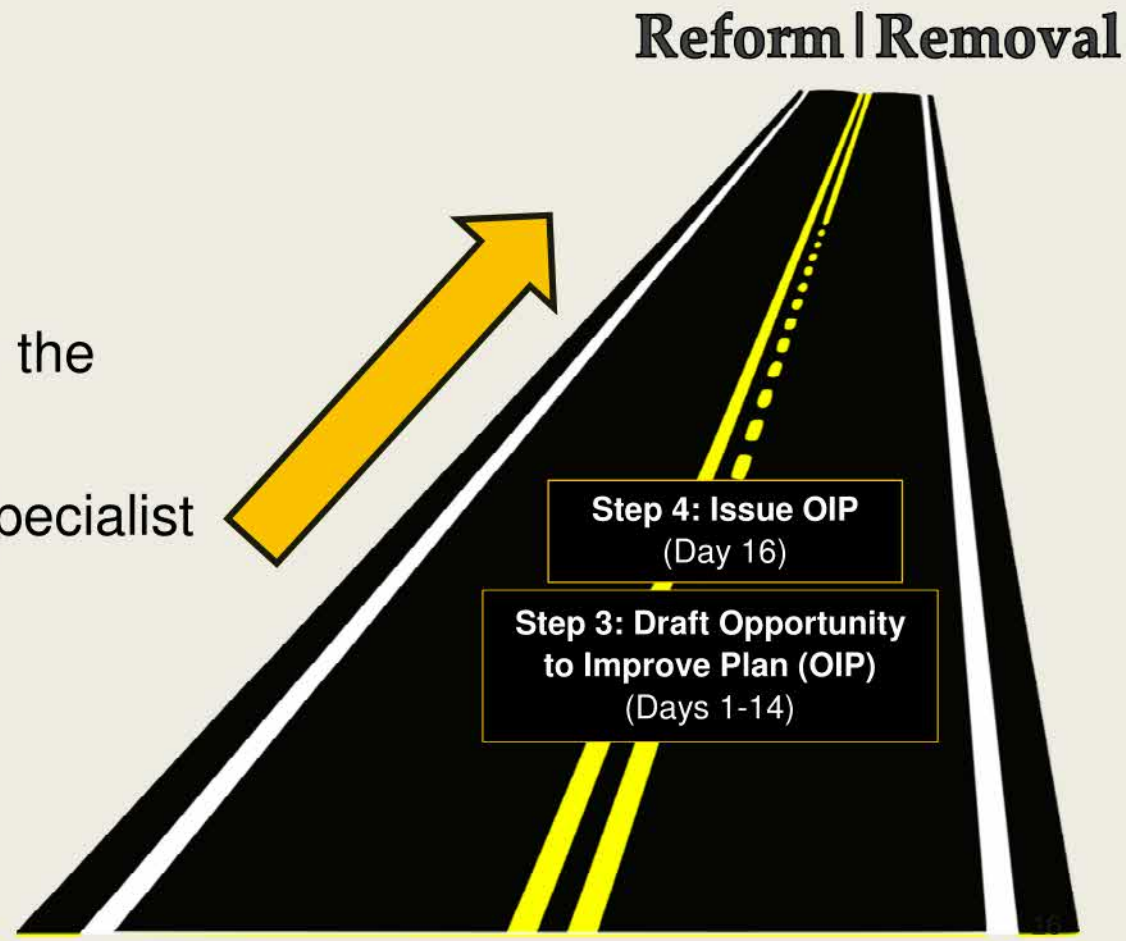
Identifying Unsatisfactory Performance

Steps 1 and 2 Checklist – Identifying Unsatisfactory Performance	Yes	No
Are you sure the issue is primarily a performance problem (as opposed to misconduct)?		
Have you communicated performance standards to the employee?		
Are the standards clear and reasonable?		
Have you asked the human resources staff to review the standards for any possible problems?* (see handout for which HR staff may assist)		
Have you told the employee what critical elements he or she is failing?		
Have you counseled the employee on how to improve to an acceptable level?		

This check list has been adapted from "Addressing and Resolving Poor Performance: A Guide for Supervisors," Office of Personnel Management (2013)

AMERICAN OVERSIGHT

The Performance Action *Road Map*



Steps 3 and 4 – Opportunity to Improve Plan (OIP)

- Has this employee been on an OIP in the past year?
- Draft OIP in collaboration with ELR Specialist
- As the supervisor, you issue the OIP to the employee

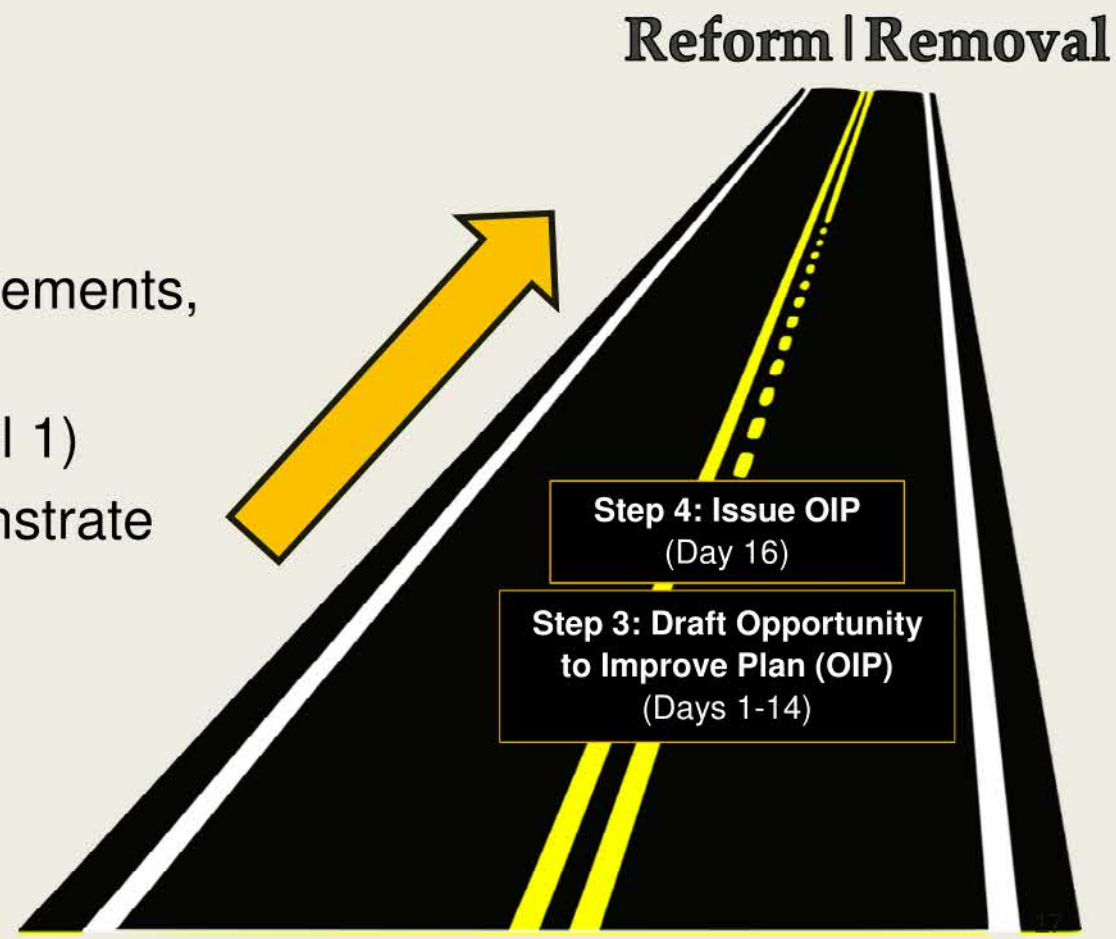
Check the applicable CBA for any additional OIP requirements

AMERICAN OVERSIGHT

The Performance Action *Road Map*

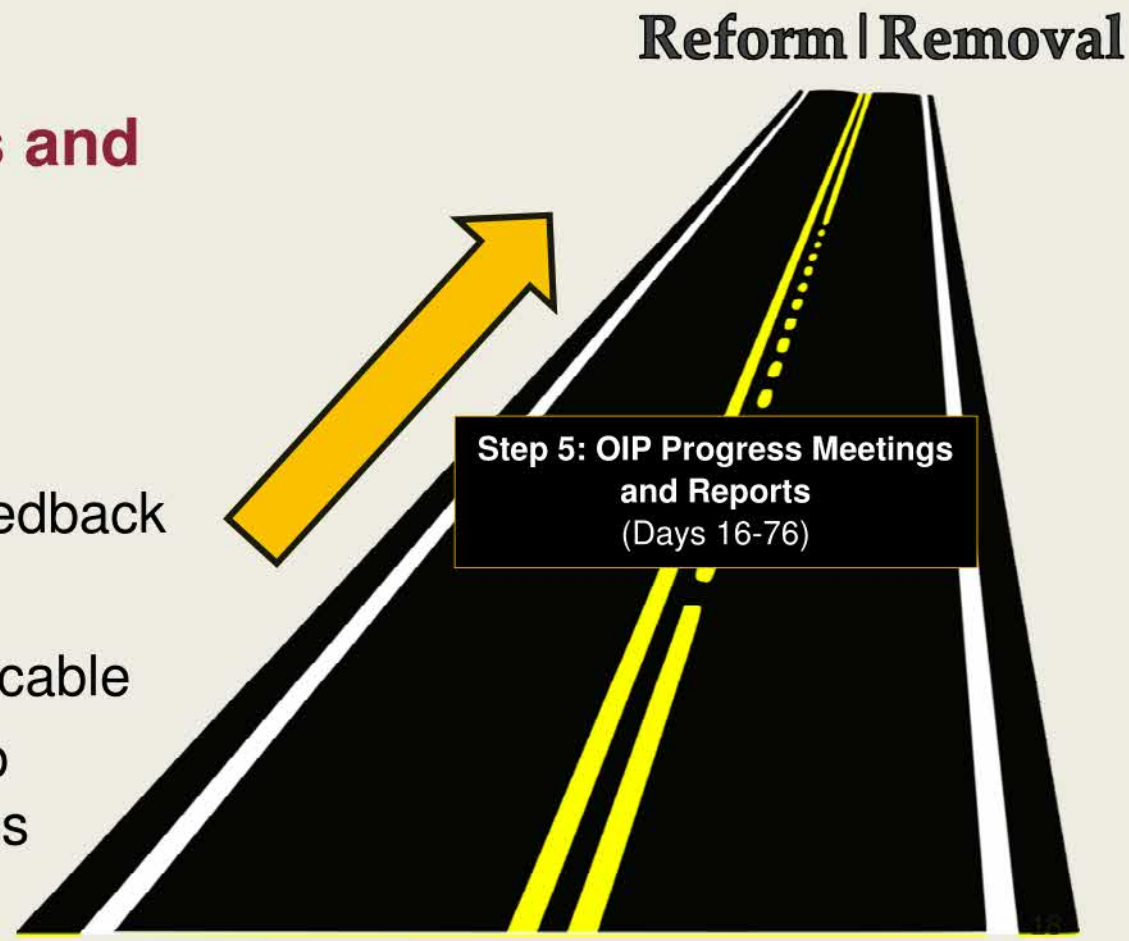
Steps 3 and 4 – Opportunity to Improve Plan (OIP), cont'd

- The OIP must include the following elements, to notify the employee of:
  - Unsatisfactory performance (Level 1)
  - What employee must do to demonstrate acceptable performance
  - Assistance that will be provided
  - Timeframe for opportunity period
  - Actions that may be initiated if performance does not improve



AMERICAN OVERSIGHT

The Performance Action *Road Map*



Step 5 – OIP Progress Meetings and Reports

As the supervisor, you must:

- Closely monitor work
- Regularly counsel employee, give feedback
- Respond to employee's questions
- Provide training or mentoring, if applicable
- Provide access to alternate person to provide assistance when supervisor is unavailable

AMERICAN OVERSIGHT

The Performance Action *Road Map*

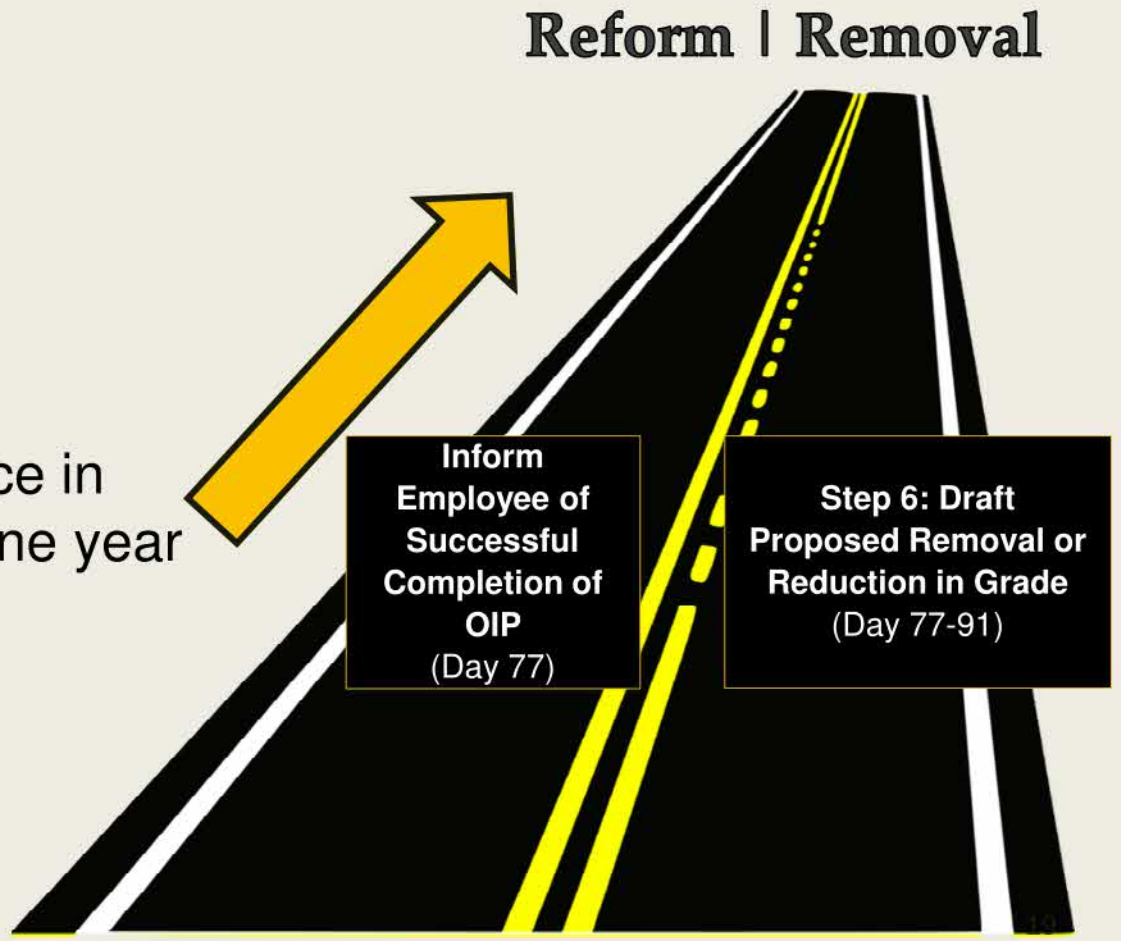
Step 6 – Conclusion of the OIP

Successful Completion:

- Employee receives written notice of successful completion
- Must maintain acceptable performance in same critical element(s) for at least one year

Unsuccessful Completion:

- Collaborate with ELRD to discuss
  - Possible removal; demotion
  - Draft document proposing action



AMERICAN OVERSIGHT

Step 6 Checklist – Concluding the OIP

In the opportunity notice did you tell the employee that his or her work was unacceptable in one or more critical elements?	Yes	No
Did the opportunity notice tell the employee specifically what he or she had to do to improve performance in order to keep his or her job?		
Did you explain what efforts would be made to assist the employee (including training, if appropriate)?		
Was the notice clear that continuing failure to meet performance standards would result in demotion or removal?		
Did you provide the promised assistance (training, etc.) to the employee?		
Did you consider any requests for accommodation?		

Adapted from "Addressing and Resolving Poor Performance: A Guide for Supervisors," Office of Personnel Management (2013).

AMERICAN OVERSIGHT

HUD-17-0235-C-001927

Step 6 Checklist, cont'd

Did you document the employee's performance during this opportunity period?	Yes	No
Did the take into account any approved annual, sick, or other leave during the opportunity period?		
When the opportunity period ended, was the employee still performing at an unacceptable level?		
Was the notice clear that continuing failure to meet performance standards would result in demotion or removal?		
If the employee succeeds in raising his or her performance to an acceptable level, remind the employee of his or her continuing obligation to maintain acceptable performance.		

Adapted from "Addressing and Resolving Poor Performance: A Guide for Supervisors," Office of Personnel Management (2013).

AMERICAN OVERSIGHT

The Performance Action *Road Map*

Reform | Removal

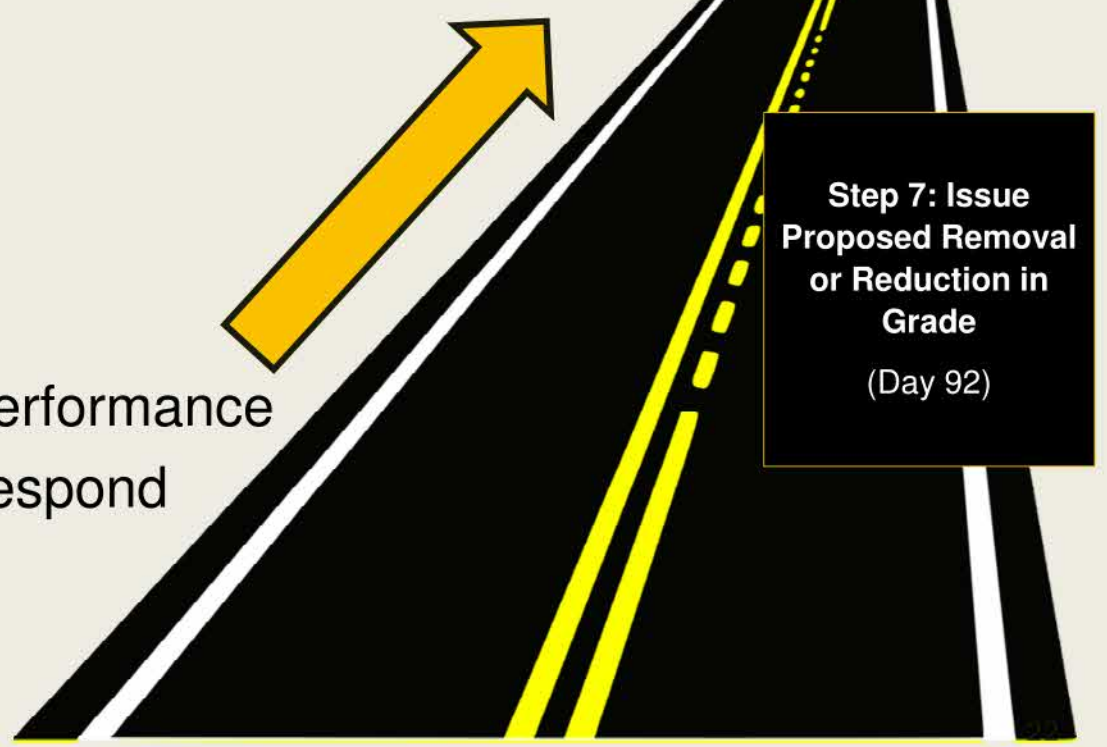
Step 7 – Proposing the Action

Assess the evidence:

- Supervisory responsibility

Proposal Notice*

- Min. 30-day advanced notice
- Specific instances of unsatisfactory performance
- Gives employee reasonable time to respond
- Informs employee of right to be represented



***Check applicable CBA for specific requirements**

AMERICAN OVERSIGHT

Knowledge Check

Question
As part of the OIP, am I required to provide an employee with extensive amounts of training and assistance, including developmental opportunities and assistance?

Answer
The OIP is not intended to train an employee on the work the position requires. He or she should have the ability to do the work already. The regulations, at 5 CFR §432.104, state “As part of the employee’s opportunity to demonstrate acceptable performance, the agency shall offer assistance to the employee in improving acceptable performance.” This assistance will take different forms, depending on the circumstances, but need not be extensive and oftentimes it will be sufficient for the assistance to simply be regular feedback from the supervisor on the elements being addressed by the OIP.

AMERICAN OVERSIGHT

Knowledge Check

Question
If my employee asks for leave during the opportunity period, do I have to grant it?

Answer
It depends. During the opportunity period, leave approval is subject to the same policy and collective bargaining agreement requirements as it is normally. Generally, leave without pay is discretionary based on the needs of the office and may be denied based on the importance of focusing on improving performance in the time allotted. However, sick leave must be approved so long as the employee follows applicable agency policy in requesting it and provides supporting documentation when required. You should also be aware of the employee's entitlements to other types of leave, such as under the Family and Medical Leave Act, military leave, etc.

AMERICAN OVERSIGHT

Knowledge Check

Question
If I do approve leave during an opportunity period, what happens to the deadlines that I've set up?

Answer
Once you approve leave, you cannot hold the employee accountable for work that does not get done during the absence. In terms of short absences, you may not have to adjust the deadlines or requirements at all. However, if the employee is out for an extended time during the opportunity period, you may need to extend the opportunity period for the time of the absence to ensure that the employee has a reasonable chance to perform acceptably.

AMERICAN OVERSIGHT

Knowledge Check

Question
Is a Performance Improvement Plan (PIP) required before an Opportunity to Improve Plan (OIP) can commence?

Answer
There is no requirement to use a PIP before an OIP. HUD is required to give an employee whose performance is unsatisfactory (Level 1) in one or more critical elements “a reasonable opportunity to demonstrate performance.” (5 CFR §432.104). HUD refers to this opportunity period as the OIP, rather than a PIP. The PIP is defined differently and is appropriate when an employee’s performance is below fully successful but above unsatisfactory (i.e. Level 2). Only the OIP is appropriate for unsatisfactory (Level 1) performance and should be commenced as soon as unsatisfactory performance is identified.

AMERICAN OVERSIGHT

The Performance Action *Road Map*

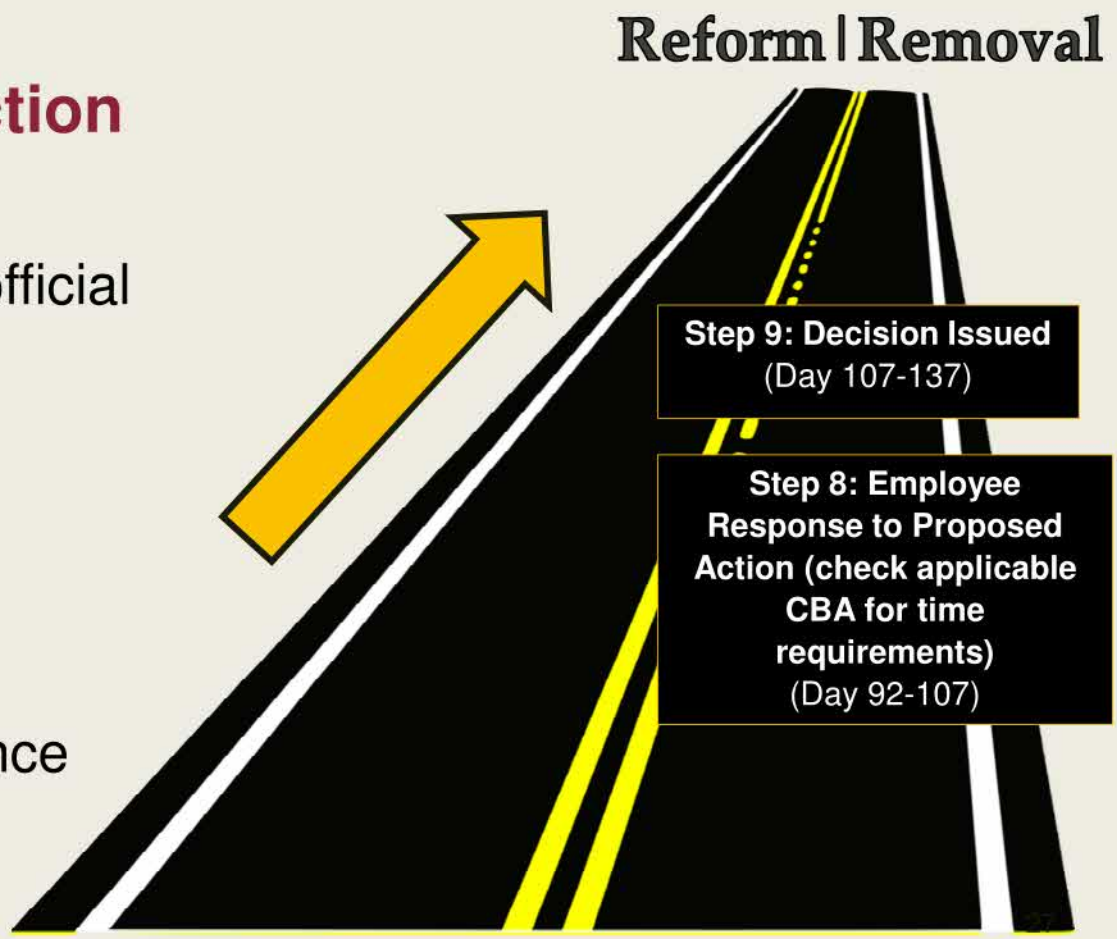
Steps 8 and 9 – Deciding the Action

Deciding Official

- Must be higher level than proposing official
- Should work with ELR
- Assesses the evidence
- Must consider employee's response

Decision Includes

- Failed critical element(s)
- Examples of unsatisfactory performance
- Effective date of action
- Employee's right to grieve or appeal



AMERICAN OVERSIGHT

Steps 8 and 9 Checklist - Taking Action

For Actions Based on 5 CFR Part 432	Yes	No
Do you have written performance standards/elements for the employee?		
Do you have copies of any supervisory notes of counseling or assistance given to the employee?		
Do you have copies of memoranda of counseling provided to the employee?		
Do you have a copy of the written notice providing an opportunity to improve?		
Did you document the employee's performance during the opportunity period?		

Adapted from "Addressing and Resolving Poor Performance: A Guide for Supervisors," Office of Personnel Management (2013).

AMERICAN OVERSIGHT

Knowledge Check

Question
How should I decide whether to demote or remove an employee for unsatisfactory (Level 1) performance?

Answer
For performance-based actions taken under 5 CFR Part 432, you have the option of demotion or removal and do not have to defend your reasoning for choosing either action. If you meet the requirements of proving that the employee's performance was unsatisfactory (Level 1), even after being given the opportunity to improve, no third party (such as the MSPB or an arbitrator) can challenge your reasons for removing instead of demoting the employee. Therefore, your decision is based on your analysis of whether the employee can function acceptably in a lower graded position or not.

AMERICAN OVERSIGHT

Special Considerations

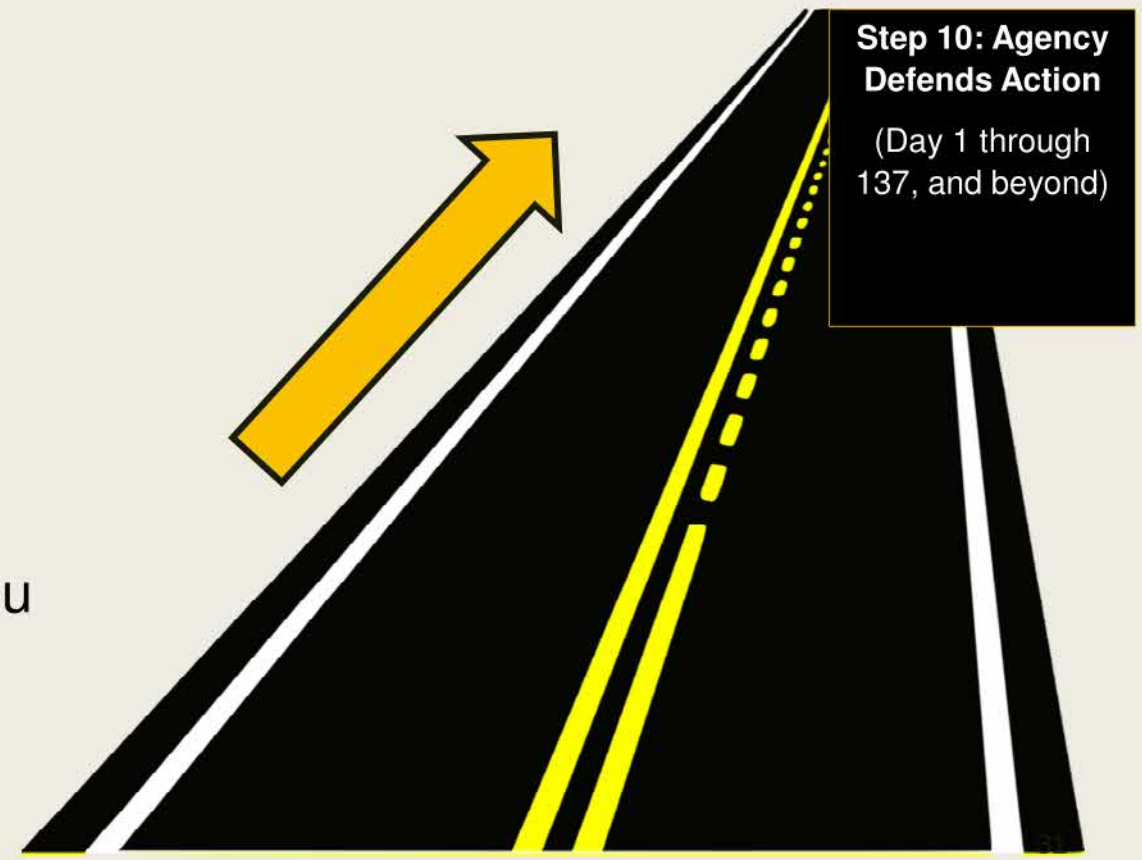
- Reassignments
- Probationary Employees
- Reasonable Accommodation Requests
- Requests for Leave
- Within-Grade Increase Denials
- Requests for Union Representation

AMERICAN OVERSIGHT

The Performance Action *Road Map*

Step 10 – Agency Defends Action

- Employees may file an appeal at various stages of the process (i.e. EEO, MSPB, grievance)
- By making the effort to take a neutral approach throughout this process, you will ensure that any action taken was taken for the right reason



AMERICAN OVERSIGHT

Conclusion

- Set yourself and your employees up for success
- Be proactive when it comes to your employees' performance
- When an employee's performance becomes unsatisfactory (Level 1), do not delay
- Work closely with ELR throughout the process

HUD-17-0235-C-001950

BUILDING ENTREPRISE LEADERS

Traditional Approach: Building Skills

1. **Develop Key Competencies:** Direct learning efforts toward improving leaders' core leadership competencies.
2. **Prepare for Common Business Situations:** Focus on equipping leaders to effectively execute against the common business scenarios and problems they will face.
3. **Use the Manager as Key Learning Partner:** Use the leader's manager as the key provider of ongoing advice and support.

New Approach: Enabling Application

1. **Foster an Adaptive Mind-Set:** Target leaders' ability and mind-set to apply competencies in changing work situations.
2. **Practice Adapting in New Situations:** Enable leaders to practice adapting to new and unfamiliar situations.
3. **Activate Relationships Beyond the Manager:** Activate full support networks for learning that leaders must harness to succeed.

AMERICAN OVERSIGHT

CLARIFY KEY BEHAVIORS

Step 1: Interview Senior Leaders to Ask Them What Defines Leadership (Without Specifically Asking About Mindset)

Interview Questions
Illustrative

- What does leadership need to look like in American Express now and in the future to ensure our sustained success and transformation?
- Are there behaviors that you see in leaders today that will be less important in the future?
- What should be unique and distinctive about leadership here in the future?

Step 2: L&D Translates Interviews into Key Behaviors That Define a "Growth Mindset"[a] at American Express

- Welcome new ideas
- Anticipate and act
- Test and learn
- Welcome new voices
- Operate at the edge of our comfort zone
- Gather input from across the organization
- Welcome candid assessment
- Encourage stretch goals
- Embrace change

Step 3: Highlight Presence of Behaviors in Existing Leadership Frameworks

Drives for Results

- Manages time effectively, delivers on commitments, and meets deadlines
- Adjusts actions to respond to changing situations

Drives Innovation

- Is prepared and willing to challenge the status quo
- Identifies root-cause problems

Source: American Express; CEB analysis.

[a] "Growth mindset" is a term coined by Professor Carol Dweck from Stanford University.

AMERICAN OVERSIGHT

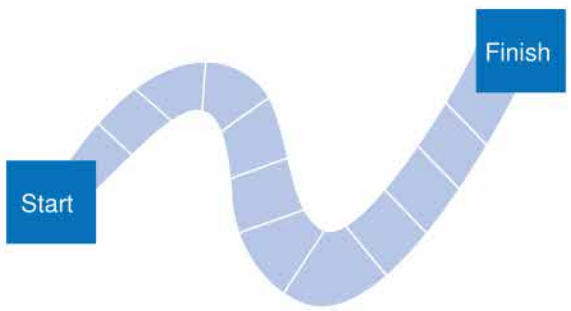
HUD-17-0235-C-001955

USE SIMULATIONS TO REFLECT REAL-WORLD UNCERTAINTY

Swiss Re

Typical Simulations Fail to Mirror the Uncertainty of the New Work Environment



✘ **Existing Strategy**
Simulations do not reflect the uncertainty and variability of the new work environment.

✘ **Play**
Leaders who know that they are in a low-risk simulation will play along but do not feel pressure to perform.

✘ **Repetition**
Reflection focused on repetition equips leaders for that particular situation, not new ones.

Swiss Re's Approach to Simulating the Uncertainty of the New Work Environment

✔ **Strategic Dilemmas**
Simulate future unknown situations that do not have a right or wrong answer to mirror the uncertain and changing nature of the new work environment.

✔ **Perform**
Create risk to ensure leaders perform as they would if confronted with new challenges in real life.

✔ **Future Application**
Focus reflection on future application to give leaders the confidence and capability to navigate new and uncertain situations in the future.

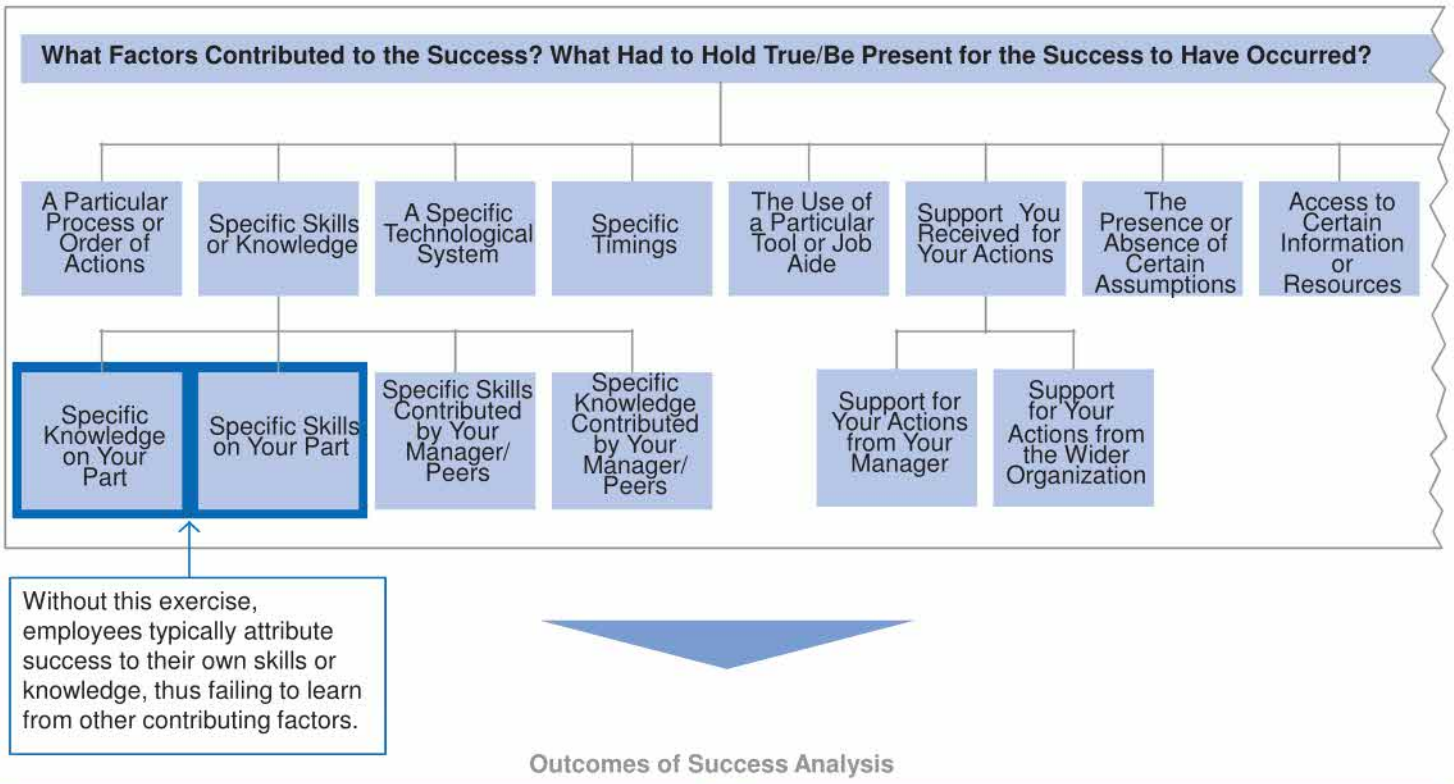
LEVERAGE OTHERS SUCCESS TO DRIVE YOUR OWN

Learning to Analyze the Root Causes of Success
Illustrative



Outcomes of Success Analysis

Maximize learning from peer successes shared with you and own successes shared with peers.

On a continual basis, independently extract greater learning value from individual successes experienced in work.

AMERICAN OVERSIGHT

KEY TAKEAWAYS

- Leaders are expected to achieve more in the new work environment and seeing changes in the expectations executive teams are setting in terms of service delivery, resource and budget management.
- The new work environment is more complex and marked by increased need for collaboration, more matrixed work environments, and a reality where employees and leaders need to manage more data.
- To navigate these changes, organizations need leaders to be focused on the enterprise, targeting both individual task performance and network performance – and enabling the teams to do the same.
- These changes have impacted the ways leaders develop their skills, and have resulted in three key shifts in leader development:

    1. **Foster an Adaptive Mind-Set:** Target leaders' ability and mind-set to apply competencies in changing work situations.
    2. **Practice Adapting in New Situations:** Enable leaders to practice adapting to new and unfamiliar situations.
    3. **Activate Relationships Beyond the Manager:**
    Activate full support networks for learning that leaders must harness to succeed.

Carrie,

No, I have not sent it yet. If you recall, when we first met with the Colonel and his staff back in March, I told him I would be his point of contact and he politely told me he wanted to work with local HUD staff. Do you remember? However, he and Lisa Wolfe developed a relationship and he's been communicating with and through her since then. So, I guess my question is why are we changing things up now? Maybe we need to have a conversation about how to make the transition.

Subject: FW: Questions for HUD Related to Essex Village

Hi Carolyn – Thank you so much for this information. I have two questions – first, will you all be circling back with Mr. Middleton on this? It really isn't a media inquiry—and I'm feeling a little "in the middle" of it all. And second, is the attachment a public document?

Here's what I have found on our website that I may be able to use as a basis for my discussion with the Richmond Times-Dispatch today. I know it starts out with HUD-insured properties, but also includes information about non-insured. If there is a better public reference, please let me know.
https://www.hud.gov/states/shared/working/west/mf/tpahome

Also, is this the public version of your checklist?
https://www.hud.gov/sites/documents/NONINSTPADETCRITCHKLIST.PDF

Again, just trying to anticipate the reporter's questions based on his voice mail and brief email last evening. Also, I am still looking for information about the Essex Village rent increase. I know there was a lot of email traffic from me yesterday (sorry, and thanks for the help!) so please let me know if you would like for me to resend my original request.

THANK YOU!!!
Lisa

TO: Lisa Wolfe
HUD PIO
Philadelphia, PA

Dear Lisa,

As a result of the discussions that have been occurring relative to Essex Village and its acquisition by Mr. Valery and others, I am requesting that HUD provide me with the following information requested by the County as part of our decision making process:

AMERICAN OVERSIGHT

Within the current HAP Contract that exists for Essex Village:

- What are the provisions for selling the complex which a buyer must meet?

  Please keep in mind that there's no FHA insured mortgage on Essex Village. It is privately owned. The owner can negotiate a sale with whomever he chooses. However, we do provide 100 percent rental subsidy to the property through our Section 8 Housing Assistance Payments (HAP) contract with the owner. Accordingly, in the event of a sale we must approve the assignment of the Section 8 HAP contract to the new owner. With any sale as a part of HUD's approval process, we will review the management experience and financial capacity of the owner, their plan to address the near term and long term physical needs of the property and funding sources to meet those needs. Please see the attached checklist for the requirements for an Assignment of a HAP.

- What HUD requirements must a new owner meet to get approval from HUD for the acquisition?

  Answer is the same as above.

- Please provide me with any documentation HUD may have from buyers or sellers.

  Many of the documents submitted for the HAP assignment contain proprietary financial information which is not releasable under The Freedom of Information Act (FOIA). However, the County can request the information from the owner.

- Who are the principals involved in the company which Mr. Valery owns that are engaged the effort to acquire Essex Village, at least those about which HUD is aware.

  Proposed ownership as presented in the application for Previous Participation Clearance:
  Maggie Lena Walker Apartments, LLC, a Delaware limited liability
  100% Sole Member:
  Stewart Alexander and Associates:
  Controlling Participants:
  Ernst Vallery, President
  David Alexandar Vice President
  Stuart Alexandar Chairperson

- What type of clearance check is required by HUD for a new owner?

  HUD 2530, Previous Participation Clearance.

- How does it work and who completes it?

  Please see response to question 1 above.

- Relative to Mr. Valery's acquisition effort, he has indicated that there are or may be foreign investors. Is this an EB-5 acquisition?

  We do not know.

- How long will it take for HUD to approve the acquisition of the property if an investor is successful in meeting the basic requirements from HUD?

AMERICAN OVERSIGHT

As indicated under question 1, HUD does not approve the acquisition because there's no FHA mortgage on the property.

It will take HUD approximately 30 days to approve the HAP assignment, assuming the submission is complete and accurate.

The County wants to make a decision that is in the best interests of the residents and to do that, we would like to have this information. Your help in acquiring it as the HUD PIO for this region will be greatly appreciated.

Thanks.

AMERICAN OVERSIGHT

U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT
WASHINGTON, DC 20410-3000

OFFICE OF ADMINISTRATION

AUG 1 4 2018

Mr. Austin R. Evers
Executive Director
American Oversight
1030 15th Street NW
Suite B255
Washington, DC 20005

RE: Freedom of Information Act Request
FOIA Control No.: 17-FI-HQ-01560

Dear Mr. Evers:

This letter is the fourth interim response to your Freedom of Information Act (FOIA) request dated and received on July 14, 2017. You asked for Department of Housing and Urban Development records related the FOIA since March 2, 2017, to include:

1. All emails sent or received by any political appointee or Senior Executive Service (SES) staff in the Office of the Secretary, the Office of the Deputy Secretary, the Office of Public Affairs, the Office of Congressional and Intergovernmental Relations, or the Office of Field Policy and Management including the phrase "Freedom of Information Act" or the word "FOIA;" and

2. All other communications involving any political appointee or SES staff in the Office of the Secretary, the Office of the Deputy Secretary, the Office of Public Affairs, the Office of Congressional and Intergovernmental Relations, the Office of the General Counsel, or the Office of Field Policy and Management regarding HUD's policies or practices for processing FOIA requests or producing documents in response to FOIA requests. This includes communications regarding review of existing policies or practices as well as communications regarding adoption of new policies or practices or of changes to existing policies or practices affecting HUD's response to FOIA requests.

Your request is granted in part. In response to item 1 of your request, enclosed is a set of email communications containing the phrase "Freedom of Information Act" or the word "FOIA." For this interim release, a total of 508 potentially-responsive emails were processed, with the following results:

AMERICAN OVERSIGHT

Custodian	Emails Processed	Responsive Emails	Non-Responsive Emails	Total Responsive Page Count
Denise Cleveland-Leggett	45	8	37	8
Ben Carson	13	0	13	0
Janet Golrick	218	63	155	321
Sheila Greenwood	232	47	185	175
TOTALS	508	118	390	504

I am withholding predecisional inter- and intra-agency discussions regarding the interpretation and application of legislation, as well as internal deliberations regarding the agency's decision-making process, pursuant to the deliberative process privilege of FOIA Exemption 5. The release of this internal information would reflect HUD's predecisional, deliberative process, and would discourage open and candid advice, recommendations, and exchanges of views within the Department, which could bring about public scrutiny of the individuals and the need to justify in public their tentative opinions. I am also withholding communications conveying legal advice pursuant to the attorney-client privilege of FOIA Exemption 5. The release of this information would violate the attorney-client privilege, which protects confidential communications between an attorney and his/her client relating to a legal matter for which the client has sought professional advice. Exemption 5 protects inter- or intra-agency communications which would not be available by law to a party other than an agency in litigation with the Department. I am also withholding home addresses, personal email addresses, personal cell phone numbers, Venmo usernames, Imgur and YouTube links containing private parties' personal information, and names and unit numbers from fair housing complaints under Exemption 6 of the FOIA, because release of such information would constitute an unwarranted invasion of personal privacy. The interest of the general public in reviewing these portions of government documents does not outweigh the individuals' right to privacy.

Please be advised that the review of records responsive to item 1 of your request is ongoing. Further interim responses may be provided to you as this process continues. At the completion of this review, a final response letter will be provided. The final response letter will detail all applicable appeal rights.

AMERICAN OVERSIGHT

For your information, your FOIA request, including your identity and any information made available, is releasable to the public under subsequent FOIA requests. In responding to these requests, the Department does not release personal information, such as home address, telephone number, or Social Security number, all of which are protected from disclosure under FOIA Exemption 6. Please also be advised that all appeal rights related to your request will be provided to you in a final response letter.

If you have questions regarding your request, please contact Mr. Ethan Bodell at (202) 402-3450. Thank you for your interest in the Department's programs and policies.

Sincerely,

Deborah R. Snowden

AMERICAN OVERSIGHT

From: Fritz, Robin D
Sent: Monday, October 02, 2017 1:24 PM
To: Cleveland-Leggett, Denise C
Subject: Tutoring Program Ideas

Good Afternoon, Regional Administrator, Cleveland-Leggett,

It was a pleasure to meet you. Congratulations again on your new position.

As you know, my name is Robin Fritz. I work in the Columbia, South Carolina office as a Customer Service Representative. I have been employed here for over 19 years. One of my duties is processing all incoming CTS and FOIA requests for South Carolina, as well as assist the general public. My desire is to become a Management Analyst for the South Carolina Office.

You previously stated, that one of the things that you wanted to do is to partnership with schools, in setting up tax credit deals for tutoring. I have been brainstorming and have some suggestions.

Contacting the schools directly through their Education Department, would be a good start. Specifically, the (Internship) part of the program, whereby the student receives school credit for community service. The partnership with the school would be community-focused, which would be tutoring students and/or adults in the state of South Carolina.
http://ed.sc.gov/instruction/early-learning-and-literacy/read-to-succeed1/summer-reading-camps/
https://www.sc.edu/study/colleges_schools/education/partnerships_outreach/

The South Carolina State Library support literacy for all ages, and offer developmental training; and their program addresses the needs of the underserved, with some collaborate efforts and partnerships with colleges and universities. This partnership
could include our county libraries. Most county libraries, if not all, in this state, have literacy programs.
http://teacher.scholastic.com/products/litpartners/faq.htm

http://readingpartners.org/location/south-carolina/partners/

Please forgive me for sending you the many links. Hopefully, these suggestions, may assist you in reaching your goal of establishing a tutoring program.

If I can be of assistance, please let me know.

Thank you and Have a Good Day!

Robin Fritz
CSR/SC Web manager

IMPORTANT FOIA POLICY STATEMENT – PLEASE SHARE AS APPROPRIATE

ALL FOIAs relating to appointees are to be issued through Headquarters.

It is the Executive Secretariat's Policy that all FOIAs related to appointees be handled in headquarters and responses are reviewed and signed by Helen Foster. Please copy Deborah Snowden, Executive FOIA Branch Chief and Jerry Brown, Deputy Assistant Secretary for Public Affairs as well as Darlene Williams, Senior Policy Advisor to ensure FPM headquarters awareness. These FOIAs will be assigned to HQ.

The same is true for all requests relating to members of Congress and all requests from any media outlet.

Here is the link to the FOIA Improvement Act of 2016.

Subject: HUD Further Aligns Mission and Operational Priorities

HUD Further Aligns Mission and Operational Priorities

Any organization that strives for excellence is continually looking within to make certain the right people are in the right jobs. It's a dynamic process that seeks to ensure that senior leaders serve in roles that are matched with their skill. Toward that end, the Department is reassigning several of our Senior Executive Service (SES) members to improve delivery of HUD programs and to empower new individuals to lead our change efforts over the next few years.

Effective today:

- Paula Lincoln becomes our Deputy Chief Administrative Officer
- Jean Lin Pao will direct the Office of Small and Disadvantaged Business Utilization
- Todd Richardson will serve as the Deputy Assistant Secretary for Policy Development, and also becomes the Acting General Deputy Assistant Secretary for the Office of Policy Development and Research
- Dominique Blom will serve as the General Deputy Assistant Secretary for the Office of Public and Indian Housing
- Matt Ammon will serve as Director of the Office of Healthy Homes and Lead Hazard Control
- Helen Goff Foster becomes the Senior Agency Official for Privacy and the Chief FOIA Officer
- Nancy Corsiglia joins OCHCO as the Deputy Assistant Secretary for the Office of the Chief Management Officer
- Jon Gant will serve as senior advisor to the Office of Healthy Homes and Lead Hazard Control
- Jemine Byron will serve as the Deputy Assistant Secretary for the Office of Special Needs Assistance Programs

Instituting a coherent talent strategy which addresses HUD's current challenges is a critical linchpin to stability and the agency's operational success. Over the last few years, the results of HUD's Employee Viewpoint Survey consistently identified the need to strengthen senior leadership. The agency's goal is to create a senior staffing plan that builds on the talents of our SES members, matches those talents with the needs of today's HUD, and empowers them to be successful with HUD's priorities going forward.

Please join us in welcoming our senior leaders to their new roles.

Sincerely,
Janet Golrick
Acting Deputy Secretary

Dana, Janet,

AMERICAN OVERSIGHT

Golrick

CBO (Sebastien Gay, Assistant Director Financial Analysis Division) has requested updated MMIF forward loan level data to use in their forward budget model. As we understand it, CBO's requests for this data has been filled routinely in the past. We have run CBO's request by OMB (Lucas Radzinschi) and they have indicated that they have no objection to sharing the data. Please let us know if you approve the data sharing request. The data file will be reviewed by OMB before it goes to CBO.

Regards

Nandini

AMERICAN OVERSIGHT

Golrick

Hi Lucas,

CBO has requested updated MMIF forward loan level data to use in updating their forward budget model. They asked for 16 new data elements, highlighted in green in the attached file, in addition to data elements provided previously. I understand CBO's requests for forward data have been filled routinely in the past. In light of the 16 new data elements, we thought you might like to have an opportunity for review before the data crosses the institutional boundary.

What do you think?

Thanks

<mailto:Nandini.B.Rao@hud.gov> >
Subject: FHA Data Request for CBO

Nandini,

CBO periodically updates its model of FHA's MMI program, for use in our baseline budget projections and cost estimates. We are starting the process of updating the loan level credit model, and were hoping you would be able to provide us with updated loan level mortgage performance data. In the past, FHA has provided us with a set of variables from the IDB and default datasets.

The attached Excel file includes a list of the variables we

AMERICAN OVERSIGHT

received in 2016, along with several additional variables (highlighted in green) that we expect would be useful in exploring the lower end of FHA's credit distribution. In particular, we are seeking data on the originating lender or underwriter, to look at variation in lender credit overlays at FICO buckets above FHA's 500 and 580 limits. We are also seeking data on additional borrower characteristics, including FTHB status, DTI detail, and borrower race.

Thank you for your help.

Subject: FHA Data Request for CBO

AMERICAN OVERSIGHT

Nandini,

CBO periodically updates its model of FHA's MMI program, for use in our baseline budget projections and cost estimates. We are starting the process of updating the loan level credit model, and were hoping you would be able to provide us with updated loan level mortgage performance data. In the past, FHA has provided us with a set of variables from the IDB and default datasets.

The attached Excel file includes a list of the variables we received in 2016, along with several additional variables (highlighted in green) that we expect would be useful in exploring the lower end of FHA's credit distribution. In particular, we are seeking data on the originating lender or underwriter, to look at variation in lender credit overlays at FICO buckets above FHA's 500 and 580 limits. We are also seeking data on additional borrower characteristics, including FTHB status, DTI detail, and borrower race.

No problem with sharing, but the process is not great. These CBO requests usually flow through budget so we can get OMB approval and coordination as poc, and coordinate on the changes to budget estimates that can arise from sharing data.

Is it possible we advise that going forward they should be sure to coordinate on incoming CBO requests?

Dana, Janet,

CBO (Sebastien Gay, Assistant Director Financial Analysis Division) has requested updated MMIF forward loan level data to use in their forward budget model. As we understand it, CBO's requests for this data has been filled routinely in the past. We have run CBO's request by OMB (Lucas Radzinschi) and they have indicated that they have no objection to sharing the data. Please let us know if you approve the data sharing request. The data file will be reviewed by OMB before it goes to CBO.

Regards

Nandini

Subject: FHA Data Request for CBO

AMERICAN OVERSIGHT

Nandini,

CBO periodically updates its model of FHA's MMI program, for use in our baseline budget projections and cost estimates. We are starting the process of updating the loan level credit model, and were hoping you would be able to provide us with updated loan level mortgage performance data. In the past, FHA has provided us with a set of variables from the IDB and default datasets.

The attached Excel file includes a list of the variables we received in 2016, along with several additional variables (highlighted in green) that we expect would be useful in exploring the lower end of FHA's credit distribution. In particular, we are seeking data on the originating lender or underwriter, to look at variation in lender credit overlays at FICO buckets above FHA's 500 and 580 limits. We are also seeking data on additional borrower characteristics, including FTHB status, DTI detail, and borrower race.

Thank you for your help.

Best,

Sebastien

Subject: Re: CBO data request

No problem with sharing, but the process is not great. These CBO requests usually flow through budget so we can get OMB approval and coordination as poc, and coordinate on the changes to budget estimates that can arise from sharing data.

AMERICAN OVERSIGHT

Is it possible we advise that going forward they should be sure to coordinate on incoming CBO requests?

Subject: CBO data request

Hi Lucas,

CBO has requested updated MMIF forward loan level data to use in updating their forward budget model. They asked for 16 new data elements, highlighted in green in the attached file, in addition to data elements provided previously. I understand CBO's requests for forward data have been filled routinely in the past. In light of the 16 new data elements, we thought you might like to have an opportunity for review before the data crosses the institutional boundary.

What do you think?

Thanks

AMERICAN OVERSIGHT

Subject: FHA Data Request for CBO

Nandini,

CBO periodically updates its model of FHA's MMI program, for use in our baseline budget projections and cost estimates. We are starting the process of updating the loan level credit model, and were hoping you would be able to provide us with updated loan level mortgage performance data. In the past, FHA has provided us with a set of variables from the IDB and default datasets.

The attached Excel file includes a list of the variables we

AMERICAN OVERSIGHT

received in 2016, along with several additional variables (highlighted in green) that we expect would be useful in exploring the lower end of FHA's credit distribution. In particular, we are seeking data on the originating lender or underwriter, to look at variation in lender credit overlays at FICO buckets above FHA's 500 and 580 limits. We are also seeking data on additional borrower characteristics, including FTHB status, DTI detail, and borrower race.

Thank you for your help.

Best,

Sebastien

Dana, Janet,

CBO (Sebastien Gay, Assistant Director Financial Analysis Division) has requested updated MMIF forward loan level data to use in their forward budget model. As we understand it, CBO’s requests for this data has been filled routinely in the past. We have run CBO’s request by OMB (Lucas Radzinschi) and they have indicated that they have no objection to sharing the data. Please let us know if you approve the data sharing request. The data file will be reviewed by OMB before it goes to CBO.

Subject: FOIA Inquiries

Good afternoon Jacie,

I spoke with Mason Alexander this morning, and he let me know that he is no longer the point-person for the Secretary's schedule. I had been assigning schedule-related FOIA requests to him, but after speaking with him and Sheila, he told me that he

AMERICAN OVERSIGHT

had sent all of these to her, and she let me know that you are the go-to for scheduling now. I wanted to check to make sure that these requests had been sent to you, and if possible I'd like to get an update on the status. Finally, I have a new request today that I will be assigning as well.

These are the current requests which you should have been assigned:

1) FOIA 17-FI-HQ-01124

* HUD Daily Public Schedules (including appointments) for the Secretary of HUD, the Deputy Secretary and Assistant Secretaries, for the time period March 2, 2017, thru April 26, 2017.

* As we did not have a DepSec, we are just seeking the schedules for Secretary Carson during that timeframe.

2) FOIA 17-FI-HQ-01509

* Secretary Ben Carson's full schedule of meetings for the time period starting on April 1 2017 and ending on June 30 2017, including the names of all people Sec. Carson met with during that period.

3) FOIA 17-FI-HQ-01686

* We understand that Secretary Carson is a sponsor of

AMERICAN OVERSIGHT

bible studies put on by Capitol Ministries (CM), a 501(c)(3) nonprofit organization whose vision is "to evangelize elected officials and lead them toward maturity in Christ."1 According to CM's website, Secretary Carson and eight other Cabinet officials are listed as White House Cabinet Sponsors of the organization's bible studies.2 Pursuant to the Freedom of Information Act (5 U.S.C. § 552), I request a copy of the following:

* Any of Secretary Carson's daily schedules that include the Cabinet bible study between January 1, 2017 and August 7, 2017

4) Access to and copies of all records concerning HUD Secretary Ben Carson's schedule and travel vouchers from March 2, 2017 to the present. Please include all records that document Secretary Carson's schedule, including but not limited to agenda sheets, appointments, day calendars, itineraries, Google calendars, Outlook calendars, programs, text messages and timetables. From 03/02/2017 To 08/15/2017.

* Assigning for the scheduling portion only

Any information on the status of these 4 cases would be appreciated.

Also, the following request is new as of Friday:

AMERICAN OVERSIGHT

1) Records related to plans or schedules for Secretary Carson's July 2017 trip to Baltimore, including itineraries or draft itineraries for Ben "B.J." Carson, Jr. or any employee ofInterprise Partners, LLC attending events included in that trip. From 03/02/17 to 08/25/17.

* As we did not have a DepSec, we are just seeking the schedules for Secretary Carson during that timeframe.

2. FOIA 17-FI-HQ-01509

* Secretary Ben Carson's full schedule of meetings for the time period starting on April 1 2017 and ending on June 30 2017, including the names of all people Sec. Carson met with during that period.

3. FOIA 17-FI-HQ-01686

AMERICAN OVERSIGHT

* We understand that Secretary Carson is a sponsor of bible studies put on by Capitol Ministries (CM), a 501(c)(3) nonprofit organization whose vision is “to evangelize elected officials and lead them toward maturity in Christ.”1 According to CM’s website, Secretary Carson and eight other Cabinet officials are listed as White House Cabinet Sponsors of the organization’s bible studies.2 Pursuant to the Freedom of Information Act (5 U.S.C. § 552), I request a copy of the following:

* Any of Secretary Carson’s daily schedules that include the Cabinet bible study between January 1, 2017 and August 7, 2017

4. Access to and copies of all records concerning HUD Secretary Ben Carson's schedule and travel vouchers from March 2, 2017 to the present. Please include all records that document Secretary Carson's schedule, including but not limited to agenda sheets, appointments, day calendars, itineraries, Google calendars, Outlook calendars, programs, text messages and timetables. From 03/02/2017 To 08/15/2017.

* Assigning for the scheduling portion only

Any information on the status of these 4 cases would be appreciated.

Also, the following request is new as of Friday:

AMERICAN OVERSIGHT

1. Records related to plans or schedules for Secretary Carson's July 2017 trip to Baltimore, including itineraries or draft itineraries for Ben "B.J." Carson, Jr. or any employee ofInterprise Partners, LLC attending events included in that trip. From 03/02/17 to 08/25/17.

Hi Folks,

If you prefer to send your money for the Barb gift electronically, you can send the money using the Venmo app (username (b)(6)), and I'll pass the money along to Joe C. Joe proposed this – this is not a scam! At least, not as far as I'm aware. Joe may be investing the money in a tech startup between now and the gift date. Anyway, just another option in case you can't find your checkbook or stamps or envelopes,

Friends,

Re: Barb Chiapella

We plan on getting Barb a pre-loaded gift card for (b)(6)
which I understand is her (b)(6) of choice. If you would like
to contribute something towards this gift please make a check
payable and send to:

AMERICAN OVERSIGHT

Joe Crisafulli*

(b)(6)

The suggested donation is in the $15-$20 range but any amount is appreciated. It would be appreciated if we could have the donations in by the end of the month.

Many thanks.

Joe

* All financial records exempt from release under FOIA. :)

Subject: Starrett City July 7 Cummings Letter and FOIA

Janet, I'm not sure if you are aware but there are 2 incoming items related to Starrett City, both attached.

We covered the FOIA by checking with our New York Office for all responsive documents. They provided documents responsive to 3 of the items requested. We do not have responsive documents to the bulk of the request – communications between the White House, the Trump organization, etc., and anything related to the Lynne Patton hiring. Those other documents I presume will be covered by other parts of the Department.

The July 7 letter, attached, is very political in nature and should be responded to outside of Housing.

AMERICAN OVERSIGHT

Let us know if you need anything else from Multifamily.

Subject: RE: Assignment Notification - FOIA #17-FI-HQ-01587

Yes, this is ours. There are only a few documents that MF in New York will have for Starrett City. We have requested the New York office to pull. The rest we will not have. Including the items related to Lynn Patton's hiring.

Thanks for the heads up.

To: Golrick, Janet M
Subject: USAccess - Credential Ready For Certificate Update

Dear JANET GOLRICK,

Our system indicates that the digital certificates loaded on your USAccess credential for DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT must be updated. This update must be completed by October 05, 2017 or your credential will be terminated.

IMPORTANT: If the update is not completed by the date indicated and your credential is terminated, you will be required to re-enroll in order to obtain a new credential.

Re-enrollment requires a Sponsor request and then you must visit a USAccess enrollment center to present your valid identification documents, and have your fingerprints and picture taken again.

Once you complete re-enrollment it will take time to print and deliver your new credential before it becomes available for activation and use.

AMERICAN OVERSIGHT

To avoid the potential for physical and/or logical access denial or delays while your credential is not available, please follow the steps below for completing the certificate rekey/update process as soon as possible.

How to rekey/update your credential
To update your credential, please schedule an appointment at https://timetrade.com/app/usaccess/workflows/usaccess001/schedule/?appointmentTypeGroupId=hspd12
{*OR use the local activation station OR follow agency/site specific guidance for credential updates*}

Make an Appointment to Activate Your Credential
If your agency uses the GSA Online Scheduling System, to schedule an appointment, visit https://timetrade.com/app/usaccess/workflows/usaccess001/schedule/?appointmentTypeGroupId=hspd12 For more information, or instructions about how to schedule an appointment, visit the USAccess website at www.fedidcard.gov/credappointments.aspx.

To complete the credential rekey/update, you must bring your current credential with you.
You will be required to enter the credential PIN you created when you activated your credential.
If you do not know your PIN, you will require assistance from the Activation Station Operator to RESET your PIN. Once you know your PIN, you will still need to complete the certificate rekey process.

NOTE: Please bring two valid and non-expired forms of ID to your USAccess credential activation appointment in the event you do not know your credential PIN and need to reset it. At least one of these IDs must be a Government-issued photo ID and your first and last names MUST match the names on the identity documents you provide AND the USAccess credential. If you do not know your PIN and do not have 2 acceptable forms of ID, you will not be able to

AMERICAN OVERSIGHT

complete the credential rekey/update and will need to return at a later date to the activation station.

To review a complete list of acceptable forms of identity documentation and policies regarding presentation of names on these documents, please go to the following link: http://www.fedidcard.gov/viewdoc.aspx?id=109.

Questions?
If you have any questions on this process, please contact your USAccess/HSPD-12 Sponsor, your badge office, your Agency HSPD-12 help desk or agency HSPD-12 POC.

*** This email was generated by an automatic process. Please do not reply to this email. If you have any questions or concerns, please contact your supervisor or your Agency's security office. ***

Subject: Today's HUD News Briefing

AMERICAN OVERSIGHT

Golrick

The following items in today's HUD News Briefing are of specific interest to the HUD Richmond Office:

[VA] Congressman McEachin requests HUD to 'cease business with PK Management (<http://www.nbc12.com/story/35614556/congressman-mceachin-requests-hud-to-cease-business-with-pk-management> WWBT-TV, VA) (6/7/2017 6:48 PM, Megan Woo)

Congressman Donald McEachin is requesting the Department of Housing and Urban Development to "cease business" with PK Management due to the conditions at Essex Village Apartments in Henrico, as well as other PK Management properties. Congressman McEachin says he "asked regional representatives for plans to address his constituents' concerns and HUD's relationship with the management company." This comes after requests sent to HUD regarding Essex Village. "PK Management is not meeting the spirit of its obligation to provide safe, sanitary housing. My constituents are being forced to live with sewage backups, dangerous structural issues, rodents and other vermin," said Congressman Donald McEachin. "Enough is enough – we need to stop wasting taxpayer dollars with this company, which has appeared to mismanage properties across the country. Essex Village should ideally be closed. In any event, residents need expedited access to vouchers that will empower them to move to decent homes." [Editorial note: VIDEO at source]

[VA] Congressman calls for HUD to end business with company that manages uninhabitable properties (<http://wtvr.com/2017/06/07/mceachin-calls-for-hud-to-cease-business-with-pk-management/> WTVR-TV, VA) (6/7/2017 6:47 PM, Vernon Freeman Jr.)

AMERICAN OVERSIGHT

Congressman Donald McEachin has called for the Department of Housing and Urban Development to terminate their business with a company that manages several housing complexes in the Richmond-area. McEachin says PK Management properties is not meeting the spirit of its obligation to provide safe and sanitary housing. PK Management, an Ohio-based company, runs three Section 8 facilities in Henrico County including, Essex Village, Woodland Crossing and Hope Village. The company receives millions of dollars a year from HUD to subsidize rent at its housing complexes, but multiple CBS 6 investigative reports have revealed multiple issues at the properties. Residents have told CBS 6 that the company has not done enough to fix things like leaks, flood damage, sewage problems, structural issues, broken lights, and bug infestations. "My constituents are being forced to live with sewage backups, dangerous structural issues, rodents and other vermin," said Congressman McEachin. "Enough is enough - we need to stop wasting taxpayer dollars with this company, which has appeared to mismanage properties across the country." McEachin specifically noted that Essex Village should be closed due to "uninhabitable" conditions, and he wants HUD to terminate or abate all contracts with the management company. "In any event, residents need expedited access to vouchers that will empower them to move to decent homes," he said. McEachin has also requested that HUD allow permission for Henrico County officials to join HUD's inspectors for future inspections at Essex Village. "I will continue to do everything I can so that my constituents do not live in these conditions and that taxpayer monies are not given millions of dollars to a company that has failed at their minimal responsibilities," he wrote.

Subject: FW: FOIA Correction

Janet- As you may recall, on January 12, 2017, we published a final rule amending HUD's Freedom of Information Act (FOIA) regulation. The rule implemented the FOIA Improvement Act of 2016, which enacted a range of procedural changes (e.g., requiring that agencies make available for public inspection in an electronic format records that have been requested 3 or more times; requiring that agencies notify the requester in writing of right to seek dispute resolution services from the Office of Government Information Services if they extend the time limits by more than ten additional working days.).

Unfortunately, after publication we discovered that the complexity of the amendatory instructions caused the Federal Register to publish § 15.107 incorrectly. Specifically, § 15.107, entitled "documents generally protected from disclosure" was intended to repeat the nine statutory FOIA disclosure exemptions. Unfortunately, the Federal Register deleted several of the nine statutory FOIA disclosure exemptions and duplicated another. This document would correct this error. The document also makes other minor corrections, (e.g., changing "http://www/data/gov" to "http://www.data.gov").

As noted below, Helen and her program counsel (Kevin) have signed

AMERICAN OVERSIGHT

off on the correction. Consequently, we'd like your okay to move this document to publication.

Please let me know if you have further questions.

Thank you.

Subject: FW: FOIA Correction

Janet- As you may recall, on January 12, 2017, we published a final rule amending HUD's Freedom of Information Act (FOIA) regulation. The rule implemented the FOIA Improvement Act of 2016, which enacted a range of procedural changes (e.g., requiring that agencies make available for public inspection in an electronic format records that have been requested 3 or more times; requiring that agencies notify the requester in writing of right to seek dispute resolution services from the Office of Government Information Services if they extend the time limits by more than ten additional working days.).

Unfortunately, after publication we discovered that the complexity of the amendatory instructions caused the Federal Register to publish § 15.107 incorrectly. Specifically, § 15.107, entitled "documents generally protected from disclosure" was intended to repeat the nine statutory FOIA disclosure exemptions. Unfortunately, the Federal Register deleted several of the nine statutory FOIA disclosure exemptions and duplicated

AMERICAN OVERSIGHT

another. This document would correct this error. The document also makes other minor corrections, (e.g., changing “http://www/data/gov” to “http://www.data.gov”).

As noted below, Helen and her program counsel (Kevin) have signed off on the correction. Consequently, we’d like your okay to move this document to publication.

Please let me know if you have further questions.

Thank you.

Aaron

We are sending this complaint written in the email below as well as sending an attachment of this complaint to the above said individuals, since we were unable to file this on line at: https://portal.hud.gov/ <https://portal.hud.gov/FHEO903/Form903/Form903Start.action> FHEO903/Form903/Form903Start.action
Unfortunately this site will not allow us to submit this, so we are sending this to you directly as so we can get this filed in a timely manner.

AMERICAN OVERSIGHT

John & Christine Spanyers

We are filing a complaint against the Omaha Housing Authority (OHA) for Retaliation and ongoing Discrimination.

After we had rejected a conciliation offer Katherine Amaya, local FHEO HUD, had written up, the OHA forced us to move into an OHA Cherry Tree housing unit over our repeated objections or face eviction even though a more appropriate housing unit was available being the unit offered us by Ms. Amaya in the conciliation offer. The reason(s) why we rejected this offer was:

A “reasonable accommodation” is a change, exception, or adjustment to a rule, policy, practice, or service that may be necessary for a person with a disability to have an equal opportunity to use and enjoy a dwelling, including public and common use spaces. Since rules, policies, practices, and services may have a different effect on persons with disabilities than on other persons, treating persons with disabilities exactly the same as others will sometimes deny them an equal opportunity to use and enjoy a dwelling. The Act makes it unlawful to refuse to make reasonable accommodations to rules, policies, practices, or services when such accommodations may be necessary to afford persons with disabilities an equal opportunity to use and enjoy a dwelling.

A provider has an obligation to provide prompt responses to reasonable accommodation requests. An undue delay in responding to a reasonable accommodation request may be deemed to be a failure to provide a reasonable accommodation.

AMERICAN OVERSIGHT

The following is from the Housing Authority of the City of Omaha ACOP. These are OHA's Guidelines found at URL:

http://www.ohauthority.org/ <http://www.ohauthority.org/images/stories/pdfs/ACOP2011revised5-24-11.pdf> images/stories/pdfs/ACOP2011revised5-24-11.pdf

Under:

CHAPTER 6: DETERMINATION OF TOTAL TENANT PAYMENT

V. Annual Income

B. Amounts Excluded from Annual Income HUD requires OHA to exclude certain types of income from annual income. The OHA will work to ensure its employees are familiar with excluded income types, and will check periodically to determine whether new HUD directives have been issued. The following amounts are to be excluded from annual income under current HUD regulations:

16. Amounts specifically excluded by any other Federal statute from consideration as income for purposes of determining eligibility or benefits under a category of assistance programs that includes assistance under any program to which the exclusions set forth in 24 CFR 5.609(c) apply.

AMERICAN OVERSIGHT

The following is the Federal statute 24 CFR 5.609(c), in which the exclusions OHA follows are set forth in:

(16) Amounts specifically excluded by any other federal statute from consideration as income for purposes of determining eligibility or benefits under a category of assistance programs that includes assistance under any program to which the exclusions set forth in 24 CFR 5.609(c) apply. A notice will be published in the Federal Register and distributed to housing owners identifying the benefits that qualify for this exclusion. Updates will be published and distributed when necessary.

(e) Payments or allowances made under the Department of Health and Human Services' Low-Income Home Energy Assistance Program (42 U.S.C. 8624[f]);

The OHA was in direct Violation of their own Policy (ACOP) by counting our payment from the Nebraska Dept. of Health and Human Services' Low-Income Home Energy Assistance Program (LIHEAP) against OHA's portion of a Higher Utility Allowance for our household. This act was a direct Violation of our Fair Housing Rights.

As a part of HUD's FHEO alleged good faith proposed drafted

AMERICAN OVERSIGHT

conciliation agreement, the FHEO written up by Kathryn A. Amaya in both RELIEF FOR COMPLAINANT as well as RELIEF IN THE PUBLIC INTEREST that we would receive what we were already entitled lawfully under Federal Statues.

Issues not addressed by Kathryn A. Amaya FHEO alleged good faith proposed drafted conciliation agreement were:

1. That we have been displaced three times by the respondents due to no fault of our own from being placed in mold conditions by the respondents.

2. It did not address the unnecessary delays in transfers to remove us from these conditions.

3. It did not address the coercion and the retaliatory acts committed by the respondents.

4. It did not address the pain and suffering that we have endured by the respondent.

5. It did not address the public humiliation that we have been made to suffer by the respondent.

6. It did not address that we were forced to live in bedbugs for nearly nine months due to the respondent refusing to treat our unit for bedbugs without the use of chemicals in accordance with the reasonable accommodations signed by our doctor.

7. It did not address that we had been forced to wrongfully pay rent for substandard living/housing conditions by the

AMERICAN OVERSIGHT

respondent since February 2011.

8. It did not address in any manner compensation for the above said, (#1 thru #7)

9. There was nothing in the RELIEF FOR COMPLAINANT nor in the RELIEF IN THE PUBLIC INTEREST to safe guard or prevent the respondent from doing this again in the future to ourselves or others in the future.

10. In the RELIEF FOR COMPLAINANT concerning the Federal LIHEAP, the respondent only agreed to allow, what is already MANDATORY UNDER LAW and which is also required by established by law regarding the extra utility allowance concerning LIHEAP and our Reasonable Accommodations.

Why would anyone sign an agreement to receive what we are already fully entitled to under Federal Law and that which HUD under Federal Law should had been enforced by HUD to begin with? Why did the HUD's FHEO refuse to acknowledge our Title VIII of the Civil Rights Act of 1968, as amended by the Fair Housing Amendments Act of 1988 and Section 504 of the Rehabilitation Act of 1973 as well as Title III of the ADA RIGHTS?

The OHA then placed us in a hostile environment when we were relocated to the back to the OHA Cherry Tree housing unit located at 8306 Underwood Ave Apt (b)(6), Omaha, NE 68114. After the OHA forced us to be relocated to the Cherry Tree Units, we notified the OHA of ACOP violations that were occurring at the Cherry Tree Units. We wrote the following complaint to the OHA Management:

AMERICAN OVERSIGHT

I am contacting you regarding on going conditions being generated by a fellow resident (b)(6) that lives at 8312 Underwood Ave Apt (b)(6) (Cherry Tree Apartments) and her live in boyfriend known as using the name (b)(6) .

This last weekend on June 19th 2016, I witnessed at 11:30pm at night (b)(6) disassemble the east porch railing at 8312 Underwood Ave Apt. (b)(6) . After disassembling the rail I witnessed (b)(6) applying foam on the porch.. When I asked him if he had permission from OHA to make alteration and repairs he was doing he stated that OHA has given him and (b)(6) permission to make any installations or repairs as they deem necessary for both our building as well as the building attached to ours. I then asked (b)(6) if he was a contractor or employee of OHA. He stated that no he was not. I then asked exactly whom with the OHA, gave him and (b)(6) this permission or authority. He stated that it was "on the need to know basis and that it was between him (b)(6) and OHA. It was then that I pointed out that the OHA is obligated to maintain OHA's units and in a safe condition, and to make all necessary repairs to our units such as he was attempting to do in the middle of the night. He then stated "You need to get back in your place and mind your own business or else".

I would also like point out as I shared with you on the phone that this is the same household that claims that OHA designated their house hold to exclusive control over the usage of the outside water faucets. I am concerned with the statements being made by this household. I even pointed out to this household that if what they were saying to all of us was true, it would mean that what they are stating about the OHA is tantamount to saying that the OHA is practicing discriminatory policies against all of

AMERICAN OVERSIGHT

the other residents here at Cherry Tree in favor of their household and that I would be inquiring about this since it would be discrimination if in fact it was true.

How and why this household is being allowed to use the commons of our community to store their personal belongings in the entrance hall to our front door, the laundry room, the laundry room closet, and everything on the grounds in front from their unit to the end of the adjoining building as seen in the youtube link gives the appearance that what they are saying has merit, even if it's not true. Heaven forbid if a fire broke out in their unit or the adjoining building in front because as you can see everyone would be in danger due to the impediments and obstacles that the emergency service will be forced to encounter because this households personal property. Also as you can see it also prevents the OHA open access to these areas.

Earlier this week I spoke with the Blue Jay Technician when he was here on site to spray for bugs at Cherry Tree, I had asked him if with all these plants being so close to the building whether or not they were contributing factors to the insect infestation, and He said absolutely . I would like to respectfully ask that you speak with him as so you can appreciate and understand what the behavior of this household is generating not only for the residents but also for Blue Jay and OHA.

It is my understanding from Part 1 Terms and Conditions of Lease as well as The Admission and Continued Occupancy Policy (ACOP) that may be located at http://ohauthority.org/ <http://ohauthority.org/public-documents> public-documents that the photo's I am sharing with you are in clear violations of the

AMERICAN OVERSIGHT

set policy and procedure of the OHA for all of the OHA tenants and is not UNIFORM with the property design, nor is it uniform with the neighborhood.

I would also like to share with you that they are the only household that drives up on the front lawn with an unlicensed vehicle to load and unload their personal property and apparatus's that is being spread out two buildings long.

Please note that our new maintenance team were compelled to throw out some of (b)(6) belongings they were storing in the laundry room. Our new team went ahead and left the contents in the closet as well as their sheet of glass that they have stored next to the wash basin in the laundry room. Our new team did a great job of removing these from our commons.

As you can see from Part 1 Terms and Conditions of Lease as well as The Admission and Continued Occupancy Policy (that the photos and video are in opposition to Part 1 Terms and Conditions Of Lease as well as The Admission and Continued Occupancy Policy. (See Below)

To remove from OHA property any vehicle without valid registration and inspection stickers. To refrain from parking any vehicles in any right-of-way or fire-lane designated and marked by OHA. Any inoperable or unlicensed vehicle as described above will be removed from OHA property at Tenant's expense. Automobile repairs are not permitted on the project site

AMERICAN OVERSIGHT

Golrick

<http://imgur.com/(b)(6) tp://imgur.com/(b)(6)

To avoid obstructing sidewalks, areaways, galleries, passages, elevators, or stairs, and to avoid using these for purposes other than going in and out of the dwelling unit. http://imgur.com/ <http://imgur.com/(b)(6) http://imgur.com/(b)(6)

Pets must be maintained within the resident's unit. When outside of the unit (within the building or on the grounds) dogs and cats must be kept on a leash or carried and must be under the control of the resident or other responsible individual at all times.

An area of the development grounds has been designated as the area in which to exercise animals and to permit dogs to relieve themselves of bodily wastes. This area will be identified in pet agreement. Residents may not exercise pets or permit pets to deposit waste on the project premises outside of the areas designated for such purposes.

Pets are not permitted in common areas including lobbies, community rooms and laundry areas except for those common areas which are entrances to and exits from the building. In addition, pets are not permitted in OHA playgrounds, day care centers, management offices, community centers and/or recreation center areas.

Dogs may only be kept in Towers, and/or in designated Scattered Site dwelling units with an enclosed yard space. As with other animals, dogs may not be tethered or chained outside the dwelling

AMERICAN OVERSIGHT

unit.

No animals may be tethered or chained outside or inside the dwelling unit. http://imgur.com/(b)(6) http://imgur.com/(b)(6)

To refrain from placing signs of any type in or about the dwelling except those allowed under applicable zoning ordinances and then only after having received written permission of OHA. http://imgur.com(b)(6) http://imgur.com/(b)(6)

To use only in a reasonable electrical, manner all sanitary, heating, ventilating, air conditioning, and other facilities and appurtenances including elevators. This includes, but is not limited to, refraining from splicing, stealing, running extension cords or other wiring throughout the property to connections.produce utility

//youtu.be/(b)(6)

Ms. Gilroy & Ms. Consentino:

We want to point out to the OHA that we were moved to our current OHA rental unit over our objections. As such, the OHA insisted we had to move here or lose our affordable housing. Again, we were moved into an OHA unit in which we have NO PRIVACY and we are being treated differently than other Cherry Tree Apartment tenants.

AMERICAN OVERSIGHT

The issues going on here involve multiple OHA ACOP Violations being committed by tenants (b)(6) and (b)(6) These individuals are targeting us because we had brought this concern to the OHA. Further, these individuals walk around with a cigarette in their mouths in the apartment building. This is a violation of the lease; however, these violations are continuing without intervention.

All of the issues we have brought up concerning these tenants and the Cherry Tree property have been in the best interest and benefit of the OHA to help protect the property and to assure tenants are following the OHA ACOP and their lease. Further, (b)(6) (b)(6) and (b)(6) have plants on the outside of the Cherry Tree apartment building blocking the windows to apartments. Why is it we aren't allow to block the windows on the inside of the apartment, but Ms. Doyon and Mr. Drummond are being allowed to block the windows on the outside of the apartment buildings? Again, this hinders Emergency Services from getting to tenants. This is being allowed to continue.

Signed,

John & Christine Spanyers

After we notified the OHA of these ACOP violations, the OHA knowing and purposely allowed their tenants to harass us and abuse us relentlessly at the Cherry Tree Apartments for our reporting the OHA 'S ACOP violations and possible housing

AMERICAN OVERSIGHT

composition fraud by (b)(6) household. The OHA repeatedly ignored our multiple requests asking for intervention to stop the tenants from harassing us and abusing us. We had asked the OHA to transfer us from the Cherry Tree unit due to the abuse, but the OHA ignored our request to be transferred.

Additionally we notified the OHA the following:

Ms. Gilroy & Ms. Consentino:

We have contacted you concerning the tenant, (b)(6) who resides above us at 8312 Underwood Ave Apt (b)(6), Omaha, NE 68114 and who is violating City Code of Ordinances. We have reported to you that (b)(6) is storing trash on her unit porch in which is unsanitary and attracts rodents, pests and vermin. We had previously brought this to your attention; however, it still continues. As such, the following excerpt is found at this link:

* Chapter 18 - NUISANCES <https://www.municode.com/library/#fn_86> [1]

* ARTICLE I. - IN GENERAL <https://www.municode.com/library/#fn_87> [2]

* Sec. 18-1. - Extraterritorial jurisdiction.

The provisions of this chapter shall be applicable to all that property within the city and all property within three miles of the city limits.

AMERICAN OVERSIGHT

(Code 1980, § 18-1; Ord. No. 37950, § 2, 1-8-08)

* Sec. 18-2. - Definition.

For the purposes of this chapter, a nuisance exists when a person fails to perform a duty or permits any condition or thing to exist, which act, omission, condition or thing either:

(a)

Injures or endangers the comfort, repose, health or safety of others;

(b)

Offends decency;

(c)

Is offensive to the senses;

(d)

Unlawfully interferes with, obstructs or tends to obstruct or renders dangerous for passage any public or private street, alley, highway, sidewalk, stream, ditch or drainage;

(e)

In any way renders other persons insecure in life or the use of property; or

(f)

Essentially interferes with the quiet enjoyment of life and property, or tends to depreciate the value of the property of

AMERICAN OVERSIGHT

others.

(Code 1980, § 18-2)

Cross reference— Definitions and rules of construction generally, <https://www.municode.com/library/ne/omaha/codes/code_of_ordinances?nodeId=PTIIMUCO_CH1GEPR_S1-2DERUCO&showChanges=true> § 1-2.

* Sec. 18-3. - Illustrative enumeration.

The maintaining, using, placing, depositing, leaving or permitting to be or remain on the public or private property of any of the following items, conditions or actions is hereby declared to be and to constitute a nuisance; however, this enumeration shall not be deemed or construed to be conclusive, limiting or restrictive:

(a)

Any condition which provides harborage for rats, mice, snakes and other vermin.

(b)

Any building or other structure which is in such a dilapidated condition that it is unfit for human habitation, or kept in such an unsanitary condition that it is a menace to the health of people residing in the vicinity thereof, or presents a fire hazard in the vicinity where it is located.

(c)

All unnecessary or unauthorized noises and annoying vibrations, including but not limited to animal noises.

(d)

AMERICAN OVERSIGHT

All disagreeable or obnoxious gases, odors and/or fumes, as well as the conditions, substances or other causes which give rise to the emission or generation of such gases, odors and/or fumes.

(e)

The dressed or undressed carcasses of fish, animals or fowl, wild game or domestic animals, not disposed of, processed, or removed from the general public view.

(f)

The pollution of any public well or cistern, stream, lake, canal or body of water by sewage, dead animals, creamery or industrial wastes, or other substances.

(g)

Any building, structure or location wherein or upon which any activity which is in violation of local, state or federal law is conducted, performed or maintained.

(h)

Any accumulation of stagnant water permitted or maintained on any lot or property.

(i)

Dense smoke, noxious fumes, gas, soot or cinders, in unreasonable quantities.

(j)

Any method of human excreta disposal which does not conform to the provisions of this chapter, state law or city ordinance, rule or regulation.

AMERICAN OVERSIGHT

(k)

Leaking or defective water pipes, sewer pipes, hydrants, cisterns, wells, gutters, drains, rain spouts or seepage in or about any structure used for human occupancy or the surrounding earth.

(l)

Any abandoned or open wells, cisterns or cellars.

(m)

The discharge of any filthy or offensive water, swill, liquid or waste from any commercial establishment into or on any street, alley, sidewalk, gutter, vacant lot, stream or river.

(n)

The keeping or maintaining of any hives or boxes used or occupied or for the purpose of housing or occupation by bees within the city limits, except as hereinafter provided. The keeping of bees shall not be prohibited in agricultural zones, provided no box or hive containing bees permitted to fly at large shall be kept within 100 feet of any dwelling except the dwelling of the owner of such bees, or within 50 feet of any exterior boundary within which the box or hive is kept.

(o)

The parking or storage of any vehicle or machine or parts thereof in violation of any municipal code, state statute or federal law.

(p)

Any building or structure, including the ground on which it sits,

AMERICAN OVERSIGHT

that is used for the unlawful manufacture, cultivation, growth, production, processing, sale, possession, or storage of any controlled substance as defined in R.R.S. 1943, § 28-401 et seq.

(q)

Any gathering of five or more persons after 1:00 a.m. but before 6:00 a.m. which results in criminal activity, excessive noise that is the subject of complaints from others, or creates a result in violation of <https://www.municode.com/library/ne/omaha/codes/code_of_ordinances?nodeId=PTIIMUCO_CH18NU_ARTIINGE_S18-2DE&showChanges=true> section 18-2(f).

(r)

Any open or exposed surface or substrata in any dwelling which is coated with, consists of or contains any lead-based paint or other lead-based coating material is declared to be a hazard and a nuisance if such surface, substrata, or generated debris is accessible or may become accessible to ingestion or inhalation by any person, but particularly children under the age of six, or may become accessible as a result of a remediation, repair, or construction and is flaking, cracking, peeling, scaling, blistered, chipped or loose, and is present on or in any interior or exterior surface, including but not necessarily limited to any porches or their steps, decking, banisters or railing, walls, windows and sills, doors and jambs, ceilings, exterior trim, boarding, or fascia.

(s)

Any building, structure or dwelling which has upholstered or other furniture which is designed or manufactured primarily for indoor use, including but not limited to upholstered chairs, upholstered couches, appliances, and mattresses used or left on unenclosed exterior porches, balconies or in an exposed open area

AMERICAN OVERSIGHT

including but not limited to decks, patios, roofs, yards, driveways or walkways.

(t)

Every other act or thing done, made, permitted, allowed or continued on any property, whether public or private, detrimental to the health or likely to injure any of the inhabitants of the city or its extraterritorial jurisdiction.

(Code 1980, § 18-3; Ord. No. 38290, § 1, 11-18-08; Ord. No. 38334, § 1, 12-23-08; Ord. No. 39545, § 1, 12-18-12)

* Sec. 18-4. - Prohibited.

It shall be unlawful for any person to cause, permit, maintain or allow the creation of a nuisance.

(Code 1980, § 18-4)

* Sec. 18-5. - Penalty.

In addition to such other sanctions imposed by law, any person who violates the provisions of this chapter shall, upon conviction, be punished as provided in <https://www.municode.com/library/ne/omaha/codes/code_of_ordinances?nodeId=PTIIMUCO_CH1GEPR_S1-10GEPECOVI&showChanges=true> section 1-10 of this Code. Every such person shall be deemed guilty of a separate offense for every day on which such violation shall continue.

(Code 1980, § 18-5)

Further, we are being forced to endure loud noises occurring above us in our rental unit coming from (b)(6) unit in which is disturbing our peace. It sounds like bowling balls falling over our head occurring in spurts throughout the day. This is

AMERICAN OVERSIGHT

disturbing our peace and enjoyment. We had previously brought this to your attention; however, it still continues.

* We have put the OHA on notice of the ongoing actions of (b)(6) who resides at 8312 Underwood Ave Apt (b)(6), Omaha, NE 68114.

* Signed,

John & Christine Spanyers

We were being harassed by the tenant above us and across the hall from us. As such, the tenant across the hall from us placed cameras on our unit and looking into our unit windows of which these cameras were positioned on the tenant's porch. The tenant's name who resided across the hall from us is (b)(6) who resides at 8306 Underwood Ave., Apt. (b)(6), Omaha, NE 68114. The tenant above us kept jumping up and down above us every day disturbing our peace. The tenant throw trash down in front of our unit on a regular basis and they threw cigar innards on our rental unit porch. We had written Cease & Desist letters to the tenant of which the OHA received copies of. The tenant's name who resided above us is (b)(6) who resides at 8306 Underwood Ave., Apt. (b)(6), Omaha, NE 68114.

The following are the Cease and Desist letters:

(b)(6)

8312 Underwood Ave Apt (b)(6)

Omaha, NE 68114

RE: Cease & Desist Letter

(b)(6):

This is a legal demand that you immediately Cease & Desist the causing of loud and disturbing noise and ruckus (i.e. banging, slamming, jumping up and down, music, etc.) your household continuously causes our household to endure. We have attempted to discuss this matter with you to no avail. We had contacted the landlord being the Omaha Housing Authority (OHA) concerning this matter. Further, we had contacted the Omaha Police Department (OPD) in which they had intervened on our behalf to address this matter with you. Even so, you continue to disturb

AMERICAN OVERSIGHT

our peace which is in violation of Nebraska Statute 28-1322.

Signed,

John Spanyers

RE: Cease & Desist Letter

(b)(6) :

This is a legal demand that you immediately Cease & Desist the piling of trash on your outdoor unit porch as this is a rodent, pest and vermin attraction. Further, your regular practice of piling trash on your outdoor unit porch has been releasing a fluid overhead onto our unit porch. We demand that you immediately Cease & Desist throwing cigarette butts down onto our unit porch and the grounds around our unit porch as this is a fire hazard. We demand that you immediately stop throwing your cigar innards onto our unit porch. We had contacted the landlord being the Omaha Housing Authority (OHA) concerning this matter. Your actions constitute the violation of the Omaha, Nebraska City Code of Ordinances under Chapter 18 – Nuisances, Article I. – In General, Sec. 18-3. – Illustrative enumeration.

Signed,

John Spanyers

Christine Spanyers

AMERICAN OVERSIGHT

Additionally we notified the OHA the following:

Ms. Gilroy & Ms. Consentino:

We have done everything we can to address and STOP the ONGOING loud disturbing noise from the household of (b)(6) who resides above our unit at 8312 Underwood Ave Apt (b)(6), Omaha, NE 68114 to NO AVAIL!!!

The OHA HAS BEEN NOTIFIED of this ONGOING issue via certified mail, emails and conversations yet we are continually being abused by the household of (b)(6) with loud disturbing noises to include Loud Music w/Bass as occurred over our heads yesterday, repeated jumping up and down which is now occurring over our heads, startling Slamming and Banging which is now occurring over our heads. We are at the mercy of (b)(6) household as to when we can sleep or not and whether or not we are going to be startled with Slamming and Banging coming from the household of (b)(6). We are AGAIN informing the OHA that we are being abused with Loud Noises coming from the household of (b)(6) in which is disturbing our peace and Violating State and City Laws. It appears we were made to relocate from an OHA unit in with an undisclosed Death and "Toxc Mold" to a unit in which we are continuously being tortured by OHA tenants as the OHA has NOT stopped this ongoing torture from occurring to us. We can only assume this is meant to occur to us to attempt to run us out of affordable housing!

AMERICAN OVERSIGHT

Signed,

John & Christine Spanyers

We even attempted to get a protection order from the Court but was denied. After we attempted to get a protection order, the (b)(6) household went and filed for one and the complete transcribed transcripts and evidence allowed for submission may be viewed by your investigators at the Clerk of District Court on the 3rd Floor at the Douglas County Court.

It will be found by the investigator (HUD or DOJ) that the testimony by (b)(6) and (b)(6) was conflictive and that I had not broken rules or guidelines set forth by HUD. It will also be found whom directed (b)(6) and (b)(6) (i.e. the OHA).

Andrea Freeny the Official Court Reporter transcribed and notified me of the following after it was completed.

Mr. Spanyers,

Please be advised the bill of exceptions you have inquired about in re: Doyon v. Spanyers, Douglas County District Court Case No. CI16-5577, was filed 9/30/16 as required. My duties in this

AMERICAN OVERSIGHT

matter are thus concluded.

Kind regards,

Andrea Freeny, CSR, CRR
Official Court Reporter
Fourth Judicial District
Pottawattamie County Courthouse
227 South 6th Street

On October 12th, 2016 the OHA had us evicted us to the streets through a court decree but allowed us to stay at the unit until midnight in October 31st, 2016. Exactly one week later, unbeknown to us, the OHA rushed and requested on November 7th, 2016 from HUD's Enforcement Center a review to have our complaints dismissed without notifying HUD that they had evicted us. Additionally we did not know if the OHA disclosed that owed us a year of utility reimbursement when they had asked for this review.

It will be clear to the investigators that we were targeted by the OHA for filing HUD Complaints as well for filing a civil lawsuit in District Court.

On August 8th, 2016 Doug Novotny our Legal Counsel filed:

AMERICAN OVERSIGHT

IN THE DISTRICT COURT OF DOUGLAS COUNT^MfiSM80^2016 04:01:22 PM CDT

JOHN SPANYERS and CHRISTINE SPANYERS,

Plaintiff,

vs.

OMAHA HOUSING AUTHORITY, a Political Subdivision of the State of Nebraska

Defendants.

COMES NOW, the Plaintiffs, by and through their counsel, Douglas R. Novotny, and for their Complaint against the Defendant, Omaha Housing Authority, alleges and states the following:

1. Plaintiffs are residents of Omaha, Douglas County, Nebraska and have been residents of said state and county for all times relevant to this lawsuit.

2. The Defendant, Omaha Housing Authority (Hereinafter "OHA"), is a political subdivision of the State of Nebraska. That at all times material herein, this Defendant contracts with HUD to provide low and moderate income individuals with housing in the Omaha metro area, including Douglas County, Nebraska.

AMERICAN OVERSIGHT

3. That pursuant to the Nebraska Political Subdivisions Tort Claims Act, Neb. Rev. Stat. §13-901, et seq., Plaintiffs filed two separate claims with the Defendant. The first claim was submitted to the OHA, via e-mail and Certified Mail on January 14, 2015 (Exhibit A pgs. 1-5). A second claim was submitted to the OHA, via e-mail and Certified Mail, on January 19, 2016. (Ex. B pgs. 1-7). That six months have passed since Plaintiffs filed their claim and no final disposition has been determined. That as a consequence on July 28, 2016, Plaintiffs' counsel sent Defendant a letter withdrawing his tort claim from consideration from the OHA, a copy which is attached hereto and marked as Exhibit "C".

4. That the Plaintiffs have been tenants of the OHA for a number of years and resided at 8306 Underwood Avenue Apartment 205 in August of 2014.

5. The OHA owns the property, including the apartment complex, located at 8306 Underwood Avenue in Omaha, Douglas County Nebraska.

6. That in August of 2014, the OHA retained an exterminator to inspect the apartment complex located at 8306 Underwood Avenue in Omaha, Douglas County Nebraska.

7. During that August 2014 inspection, it is believed the exterminator advised the OHA that he found evidence of bed bugs within the Plaintiffs apartment, located at 8306 Underwood Avenue, Apartment 205.

8. Due to John Spanyers suffering from respiratory issues, including COPD, it is the Plaintiffs belief that the pest inspector advised the OHA to conduct heat treatment to eradicate the bed bugs in the Plaintiffs' apartment located at 8306 Underwood Avenue, Apartment 205.

AMERICAN OVERSIGHT

9. Subsequently in September of 2015 a second inspector, retained by the OHA, went to the Plaintiffs apartment and found evidence of bed bugs.

10. Without action being taken by the OHA, The Plaintiffs wrote a letter to the OHA, on or about September 19, 2014 requesting their apartment undergo heat treatment to eradicate the bed bugs.

11. On September 22, 2014, Plaintiffs went to their physician to treat for bed bug bites. Pathology reports on September 23, 2014 confirmed bed bugs, and their physician recommended treatment of the apartment.

12. On or about November 3, 2014, Mike Wolski, of Wolski Pest Control, inspected the Plaintiffs apartment, at the Plaintiffs request, and found evidence of bed bugs inside the premises. Mr. Wolski drafted a letter indicating the presence of bed bugs and recommended heat treatment be used to eradicate the bed bugs due to Mr. Spanyers respiratory issues.

13. A request for heat treatment to eradicate the bed bug issue within the Spanyers apartment was made to Clifford Scott, the then director of the OHA, on November 6, 2014. On November 13, 2014, in response to said request, the OHA refused to conduct heat treatment and would only authorize chemical treatments to eradicate the bed bugs inside the Plaintiffs apartment.

14. Further requests were made to the OHA to heat treat the apartment, with the OHA either ignoring or denying the requests.

15. On February 12, 2015, the OHA finally agreed to conduct heat treatment to eradicate the bed bugs within the Spanyers apartment. However, because mold was found in the apartment at around the same time, heat treatment was never conducted. By this time, the Plaintiffs had endured over six months of being exposed to bed bugs, suffering bites and being under a great deal of

AMERICAN OVERSIGHT

mental distress.

16. During this time between August 2014 through February of 2015, the Spanyers also began noticing allergic and respiratory issues.

17. On February 18, 2015 the OHA retained a company to conduct a Limited Mold Assessment and Testing. The inspection and testing showed fungal/mold growth within the furnace room and on the duct work. The fungus/mold was likely due to water intruding into the building due to a roof leak.

18. Due to Mr. Spanyers respiratory issues and Mrs. Spanyers allergies, the Plaintiffs, on February 19, 2015, requested the OHA transfer them to a new unit.

19. The OHA refused to transfer the Spanyers to a new unit until April of 2015 due to unrelated issues.

20. The OHA never conducted heat treatments of the Plaintiffs apartment located at 8306 Underwood Ave. Apartment 205 to eradicate the bed bugs. Accordingly, the Spanyers were exposed to bed bugs, suffering bites and being under a great deal of distress from August 2014 through April of 2015.

21. Further the OHA did not fix or remediate the mold issue at the apartment located at 8306 Underwood Avenue Apartment 205, first discovered in February of 2015, while the Plaintiffs resided at said Apartment. Accordingly the Plaintiffs suffered from respiratory distress, allergic reactions and mental distress.

22. In April of 2015, the Plaintiffs were transferred to an OHA owned property located at 3712 Frances Street. Plaintiffs became tenants of that property with the OHA being its landlord.

23. Upon moving into the unit located at 3712 Frances Street,

AMERICAN OVERSIGHT

the Plaintiffs noticed a bulge in the bathroom wall and subsequently a bulge in the wall in the kitchen.

24. The Plaintiffs notified the OHA, via numerous written e-mail, of the bulges in the wall, but no action, other than cosmetic measures were taken to cover up the bulges.

25. After moving into the residence located at 3712 Frances Street in April of 2015 the Plaintiffs noticed respiratory issues, sinus and allergic reactions.

26. The Plaintiffs were concerned of possibly mold in their unit and made numerous written and verbal requests for their unit to be inspected.

27. The OHA did not respond to the Plaintiffs complaints until December of 2015. In the OHA's inspection by its maintenance crew in December of 2015, it found evidence of mold within the unit located at 3712 Frances Street.

28. On December 11, 2015 the Douglas County Health Department conducted a visual inspection of the unit located at 3712 Frances Street and found indications of mold.

29. The Plaintiffs retained a contractor to conduct an inspection of the area on December 17, 2015 and verified mold being within the unit located at 3712 Francis Street, including Stachybrotos and Aspergillus molds.

30. Due to these reports of mold, Plaintiffs physicians urged that the Plaintiffs be removed from the unit located at 3712 Frances Street.

31. The OHA transferred the Plaintiffs to the Cherry Tree Apartment Complex, but not until the end of April, 2016. Accordingly from April 2015 through April of 2016, the Plaintiffs

AMERICAN OVERSIGHT

were subjected to leaving in a mold infested environment and suffering from respiratory distress, sinus and allergic reactions and mental distress.

32. Due to Plaintiffs financial condition and reliance on the OHA for housing, they could not break their lease with the OHA or find other housing.

33. Due to Plaintiffs financial condition and requirements under their lease agreement with the OHA they were unable to remediate either the bed bug issue or mold/fungus issues on their own.

COUNT I

THE OHA VIOLATED THE LANDLORD TENANT ACT

34. The Plaintiffs incorporate paragraphs 1-33 as if full set forth herein.

35. The OHA owned the properties located at 8306 Underwood Ave, Apt. 205 and 3712 Frances Street at all times material herein;

36. The Plaintiffs were tenants of the OHA at the properties located at 8306 Underwood Ave, Apt. 205 and 3712 Frances Street at all times material herein;

37. Pursuant to Neb. Rev. Stat. §76-1419, a landlord, such as the OHA , has certain duties including but not limited to:

a. Substantially comply, after written or actual notice, with the requirements of the applicable minimum housing codes materially affecting health and safety;

b. Make all repairs and do whatever is necessary, after written or actual notice, to put and keep the premises in a fit and habitable condition; and

AMERICAN OVERSIGHT

c. Maintain in good and safe working order and condition all sanitary, ventilating and other facilities and appliances.

38. The OHA had both written and actual notice of bed bugs within the premises of 8306 Underwood Avenue, Apartment 205 and never remediated the situation, causing Plaintiffs to suffer from bed bug bites and extreme mental distress. Further the OHA did not transfer the Plaintiffs to a different unit until more than 8 months had passed from the first discovery of bed bugs within the apartment. Nor did the OHA do whatever was necessary to protect the Plaintiffs from being exposed to bed bugs or fixing the situation considering Plaintiffs physical ailments and conditions.

39. The OHA had both written and actual notice of fungus/mold in the units located at 8306 Underwood Avenue Apartment 205 and 3712 Frances Street and either did not remediate the situation or take appropriate measures to do what was necessary to protect the Plaintiffs from being exposed to mold considering Plaintiffs physical ailments and conditions.

40. The Plaintiffs, due to their physical and financial conditions, were/are reliant on housing form the OHA and were unable to move or break its lease with the OHA. Further, due to their physical and financial conditions, Plaintiffs were unable to remediate the bed bugs or mold issues.

41. As a result of the Defendant's non-compliance with Neb. Rev. Stat. §76-1419, Plaintiffs incurred damages as follows:

a. Physical injuries from bed bug bites and respiratory, sinus and allergic conditions due to exposure to fungus/mold and other related injuries;

b. Medical bills related to bed beg bites and respiratory, sinus and allergic reactions and other related physical symptoms

AMERICAN OVERSIGHT

due to the mold/fungus exposure;

c. Extreme mental strain, distress and stress, anxiety and depression;

d. Out of pocket expenses for testing of mold;

e. Property damage and losses due to exposure to bed bugs and mold, the total amount to be determined at time of trial;

f. They are likely to continue to suffer long term effects, both mentally and physically, due to their exposure to the above conditions.

42. The actions of the OHA were willful in their non-compliance with Neb. Rev. Stat. §76-1419.

43. Further the Plaintiffs are entitled to recovery of attorney fees.

Wherefore, due to the Defendants willful action and in being in noncompliance with Neb.

Rev. Stat. 76-1419, Plaintiffs request their special damages, general damages, to be

determined at trial, along with recovery of reasonable attorney fees and costs.

COUNT 2 NEGLIGENCE

44. The Plaintiff incorporates Paragraphs 1-43 as if fully set forth herein.

45. The Defendants, as landlords of the Plaintiffs at 8306 Underwood Ave. Apartment 205 and 3712 Francis Streets, owed a

AMERICAN OVERSIGHT

duty to maintain a habitable premises.

46. The OHA breached this duty in the following particulars:

a. Not properly and efficiently remediating or eradicating the bed bug infestation at the Plaintiffs premises located at 8306 Underwood Avenue;

b. Not transferring the Plaintiffs from 8306 Underwood Avenue in a timely fashion and having them reside in a bed bug infested apartment for over 8 months;

c. Not doing whatever was reasonably necessary to accommodate the Plaintiffs and fix the bed bug infestation.

d. Not properly inspecting/treating the property for bed bugs.

e. Not properly and efficiently remediating or fixing the mold/fungus issues at both the properties located at 8306 Underwood Avenue Apartment 205 and 3712 Francis Street.

f. Not properly inspecting/treating the properties for mold/fungus;

g. Not doing whatever was reasonable necessary to accommodate the Plaintiffs and fix the mold/fungus situation at both properties;

h. Not transferring the Plaintiffs from 8306 Underwood Avenue or 3712 Frances Street after notice of the mold situation, thereby subjecting Plaintiffs to physical harm, sickness and mental distress for a long period of time.

47. That as a direct and proximate result of the negligence of the Defendant, Plaintiffs have incurred the following damages:

AMERICAN OVERSIGHT

a. Physical injuries from bed bug bites and respiratory, sinus and allergic conditions due to exposure to fungus/mold and other related injuries;

b. Medical bills related to bed beg bites and respiratory, sinus and allergic reactions and other related physical symptoms due to the mold/fungus exposure;

c. Extreme mental strain, distress and stress, anxiety and depression;

d. Out of pocket expenses for testing of mold;

e. Property damage and losses due to exposure to bed bugs and mold, the total amount to be determined at time of trial;

f. They are likely to continue to suffer long term effects, both mentally and physically, due to their exposure to the above conditions.

WHEREFORE, Plaintiff, prays for judgment against Defendant, for their special and general damages, together with the costs herein expended.

John & Christine Spanyers, Plaintiffs,

Douglas R. Novotny #22703 Novotny Law 18025 Oak Street Suite B Omaha, NE. 68130 402-991-7643 <tel:(402)%20991-7643>

<mailto:doug@douglasnovotnylaw.com> doug@douglasnovotnylaw.com

AMERICAN OVERSIGHT

This info is included for self-evident reasons and it reflects what HUD FHEO refused to investigate, refused to stop, and allowed the OHA to commit against us. It also reflects the retaliation we suffered at the hands of the OHA and their surrogates and was sanctioned by HUD's FHEO in Washington D.C., Kansas City Regional Office, Omaha FHEO Office as well as the Omaha Local HUD Office. Instead of recognizing that we are a protected class of disabled seniors we were asked to stop filing complaints and that HUD does not typically intervene with the general operations of their partners.

What we are informing you of is a Fact. The tenant in unit (b)(6) in our Cherry Tree apartment building had a protection order upheld against her while she has resided here at Cherry Tree. As such, the OHA had elected to NOT EVICT her and instead allow her to continue living in public housing. Further, this tenant is a witness to the fact that (b)(6) has been residing with (b)(6) since she has been living in the unit across the hall from ours. (b)(6) had informed us that she has been living in that unit for 7 years now. (b)(6) also claims she lives alone as she had testified to under oath and had signed as a fact under penalty of perjury in her complaint against myself John Spanyers.

Since the OHA has elected to bypass an eviction process for an upheld protection order against the tenant in unit (b)(6) then we are being treated differently than other tenants and as such, the OHA is applying a double standard against our household which is a discriminatory act. It is important that we inform you of this fact.

AMERICAN OVERSIGHT

Patrick Cohoon, an Attorney for Legal Aid of Nebraska whom represented us in this eviction matter noticed the clear conflictive testimony by (b)(6) and her Witnesses. He also recognized that I had done nothing that warranted an eviction that would rise to the level for such an eviction and that it is the first time that he had seen such harshness in a case like this. He also noted that we had kept the OHA informed as to why we were recording the violations.

It should be noted for the record that we also reported these activities to HUD's OIG Hotline as well as with Janet Blackman with the State Investigative Unit.

I wrote the following to Ms. Blackman:

Dear Ms. Blackman,

As promised back in June, I would contact you with more information if and when I had more information concerning (b)(6) (b)(6), that both reside at 8312 Underwood Ave. Apt (b)(6) that is known as the 'Cherry Tree Apartments" that is managed by the Omaha Housing Authority.

As you can see by the attached information, we have been attempting to communicate to our landlord our concerns and questions regarding this household. To our knowledge our landlord has not addressed or followed thru on investigating this

AMERICAN OVERSIGHT

household for housing fraud. We have pointed out according to our understanding, ongoing violations of the admission and continued occupancy policy (ACOP), the Part 1 Terms and Conditions of Our Lease violations, the Violation - City Code Of Ordinances: (which may be located here https://www.municode.com/ <https://www.municode.com/library/ne/omaha/codes/code_of_ordinances?nodeId=PTIIMUCO_CH18NU&showChanges=true> library/ne/omaha/codes/code_of_ordinances?nodeId=PTIIMUCO_CH18NU&showChanges=true), the cameras that they (not OHA), installed, the middle of the night property alterations they so frequently do under the cover of darkness, as well as the fact that that (b)(6) is living there.

Although we have been informed that they have been living together since 2009 we have only been able to establish that (b)(6) (b)(6) (thru public records) has claimed to be residing here at 8312 Underwood Ave. since 2011. The fact that his name is on the mail box here as a resident also reflects this. It might help for you to see what address he is using on his driver's license (which is "(b)(6)"), that is attached with the additional information in this email.

It is our understanding that you will be able to confirm more information thru the IRS (State & Federal), Social Security Administration, the Dept of Labor as well as the many other interface resources, that you have at your disposal, to confirm this individuals residence, employment, and resources.

Our life has been turned into living hell by this household and

AMERICAN OVERSIGHT

their friend that lives above us since our managers came and directed her to remove her plants from the hall way. We have been harassed, threatened, abused and have had lies stated upon us in a false fictitious (Under the Penalty of Perjury) Affidavit, for bringing to light what they are and have been doing.

As you know, we have been questioning the validity of their statements regarding their living composition and possible unreported income. The first red flag I had was why her caretaker was making in the middle of the night alterations, to the OHA managed property, and why was he driving and parking an unlicensed vehicle since he held a full time job. I think the biggest flag was why (b)(6) had or needed a live-in caretaker in a one room apartment when we were witnessing daily attending to all her flowers and plants without him out there. I have never known anyone that could attend to so many plants that required a live-in care taker.

Prior to us moving back to Cherry Tree this is how it the front of our unit. These are (b)(6) fixtures and plants that she is outraged at me for wanting them removed.

https://youtu.be (b)(6)

https://youtu.be

AMERICAN OVERSIGHT

https://youtu.be (b)(6)

Why it has not raised flags with anyone as to how she has been able to tend for these plants if she is as she claims she is. Admittedly she does have a green thumb for gardening as you can see from the link below.

https://youtu.be (b)(6)

We are hoping and praying that all the other investigators will coordinate with you to get to the bottom of what should not be occurring.

Again thank you for addressing this.

Respectfully,

John & Christine Spanyers

AMERICAN OVERSIGHT

For the record as of today March 9th 2017 nothing has changed at the Cherry Tree Apartment's. The (b)(6) Household still has their unlicensed and uninsured 1995 GMC Red Sonoma VIN # (b)(6) and is still parked on the back parking lot to 8312 Underwood Ave. It is apparent that the OHA is allowing these residents to break Omaha City Ordinances, violate the ACOP Rules pointed out in our complaints to the OHA. Rather than enforcing their own ACOP rules, it appears that the OHA's primary focus was to have us evicted and to allow and encourage criminal activity by their resident proxy as a reward for their help in getting us evicted from the OHA Program.

We will be respectfully asking our President, President Trump, our HUD Secretary, Dr. Ben Carson and our U.S. Attorney General, Attorney General Jeff Sessions to please investigate our complaints and to have all emails sent to/from us (b)(6)@gmail.com <mailto:(b)(6)@gmail.com> and (b)(6)@gmail.com <mailto:(b)(6)@gmail.com>) and all emails sent by/ received from the following HUD Officials to our email address including all correspondence mailed to us from HUD's FHEO – Sara Pratt, Gordon Patterson, Gayle Bohling (Washington D.C.), Betty Bottiger, Gregory King, Antony May (Kansas City FHEO Office), Kathryn Amaya, Shila Hernandez, Connie Radcliff (Local Omaha FHEO Office), Earl Redrick, and Denise Gipson (Omaha Field Office), Omaha Field Office, HUD Hotline OIG, HUD online 503 Complaints filed as well as Nandinee Kutty from the HUD Enforcement Center in Washington D.C. recovered and reviewed from the National Archives and Records Administration.

These records will clearly show how discriminately cruel the FHEO

AMERICAN OVERSIGHT

and Local HUD Employees were toward our household and just how little these employee did for our household other than telling us to stop bothering them with complaints. It will also show that the FHEO singled us out and refused to process our complaints or give us proper due process.

This information will help our Administration and Dr. Carson understand why Betty Bottiger, Gregory King, (Kansas City FHEO Office), Kathryn Amaya, Shila Hernandez, Connie Radcliff (Local Omaha FHEO Office), Earl Redrick, and Denise Gipson (Omaha Field Office), Omaha Field Office should be termed immediately and why this PHA should be debarred and stripped of Federal Grant Monies. Additionally we will be asking that copies be provided to the House Oversight Committee as well as the Senate Appropriations Committee to aid the members in deciding whether funding should be cut or suspended to this PHA organization.

Gregory King and Shila Hernandez both out right lied to us when they told us that this PHA is not allowed to retaliate against us for filing complaints. That is all this PHA has done to us since we filed our complaints. They have slandered and assassinated our character, accused us of committing computer crimes at board meetings forced us to live in substandard housing and to pay for rent this. They were allowed to cause irreparable harm to our mental and emotional health, caused undue hardship in an attempt to compel us to with draw our HUD complaints.

Even now they are requiring that in order to settle our state lawsuit they want us to sign an indemnify clause as so HUD will not come after them for damages and to release them on all State and Federal Tort Action before they will settle our State case. We are left wondering if this is another brain storm or joint operation by Betty Bottiger, Gregory King, (Kansas City FHEO Office), Kathryn Amaya, Shila Hernandez, Connie Radcliff (Local Omaha FHEO Office), Earl Redrick, and Denise Gipson (Omaha Field

AMERICAN OVERSIGHT

Office), Omaha Field Office and this PHA.

We were directed to stop filing complaints and stop sending email to which we complied. As a result of following these directive it allowed the OHA to have its way with us to put us in a very hostile environment and as so this PHA could use its resident proxies to have us removed from affordable housing and to have us removed from the program and thrown to the streets.

Even now we are fearful of Betty Bottiger, Gregory King, (Kansas City FHEO Office), Kathryn Amaya, Shila Hernandez, Connie Radcliff (Local Omaha FHEO Office), Earl Redrick, and Denise Gipson (Omaha Field Office), Omaha Field Office. These individuals were fully aware of what we were being subjected to by this PHA and they outright refused to take any action to protect us from these abuses such as filing a TRO and relocating us to another PHA. Instead of trying to eliminate housing discrimination these individuals by their actions promoted just the opposite and embolden this PHA to continue abusing us.

Although we both meet and exceed the criteria for a protected class in accordance with Federal Law and HUD'S FHEO standards, we unfortunately have learned that we do not meet the racial criteria with Betty Bottiger, Gregory King, (Kansas City FHEO Office), Kathryn Amaya, Shila Hernandez, Connie Radcliff (Local Omaha FHEO Office), Earl Redrick, and Denise Gipson (Omaha Field Office), Omaha Field Office to be given equal access and equal protection by their FHEO Office and local HUD Office. It should be added that we have emails and other evidentiary in support of this dual complaint.

Since we writing this email to our City Council…

AMERICAN OVERSIGHT

Email written to Omaha City Council Members September 4th, 2012

Dear Distinguished and Honorable Members of the Omaha City Council,

I am writing to ask for your help with ongoing concerns and issues. I am afraid that unless our City Council intervenes, on behalf of ourselves and our City, this is going to continue. I know of no other Department in our City where the Board is ran by insubordinate's nor do I know of any other City that would allow, insubordinate's such as these to remain in a position of Public Trust. These insubordinates are costing our City.

We have, as best as we know how, have attempted to communicate every possible means our Housing Authority Board Member's the seriousness of our situation, and the consequences for ignoring them.

And yet nothing is done on their part. Unlike yourselves, they seem to behave as a puppet Board, rather than exercise the Powers given to them when they received the Privilege and Honor, to be appointment, by our Mayor and the Trust and Confidence of our Omaha Council Members, when they were appointed there to present position.

We want to apologize, for having to bother our City Council Member's, with concerns that should have been addressed long, long time ago. We feel that we are being forced to come to you, in order to stop the abuse and violations occurring at our Housing Authority. The fact that our Commissioners, are allowing these insubordinates to dictate and manipulate our Board Member's infuriates us beyond words. I do not feel our City needs the reputation or the disgrace that is occurring to our City now. You are our, most respected leaders, because we the citizen of Omaha trust you. This is something you have earned. When we the citizens go to the ballot box and cast a vote, we are saying, “You have earned our Trust, our Confidence, and our Knowing, you

AMERICAN OVERSIGHT

have earned our Vote!”

We the citizens trust your wisdom in all affairs of our City, Our Great and Beautiful City, the City of Omaha Nebraska. We trust that you will protect our City from harm. We trust that you will protect our City's Honor/Reputation. We trust that you will promote tourism, and business growth in our community. We trust that you will conduct and perform your Duties. We Trust You!!!

Without our Council Members, there would be no City. Our Council Members have created our order by passing laws to delegate how to protect and maintain our City from harm, as so we the citizens may have maintained safety from harm. It does not matter from which political party you subscribe. What is important is, that we Trust you and we the citizens have Confidence in your vision for our future. Trust is the seat of all of our commerce and business. In fact Trust is so important to our great nation that we have embedded "In God We Trust" up on our Currency that we use in our commerce and business. Trust is a wonderful thing. With Trust comes Honor, with Honor comes Respect. These three Vestments are, the Crown Jewels of Truth, upon which all Good Things Spring. Truth is what validates the core of our values. Are we not asked when we take a witness stand to make an oath, by swearing to tell the Truth, the whole Truth, and nothing but the Truth?

What happens when our core values, are brutally assaulted by acts of betrayal, cheating, cons, deceiving, double-cross, duping, finesse, flimflamming, hoodwinking, manipulating, play for a sucker, roping in, scamming, stringing along, suckering in, trickery, playing for a chump, baiting, with the beguiled acts, by insubordinates that all the while bait, bewitch, cajole, captivate, charm, come on, enchant, persuade, entrap, lead on, seduce, tempt, prevent, tantalize, coax, decoy, fascinate, entice, hook, threaten, turn on, sweep off feet, win over, and wile, all those that that seek an explanation of their acts , to prevent the truth from being known.

AMERICAN OVERSIGHT

Does not our trust turn to disbelief, distrust and mistrust? Does not our honor turn to derision, humiliation, and disgrace? Does not our respect turn to scorn, condemnation, dishonor, disrespect, and disobedience? And does not our truth become falsehood, lies, deceitfulness and mendacity when we allow insubordinates to beguile us from our Cities, foundation of Trust, Honor, Respect, and Truth? When Haters and Deceivers take away our Truth; we are allowing them to take away our Respect.

When we allow them to take away our Respect; we are allowing them to take away our Honor. When we allow them to take away our Honor; we are allowing them to take away our Trust. When we allow them take away our Trust; we are allowing them to take away our Faith in Our City Government. So you see Trust Is Very Important, especially when it comes to our City Government, and our City Government Administrative Employees.

Throughout our ordeal we have made every attempt to possible, to be removed from our dilemma and express our concerns about what was occurring, within our Housing Authority, and how we were being treated. When it became apparent that we were getting nowhere, we elected to remain silent and except the hopelessness of our situation, as so often happens with residents within our Housing Authority, because of everything being stacked against us, because of our Housing Authority Administrators and Managers.

You can only imagine how delighted we were when Ben Gray invited us to come to the Omaha Housing Authority to share our concerns. We were especially excited because we were able to share this with our District Councilman so we could get resolve. We actually believed that Ben Gray cared for the Citizens of Omaha, and was working with both Honorable Mayor and our Distinguished City Council Members to make our City of Omaha a Safe and Healthy place for us to raise our families. Knowing Ben Gray had the personal ear of our Honorable Mayor gave us even greater confidence that our dilemma would soon be over, which is why we

AMERICAN OVERSIGHT

attended our Housing Authority Board meeting, on July 26th 2012. Please we invite each you our Distinguished Council Members to take some time to review this meeting. Here: http://youtu.be/yeqWcTI1Isk

We attended this meeting even though our fellow resident and visitors insisted it, was nothing but a pure waste of our time. They argued that crime rate and violence in District Two is the Highest in our City and if Ben Gray did not care about the African Americans in his own District why would he careabout us. We were asked if we had contributed to his campaign, and were we politically news worthy enough to catapult his political ambitions. If not we were on dream time. When added to the fact fact that we were not African American, certainly guarantees nothing that nothing was going to happen.

Being a believer in our Country's values and the value of our City Government, I staunchly advocated that they were badly mistaken, and they would see that he was not someone whom gave lip service, just for the primary purpose of pandering to the voters, for the sole purpose for to further own selfish political career. What a complete fool I was, and I am ashamed of myself for not listening. It has been nothing less than a humiliating for me to go and sincerely apologize to every person that I spoke so highly too about Ben Gray.

It has been bad enough that we were made a complete laughing stock to everyone in our building since we were purposely placed in a unit that did not have the proper mold remediation and then forced to live in it, and then to have a Housing Board Member, and City Council Board Member tell us that he knew that the mold report was wrong but there is nothing he could do, and but he would look into it, has gave us no other choice but to file a proper complaints, to get to the bottom of what has been happening to us here at the Crown Tower since our move in. Clearly Ben Gray refuses to act individually in his own capacity as a Board Member of the Omaha Housing Authority, or individually

AMERICAN OVERSIGHT

in his official capacity as a Distinguished Member of our Omaha City Council. It is insulting that he does not understand or even appreciate his own position of Trust that has been bestowed upon him. I admit that I am poor, uneducated and disabled, but at least I do appreciate and have more revere respect to the positions that he is disgracing, a lot more than he understands what his responsibilities are in both these positions to our wonderful City of Omaha Nebraska.

I mean no disrespect to the most Honorable Offices that Ben Gray holds, nor do I want to offend the Officers of these positions, because I have the Highest Respect for these Distinguished and Honorable Office's. But to be frank I cannot respect the man, Ben Gray that holds these such offices, and I am more than confident that the voters, we the citizens, will not forget his actions (or lack thereof,) nor will they forgive his neglect of duties for years to come, concerning what has happened to us, and we are certain that it will inevitable haunt all of his political aspirations for years and years to come. This we are sure of!!! Trust is very important to all of us, we the citizens of our Great City, and more importantly to all of us, we the citizens of our Great State of Nebraska.

On February, 9th 2010,we came back from getting groceries, only to find our beloved family pet and my service pet, was found mutilated by (b)(6). This monster not only killed our beloved pet, he stated he was sorry that he did this out of family love. We informed him that we were going to file charges against him for his actions, and for what he did to our pet. It was then that he ran and grabbed a rifle and started shooting this firearm in the house, yelling obscenities as to how he was going to kill every mother****er, my wife grabbed our pet while he chased after her and our mutilated pet that was in my wife's arms, he then coked the rifle three times and proceeded to aim it directly at her head, and then shot at our car where he thought I was. He kept yelling how a lot of people were going to die and started yelling all sorts of terroristic threats, and threatened

AMERICAN OVERSIGHT

to kill us. While the Police were on their way, (b)(6) was on the telephone calling his gang member brother, receiving instructions on what to do and what to say when the Police arrived. (b)(6) then proceeded to attempt to hide the weapons used in the commission of his crimes all the while communicating with his older gang member brother. This happened at my wife's father's place of resident. This was the very same home where my wife had grown up in, and was continuously abused. (b)(6) older brother (b)(6) is a lifelong THUG gang member of MBC in south Omaha. He has an arrest record for possession of drugs and was not happy that we were, as they called us "50 Callers" when it came to illegal activities. In fact we had no idea what we were confronting when we were trying stop the illegal activities occurring at her father's home. After the Police standoff, the Omaha Police Department searched and confiscated the firearms that my wife's father continuously allowed (b)(6) to use, so he could go rob our citizens and use the firearms toward the purpose of intimidation to get what he wanted when he wanted, throughout our City in the commission of crimes. Our Brave Omaha Police Department was finally able to arrest this psychopath by taking him into custody, from there he was placed it the adult day care facility for dysfunctional adults, better known as the Douglas County Jail. After learning that we were not killed, (b)(6) A.K.A. (b)(6) (his gang member name) became very upset that his brother was arrested and that our Omaha Police took away all the fire arms, so they were without their"Heat and Glocks" as he was known to call them. It was on my birthday that I found the weapon used to kill our pet Jasper. (please see attached)

Both my wife and I are eternally grateful to Don Klein and his office for putting this monster in prison, where he belongs. Namely it was Nissa Jones that finally put this monster in prison for 8 years and 8 months. To give you an idea of what we had to go through, after our family pet and my service pet was mutilated and murdered by (b)(6), we witnessed my wife's dad intentionally and purposely attempt to cover up his crimes. He

AMERICAN OVERSIGHT

knowingly and intentionally went out of his way to soak and then wash EVERY knife and screw driver in his house and garage in kerosene to remove any and all traces of blood because, he was unable, to confirm with (b)(6), where he hid them, before the police came the night he committed mutilated our pet. My wife's dad demanded that we let (b)(6) out of Jail because he was only playing with our cat and if we did not, help him to get out of Jail, then we were not a good Christians. He also explained that (b)(6) was only playing around when he aimed the rifle at my wife's head and shot up our car. My wife's father is an enabler in the worst way, he allows these thugs to do drugs and in his home and has allowed these thugs to illegally do construction work in his home without getting proper permits for installs such as his furnace, which by the way we are surprises has not blown up or caused carbon monoxide poisoning. These Thugs are constantly getting money from him for their illegal drugs or selling him stolen items. He has even witnessed (b)(6) rape a girl in his home and refuses to report what he witnessed. He has also witnessed a child being abused by (b)(6) and did nothing to stop what was happening. In fact both my wife and I had to go to the Federal Bureau of Investigation to report activities. Every one of these thugs that my wife's father knows and affiliates with, are nothing more than drug abusers. They come to his home, for the sole purpose just to get money from him so they can purchase and use a white substance called methamphetamines. It is the PARASITE DESTROYER !!! Whenever these THUGS want money for their poison the all go to "Grandpa" as he is known to get their cash. And when these THUGS can't get the cash out of him they turn around and rip off his home. Rather than criminally prosecuting them he instead just plays stupid so he can turn it into his insurance, for a higher price than what he really pays for it. The whole thing was just sickly repulsive. The only reason I could not go to my family for help is because all of my brother and sisters, we were all taken away from my parents for the brutal abuse I and my siblings were made to suffer at the hands of my parent. It was after I had my front teeth knocked out of my mouth and my ear and hearing permanently

AMERICAN OVERSIGHT

damaged, that anything was, actually done, to stop the abuse. In fact I had was placed in a hospital for the longest time, while the State placed my other siblings in foster homes, for adoption to other families in other States, in order to protect us from being abused. To this day I do not where any of my siblings are or if they are even alive. In fact my mother committed suicide on my brothers birthday when she learned we would never be coming back home. It was because of what my dad had been doing to all of us, and her. It completely devastated her. To this day I am still suffering from effects of what I was made to suffer growing up. You see it was legislatures such as yourself on a State level that made it possible to make changes in laws as so culprits can't run off and not be accountable as my dad was able to do our mom and all of us kids. I share this with you as so you can better understand why I have so much faith in our Rules of Law and those that oversee the creation of them. Hopefully you will understand why we decided to live in our car rather than staying at my wife's fathers place. We came to our Housing Authority to seek refuge and escape abuse, not to be abused in our refuge.

We are no longer interested in more excuses. Nor are we any interested in the irrelevancy of whether it was right or wrong. What we are interested in, is whether or not it has been legal.

I do not know how to ask any clearer, or make it any simpler to our Housing Authority Board Member's, what their Responsibilities are to our City, and for them to fulfill them.

Below are the emails we have sent, and the responses.

Truly this is not good for our - City Omaha Nebraska.

I want to thank you addressing these matters,

Respectfully Your,

John and Christine Spanyers

Now look at those involved with our HUD complaints:

OHA CHIEF Former EXECUTIVE OFFICER – (Clifford Scott) An individual that acted insubordinate with his previous employer (back in Youngstown Ohio), and then came here to Omaha and overstated his previous pay. Was this to balloon the salary he was seeking and given?

This was reported by: Liz Dorland, ldorland@action3news.com <mailto:ldorland@action3news.com> . This is what our Honorable Nebraska State Senator Ernie Chambers has said about Two of our Housing Authority Board Members. I already have shared what I believe concerning, George B. Achola, Clifford Scott and Ben Gray with our other City Council Member of the Omaha Housing Authority. You will note that Fred Conley is the Chairman of the Omaha Housing Authority. These are four key individuals involved with our complaints and living conditions that our Omaha HUD Office has and have been working with concerning our issues. You may want to go look for yourself.

http://www.kmtv.com/news/ <http://www.kmtv.com/news/local/170442876.html> local/170442876.html

Omaha, NE -- Ernie Chambers is taking no prisoners. The former Nebraska State Senator not only went after his opponent Senator Brenda Council, but anyone who's publicly supported her. Chambers used his weekly show to slam his District 11 opponent Brenda Council on the same day she admitted in court, to using her campaign funds at casinos. With just 48- days until voters head to the polls, State Senator Ernie Chambers is taking-off the gloves. He's not only going after Council, but her associates as well. Nebraska State Senator Brenda Council's guilty plea made national headlines in the Washington Post and The Huffington Post. While she isn't talking about how her conviction is impacting her campaign for re-election, Ernie Chambers wasted no time getting right to the point, on his weekly show on Cox CTI 22. "She is a self-confessed convicted criminal, and we have people saying that this community believes that we can be properly represented by a criminal," said State Senator Ermitus. Chambers didn't stop there. He also fired-off at Nebraska

AMERICAN OVERSIGHT

Attorney General John Bruning, claiming Council's crimes are felonies. He stated,"The Attorney General did not charge her with any violation of the campaign laws which she in-fact violated. That is how white men can orchestrate something to let a person off the hook when they want to." He also called out Council's supporters: Omaha City Councilman Ben Gray, OPS Board President Freddie Gray, County Commissioner Chris Rogers and Campaign Manager Fred Conley. Chambers sternly stated on his show, "They came to the defense of Freddie Gray who is established as a liar", "Ben Gray is a liar" and "Douglas County Commissioner Chris Rogers, who has done nothing for this community people have no idea who he is." Chambers also pointed out in 1992, Senator Council's campaign manager, Fred Conley, was fined big bucks for misusing campaign funds. Conley who is traveling to Washington D.C said, "I really think Chambers is beating a dead horse ... as far as the election, she (Council) wants to move forward on what she can do for the district, and I think Chambers needs to do the same." Fred Conley didn't argue the claim of misusing campaign money. He also said Senator Council is removing her name from the list of people who are able to sign campaign checks. KMTV contacted Attorney General John Bruning, and Commissioner Chris Rogers, but haven't heard back. We also asked to talk with Senator Council, but was told "she's not talking about it anymore". Reported By: Liz Dorland, ldorland@action3news.com <mailto:ldorland@action3news.com> Respectfully, John and Christine Spanyers Lastly Former U.S. Department of Housing and Urban Development Deputy Assistant Secretary for Enforcement and Programs (Sara K.Pratt).

Lastly I shared this with Ms. Kutty with HUD'S Enforcement Center in an email titled "Unanswered and unresolved outstanding issues!!!" on January 23rd 2017.

The only time we ever met any investigator's was when Sheila Hernández and Gregory King came to the Crown Towers the second week of August 2013. In fact I sent you an email showing the molds spores witnessed growing by FHEO's Investigators Sheila Hernandez and Gregory King when they came and interviewed us the second week of August 2013.

This again was the ONLY time that any that the FHEO ever came in person to investigate. The whole time that we were being Tormented and Tortured with Bedbugs and mold including TOXIC MOLD the FHEO REFUSED to come witness and investigate the intolerable conditions we were being made to live in and forced to pay rent without investigating in person regarding the intolerable conditions we were being made to live in.

Rather than investigating and stopping the ongoing retaliatory acts of the OHA, the FHEO instead sent us three separate emails stating "As a matter of practice, HUD does not typically intervene with the general operations of our partners," and refused to relocate us from the abuse and abusers and did absolutely nothing about what HUD CLEARLY knew was outright lies that we had crashed local HUD computers. Instead HUD allowed

AMERICAN OVERSIGHT

their partner to repeatedly retaliate on us and allowed their partner the free reign to torture us with bedbugs while they mocked and laughed openly in September of 2015 Board Meeting while they knew we were in mold conditions, dangerously high carbon dioxide air levels, while being eaten alive mercilessly by bedbugs.

If this hell wasn't bad enough, HUD's partner Susan Gilroy moved us into a unit where the previous tenant of (b)(6) had died in the front room on the carpet that was not replaced after his death and neither Susan Gilroy nor her site manager had the courtesy to inform us of this. This nondisclosure was both sick and cruel.

The unit we were placed by HUD's partner the OHA is where they refused for months to maintenance, properly and where we were forced to have a non-working faulty (13 year old) hot water heater that had to be replaced due to its malfunction and its age. In fact when we did our walk thru we pointed out the bulge in the walls and the leaking drain gutters. As a result after months of refusing and ignoring the issues we had to send the copy emails to Susan Gilroy, Jennifer Dexter and copied HUD and Senator Fischer's Office.

find me < <mailto:(b)(6)@gmail.com> (b)(6)@gmail.com>

10/21/15

to jdexter, Susan, Kathryn, Brianne_Faulkn., bcc: me

Ms. Dexter & Ms. Gilroy:

AMERICAN OVERSIGHT

We have repair issues that need to be addressed. Repair orders have previously been called into the OHA repair line. HUD is copied on this email due to the nature of these maintenance concerns.

1) One of the most pressing repair issues is the fact that the tempered glass on the front door of the oven keeps falling down / falling open and is in danger of falling off the stove / oven and possibly shattering. One could easily walk into the sharp edges of this large glass piece and seriously get hurt and as such, the OHA has been put on notice of this danger and possible injury. This matter should be addressed as an Emergency. The HEAVY glass oven door piece is taped on at this time in an attempt to keep the glass on the oven door. Due to this condition, the oven is unusable. Shawn with the OHA Maintenance Dept. had replaced the oven door gasket and it appears that the door wasn't properly reassembled. This occurrence with the door glass piece started last evening when we were cooking in the oven and was called into the OHA repair line this morning.

2) Another issue again is the gutter and drain pipe on the back side of our rental unit at Frances Court Apartments as whenever it rains, it causes LOUD SOUNDS off of the defective drain pipe and gutter which is close to our unit bedroom window and as such, it keeps us up and unable to properly sleep when we sleep in our unit bedroom affecting our tenant rights as is our understanding. We had called this repair order in a while back as you had instructed us to do after OHA Maintenance had failed to fix the problem in the first place from your work order and to date, the OHA has not fixed this problem. We had even previously discussed

AMERICAN OVERSIGHT

this matter with you via phone and also via email. Was awoken again this morning with the LOUD SOUND of the rain hitting the drain pipe and interrupting our right to sleep. The weather forecast includes daily rain for multiple days except this Saturday and Sunday. Does this mean that we will need to suffer ongoing without proper sleep for multiple days when trying to sleep in our bed due to "no fault of our own"? This is another recorded attempt to address this maintenance need with the OHA.

3) There appears to be significant bulging occurring that is causing a large crack and paint peeling at the upper wall / ceiling area over the kitchen cabinetry. This was previously discussed a while back with Shawn with OHA Maintenance and as such, Shawn was going to have a painter address this matter; however, to date, this has not been done. We had even made a work order request a while back concerning this matter; however, to date this has not been addressed. The concern is that Christine is allergic to mold and this could be a symptom of housing mold and as such, we are again attempting to get this concern addressed by the OHA. This attempt becomes a matter of record.

4) The gutter above our unit front door is NOT PROPERLY SEALED. Rain is coming through and drips on whoever is underneath the gutter in this area when it rains. Shawn with OHA Maintenance had replaced the front gutter, but it wasn't properly sealed and as such, this should be addressed. This work order request was called into the OHA. If this repair need isn't addressed prior to winter, then we are in danger of an ice build-up in front of our unit door and as such, the OHA has been put on notice of this danger and cause of possible injury. This concern was previously discussed with Shawn; however, he feels that he had properly sealed the gutter. We are being dripped on underneath the front

AMERICAN OVERSIGHT

door gutter and it is dripping through the front door gutter when it rains and as such, we pray that the OHA will fix this repair need.

5) We had made a work order a while back for weather stripping for the screen door and the front door as there doesn't appear to be any weather stripping under the screen door and the weather stripping under the front door is tearing off. This work order was called in a while back after discussing this issue with Shawn with OHA Maintenance as he had instructed us to call in a work order for weather stripping for the screen door and the front door of our rental unit. To date, this has not been fixed. Please note that we have asked the OHA for an extra utility allowance due to medical and weather stripping helps with utilities and protection against weather elements. When it is storming and raining out with a strong wind, the wind pulls the screen door wide open as it doesn't latch well and there doesn't appear to be any weather stripping under the screen door to help keep the door sealed. This is an old door. We were sent an application via mail for weatherization assistance for our rental unit and as such, it appears that this weatherization assistance application was sent to us by the State of Nebraska which is our understanding falls under the Federal LIHEAP energy program. We are in the process of sending this application in to SENCA for weatherization help. This will involve an evaluation of weatherization needs for our rental unit. It is our understanding that SENCA will also have the efficiency of our unit appliances checked to include the furnace and hot water heater. It is good that the OHA had elected to replace the inefficient hot water heater that was in our rental unit when we were first moved here. This was done after we had made multiple requests that the OHA fix the hot water heater problem.

AMERICAN OVERSIGHT

We don't understand why our repair needs aren't being properly addressed. This is an attempt to have our repair needs properly addressed and fixed. We pray that our repair needs are addressed and fixed by the OHA.

Sincerely,

John & Christine Spanyers

It took until December 3rd, 2015 (seven months) before HUD's partner Susan Gilroy and her Site Manager came to our unit to address the bulge in the walls. When it was discovered toxic mold coming thru both sides of the wall (Bathroom & Kitchen) due to no fault of our own. Attached is the hand delivered ultimatum that Susan Gilroy hand delivered personally by hand the following day.

As you can see from the first email I sent you, the OHA refused to repair the gutters or the ice buildup that was occurring at our front door all because we did not want the OHA to do toxic mold remediation (with our belongings in the unit), or be placed back at the Cherry Tree Apartments. It was then that the OHA legal Counsel approximately a month later Mr. Hansen sent the attached email to our State case legal counsel offering a suitable unit for us, PROVIDED we release the OHA from our discrimination complaints. We filed our complaints because of the

AMERICAN OVERSIGHT

never ending ongoing discriminative retaliatory actions and abuse that we had been made to suffer by the OHA all the while HUD was copied on and stood by thru out this abuse and did absolutely NOTHING to remove us from the harsh conditions that was being imposed on us. There is no doubt what so ever that this was being done to us, ALL because of our HUD Discrimination complaints that we had filed, on HUD's partner the OHA.

It's a fact that the OHA continued with the ongoing retaliation by NOT repairing the gutters or keeping the ice from our front door but rather singled us out and made sure everyone else (including their own on-sight office), was cleared of all ice and snow but repeatedly refused to do a single thing concerning our unit or our household to remove the ongoing sheets of ice in front of our unit in order to cause or create personal harm or injury.

As you can clearly see beyond any doubt that we did all that we could in order not to be placed back at the OHA Cherry Tree Apartment. Even though HUD had full knowledge that we were being forced to go there or the streets rather than 3716 Frances Street which would have adequately met all of our reasonable accommodations, HUD instead presented us with FHEO alleged good faith proposed drafted conciliation agreement, that offered to give us Rights that HUD should have been enforcing unconditionally to begin with since it is the LAW. This with FHEO alleged good faith proposed drafted conciliation agreement drawn up by Kathryn A. Amaya was nothing less than insultingly shameful if not disgraceful. To HUD's credit it made abundantly apparent that HUD's part had been way more than complacent if not conjunctive in the ongoing abuse that we were made to suffer at the hands of HUD's partner the Omaha Housing Authority, which explains to us why HUD has never so much as did one a single

AMERICAN OVERSIGHT

thing to protect us, protect our class and our protected Rights given under Title VIII of the Civil Rights Act of 1968, as amended by the Fair Housing Amendments Act of 1988 and Section 504 of the Rehabilitation Act of 1973 as well as Title III of the ADA RIGHTS. But these violations were also in violation of our Equal Protection Rights as U.S. citizens, our U.S. Constitutional Bill of Rights, namely being our 8th and 14thAmendment.

We were directed by both HUD and its partner the OHA to stop filing complaints and to stop emailing, which we did accordingly. We have no misgivings that HUD was in fact instrumental in our placement back at the OHA Cherry Tree Apartments rather than placing us at (b)(6) because we would not with draw our complaints.

Ms. Kutty, we want you to know that we have EVERY email both sent and received, every document, every video, and every audio as well as every photo preserved and recorded since this started. Back when we were living at the towers one of the Managers stated that it wasn't personal against us, it was politics. We know that with our New Administration and our new Cabinet picks that it won't politics, it will be personal. Needless to say we very, very are anxiously waiting for our Administration's Cabinet to be sworn in as so we can go forward and be made whole again.

We have been punished repeatedly for whistle blowing and reporting those that are committing fraud and reporting it to HUD and HUD's partner the OHA concerning those tenant's that were committing these fraudulent acts as well as the violators of the OHA ACOPS Rules as is encouraged by the OHA. The only one made afflicted by this has been us all the while those committing

AMERICAN OVERSIGHT

fraud are rewarded with affordable housing while HUD’s Partner Susan Gilroy looks the other way.

We have no doubt what so ever that we were placed back at the OHA Cherry Tree Apartments as so we could be further abused for refusing to drop our discrimination complaints and thrown out the program as so HUD’s partner the OHA could have all of our complaints dismissed. The HUD's FHEO alleged good faith proposed drafted conciliation agreement drawn up by Kathryn A. Amaya removes all doubt on this.

Lastly both my wife and myself have and had reasonable accommodation’s stating that we cannot tolerate mold and that we were to avoid mold and yet we were placed in mold at EVERY location. This was a repeated and REPEATED over and over, even though it was in complete violation of our reasonable accommodations by HUD’s Partner the OHA. A question we intend to get answered is why this happened and why did the Department allow this, but more importantly why did the Department omit these violations in our complaints even though we provided proof that this was occurring. Hopefully we will learn WHY the Department refused to aggravate this repeated offense. And what the Department’s part was in this ongoing abuse.

Before we go we went ahead and already forwarded pertinent emails to you prior to this email

AMERICAN OVERSIGHT

(b)(6) @gmail.com <mailto: (b)(6) @gmail.com>

(b)(6) @gmail.com <mailto: (b)(6) @gmail.com>

We have absolutely zero faith in the Washington D.C. FHEO Office, Kansas City, Kansas FHEO Office, as well as the Omaha Nebraska FHEO Field Office which is why we are now allowing the reporters copies of all of our emails, audio recordings, video recordings, and photographs as well as other evidentiary that we have retained.

I believe it will help the public understand why we feel that it is imperative that the Administration immediately cut funding's to those PHA Organization that steal from the America Tax Payers and the Government entity that oversees and protects these thieving Organizations and allows them to retaliate, discriminate and abuse disabled families like ours when reporting abuse and discriminatory practices.

Through the FOIA Act these reporters will also be able to find out what FHEO's part is as a contributor to coving up these acts as well what and how much the FHEO has contributed to or is responsible for some of the billions of dollars in discrepancies now being reported since they do not like to interfere with the operations of their partners by allowing and facilitating crimes against the most vulnerable that are disabled by their partners such as in our cases.

Hello Region 9 Fans of FOIA!

AMERICAN OVERSIGHT

I am responding back to inquiries I have received from Barbara and Myrna regarding the status of several FOIAs that were reassigned to HQ from the Region 9 queue. I understand that there is some concern regarding the status of processing on those items. To review:

* The HQ FOIA team took on those FOIAs because they were lengthy and seemed to be stuck, given a lack of resources at the regional level

* We have made similar offers in other Regions, for large complex cases—as part of our effort to move all FOIA processing into HQ over the next few years

* Once a FOIA is assigned back to the HQ queue, it goes through our processes here, in the order in which it was assigned and received, including OGC review

Due to the volume of documents, we are still working on all of these cases. We have what we need—and we are working on them as fast as possible. Please understand—I have staffing shortages causes by the hiring freeze and budget uncertainty—just like you do. Nothing is moving fast enough for me in FOIA. But I am confident that these cases are being handled expeditiously. In addition, now that they are back in our queue, they will go out under my signature—so if there are questions or concerns about the delay—I will be fully responsible for that.

I appreciate your concern and interest in FOIA! Please let me know if you have any questions.

Helen, the things you get done are admirable. People sometimes question the size of your hammer. There's a reason they make different size hammers:) What you do is very important to everyone within HUD. The fact that you've motivated some people who haven't done anything in years hasn't gone unnoticed. Fear is a motivator and so is honey.

Request ID: 17-FI-HQ-00877
Request Type : FOIA

AMERICAN OVERSIGHT

Requester Name : Sara Creighton
Request Description: Records sufficient to identify all employees who entered into a position at the agency as “political appointees” since January 20, 2017, and the title or position of each employee (to the extent that such individuals have held multiple titles or positions since January 20, 2017, identify each title or position). For purposes of this request, please consider any employee in a PAS position, a presidentially-appointed position, a non-career SES position, or a Schedule C position a “political appointee.” Records sufficient to identify all career employees who have been detailed into a leadership office or component front office since January 20, 2017; the title or position of each employee while on detail (to the extent that such individuals have held multiple titles or positions since January 20, 2017, identify each title or position); and each employee’s originating agency or component, and title. Records sufficient to identify the members of the “beachhead teams” who joined he agency at the beginning of the Trump administration, and the title or position of each employee (to the extent that such individuals have held multiple titles or positions since January 20, 2017, identify each title or position). For each individual identified in response to requests 1 to 3: a. The resume provided by the individual to the agency in connection with determining the appropriate salary for the individual, or, if that is not available, a recent resume contained within the agency’s records. We have no objection to the redaction of contact information (addresses, telephone numbers, e-mail addresses) for the employee or references, or to the redaction of past salary information. Employment, education, and professional association information is not exempt and we object to any redactions of such information; b. Any conflicts or ethics waivers or authorizations issued for the individual, including authorizations pursuant to 5 C.F.R. § 2635.502. Records sufficient to identify the members of the “landing teams” or “transition teams” who were embedded with the agency for transition purposes by the Trump transition organization between the November 2016 election and the Trump administration.

Subject: FW: OGC Involvement in REACs NIS Policy

Mr. Vanderbeek copied you, so I offer following pertinent fact so that you will have background as well as context:

* Mr. Hank Vanderbeek was decertified as a REAC contract inspector June 5, 2009 for not conducting REAC inspections to standard/not following inspection protocol.
* He acquired an attorney to attempt to not be decertified.
* After Mr. Vanderbeek was decertified several months later he sent a morbid email to the PIH Assistant Secretary, GDAS, REAC

AMERICAN OVERSIGHT

DAS, and me that included a poem about death. I forwarded the email to OCG and OGC advised me that it could be considered a death threat and advised me to forward it to OIG and for OIG to forward it to the New England area US Marshalls for investigation. We alerted building security and Mr. Vanberbeek would not be allowed in the building if he showed up.

* Mr. Vanderbeek has used HUD's name, REAC, as part of his consulting company's name. Another physical inspection consultant company who had done the same thing brought it to my attention and I contacted OGC for advisement. I was advised to write Mr. Vanderbeek a letter informing him that he was forbidden to use the HUD name as part of his company name. He responded by having his attorney write me a letter lecturing me, which accused me of retaliation.

* Mr. Vanderbeek markets his company by disparaging REAC and by promising property owners that he can show them how to pass a REAC inspections with very minimum cash expenditure. His approach is through advocating "short cut" non-industry standard repairs in assisted and insured properties, which is a threat to HUD tenant's standard of living (decent, safe, sanitary and in good repair).

* REAC issued the Industry Standards inspection guidance as a result of this practice by Mr. Vanderbeek and several other physical inspection consultants. Our QA inspectors had reported a growing prevalence of unacceptable "patch work" at HUD properties such as caulking in electrical boxes, a plywood plank screwed onto a sheetrock wall in order to hide a hole in the wall, which is an inspection deficiency;, truckloads of mulch spread on the property site in order to hide erosion, tripping hazards, etc. There was a growing tendency to hide serious deficiencies cheaply instead of repairing them properly. For example some physical inspection consultants advised GMF to apply masking tape over rusted through holes on metal exterior stairwells and paint the tape black, the same color of the metal stairs, in order to hide the rusted through hole deficiencies from our inspectors. For these reasons we indicated that repairs to HUD properties that did not meet established and sound

AMERICAN OVERSIGHT

industry standards would be recorded as a deficiency because they merely were an attempt to hide deficiencies, not correct them. The guiding principle is, why should HUD tenants be subjected to a lower standard of living simply because inspection consultants and some property owners were deciding not to maintain their HUD assisted and insured properties to standard. If we would not accept such inferior repairs in our homes, why should tenants be forced to accept it?

* Mr. Vanderbeek and some other inspection consultants appear to be displeased because they can no longer market themselves and their businesses on the promise of passing a REAC inspection with minimum cash expenditure. The goal of Mr. Vanderbeek and similar consultants is simply to get a bad/poorly maintained property to score right on the 60 point mark or a few points higher merely to say that they passed the REAC inspection even though the property still needs a lot more improvement.

* Mr. Vanderbeek mentioned smoke detectors. Smoke detectors are an EH&S (life-threatening) deficiency under our Uniform Physical Condition Standard (UPCS) protocol; however, there is no point deduction for the deficiency even though it must be corrected immediately (within 24 hours). Immediately after REAC's inception there was a point deduction for smoke detectors; however, property owners and PHA executive directors clearly illustrated to HUD that as soon as they would place new batteries in smoke detectors the tenants would take them out and place them in their children's toys. Owners and PHA executive directors argued that they should not be penalized for the resulting inoperable smoke detectors when they had met their responsibility to place fresh batteries in the detectors. As a result REAC removed the point penalty, but kept the EH&S (life-threatening) abatement requirement in place in which owners and PHA executive directors must certify that they abated the smoke detector deficiency.

* REAC inspectors, contrary to Mr. Vanderbeek's claim, test GFCIs. However, we test them by hand, not by a GFCI plug-in. GFCIs have a red and black button on the face of them. If a GFCI is working properly if you press the black button the interrupt

AMERICAN OVERSIGHT

feature will activate. If it does not a deficiency is recorded. If it does a deficiency is not recorded. The rationale behind hand-testing it is property owners and tenants can test them this way with no specialized equipment. That is why GFCIs are designed the way that they are so that any homeowner or tenant can easily test them and know whether they are operating properly as designed. Mr. Vanderbeek's statement is false and misleading.

* Mr. Vanderbeek's examples of the electrical hazard and the trip hazards are false. Deficiencies are recorded for each instance of occurrence. If there are 10 electrical hazards all 10 are recorded and points are deducted up until a point-loss cap; however each electrical hazard is cited with its exact location. Property managers are required to abate each of them. We also project the occurrence of the same deficiency throughout the property and property managers are required to check the entire property for the that particular deficiency and abate each occurrence. Mr. Vanderbeek's example is an illustration why he was not inspecting to UPCS standard prior to his decertification. He does not understand the inspection protocol and refused to follow it when he was a contract inspector. A property with 10 electrical hazards and a property with one would not receive the same some. Scoring is a highly complicated process that is done inside out IT system. Inspectors do not score. They merely record deficiencies. There are many variable to include property size, number of buildings, etc. that determine how scoring is appropriately weighted.

* The Compilation Bulletin does go into detail to clarify the definition of a building because it is imperative that a contract inspector arrives at the correct building count as well as the accurate unit count. If a building or unit count is off by one and the inspection is conducted using an inaccurate building and unit count the inspection will have to be declared out of standard and the inspection will have to be redone. Our effort to clarify building count and enhance the clarification by now include pictures as examples is prudent and necessary because some of our inspectors do not arrive at an accurate building count.

AMERICAN OVERSIGHT

Finally Mr. Vanderbeek objectively appears to be disgruntled. He has written me numerous emails requesting that internal email correspondence between HUD employees in REAC for specific years and dates be sent to him. Those employees are no longer with HUD. He does not say why he wants the information concerning internal HUD email conversations. He often tries to avoid the FOIA process. Of course I have not sent him any internal email information as he has requested. He has also made several attempts/requests for me to share my Linkedin profile with him. I have not responded to his requests. My interaction with him when he contacts me is strictly business. On every instance that Mr. Vanderbeek contacts me, I seek OGC advisement as to whether to respond and how to respond including my response below, which my boos instructed me to respond to Mr. Vanderbeek on his behalf.

I trust that this helps you to put Mr. Vanderbeek's email below in context.

Subject: Re: OGC Involvement in REACs NIS Policy

Mr. Donald LaVoy:

Mr. Delton Nichols, with your concurrence, states below, in answer to my question, that OGC reviewed and concurred on the Industry Notice IAW HUD's issuance-clearance procedures. OGC says it did not review the procedures. I asked Mr. Nichols for the person(s) names in OGC involved in the review and none was provided. Thank you for confirming that OGC was not involved in the process.

Furthermore, the NIS and October 2, 2017 Compilation Bulletin inspection changes have not been published in the Federal Register and issued for public comment, again! Nor, have FR's under which REAC bases its physical property inspection protocol ever been codified in the CFR, yet REAC correspondence liberally quotes the CFRs. REAC's inspection protocol is giving residents a false sense of security thus putting lives safety in jeopardy which could be prevented if the public were afforded the chance to comment thus alerting REAC to its inspection protocol deficiencies. Allow me just one or two of the more egregious examples of the many, below.

AMERICAN OVERSIGHT

The REAC inspection protocol does not require checking outlets (receptacles) for grounding and correct wiring. In fact, the new Compilation Bulletin says REAC inspectors are forbidden from using GFCI testers which would indicate a faulty outlet. If I as a Licensed Home Inspector (two States) did not check outlets I would quickly lose my License. Ungrounded and miswired outlets are industry accepted health and safety defects, yet REAC has NEVER checked outlets. Had you followed the Public Comment protocol you'd quickly learn of your shortsightedness. Not to mention that REAC allowed foreign material such as caulking, etc in electrical panels until just last year, putting lives at risk because of a flawed inspection protocol. Rather than address the important health and safety issues you tell REAC inspectors to inspect to cite a defect for paint and floor tile colors must match! (page 66 of the new CB)

In addition to giving HUD renters a false sense of security your inspection scoring algorithm does not adequately identify deplorable properties. Example: Property A has 10 trip hazards and 10 electrical exigent health and safety defects while property B has 1 trip hazard and 1 electrical EH&S. Assuming all else remains equal; both properties would score the same on the REAC inspection. Consequently, Congress is lead to believe that properties with the same score are in virtually the same condition, yet Property A's residents' health are decidedly more at risk than Property B's residents.

Additionally, one of REACs primary responsibilities is to count. Count the number of building and units in its portfolio. Now we learn more brightly that REACs building count is incorrect. The new CB goes on for several pages clarifying how to count

AMERICAN OVERSIGHT

buildings. With that amount of clarification required it's obvious that REAC is having a great deal of difficulty imparting to its inspectors a seemingly simple task of counting buildings. So, Congress and the public has not received correct information it relies on to budget and fund REAC programs! Not only that, but once the public is apprised of the clarifications and changes to the count method, it will submit cogent and sound comments, provided REAC is planning on informing the public of the count change method. As of today the new CB is NOT on the HUD website. It is, however, on mine and many other industry websites!

Also, quickly, REAC was recently charged by Congress to develop one physical inspection program for both the voucher program (UPCS) and non-voucher programs (UPCS-V). It did not develop one. It developed two! So now two are used when REAC has not been able to employ one skillfully, AND the UPCS non-voucher inspection protocol is inordinately more penal and onerous than the UPCS-V voucher protocol.

Oh! and my clients are always flabbergasted when I ask if they know how many points are deducted in a REAC inspection for a trip hazard (outside) versus a defective smoke detector. REAC's scoring structure has deemphasized arguably the most important exigent health and safety protection in the REAC and any inspection protocol.

The above is only the iceberg tip for describing how poorly the inspection protocol is designed and implemented. The REAC physical inspection program has and continues to be grossly mismanaged putting lives at risk and saddling the already strapped housing industry with ever increasing picayune

AMERICAN OVERSIGHT

regulations and unnecessary cost. The culture at REAC can be characterized as secretive, reprisal seeking, bullying, wasteful, mismanaged, and vindictive. For years other consultants and industry leaders have tried to talk sense to REAC with no real change except more senseless inspection rules and a bigger staff. It's time for serious change at REAC! Someone who understands the housing inspection industry needs to take over the reins.

Mr. Nichols has taken reprisal actions multiple times against me, and REAC Inspectors who have spoken out. Any reprisals for these and other disclosures are unlawful. The VA's whistleblowers were squelched and ignored for years, but that has all changed. As a veteran and former VA OIG employee I am glad.

Please note: This information is protected against reprisal: "The Whistleblower Protection Program was established to ensure that employees and applicants who disclose allegations of serious wrongdoing or gross mismanagement are free from fear of reprisal for their disclosures. Protected Disclosures by current and former Federal employees and applicants of the following types of wrongdoing are covered by the Whistleblower Protection Act of 1989: a violation of any law, rule, or regulation, mismanagement, a gross waste of funds, an abuse of authority, or a substantial and specific danger to public health or safety."

Subject: OGC Involvement in REACs NIS Policy

Mr. LaVoy:

My email of 2/22/17 inquired about REACs NIS policy: "was the Office of General Counsel involved with the "updated" interpretation of 24 CFR 200.929 as it is now being applied by REAC?"

Mr. Holcombe's response was: "Yes. OGC is and has been involved with the Industry Standard Notice and fully supports its implementation."

OGC's response (attachment): "OGC did not render a final opinion regarding REAC's interpretation of 24 CFR 200.929."

Before disseminating this information I respectfully request an explanation for the Mr. Holcombe's and Mr. Nichol's concurrence (Mr. Nichols was copied on Mr. Holcombe's email to me). Please respond before October 17th.

If by then no response, I'll conclude Messieurs Holcombe and Nichols were untruthful in their response. I am conducting another industrywide training session about NIS and other REAC topics this month. if your info was incorrect please provide the

AMERICAN OVERSIGHT

name and contact info for the OGC person(s) involved in and who "fully support" your NIS policy.

Please note: This information is protected against reprisal: "The Whistleblower Protection Program was established to ensure that employees and applicants who disclose allegations of serious wrongdoing or gross mismanagement are free from fear of reprisal for their disclosures. AMERICAN OVERSIGHT

Greenwood Responsive

Good afternoon Mason,

We spoke previously about several FOIA requests related to the Secretary's travel and scheduling, and you referred me to the Chief of Staff, who then referred me to Jacie Coressel. I have worked with her to get a lot of what we've needed thus far. There is one request, though, for which I believe you may be the best person to work with. The request (attached) is related to the Secretary's trip to Baltimore, which several folks have indicated you were a part of (both in planning and in attending – if I'm not mistaken, you are also referenced in the news story which is the likely impetus for this request). I'm sure you would have some records related to this, so it is necessary that I re-send for your review.

Specifically, I am looking for anything related to item #1:

1. Records related to plans or schedules for Secretary Carson's July 2017 trip to Baltimore,

including itineraries or draft itineraries for Ben "B.J." Carson, Jr. or any employee of

Interprise Partners, LLC attending events included in that trip.

Please address each portion of this, even if only to confirm that we do not have any responsive records.

AMERICAN OVERSIGHT

Let me know if you have any questions.

Best,

Ethan G. Bodell, Esq.

Subject: Request 17-FI-HQ-01559: Questions Regarding Searches Conducted

Jerry,

American Oversight has a few questions regarding HUD's response to its request for Candy Carson information.

How do you think (b)(5) Deliberative Privilege ?

From: American Oversight FOIA [mailto:foia@americanoversight.org]

Sent: Tuesday, October 03, 2017 1:01 PM
To: McGirt, Eugene A <Eugene.A.McGirt@hud.gov
<mailto:Eugene.A.McGirt@hud.gov> >
Subject: Request 17-FI-HQ-01559: Questions Regarding Searches Conducted

Hi Eugene,

Thanks for taking the time for our call this morning. As you've requested, I've written up American Oversight's follow up questions with regard to HUD's 9/19/2017 response letter to request 17-FI-HQ-01559 below. I've attached both the request and

AMERICAN OVERSIGHT

the response letter for convenience.

* The 9/19 response letter indicates that "a search of Headquarters' records by knowledgeable staff failed to locate any documents that would be responsive to your request."

* We would like to know what custodians (by name or by title) and offices were searched and what search methods/terms were applied in reaching this conclusion, for each item of the request

* In particular, the substance of the final response letter explains that Mrs. Carson has booked and paid for her own travel, which clarifies why there may be few or no records responsive to the travel-oriented parts of the request. The substance of the letter does not address whether Mrs. Carson has participated in agency meetings, been given access to agency documents, or been given use of agency email addresses, telephones, or desk/office space. We would like to know what specific searches were conducted to determine that HUD does not have records responsive to Items 4-7 of our request, which relate to these issues.

* The 9/19 response letter indicates that HUD may have "inform[ed] or let Mrs. Carson know which flight the Secretary would be on when she travelled with him." Records of those communications are responsive to Item 2 of our request, which includes any communication regarding travel arrangements between Mrs. Carson (or any representative of Mrs. Carson) and HUD employees within the Office of the Secretary or any office responsible for HUD employee travel, even if they do not entail requests for HUD to arrange, pay for, or reimburse Mrs. Carson's travel.

* We would like to know whether HUD identified records of such communications and, if so, whether it will produce those records.

AMERICAN OVERSIGHT

* If HUD did not identify such records, we would like to know what searches were run (custodians, offices, terms used) to attempt to locate such records.

Thanks for your help with these requests. Please let me know if I can clarify our questions. You can reach me by email or by phone at 202.897.2465.

Best,

Beth

Happy to do a call. Answers below:

1. How much does the CDF have in unobligated disaster/emergency funding that is eligible to spend on 2017 disasters?

Answer: $57.8 million

2. Of those funds has any already been allocated to Harvey relief?

Answer: $0

AMERICAN OVERSIGHT

3. Finally, do you have annual information (obligations and outlays) on the funds that were provided to the CDF after Sandy that you could share?

Answer: Allocations are available here: https://www.hudexchange.info/programs/cdbg-dr/

For information on individual grants, we have a public facing portal: https://drgr.hud.gov/public/

For example, this report on Sandy grants: https://drgr.hud.gov/public/downloads/reports/Cumulative%20Financial%20Summary%20(P.L.%20113-2).pdf

Subject: FOIA Inquiries

Good afternoon Jacie,

I spoke with Mason Alexander this morning, and he let me know that he is no longer the point-person for the Secretary's schedule. I had been assigning schedule-related FOIA requests to

AMERICAN OVERSIGHT

him, but after speaking with him and Sheila, he told me that he had sent all of these to her, and she let me know that you are the go-to for scheduling now. I wanted to check to make sure that these requests had been sent to you, and if possible I'd like to get an update on the status. Finally, I have a new request today that I will be assigning as well.

These are the current requests which you should have been assigned:

1. FOIA 17-FI-HQ-01124

* HUD Daily Public Schedules (including appointments) for the Secretary of HUD, the Deputy Secretary and Assistant Secretaries, for the time period March 2, 2017, thru April 26, 2017.
* As we did not have a DepSec, we are just seeking the schedules for Secretary Carson during that timeframe.

2. FOIA 17-FI-HQ-01509

* Secretary Ben Carson's full schedule of meetings for the time period starting on April 1 2017 and ending on June 30 2017, including the names of all people Sec. Carson met with during that period.

3. FOIA 17-FI-HQ-01686

* We understand that Secretary Carson is a sponsor of bible

AMERICAN OVERSIGHT

studies put on by Capitol Ministries (CM), a 501(c)(3) nonprofit organization whose vision is "to evangelize elected officials and lead them toward maturity in Christ."1 According to CM's website, Secretary Carson and eight other Cabinet officials are listed as White House Cabinet Sponsors of the organization's bible studies.2 Pursuant to the Freedom of Information Act (5 U.S.C. § 552), I request a copy of the following:

* Any of Secretary Carson's daily schedules that include the Cabinet bible study between January 1, 2017 and August 7, 2017

4. Access to and copies of all records concerning HUD Secretary Ben Carson's schedule and travel vouchers from March 2, 2017 to the present. Please include all records that document Secretary Carson's schedule, including but not limited to agenda sheets, appointments, day calendars, itineraries, Google calendars, Outlook calendars, programs, text messages and timetables. From 03/02/2017 To 08/15/2017.

* Assigning for the scheduling portion only

Any information on the status of these 4 cases would be appreciated.

Also, the following request is new as of Friday:

AMERICAN OVERSIGHT

Greenwood Responsive

1. Records related to plans or schedules for Secretary Carson's July 2017 trip to Baltimore, including itineraries or draft itineraries for Ben "B.J." Carson, Jr. or any employee ofInterprise Partners, LLC attending events included in that trip. From 03/02/17 to 08/25/17.

Ms. Greenwood,

Thanks for helping us out with this review. I've completed the review of the phone and we are good to go.

If you saw my email regarding your personal phone, we can clear that as well with a written confirmation from you that no HUD business is contained therein. We won't need to collect it for

AMERICAN OVERSIGHT

review if you can verify this in an email. And with that, we will be all done with the phone portion (and thus done with the portions in which you need to actively participate). When you get a chance, please let me know.

Thanks again,

Ethan

Subject: FOIA request

Mr. Reed,

The FOIA office is currently processing a request related to Ms. Sheila Greenwood's records. The requester is seeking email, correspondence, and text message records. We have methods of retrieving the first two items, and after speaking with Deena Jih from OGC, she informed me that we can also retrieve number 3 with help from OCIO. Ms. Jih has handled these requests in the past, and I'm now taking over that responsibility. From what I understand, we will collect Ms. Greenwood's HUD-issued phone and copy the contents onto a second "dummy phone" that we will use for our records search. Ms. Jih informed me that she has worked with you in the past to help facilitate this.

Mr. Reed - I've attached the FOIA request in question, and have copied Ms. Greenwood on this email so that we can arrange to have this process completed. Let me know if there are any additional steps that need to be taken prior to collection of the phone.

AMERICAN OVERSIGHT

Ms. Greenwood – I see that you are out until 8/21/17. At your earliest convenience, would you please reply to both myself and Mr. Reed to see about getting this taken care of?

For reference, this is the pertinent portion of this request:

All text messages exchanged between Sheila Greenwood (Chief of Staff) and any

representative of First Data Corporation and/or Prudential Financial.

Ms. Greenwood,

AMERICAN OVERSIGHT

Greenwood Responsive

I sent an email a few minutes ago regarding a FOIA for your emails, faxes, and texts. While we will collect your HUD-issued phone to search for records, we will also need to confirm that you have nothing responsive on any personal phone. After speaking with an attorney in OGC, I've been informed that a written response (email) will suffice to cover this. So, if you can simply write back and let me know if you have any responsive records on any personal device, that would be all we'd need. If you do, we will need to go through a process to collect those records (since they would be responsive to the FOIA). If you do not, we will place your written confirmation of such into the record and proceed with the government phone only.

Best,

Ethan

Jerry,

We have a new FOIA in today, and Deborah asked that I send it to you in addition to the normal assignments.

I sent this to Mason Alexander for item 3, and will run an e-discovery search for items 1 and 2. If you'd advise of any other course of action, please let me know.

Thanks,

Ethan

Subject: FOIA 17-01124

Good afternoon Mason,

I am working on a couple of FOIA requests, and I was directed to you by Aida Rodriguez from the Secretary's office. We have open requests for the following (the italicized text is my own, not part of the request):

1. FOIA 17-FI-HQ-01124

* HUD Daily Public Schedules (including appointments) for the Secretary of HUD, the Deputy Secretary and Assistant Secretaries, for the time period March 2, 2017, thru April 26, 2017.
* As we did not have a DepSec, we are just seeking the schedules for Secretary Carson during that timeframe.

2. FOIA 17-FI-HQ-01509

* Secretary Ben Carson's full schedule of meetings for the time period starting on April 1 2017 and ending on June 30 2017, including the names of all people Sec. Carson met with during that period.

AMERICAN OVERSIGHT

Are you the appropriate person with whom to coordinate collection of Secretary Carson's schedules? If not, any information about who manages this would be greatly appreciated.

Subject: HUD Further Aligns Mission and Operational Priorities

HUD Further Aligns Mission and Operational Priorities

Any organization that strives for excellence is continually looking within to make certain the right people are in the right jobs. It's a dynamic process that seeks to ensure that senior leaders serve in roles that are matched with their skill. Toward that end, the Department is reassigning several of our Senior Executive Service (SES) members to improve delivery of HUD programs and to empower new individuals to lead our change efforts over the next few years.

Effective today:

* Paula Lincoln becomes our Deputy Chief Administrative Officer
* Jean Lin Pao will direct the Office of Small and Disadvantaged Business Utilization
* Todd Richardson will serve as the Deputy Assistant

AMERICAN OVERSIGHT

Secretary for Policy Development, and also becomes the Acting General Deputy Assistant Secretary for the Office of Policy Development and Research

* Dominique Blom will serve as the General Deputy Assistant Secretary for the Office of Public and Indian Housing
* Matt Ammon will serve as Director of the Office of Healthy Homes and Lead Hazard Control
* Helen Goff Foster becomes the Senior Agency Official for Privacy and the Chief FOIA Officer
* Nancy Corsiglia joins OCHCO as the Deputy Assistant Secretary for the Office of the Chief Management Officer
* Jon Gant will serve as senior advisor to the Office of Healthy Homes and Lead Hazard Control
* Jemine Byron will serve as the Deputy Assistant Secretary for the Office of Special Needs Assistance Programs

Instituting a coherent talent strategy which addresses HUD's current challenges is a critical linchpin to stability and the agency's operational success. Over the last few years, the results of HUD's Employee Viewpoint Survey consistently identified the need to strengthen senior leadership. The agency's goal is to create a senior staffing plan that builds on the talents of our SES members, matches those talents with the needs of today's HUD, and empowers them to be successful with HUD's priorities going forward.

Please join us in welcoming our senior leaders to their new roles.

AMERICAN OVERSIGHT

Sincerely,

Janet Golrick

Acting Deputy Secretary

Request Details:

Request ID: 17-FI-HQ-01559

AMERICAN OVERSIGHT

Greenwood Responsive

Request Type : FOIA
Requester Name : Austin R Evers
Request Description: American Oversight requests that HUD produce the following within twenty business days: 1. All records reflecting travel arrangements or travel expenses requested, made, or incurred by or on behalf of Lacena (Candy) Carson. Responsive records include, but are not limited to, requests for travel arrangements to be made; confirmations of travel bookings or other arrangements; requests for approval to incur travel expenses; records reflecting or seeking reimbursement from Mrs. Carson for travel expenses incurred on her behalf; requests for agency reimbursement to Mrs. Carson for travel expenses or for agency payment of travel expenses incurred on her behalf; and evidence of actual payment or reimbursement of travel expenses, such as payment confirmations or receipts. For the purpose of this request, travel arrangements and expenses include, but are not limited to, arrangements or charges for hotels or similar accommodations; airfare; use of government aircraft or other government transportation; train tickets; taxis, rideshares, or other car services; transit tickets or passes; per diem allowances; or expenses for food, beverages, or incidentals during travel. 2 HUD-17-0234 The search for responsive records should include all individuals and locations where records are likely to exist, including the Office of the Secretary and all HUD offices involved in making travel arrangements or receiving, approving, paying, reimbursing, or auditing travel expenses. 2. All communications regarding travel arrangements or expenses between (a) Lacena (Candy) Carson or any person acting on her behalf and (b) any employee in the Office of the Secretary or any HUD office or other entity involved in making travel arrangements or receiving, approving, paying, reimbursing, or auditing travel expenses for HUD employees. 3. All communications regarding travel arrangements or expenses requested, made, or incurred by or on behalf of Lacena (Candy) Carson between (a) any employee in the Office of the Secretary and (b) any HUD office or other entity involved in making travel arrangements or receiving, approving, paying, reimbursing, or auditing travel expenses for

AMERICAN OVERSIGHT

HUD employees. 4. All calendar entries reflecting Lacena (Candy) Carson attending or being invited to meetings. For calendar entries created in Outlook or similar programs, the documents should be produced in "memo" form to include all invitees, any notes, and all attachments. Please do not limit your search to Outlook calendars—we request the production of any calendar—paper or electronic, whether on government-issued or personal devices—used to track or coordinate how these individuals allocate their time on agency business. 5. Any agency materials provided to Lacena (Candy) Carson (whether draft or final), including, but not limited to, records provided to her via email, hyperlink, shared hard drive or digital folders, digital media, or hard copy. Documents distributed to invitees or attendees of any meeting to which Ms. Carson was invited or attended are responsive to this request. 6. Records sufficient to show the number of HUD email accounts and the number of HUD phone numbers associated with Lacena (Candy) Carson. 7. If Ms. Carson maintains an office at HUD, any agency records contained in that office. If Ms. Carson uses or has access to a desk at HUD (but not an office), any agency records on or in that desk. If Ms. Carson uses or has access to any HUD filing cabinets, any agency records contained in those filing cabinets. Please provide all responsi

Subject: RE: July 14 Invitation to Secretary Carson

I am free at 4PM today. I have a few more notes I am pulling together but see below. We will also do specific outreach to Subcommittee Chair's on potential questions or areas they would like to touch on.

Outline of the morning:

* 8:15AM-9:00AM (House R's have a policy meeting at 9AM and will likely require a hard stop)

* They serve breakfast and SOHUD is welcome to come a little early to chat with Members before hand

* Chairman Hensarling will do a quick (2 min) introduction around 8:20AM
* SOHUD will speak for 5-10 minutes followed by Member Q&A
* There are ten new Members of the Committee

* An overview of HUD could be a good lead into housing finance reform (HFR) (FHA/Ginnie footprint)
* We should find out how many FiServe members were in the House the last time there was a Republican Administration (CIR will do that)

* There are four areas they would like SOHUD to touch on

AMERICAN OVERSIGHT

* HFR

* Committee passed the PATH Act in 2013

* It will be the framework of HFR in the Committee

* FY18 Budget

* Director Mulvaney is a recent FiServe alumnus
* The Committee appreciates fiscal conservatism more than other Committees
* Removing fraud from HUD programs

* Local Housing/Poverty Issues

* Growing affordable housing issues need solutions outside of increased spending
* Rent reform
* Removing fraud from HUD programs

* Overall vision of HUD

* This will be a good place to lay out some reform principles, highlighting our desire and need to work through the Authorizing Committee

* Sec. Mnuchin addressed the group last week

* Sec. Mnuchin addressed housing finance reform but not in depth (sounds like the Committee was hoping for more)

Good evening Sheila:

On Friday, July 14, 2017, from 8:15-9 AM, House Financial Services Committee Chairman Jeb Hensarling would like to invite Secretary Carson to speak to the "Breakfast Club" series for the 34 Republican committee members. The Breakfast Club meets in the Rayburn House Office Building. The meeting is an off-the-record conversation. The Secretary would make initial remarks of up to ten minutes on any topics of his choosing, followed by questions from the Republican Committee Members.

NEC Director Gary Cohn spoke to the Committee in January and SEC Chairman Jay Clayton spoke to the Committee in May. Treasury Secretary Mnuchin, Senate Majority Leader McConnell and Mark Calabria, Chief Economist to the Vice President, are on the schedule for June and July.

Past Breakfast Club speakers have included Senator Shelby, CFTC Chairman Chris Giancarlo, SEC Commissioner Mike Piwowar, former SEC Commissioners Dan Gallagher and Paul Atkins, and former SEC Chairman Mary Jo White.

I have copied Borden Hoskins, my colleague on the Committee, to answer any additional questions.

AMERICAN OVERSIGHT

We look forward to hearing from you.

Thanks very much

Kevin

Subject: Recent FOIA Request Received by HUD CFBNP

AMERICAN OVERSIGHT

Greenwood Responsive

Hello Shelia

Just FYI: On May 11th, HUD CFBNP received a Freedom of Information Act (FOIA) request from Americans United for Separation of Church and State (AU). Americans United is a non-profit organization that represents persons from different religious, political and philosophical viewpoints that share the common commitment to church-state separation and individual freedom.

In AI's current FOIA submission, the organization has requested any records on regulations, policy statements or other "directives" on "the extent to which religious or religiously affiliated institutions…acting based on a religious belief, may discriminate" in providing services, selling or renting property or housing, providing educational services, or denying Federal grants/contracts.

As background for this request, AU and many other religiously affiliated organizations provided comments during the rule-making process that HUD and 8 other Federal agencies underwent to update the faith-based regulations for their respective agencies in 2016. HUD's updated regulations, "Equal Participation of Faith-Based Organizations in HUD Programs and Activities" include greater religious-liberty protections for beneficiaries of HUD programs and activities.

AMERICAN OVERSIGHT

AU's FOIA request is being made to all 9 Federal agencies that updated their respective faith-based regulations. Specifically, they have requested any records related to implementing these regulations between November 8, 2016 (Election Day) and March 31, 2017. For HUD, this will primarily involve release of deliberations around the non-regulatory guidance and "Frequently Asked Questions" HUD published after its' updated regulation to help faith-based organizations and HUD staff learn about the updates to regulations, as well as a memorandum on "Monitoring, Enforcement, Training and Transparency" for HUD principals which provides guidance on incorporating these new regulations into HUD program offices' existing monitoring and enforcement activities for HUD grantees.

Our office is currently working with OCHCO's FOIA branch to fulfill this request. Since Americans United has been vocal in communicating with the Initiative as a whole about the importance of maintaining the separation between church and state in the past, I'll keep you informed if there is any additional significant information that results from this request.

Please let me know should you have any questions. Have a great day, thanks for your support.

Thank you.

Subject: Release of OGE-278s

Sheila

We are required by the regulations to release public financial disclosure reports (OGE-278e) when requested from the public via an OGE Form 201. We have received 3 OGE Form 201 requests for

AMERICAN OVERSIGHT

Greenwood Responsive

OGE-278e reports of beachhead members.

One request was from a media outlet. We alerted Jerry Brown and Raffi Williams (OPA) of the request so they could be prepared in case they received questions from the media concerning the reports. We are happy to discontinue the practice of giving advance notice to OPA if you think this is best. Aside from alerting OPA, we do not provide the OGE-278e reports to anyone outside of the ethics chain. Maren and Tim were present when we talked to OPA. Maren's information was released.

We try to give the employee a heads up that his or her 278 is being released. We can't prevent release, but we do try to be careful.

I am happy to discuss this more with you and fully address your concerns.

Hope this helps,

Linda

Request ID: 17-FI-HQ-01041
Request Type : FOIA
Requester Name : Daniel Lippman
Request Description: April 13, 2017 Dolores Cole Office of the Executive Secretariat Room 10139 451 7th Street, SW Washington, DC 20410-3000 Dear Dolores, This is a request under the Freedom of Information Act. I request that a copy of the following documents or documents containing the following information be provided to me: private schedules of the secretary since taking office (up to the time that you provide me the documents). In order to help to determine my status to assess fees, you should know that I am a representative of the news media affiliated with POLITICO and this request is made as part of news gathering and not for a commercial use. I request a waiver of all fees for this request. Disclosure of the requested information to me is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in my commercial interest. Thank you for your consideration of this request. Sincerely, Daniel

Greetings All.

I have had the pleasure of meeting some of you, but for those who I have not, I am the Director of the Department's Office of the Executive Secretariat, which has primary responsibility for ensuring the proper agency control and handling of the Secretary's and Deputy Secretary's official correspondence.

AMERICAN OVERSIGHT

The Executive Secretariat also houses three of HUD's compliance branches: Freedom of Information Act (aka FOIA), Privacy and Civil Liberties, and Records and Information Management. These branches play an integral role in ensuring that HUD complies with federal statutes: the Privacy Act of 1974, enacted to safeguard individual's personal information; the FOIA; and the Federal Records Act. Each of these Acts was enacted to promote open government and public servant accountability. The Executive Secretariat processes requests made under the Acts and provides departmental guidance, training, and subject matter expertise in each area.

Attached please find an overview briefing of "Do's and Don'ts" (attachment A) as pertains to information management and agency compliance. In addition, attachments B Thru E provide a more in-depth description of responsibilities in each compliance function. I hope you will find these helpful. Please do not hesitate to reach out if you require more in depth discussion or have any questions.

Thank you,

Marcus Smallwood

Deputy Executive Secretary

The Executive Secretariat

Subject: RE: FOIA progress update: 1pm

Updates in red. At this point, I think it is unlikely that 00633 (the do-over) will be completed today, given volume of documents. But we will continue to work on all of these for as long as it takes today, and I approved overtime for my staff. FOIA counsel is on stand-by for the moment we have more docs for OGC review.

Subject: FY18 Budget--HUD

Good Morning Aaron and Jacob: Typically when the Administration releases the [HUD] proposed budget, your office will send up a summary, etc. to the Committee. Additionally, you will be asked to provide a bipartisan briefing on the highlights of the budget.

1. When do you plan to formally send something to the

AMERICAN OVERSIGHT

Committee?

2. Are you guys in a place where you can provide a bipartisan briefing on the budget proposal? If not ready, could you do something informal with just the GOP Committee staff so that we can get up to speed?

I've copied Andy Taylor, Subcommittee Chairman Duffy's designee, on this email.

Please advise, Clinton

This email and any related documents, notes, draft legislation, recommendations, reports, or other materials generated or received by the Members or staff of the Committee on Financial Services are congressional records and remain subject to the Committee's control, and are entrusted to your agency only for use in handling this matter. Any such documents created or compiled by an agency in connection with any response to this Committee document or any related Committee communications, whether made by phone, email, or document, including any replies to the Committee, are also records of the Committee and remain subject to the Committee's control. Accordingly, the aforementioned documents are not "agency records" for purposes of the Freedom of Information Act or any other law, and should be segregated from agency records.

For your awareness. Questions and document requests for records management and FOIA practices related to use of personal emails, and text messaging. Very common inquiry for House Oversight (I think I have answered at least 3 of these before, at different agencies). You will recall that we did a lot of work around this in January with the outgoing folks and more recently with the incoming people. We have good answers to most of this, and we are coordinating with CIO and CIR, but just wanted you to be aware.

Subject: Re: ProPublica Inquiry - New Hires (on deadline)

Hi Brian,

Thanks again for speaking with me just now.

AMERICAN OVERSIGHT

As I mentioned on the phone, we received a FOIA back from OPM that listed several HUD appointees.

Can you confirm that the following individuals are still employed at HUD in the following roles?

* David Byrd, Senior Advisor appointed 1/20/2017
* William Russell,Senior Advisor appointed 1/20/2017
* Deidre Bass, Senior Advisor appointed 1/20/2017

And if possible, can you clarify what the roles and responsibilities are of the above individuals?

If you could get back to us by tomorrow at 11am, I would be greatly appreciative. My apologies for the tight deadline.

Thanks so much,

Annie
